HBLPSL

A reason to believe in
PAKISTAN

2016 – 2025

The HBL Pakistan Super League (HBLPSL) is a professional Twenty20 Cricket League founded in Pakistan in 2015. HBL has sponsored the league since its inception, which has been instrumental in bringing international cricket back to Pakistan and increasing public engagement.

With the 10th consecutive season to be played in 2025, HBLPSL has cemented its position as Pakistan's biggest sporting platform. HBL takes pride in promoting HBLPSL, underscoring the Bank's commitment to promoting cricket and community engagement.

The contribution of HBLPSL goes beyond cricket. The league is now an ambassador for the country, highlighting to the world that Pakistan is open for business – a vibrant and welcoming place, full of people who love the game of cricket.

Through HBLPSL, HBL has not only promoted cricket but also contributed to the country's economic growth, tourism, and social development.

VISION

Enabling people to
advance with confidence
and success.

MISSION

To make our customers
prosper, our staff excel
and create value for
stakeholders.

VALUES

Our values are the fundamental principles that define our culture and are brought to life in our attitudes and behaviour. It is our values that make us unique.

INTEGRITY - Be Ethical and Fair

- We honour our commitments and do what is right
- We are fair, respectful and honest at all times
- We are ethical in our decisions and interactions
- We take responsibility for our actions
- We are prudent and responsible with the assets entrusted to HBL

CUSTOMER CENTRIC - Deliver Great Experiences

- We value our clients and develop products and services around their needs
- We provide exceptional service to all we serve
- We understand and respect our customers
- We deliver solutions that add value to our customers' lives
- We consider the impact of our policies and decisions on our customers
- We are fully transparent with our customers

VALUE PEOPLE - Respect, Empower, Appreciate

- We treat our people equitably and make decisions on merit
- We invest in people and provide opportunities for learning and growth
- We empower people to do what is needed for success
- We provide a positive and collaborative work environment
- We celebrate our successes and recognise people for their contributions
- We encourage and embrace diversity

PROGRESSIVE - Innovate and Challenge

- We challenge our thinking to raise the bar
- We encourage our team members to question the status quo
- We innovate and adapt to change
- We positively impact and serve the communities in which we live

EXCELLENCE - Be Your Best

- We lead in our industry
- We take ownership of what we do
- We relentlessly pursue quality without compromise
- We consistently adhere to measurable standards and look for ways to exceed them
- We benchmark against the best

6 POINT BUSINESS AGENDA

1 Relentless focus on customer experience

- Realign organization from a customer segment lens
- Embed Customer Centricity into the DNA of the organization
- Accelerate the customer experience journey towards 'Delighting our customers'
- Serve customers through 'Technology, with a human touch'
- Provide personalized, user-friendly solutions that cater to evolving expectations

2 People Agenda to be our top priority

- Leadership Matters – Build enterprise-wide leadership capabilities
- Attract, develop and retain top-quality talent through robust career planning
- Culture change through using values-based behaviours to drive performance and rewards
- Unlock synergies through cross-functional and agile teamwork
- Continue focus on gender and differently-enabled diversity

3 Making Innovation the Driving Force

- Imagine, rethink, and predict evolving customer needs
- Increase speed of delivery by simplifying, digitizing, and enabling straight through processing
- Use AI for routine, repetitive tasks, allowing our people to unlock their potential
- Think Again - Continuous process improvement as 'good is never good enough'
- Foster a culture of innovation, ownership, and engagement to attract top talent

4 Embedding Risk, Compliance and Control in our Business Principles

- Strengthen resilience in an ever changing and increasingly complex environment
- Embed a compliance & controls culture covering an enterprise-wide risk spectrum
- Implement rigorous self-testing through an Integrated Risk & Controls Repository
- Proactively manage regulatory risks through robust Compliance Risk Management
- Strengthen third-line supervision to provide effective risk management assurance

5 Commitment to deliver on P&L

- Sustainable revenue growth on the back of top league-table positions
- Strict cost discipline including cost initiatives
- Optimise balance sheet and capital deployment, enhance cross-sell
- Maintain high portfolio quality to deliver appropriate risk-adjusted returns

6 Giving back to the Country and the Communities that we serve

- Play a key role in nation-building through public-private partnership initiatives
- Be the thought leader on technology-driven financial inclusion
- Provide committed philanthropic funding for social development and emergency relief
- Encourage employee volunteerism
- Maximising impact by embedding sustainability across our businesses and key decisions

He has an MBA (Finance) from Institute of Business Administration (IBA), Karachi and fellow of Institute of Bankers Pakistan. Currently, he is member of Executive Committee of Pakistan Banks' Association and director on the Boards of Pakistan Business Council & HBL Zarai Services Limited.

CORPORATE SUSTAINABILITY

At HBL, sustainability is deeply embedded in our operations, strategies, and decision-making processes. As a leading financial institution, we recognize our responsibility to direct capital and investments toward initiatives that drive sustainable and socially responsible growth. Our commitment aligns with the United Nations Sustainable Development Goals (SDGs), serving as a global framework for building a more equitable and prosperous future.

HBL remains dedicated to reducing carbon emissions, increasing investments in sustainable projects, enhancing responsible financial practices, and expanding access to financial services. Reinforcing our commitment, HBL was honored with the 'Best Bank for ESG in Pakistan' award by Euromoney—an acknowledgment of our efforts to integrate Environmental, Social, and Governance (ESG) principles into our core operations.

Gender Equality

HBL reaffirmed its commitment to diversity, equity, and inclusion in 2024, ranking as the 2nd highest scoring organization among Pakistan's top 10 inclusive companies securing 'Best Practice' recognition in 14 categories of the Global Diversity, Equity, and Inclusion Benchmark (GDEIB) Awards.

HBL's gender diversity journey continued to evolve, with women comprising 22% of its workforce. The Bank introduced and expanded several initiatives to support women's career growth, including HBL Waapsi, which facilitates women's return to work, along with enhanced maternity/paternity leaves, miscarriage leave, daycare allowances, and Share-Sawari for safe transportation. The Falak Mentorship Program, extended into Falak On-the-Go, provided personalized mentorship from senior leadership to accelerate women's career progression. Additionally, 22 Women Engagement Sessions were held Pan-Bank, focusing on leadership, gender equality, and an inclusive workplace culture.

HBL launched focused hiring programs such as Women Branch Managers and the Women in Leadership Exchange series to elevate female representation in mid-management roles. The Bank's Management Trainee Program achieved a 61% gender ratio, while 410 financial literacy

sessions impacted 13,000 participants—51% of whom were women. HBL maintained a zero-tolerance stance on gender-based violence and harassment through its Anti-Harassment Policy.

The Nisa platform continued to be a catalyst for female financial inclusion, onboarding over 100,000 new accounts in 2024, resulting in incremental deposits of PKR 63 billion. The Bank took steps to expand geographic diversity, particularly in Balochistan, and trained 85% of its workforce in Gender-Smart Banking to ensure inclusive financial services.

HBL's support for women entrepreneurs included exclusive sessions in Bahawalpur, Gujranwala, and Karachi, raising awareness about financing options in SME and agriculture sectors. Women farmers benefited from preferential rates, leading to a threefold increase in outreach. HBL was recognized at State Bank of Pakistan's Women Entrepreneurship Day, securing top national and regional awards. HBL also organized the Tekken 8 Women's Gaming Tournament challenging stereotypes and empowering women in the gaming industry.

In partnership with Visa, HBL launched the "She's Next" initiative earlier and, in 2024, the She's Next Club, which provided expert-led sessions on leadership, work-life balance, and capital raising. Two winners from the program were appointed as

HBL brand ambassadors, advocating for financial independence and inspiring women entrepreneurs across Pakistan.

Affordable and Clean Energy

HBL remains committed to becoming a Green Financial Institution, integrating sustainability and leading the way in Environmental, Social, and Governance (ESG) practices within the banking sector. The Bank continues to embed ESG principles and best global practices into its core operations.

As one of the leading banks in financing renewable energy projects, HBL had an outstanding commitment of approximately PKR 44 billion in 2024. The Bank financed over 86 renewable energy projects, contributing to a total generation capacity of 3,675.1 MW of clean energy. This comprehensive portfolio includes 120 MW from Biogas, 3,129 MW from Hydropower, 196.6 MW from Solar, and 229.5 MW from Wind energy.

Climate Action

HBL has strengthened its commitment to environmental sustainability by embedding climate action into its core business operations. In 2024, HBL conducted an impact analysis to identify key environmental and social impact areas, ensuring alignment with the PRB framework and setting ambitious targets to address these priority areas.

HBL continues to uphold its "No New Coal" and "No Deforestation" policies, reinforcing its alignment with Pakistan's climate goals and contributing to the reduction of greenhouse gas emissions. The Bank has also taken significant steps towards reducing its own operational carbon footprint. With a commitment to achieving Net Zero Operational Carbon Emissions by 2030, HBL has attained an approximate 20% reduction in Scope 1 and Scope 2 emissions from genset fuel, bank vehicle fuel, and purchased electricity. In 2024, solar panels were installed at 108 branches, leading to an estimated reduction of 1,100 MTCO₂e, with an additional 120 locations identified for solar conversion in 2025. The Bank also reduced fuel usage by approximately 580,000 liters compared to 2023,

further lowering emissions by 1,600 MTCO₂e. To minimize construction-related emissions, three pilot branches were renovated using a modular renovation concept, saving 9,000 gallons of water and 2,000 kg of cement per branch. Additionally, eight modular vaults were built using this approach, and the Bank plans to expand these sustainable renovations across more branches.

In efforts to reduce plastic waste, disposable plastic water bottles have been completely eliminated across all HBL offices. The 3-bin waste management system was implemented in 11 major buildings across Pakistan. HBL has also taken considerable steps in paper rationalization, including the discontinuation of Welcome Guides and Terms & Conditions Booklets for Debit and Credit Cards, saving 470+ trees annually. Additionally, the digitization of Statement of Accounts (SoA) saved 2.5 million A4-sized sheets, equivalent to 280 trees per year, and an annual 7% reduction in paper usage preserved 85 trees.

Recognizing the importance of capacity building, HBL launched comprehensive training programs on climate action and sustainability. In 2024, the "Understanding and combating climate change" e-learning was completed by 9000+ staff members, while specialized workshops on climate adaptation, mitigation, Environmental and Social Due Diligence (ESDD), sustainable financing opportunities, and climate risk assessment engaged employees across various departments. Sustainability summits were conducted in 8 regions, attended by more than 1,000+ staff members, integrating insights on AKDN's Net Zero agenda and HBL's sustainability goals.

Responsible Consumption and Production

HBL was one of the first banks in Pakistan to align its Environment and Social Risk Management Framework to SBP's ESRM Implementation Manual (2022). Building onto that momentum during 2024, HBL successfully rolled out the framework to all its international locations drawing upon the HOK framework, respective country's regulatory requirements, IFC Performance Standards, ILO conventions, and international best practices. The framework encompasses linkages with IFC Performance

Standards, SBP Green Banking Guidelines, and each country's environmental and labor legal framework. All 9 international locations were also provided with tailored ESRM training with over 55 international staff from business and risk trained on ESRM.

Decent Work and Economic Growth

Small and Medium Enterprises (SMEs) are the backbone of Pakistan's economy, yet many struggle to secure financing due to stringent collateral requirements. Recognizing these challenges, HBL introduced HBL Asaan Finance—a cashflow-based, collateral-free financing solution that provides underserved businesses with improved access to credit. In addition, HBL actively promotes financial literacy and lending awareness, particularly among women entrepreneurs, equipping them with the necessary tools and resources for sustained business growth. With an SME lending portfolio exceeding PKR 100 billion, HBL continues to lead the market in SME financing.

Konnect by HBL continued to drive financial inclusion and economic uplift, disbursing approximately PKR 250 billion through the Benazir Income Support Programme (BISP) in 2024, ensuring financial empowerment for underserved communities, particularly women. Konnect by HBL also collaborated with global organizations, including the World Health Organization (WHO) and International Rescue Committee (IRC), to facilitate aid distribution.

Further strengthening the digital economy, Konnect by HBL played a vital role in enabling freelancers and IT exporters, bringing in \$188 million USD in remittances. By digitizing cash management for MSMEs and corporates, Konnect by HBL promoted financial transparency and business expansion.

HBL remained committed to supporting agricultural development through partnerships with provincial agriculture departments, enabling digital disbursements and financial support to farmers. Additionally, through account-opening drives in underbanked regions, Konnect by HBL facilitated greater financial inclusion, integrating more individuals into the formal economy and

contributing to sustainable economic progress across diverse sectors.

Industry, Innovation, and Infrastructure

In 2024, HBL continued its digital transformation journey and was featured as a global case study for its successful implementation of RPA automation, which streamlined over 100 use cases, including customer sanction screening—highlighted at the FORWARD+ TechED event in Las Vegas, USA. The Bank received an award from ICAP Pakistan for its real-time analytics dashboard, demonstrating its commitment to innovation. HBL's automation initiatives have optimized back-office and middle-office functions, resulting in real-time processing and reduced turnaround times that enhance the overall customer experience.

HBL advanced financial inclusion and reduced the environmental impact of cash transactions by offering a comprehensive suite of digital payment solutions. These solutions enable businesses, from enterprises to startups, to adopt digital payment methods and transition toward a cashless economy. Innovative offerings such as checkout interfaces, digital invoicing, and mobile Point-Of-Sale (mPOS) systems empower businesses to collect digital payments across various channels including e-commerce, retail, last-mile delivery, and social media sales.

HBL's biller aggregator services have also encouraged numerous collection and billing companies to shift to digital payment methods via mobile apps, online banking, and ATMs. Moreover, HBL continues to enhance individual customer experience by providing a complete suite of digital services—ranging from bill payments and fund transfers to digital credit and in-app biometric onboarding—thereby reducing the need for branch visits. The growth of HBL's digital channels is evident, with contributions of 42% from Mobile & Internet Banking, 24% from ATMs, 7% from HBL Pay, 2% from E-Commerce, 12% from POS, and 13% from Konnect by HBL.

Partnership for the Goals

HBL actively supported SBP and World Bank in the development process of the National Green Taxonomy, as nominated by Pakistan Banking Association for the National Green Taxonomy development working group. HBL provided the banking sector's perspective to utilization of the taxonomy and making it accessible for the financial sector applying the experience from previously developing its own green taxonomy.

HBL is currently pursuing accreditation with the Green Climate Fund (GCF), an international organization dedicated to supporting climate action in developing countries. The GCF aims to mitigate greenhouse gas (GHG) emissions and help vulnerable communities adapt to the unavoidable impacts of climate change.

HBL is the only Pakistani commercial bank that is a signatory to the Green Investment Principles. HBL continued to participate in its training sessions, demonstrating its commitment to sustainable practices and enhancing its understanding of Green Investment Principles. These partnerships demonstrate a commitment to leveraging expert resources and deepening specific knowledge in crucial areas of sustainability.

We launched our Impact & Sustainability Report 2023, in reference to GRI standards and UN SDG commitments. This report provides an in-depth review of HBL's contributions toward achieving global sustainability goals. In continuation of our sustainability journey, we will build on these efforts in the Impact & Sustainability Report 2024, which will further highlight our progress and initiatives in creating long-term environmental and social impact. The report will be accessible on our website at www.hbl.com/sustainability.

GENDER PAY GAP STATEMENT

The Bank's reward policies are designed to compensate employees fairly and equitably. The Bank ensures that employees are remunerated according to their roles, responsibilities, and performance and there is no discrimination based on gender, race or ethnicity.

The gender pay gap on an overall basis* for the year ended December 31, 2024, is as under:

- Mean Gender Pay Gap is 43%
- Median Gender Pay Gap is 35%

*This is based on a 22% - 78% employee representation ratio for women and men respectively.

However, to ensure equal pay at all levels, pay parity at each grade is also reviewed on an annual basis, which acts as an internal metric to monitor variance.

- At Senior Manager & above, the pay parity is 99%, indicating that the women at these levels are equally remunerated as men
- At Manager & below levels, the pay parity shows that the median pay of women is 96% of that for men

We remain committed to fostering diversity, inclusion, and equal opportunity in our leadership ranks and broader workforce and have designed our policies to foster equitable practices in hiring, retaining, rewarding, and promoting employees to support our commitment.

President & CEO**

CHAIRMAN'S MESSAGE

2024 has been a year of challenges and resilience. The Bank has achieved its highest Profit before Tax of Rs 120.3 billion, while our earnings per share increased to Rs 39.85. We proudly contributed an unprecedented Rs 62.5 billion to the national exchequer, underlining our commitment to Pakistan's development. Our key focus areas, especially in agriculture, small and medium-sized enterprises (SMEs), digital services, and sustainability, continue to play a vital role in our success.

Our clients remain at the heart of what we do. We have endeavoured tirelessly to ensure that our services are not only accessible but also relevant to the diverse needs of our target market. With the increasing pace of digital transformation, we continue to invest in upgrading our core banking systems to provide our clients with seamless, secure and personalised banking experiences. From mobile banking to robotic process automation, we are dedicated to offering more than just products: we are building relationships rooted in trust and responsive service.

Financial inclusion is and will continue to be a cornerstone of our mission. We are proud to have made significant strides in expanding access to financial services for millions of unbanked and underserved individuals and businesses across the country. Through user-friendly digital platforms, targeted products, and community-based initiatives, we are actively working to ensure that every citizen, regardless of background or location, has access to financial services. HBL Group serves 40 million clients.

Our success is built on our most valuable strength — our people, who are the driving force behind our continued growth and impact. Over the past year, we have invested more than half a billion Rupees in training, leadership development, and wellness programs, to ensure that our people thrive in an ever-evolving financial landscape. HBL fosters a culture of inclusivity and collaboration, reflecting

the diversity of the communities we serve. With a gender diversity ratio of 22%, we remain dedicated to advancing women's careers and aim for a 25% gender ratio by 2027, whilst investing in senior women leaders.

Supporting Small Businesses

HBL has played a critical role in shaping the landscape for small and medium enterprises (SMEs) across the country. We have made significant investments in collateral-free, cash-flow-based lending. This innovative approach has allowed us to cater to the unique needs of SMEs, particularly those that may lack traditional assets to secure financing.

We became the first bank to surpass Rs 120 billion in gross advances to the SME sector, reflecting our unwavering commitment to empowering this vital segment of the economy. The Bank's total lending under SBP-related schemes for the SME sector reached Rs 33 billion. HBL was recognized as 'The Best SME Bank' by the Pakistan Banking Awards in 2024, an independent validation of the work we have done in this vital area.

Strengthening Agriculture

HBL is committed to transforming the lives of farmers, promoting sustainable practices, and driving growth in

the agriculture sector. The Bank is well-positioned to revolutionize agriculture financing and will Insha'Allah strengthen its positioning and thought leadership in this most critical sector of Pakistan's economy. Together with HBL Microfinance Bank, the HBL Group's lending to the agricultural sector was over Rs 100 billion in 2024, serving more than 360,000 farmers, making us the largest private sector participant bank in Pakistan.

HBL Zarai has emerged as a pioneering force in providing dedicated agriculture extension services aimed at empowering small and medium-sized farmers across the nation. Our mission is clear: to enhance productivity, efficiency, and profitability throughout the agricultural value chain. With the establishment of HBL Zarai Deras, we are creating essential service hubs in key rural areas. These Deras serve as one-stop solutions, offering farmers access to crop inputs, modern agricultural machinery, and agronomy services.

Consumer outreach

HBL's Consumer Banking business had a remarkable year, with total lending reaching Rs 142 billion. The Bank's credit cards remained the most popular and sought-after in Pakistan. HBL also solidified its position as the largest debit card issuer in Pakistan, with 6.3 million cards. Total spending on HBL's cards exceeded a record Rs 550 billion. The Bank remains dedicated to investing in cutting-edge technology, and its SmartPOS terminals have become the preferred option for merchants, offering them real-time access to transactional data.

HBL has strengthened its market leadership in Personal Loans and Ready Cash with a 38% market share and increased its auto financing share from 12.5% to 15%. The Bank remains a preferred choice for clients due to its strategic partnerships.

Connecting with Youth

HBL sees immense potential in Pakistan's growing youth population and is committed to engaging with them in meaningful ways. Under the *Aur Khelo* banner, we have made big moves in Pakistan's gaming scene, building a vibrant community that supports aspiring gamers and champions inclusivity, having recently held a tournament exclusively for women gamers.

HBL and cricket are both integral parts of the fabric of this country. HBL remains a proud supporter of HBLPSL, a platform that has played a key role in bringing international cricket back to Pakistan and in promoting unity across a diverse landscape. With Season 10 just around the corner, we are excited to mark a decade of HBLPSL alongside the players and fans who have made this journey so special.

Boosting Digitalization

HBL's digital transformation is rapidly reshaping the way we operate, with a growing share of transactions now happening online — paving the way for future growth.

Digitalization is now a way of life at HBL, from paperless consumer financing on our mobile app to digital onboarding for farmers, e-wallets for microfinance clients, and even our latest venture into Esports. As a key player in digital banking, we continue to drive adoption and innovation.

In 2024, HBL Konnect, our largest digital platform, welcomed 500,000 new clients, bringing its total user base to nearly 9 million. The total volume processed by Konnect grew by 19%, surpassing Rs 800 billion, this notable rise underscores Konnect's expanding operational capacity and its growing presence in the market.

HBL has excelled in the Roshan Digital Account (RDA) initiative, leading the banking industry with the most accounts and successfully bringing over USD 1.5 billion into the country, holding an 18% market share. The bank has also secured top positions in the Roshan Apni Car and Roshan Apna Ghar financing products linked to the RDA.

Financially Empowering Women

We are encouraged by the growth that has been achieved from our programs aimed at empowering women entrepreneurs and we renew our resolve as we move forward to grow our portfolio in this segment.

Through our targeted interventions we have introduced tech driven solutions, making financial access for women easier, paving the way for independence and growth. Today, we serve over 5 million women through various initiatives, including 1 million through *HBL Nisa*. We have also supported over 450 women entrepreneurs in 2024 with Rs 2.6 billion in financing—helping them turn ambition into action.

Shaping a Sustainable Future

At HBL, we are not just building a bank, we are building a better future. From solarizing our offices to investing in renewable energy and expanding sustainable power in rural areas, we are driving meaningful change across the country.

Through the HBL Foundation, we have impacted over 10 million lives, strengthening healthcare, education, and community development. Our commitment to Pakistan goes beyond banking: we invest in small businesses, infrastructure, and financial literacy, working alongside the government and civil society to fuel progress.

As Pakistan moves forward, so do we—empowering people, growing businesses, and creating opportunities for a stronger, more sustainable tomorrow.

In closing, I would like to express my sincere gratitude to our clients, employees, shareholders, and partners for their continued trust and support. Together, we will continue to build a future that is inclusive, client-focused, and prosperous for all.

Thank you for being a part of this journey with us.

DIRECTORS' REPORT 2024

On behalf of the Board of Directors, we are pleased to present the Consolidated Financial Statements for the year ended December 31, 2024.

Macroeconomic Review

Macroeconomic conditions extended their stabilization into FY25 – downside risks to growth appear to be subsiding, the current account is in surplus and inflation is trending at near-decade lows. The Large-Scale Manufacturing Index depicted a decrease of 1.9% during 1HFY'25, but is expected to rebound on rising demand and improving economic conditions; transport, food and beverages, and textiles are showing a positive trend. Recent high frequency indicators and an improved outlook for the agriculture sector support the case for GDP growth to rise above 3.0% in FY'25. The inflation reading of 2.4% in Jan'25 was the lowest since Oct'15 on the back of softer food prices, favorable global commodity prices and a high base effect. The SBP has revised its previous inflation forecast of 11.5%-13.5% down to 5.5% – 7.5%.

After three consecutive months of surpluses, the Current Account turned into a deficit for the month of Jan'25. For 7MFY'25, the Current Account remains at a surplus of USD 682 million compared to a deficit of USD 1.8 billion in the same period last year. Exports increased 8% to USD 19.2 billion as textile exports recovered by 7% and rice exports remained elevated. However, imports grew at a faster pace, up 11% to USD 33.3 billion, mainly attributable to an increase in machinery and petroleum. The trade deficit thus rose by 15.7% to USD 14.1 billion during the same period. The strong flow of remittances continued, up 32% to USD 20.8 billion during 7MFY'25, further supporting the Current Account. With the IMF programme lending stability and a current account surplus, FX reserves of \$11.4 billion remain comfortable. The improving external position has led to a gradual strengthening of the Rupee, which appreciated by 1.2% in 2024. The IMF mission is expected shortly for the review of the Extended Fund Facility (EFF) leading to release of the second tranche of USD 1 billion. Based on available data, Pakistan is expected to meet most of the Quantitative Performance Criteria.

The government continued fiscal consolidation, registering a primary surplus of 2.9% of GDP in 1HFY'25. Wisely, the proceeds were utilized to improve the maturity profile of domestic debt, with the central bank conducting the first ever buyback auction on behalf of the Finance Ministry in Sep'24. Revenue grew by 47%, led by 26% higher FBR tax and an 82% rise in non-tax revenue (mainly windfall profits from the SBP); however, they remained Rs 389 billion below budgeted amounts. Total expenditure increased by 22%, almost entirely attributable to a 17% rise in debt servicing, while development spending rose by a meagre 2%. The total fiscal deficit thus declined by 36%, to Rs 1.5 trillion, falling from 2.3% of GDP in 1HFY'24 to 1.2% in 1HFY'25.

Equities emerged as the leading asset class in 2024; the KSE-100 index generated USD returns of 86.5% during the year and was ranked as the second best performing in the world. Investor sentiment remained strong on the back of aggressive monetary easing, a sanguine outlook on the external account as well as subsiding political uncertainty. The PSX continued its bull run, breaking all records with the index crossing the 100,000 mark late last year. The rally has continued into the new year, albeit with a recent range-bound period below 115,000.

In the latest monetary policy in Jan'24, the SBP continued easing by another 100 bps to 12%, taking the total decline in the Policy Rate to 1,000 bps. The MPC noted that inflation continued to trend down due to contained demand and a supportive supply side. At the same time, it signaled a prudent approach ahead, acknowledging the stickiness in core inflation, which remains elevated, and that headline readings are likely to be volatile in the short-term. Private sector credit grew by 23.7% in 2024, taking a cue from lower rates and as banks endeavoured to meet year-end ADR targets. Hence, industry advances increased by 29.6% in 2024 whereas deposits grew by only 8.8% during the same period. Banking spreads fell by 65bps in 2024 compared to 2023.

Financial Performance

In 2024, HBL has delivered its highest profit before tax of Rs 120.3 billion, 6% higher than in 2023; this has been achieved through steady performance in the domestic business and the turnaround now embedded in the international franchise. As a result of further increases in taxation yet again burdening the banking sector, the Bank's profit after tax of Rs 57.8 billion was only slightly higher than the previous year and the earnings per share improved from Rs 39.32 in 2023 to Rs 39.85 in 2024.

HBL's balance sheet increased by 9% to Rs 6.1 trillion as deposits increased to Rs 4.4 trillion. Domestic current deposits grew by Rs 176 billion, a 15% growth over Dec'23, improving the Current Account mix to 37.3%. HBL's advances increased by 31% to Rs 2.4 trillion with expansion in the domestic lending book. The Bank's flagship consumer portfolio grew steadily throughout the year, reaching Rs 142 billion. Agriculture loans increased to nearly Rs 60 billion, a 32% share of the commercial bank market; combined with HBL Microfinance, the HBL Group's lending to this priority sector was over Rs 100 billion.

With sharp monetary easing in effect, net interest income increased to Rs 246 billion even as margins came off from their 2023 peak. This was supported by volumetric growth of Rs 674 billion in the average domestic balance sheet and spread expansion across most international markets. HBL's non-fund income grew by 68% to Rs 96.5 billion, with a strong performance from Treasury activities and helped by gains on closure of some international operations. HBL's fee franchise delivered excellent growth yet again, rising by 17% to nearly Rs 50 billion. Its dominant Cards business continued to lead the market, contributing to ~45% of the total fee increase, while bancassurance and retail banking also delivered solid double-digit contributions. Consequently, HBL's total revenue increased by 14% to an industry-leading Rs 342 billion.

Proactive measures to control expenses as part of a Bank-wide cost optimization programme led to a relatively subdued growth of 13% in administrative expenses. As a result, HBL's cost / income ratio has improved to 56.3%. The Bank's non-performing loans have increased due to higher domestic NPLs; however, substantial growth in the loan book has led to an all-time low infection ratio of 4.3%. Prudent provisioning kept the total coverage above 100%.

Capital Ratios

With the strong results, internally generated capital grew by nearly 50% in 2024, adding 262 bps to the Tier 1 Capital Adequacy Ratio (CAR). The SBP has now included the exchange translation reserve as part of Tier 1 capital; this was previously considered as Tier II capital. The growth in advances, coupled with the annual refresh of Operational Risk Weighted Assets (RWAs), increased total RWAs by 10% to Rs 2.3 trillion. HBL's consolidated Tier 1 CAR as at December 2024 increased by 183 bps over December 2023, to 14.27%. The increased headroom over minimum CET 1 capital requirements, also added to Tier II capital eligibility, increasing total CAR by 169 bps to 17.70%. Both ratios remain comfortably above regulatory requirements.

Business Overview – 2024

Building the Deposit Base

In 2024, HBL achieved notable growth and innovation across key business segments. The Affluent segment excelled in redefining priority banking in Pakistan, driven by exceptional service and bespoke solutions. Prestige expanded its domestic footprint to 18 cities and 14 regions, operating 43 lounges. Additionally, the successful rollout of a non-lounge strategy extended Prestige services to all HBL branches, improving accessibility and client convenience. Key milestones included the introduction of Affluent Client Specialists to address the needs of ultra-high-net-worth individuals (UHNWIs) and the launch of a Premium customer value proposition tailored for clients with lower balances.

HBL maintained its leadership in women's banking, serving over 5 million women customers, including 1 million through its unique programme, HBL Nisa. This platform empowers women with tailored financial solutions, women-centric insurance coverage, and lending options, driving financial inclusion and economic empowerment. In 2024, HBL Nisa achieved significant growth, adding over 105,000 new accounts and Rs 63 billion in incremental deposits.

Building upon its industry-leading position in Roshan Digital Accounts, HBL continued to outshine competitors with the largest number of accounts. Since inception, HBL has successfully channelled over USD 1.5 billion into the country, commanding an 18% market share. HBL sustained its leadership, also securing the top position in Roshan Apni Car and Roshan Apna Ghar, the RDA-linked car and home financing products.

Within the Wealth Management domain, the Bancassurance business increased its market leadership, growing share from 31% to 45%. In 2024, the Bank achieved a remarkable growth of Rs 5.0 billion in premiums, a 18% increase from 2023. HBL continued to make significant strides in Investment Services, with enhanced coverage and a strong focus on client segmentation. This strategic approach led to a substantial growth of Rs 88 billion in Assets Under Management (AUMs). By fostering financial literacy and leveraging strong client relationships, HBL further solidified its position as a trusted investment partner.

Improving Consumer Lifestyles

HBL's Consumer Banking business had another stellar year, with total lending growing to Rs 142 billion. HBL's credit cards remain the most sought after and top-of-wallet, with one out of every three Rupees spent on credit cards in Pakistan being on HBL's card. Over 80,000 new credit cards were issued in 2024 and usage increased, with spend rising by nearly 30% to Rs 328 billion; the portfolio also increased by 27%, to Rs 42 billion. The Bank further strengthened its position as the largest debit card issuer in Pakistan with a total of 6.3 million debit cards issued – one in every five debit cards in the country is an HBL debit card – with spend volumes increasing by 25%, to Rs 225 billion. Total spend on HBL's cards surpassed Rs 550 billion, an industry first.

HBL entrenched its leadership in merchant acquiring with the largest POS network of 40,000 covering more than 250 cities. The Bank continues to invest in the latest technology with its SmartPOS terminals being the top choice of merchants, providing them access to real-time transactional information. Throughput at HBL's terminals grew by 31% to Rs 460 billion, accounting for more than 25% the country's total POS sales volume. Expansion out of major urban centres remains key to taking digital payments mainstream, and increasing acceptance across the country, contributing to the national priority of digitization and documentation. With focused efforts over the past few years, 16% of HBL's POS spend now comes from smaller towns and cities.

HBL strengthened its market leading position with Personal Loans and Ready Cash reaching a total of Rs 50 billion and an impressive 38% market share; fresh disbursements of Rs 36 billion were made during the year. In auto financing, despite an overall decline in the industry due to supply constraints and lower loan limits, HBL cemented its leadership, increasing market share from 12.5% to 15% with a portfolio of Rs 33 billion and fresh bookings of over Rs 14 billion during the year. HBL remains the bank of choice for customers due to its superior value creation through alliances with leading auto manufacturers. Home Finance demonstrated steady progress in 2024, with volumes rising to Rs 18.0 billion and is expected to be a key driver for future growth.

HBL remains focused on digitization to improve customer convenience with faster processing. In 2024, almost 50% of new credit cards and 25% of Personal Loans were booked through HBL Mobile, a paperless process with instant decisioning.

Supporting Small Businesses

HBL has taken several initiatives to transform the SME landscape, fostering growth and creating opportunities, especially for small businesses. In 2024, HBL was recognized as The Best SME Bank by the Pakistan Banking Awards. HBL strengthened its leadership position, offering financing to over 4,800 new customers, with a 15% growth in advances. HBL's unique cashflow based lending has been well received by customers, crossing Rs 10 billion since its launch in 2022. Retail Trade is an important element for small businesses and a focus area for the Bank which crossed a milestone of USD 1 Billion.

The Bank endeavors to remain at the forefront of SBP-related schemes for the SME sector; total lending under these schemes reached Rs 33 billion in 2024. To drive financial inclusion, awareness sessions were conducted across the country, covering banking products and subsidized schemes. HBL specifically focused on financing to women entrepreneurs with total disbursements of Rs 2.6 billion during 2024, to over 450 women.

Agriculture – Our Key Priority

HBL remained a key player in Agriculture Financing, with a market share of over 33%. The lending portfolio grew to ~Rs 60 billion, aided by new disbursements of Rs 13 Bn. HBL leads the way in innovative financing solutions for the agriculture sector by actively engaging with Agritech operators, empowering farmers with tools to increase their income. HBL also dominates the financing of solarized tubewells which not only improves farmers' efficiencies but also reduces their carbon footprint.

HBL was nominated as the lead bank to represent the financial industry on a Task Force created by the Ministry of Finance to accelerate efforts in Agriculture, SMEs and Digitization. HBL played a pivotal role in developing 13 recommendations encompassing enhancements in policy frameworks, infrastructure development, and capacity building within the sector. As a result of this proactive engagement, several key policy measures have been implemented.

As the designated Champion bank for Balochistan, HBL has taken a leading role in addressing outreach challenges and enhancing access to agriculture credit and financial inclusion. This has resulted in increased disbursements, thus enabling financial inclusion in this most underserved area of the country. Being the largest user of the Punjab Land Revenue Authority's digital land records, HBL is actively engaged with the provincial authorities of Balochistan to implement a similar system which will lead to improved access to credit for farmers in the province.

HBL's flagship platform, "Kisan Ki Awaz", played a crucial role in educating farmers through a range of awareness and financial literacy sessions across Pakistan. The platform reached over 7,000 farmers, fostering a deeper understanding of financial products and services and a two-way dialogue that encourages feedback from farmers to directly improve HBL's offerings.

HBL Zarai Services Limited (HZSL) was successfully launched in February 2024, with its first Dera at Burewala. Since then, three additional Deras have been established, strategically located in Sahiwal, Sadhoke, and Pakpattan, enhancing accessibility and support for farmers across these key agricultural regions. HZSL facilitated 2,200 farmers, enabling enhanced crop productivity across 57,000 acres. Dedicated field agronomists further strengthened farmer partnerships by directly procuring major commodities such as maize, sesame, and rice at competitive market rates. The Company also successfully piloted advanced rice harvesting services, addressing the critical challenge of post-harvest losses arising from inadequate harvesting facilities. HZSL championed rural development through medical camps, crop and livestock literacy programs, and partnerships with industry experts, underscoring its commitment to the well-being of Pakistan's farming community.

HBL is committed to transforming the lives of farmers, promoting sustainable practices, and driving economic growth in the agriculture sector. The Bank is well-positioned to revolutionize Agriculture financing and will continue to maintain its market and thought leadership in this most critical sector for the country's economy.

Serving Large Customers, Building the Nation

HBL is the leading corporate bank in Pakistan with lending to corporates crossing Rs 1.2 trillion, a 38% increase over the preceding year. This stems from a concerted effort on client acquisition and deepening customer relationships through a range of working capital facilities, trade finance and project finance lending. A renewed emphasis on trade products, solutions and delivery has seen HBL's share of exports rising to over 13%. The relationship teams also provided a number of innovative solutions in treasury, transaction banking, and supply chain finance to their clients. This enabled HBL to remain embedded with its clients across multiple dimensions. In the current macroeconomic environment, maintaining credit quality remained paramount while growing the business. This was ensured through frequent portfolio reviews, encompassing the entire breadth of clients, as well as a number of sectoral reviews to keep abreast of industry trends.

Over the last few years, HBL has made a concerted effort to leverage its international presence and gain regional relevance. The Bank's international network has facilitated robust growth in the inbound and outbound business in the corporate banking space leading to an acceleration in the number of clients with whom the Bank does business in multiple jurisdictions. In particular, HBL's presence in China has allowed it to deepen its corporate banking relationships with Chinese-origin entities working in Pakistan and China.

HBL's leadership in Corporate Banking was recognized through prestigious international awards. Euromoney named HBL as Pakistan's Best Bank for Corporates, acknowledging our commitment to serving the needs of corporate clients. Additionally, Finance Asia awarded HBL as the Best Corporate Bank for Large Corporates and MNCs in Pakistan, while the Federation of Pakistan Chambers of Commerce and Industry awarded HBL as the Best Conventional Bank of the Year. Both these awards highlight our excellence in providing financial services to large-scale businesses and our determination to contribute to Pakistan's economic growth and development, the most important pillar of the Bank's strategy.

HBL has the largest investment banking franchise in the country with a robust deal flow. During the year, the Bank successfully closed more than 20 deals, with a total value of over Rs 550 billion. The Investment Banking team has been persistent in securing new mandates across multiple sectors, including road infrastructure, renewable energy, telecom, and manufacturing. Under the Bank's objective of furthering public-private partnership, it has also been engaged in various advisory capacities to the Government to facilitate projects of national interest. This exceptional performance garnered 18 prestigious awards from various international publishers such as Global Finance, The Asset Triple A, and Euromoney.

In 2024, the cash management business achieved a remarkable 30% increase in throughput to Rs 19.4 trillion. This was driven by an emphasis on interoperability, enabling clients to effortlessly transfer funds between multiple banks and channels directly to their collection accounts. This digital transformation reduced over-the-counter collection transactions by 2.7 million. The Bank also developed innovative, tailored products that enabled clients to reconcile receivables with unparalleled ease and accuracy. These advancements reinforced HBL's position as a pioneer in digital cash management solutions, providing clients the tools they need to drive operational efficiency. HBL continued to lead employee banking, particularly in payroll management, processing over 31 million transactions, amounting to Rs 1.8 trillion, for employers across diverse industries. Impressively, 97% of withdrawals were conducted through digital channels, underscoring the effectiveness of HBL's digital-first approach in meeting the evolving needs of both employers and employees.

The Treasury had an excellent year with a strong focus on client engagement; Global Markets Outlook sessions were held in 3 cities for corporate and commercial clients and were very well received. For the first time, Prestige roadshows were also held for this high net worth segment. These events helped strengthen HBL's credentials as the premier thought leader in Pakistan's financial markets. Phase 2 of HBL Symphony® – the Bank's proprietary fixed income platform – was launched, with added functionality; this propelled volumes on the platform beyond Rs 3.5 trillion compared to only around Rs 200 billion in the previous year.

Digital – The Way Forward

HBL continued its drive to increase digital transactions by continually offering more services and capabilities for customers to fulfill their needs digitally, at a time and place of their choice. With nearly 4.5 million users, HBL Mobile has a 22% market share, and processes 18% of all transactions. The high double digits growth trajectory continued during 2024 with a 33% rise in the number of transactions; with continuous enhancements in the services menu and ease of usage, nearly 1.2 billion transactions and service requests were processed during the year. The combination of a higher transaction count as well as higher ticket sizes resulted in a 68% growth in the total value of financial transactions, to almost Rs 8 trillion. HBL enhanced the services menu for its customer-friendly WhatsApp banking channel; this now offers account and credit card statements, and enables Raast funds transfers using a convenient interface. Similar to the mobile app, transactions on WhatsApp banking increased by 33% with throughput rising by 63%. The Bank also invested in enhancing cyber-security controls on its digital channels to safeguard customers and give them peace of mind.

The Bank continued to build its billing payments menu and now offers its customers options for more than 4,000 utility companies, educational institutions, investment options and Government and charity payments. E-commerce acquiring volumes witnessed substantial growth, increasing by 56% to Rs 76.1 billion, and improving market share to 35%.

HBL remains focused on enhancing data capabilities and the ability to use that data easily and efficiently. The primary focus during 2024 was on moving critical use cases to self-service, enabling both business and support teams. Data from all core systems has now been integrated into the data lake, enabling its use as the single source for all data use cases in the Bank. For instance, Robotic Process Automation (RPA) for back-office processes is now utilizing the lake for data-driven decisions, while control functions are performing checks and reviewing exceptions. In the future, the focus will be towards purpose-built subject data marts, driving insights through advanced analytics and data visualization.

As part of HBL's ongoing transformation journey, the RPA programme has been a pivotal initiative in enhancing operational efficiency across the organization. In 2024, automation of key business processes across multiple domains, enabled the Bank to handle larger transaction volumes, reduce errors caused by manual processing, and enhance customer experience by reducing turnaround times. RPA processed 5.9 million transactions, delivering approximately 1 million person-hours of savings and bringing a significant improvement in efficiency. This programme will be scaled up in 2025, which will also see the introduction of pilots around integrating AI capabilities into the RPA.

Konnect by HBL – Serving the Underbanked

In 2024, Konnect achieved significant milestones by onboarding approximately 500,000 new customers, increasing its client base to ~9 million, furthering the Bank's financial inclusion objectives. This growth demonstrates Konnect's appeal and efficacy in meeting the evolving needs of Pakistan's population. The Konnect app continued to deliver a seamless user experience, offering services such as bill payments, funds transfers, travel and hotel bookings, and other daily financial transactions.

Konnect facilitated collections of over Rs 552 billion, a 32% increase from the previous year, reducing the risk of carrying cash and, at the same time, making funds available for immediate productive use. In addition, the collections product offers better visibility of various cash collection routes, volumes and frequency, and will assist the Bank in developing lending products, enhancing the use of QR payments to reduce cash, and digitizing cash flows. Konnect also managed salary and pension disbursements worth Rs 26 billion, ensuring convenient access to funds for millions across the country.

Konnect also played a pivotal role in handling government-led initiatives like the Benazir Income Support Programme, efficiently disbursing Rs 260 billion to beneficiaries nationwide. Collaborations with international organizations, including WHO, WFP and UNHCR further underscore Konnect's reliability and reach as a trusted partner for social payments distribution. The business also supported the KP, Sindh and Punjab Agriculture Departments for subsidy disbursements.

Konnect's youth-focused strategies included active participation in university events, gaming tournaments, and freelancer networks. The Bank's strategic partnership with the Pakistan Software Houses Association (P@SHA) continues to bolster its engagement and outreach within the tech ecosystem, amplifying its impact in the digital economy. The Freelancer Digital Account has been very successful, doubling the number of accounts and generating transactions of \$58 million. In addition, Konnect supported over 1,400 IT exporters and software houses, offering exporters Special Foreign Currency Accounts and USD debit cards, processing \$191 million in 2024.

A Revitalized International Franchise

International Banking continued to build momentum, with almost all locations delivering record revenue and profitability. Loans increased by 15% over Dec'23 with deposits rising 10%. Trade volumes grew by 15%, leading to an impressive 43% growth in fees, with Singapore achieving its highest ever trade volumes. After the enthusiastic customer reception in the UAE, the Prestige offering was expanded to Bahrain and the UK. Network connectivity is a key driver of success with 380 customers being served across multiple markets. The focus is on corporate and commercial customers of HBL Pakistan and syndications of large ticket trade transactions. IT advancements across international locations enhanced customer experience, with integrations like the Maldives Instant Payment System, and the UAE National Payment System Strategy. HBL UK successfully joined the Faster Payments Scheme, improving payment speed and efficiency.

HBL's China franchise has been instrumental in enhancing connectivity, leveraging its unique position as one of only three RMB intermediaries in MENA and South Asia. This exclusivity has enabled the Bank to deliver tailored solutions, resulting in a 73% increase in RMB liquidity and transaction volumes, underscoring HBL's commitment to promoting RMB as a trading currency. The expansion of China coverage teams to 6 markets has helped deepen relationships with Chinese State-Owned Enterprises and private companies. Looking ahead, HBL will continue to position China, our second home, at the cornerstone of its international growth strategy, becoming the preferred partner for all trade, foreign exchange, cash, and working capital transactions.

The footprint rationalization of the International network continued with the successful sale of the business in Mauritius, the closure of the Oman branches and substantial progress on the wind-down of the Brussels branch.

HBL Microfinance

During 2024, HBL Microfinance Bank (HBL MfB) continued to hold its position as the largest microfinance bank in Pakistan with the highest loan portfolio. HBL MfB remained the leading lender to the priority agriculture sector with a portfolio of Rs 44 billion. HBL MfB has been nominated by the SBP as the Agriculture Champion Bank for Gilgit-Baltistan for the third consecutive year. In this capacity, HBL MfB continues to lead the development and implementation of the region's agriculture-banking strategy, actively collaborating with various stakeholders to address challenges unique to the area. The Bank remained one of the largest providers of housing finance to microfinance clients with a portfolio of Rs 32 billion.

HBL MfB continued to strengthen its technology investments to advance financial inclusion. The in-house-developed Customer Management Solution, which digitized the physical credit process into an end-to-end digital lending system, was further upgraded to include a comprehensive collections management system. To enhance operational efficiency, the Bank has adopted RPA, utilizing this tool in 29 business processes. During the year, HBL MfB revamped its FirstPay platform, transforming it into a comprehensive solution for both branch and branchless banking customers. Designed to provide a seamless and unified banking experience, the platform addresses diverse financial needs with efficiency and ease. Under FirstPay, HBL MfB serves 2.6 million e-wallet customers who, in 2024, conducted 9.4 million digital transactions amounting to Rs 29 billion.

HBL MfB is committed to driving financial inclusion and uplifting vulnerable populations. The Bank collaborated with the Benazir Income Support Programme to empower underprivileged communities, under a joint venture with HBL. This delivered financial support to over 660,000 individuals, disbursing nearly Rs 7 billion.

In June, HBL MfB inaugurated its Regional Headquarters in Gilgit-Baltistan, showcasing the Bank's ongoing commitment to sustainability, environmental stewardship, and community development. The state-of-the-art building integrates modern architectural design with local cultural elements, with 27% of the project cost invested in local suppliers and job creation. It meets the highest international standards for green construction, and is the first building in the Aga Khan Development Network to earn both LEED Gold and EDGE Advanced certifications for energy and water efficiency. Using solar energy, the facility generates 40% of its electricity usage, reducing its environmental footprint. Solar is now the first choice of the Bank, and is used in more than half its total footprint.

HBL MfB prioritizes people development and capacity-building initiatives to foster long-term career growth, cultivating a motivated and engaged workforce. HBL MfB received 13 Best Practice awards at the GDEIB Awards 2024, and now counts amongst the 10 most inclusive organizations in Pakistan. This recognition reflects the Bank's unwavering commitment to fostering an inclusive and equitable workplace where diversity is celebrated and inclusion is a daily practice.

HBL Asset Management

HBL AMC has witnessed another year of unprecedented growth with AUMs more than doubling, to Rs. 432 bn. The Company's retail strategy is delivering positive results, with AUMs from individual investors also more than doubling, from Rs 84bn in Dec'23 to Rs. 176 bn in Dec'24. Investments in technology, including a new ERP system, have started to deliver operational efficiencies. The growth, along with a rationalization of fees in line with market, enabled HBL AMC to deliver an 82% increase in profitability.

HBL Currency Exchange

HBL Currency Exchange (Pvt) Ltd sustained its position as the largest bank-owned and the third-largest exchange company in Pakistan, increasing its footprint to 82 locations. Turnover experienced robust growth of 42%, driven by the revival of foreign currency business in both the individual and interbank markets.

Serving Our Customers, Sustainably

HBL's Digital Customer Experience Centre managed 15.5 million customer interactions, offering 24/7 support through multiple touchpoints, including email, WhatsApp, and social media platforms, with an average of 93,000 monthly interactions. The IVR system provided 35 self-service options, supporting 3 million transactions, as utilisation increased from 14% to 18%, reflecting improved adoption and efficiency. The Bank has a dedicated function for effective complaint management with a programme of regular staff upskilling, and recognition for timely complaint resolution. In 2024, the Bank received 569,930 complaints, with an average resolution time of 2 business days, thereby achieving 100% regulatory turnaround time against complaints. Additionally, 187,395 claims were lodged and resolved in a timely manner.

In 2024, HBL made significant progress towards its commitment to achieving Net Zero Operational Carbon Emissions by 2030. A 20% reduction was achieved in Scope 1 and Scope 2 emissions, covering both fuel and purchased electricity. Solar panels were installed at 108 premises and another 120 locations are targeted for 2025. These initiatives resulted in a reduction of 2,700 MT in the Bank's carbon footprint. Three branches were renovated and 8 vaults were built under the modular renovation concept, saving 30,000 gallons of water and 6,000 kgs of cement. A 3-bin waste management system was implemented at 11 major buildings in Karachi, Lahore, and Islamabad, enabling HBL to responsibly dispose of 95 tons of waste; disposable water bottles have been discontinued, to reduce single-use plastics. A number of paperless initiatives were undertaken saving the equivalent of over 800 trees per year. Sustainability summits were held, attended by 1,000 staff, to promote awareness of the Net Zero programme. HBL also actively supported SBP and the World Bank in the development of the National Green Taxonomy, applying the experience from previously having developed its own taxonomy.

In recognition of its efforts, Euromoney awarded HBL the 'Best Bank for ESG in Pakistan', a testament of HBL's commitment to integrating sustainability into its core business operations.

Building the Brand

In 2024, HBL, Pakistan's strongest financial brand, made substantial strides in digital marketing, engaging its diverse and increasingly young client-base and stakeholders through a multi-platform strategy. HBL continued to engage with its nearly 900,000 Tik Tok followers, the highest among financial institutions, driving impactful engagement that further strengthened its digital presence. HBL delivered a dynamic campaign for HBLPSL 9 *Palat Do Khel*. This included the launch of a branded TikTok effect that encouraged fan participation and content creation. This campaign achieved an impressive 83 million views and over 21,000 fan-made videos. For the second time, HBL was recognized by TikTok as a global success case study for HBL PSL. HBL also transformed its recruitment process for Cash Officers by launching a targeted TikTok campaign, leading to a 63.5% increase in applications within a single quarter, while also reducing hiring costs. This first-of-a-kind initiative has also become a global case study for Tik Tok.

In 2024, HBL leveraged the E-sports platform to reach out to the youth through three major tournaments: EAFC 24 in Karachi, the Tekken 8 Women's Gaming Tournament in Lahore, and a Valorant Gaming Tournament in Karachi. These tournaments generated remarkable engagement, reaching 9.3 million people and 2.8 million views. Notably, the Tekken Tournament empowered women gamers, thus delivering inclusivity within the gaming community. In an industry-first initiative, the tournaments were live streamed, which further amplified reach and helped connect HBL with a growing audience of passionate gamers.

The Bank launched the *HBL Inspire* podcast, continuing its thought leadership in the financial services industry; HBL is the first Bank to adopt this tool as a part of its communications strategy. The podcast, with episodes covering HBL's focus on youth, on global market trends, and on the future of banking, quickly gained traction. Looking ahead, HBL will continue to adopt the latest innovations in brand building and communication to reach out to its current and future client segments.

Human Resources

HBL's sustainable growth is driven by its core principle of valuing people. In 2024, conscious of the economic challenges faced by employees, HBL provided financial support for its employees by raising the minimum monthly pay, restructuring employee benefits to maximize take-home salary and launching a medical loan facility for parent hospitalization.

To create a culture of self-evaluation for professional growth and development, the Bank has expanded the scope of the 360-degree feedback mechanism that focuses on developing leadership competencies and helps cultivate a values-driven culture through peer and stakeholder input. The Bank continues to embed a pay-for-performance culture to reward employees through a total pay concept. The risk-aligned remuneration mechanism and the ability to defer variable compensation, further augments the Bank's focus on accountability at senior management levels.

To align with the Bank's strategic goals, the year's learning agenda emphasized reskilling and upskilling initiatives. The Leadership Excellence programme entered its second phase, focusing on training mid-level and first-line managers to handle daily challenges and lead their teams effectively. HBL Nexus, the in-house digital learning platform, was further leveraged to offer self-paced learning about technological advancements. A specialized Retail Credit Certification Programme provided 300 employees with a platform to enhance their credit skills. Over 590,000 person-hours of training were delivered, ensuring that employees continue to develop and stay abreast of industry trends, global advancements, and regulatory requirements.

The Bank's unwavering dedication to excellence in diversity, equity, and inclusion (DEI) was recognized through HBL winning 14 out of 15 Best Practices awards at the Global Diversity, Equity, & Inclusion Benchmarks (GDEIB) Awards. The Women in Leadership Exchange Series and Women Branch Managers Programme, were launched to empower and elevate women to senior management roles through targeted developmental support, mentorship and coaching. These efforts help the Bank to maintain a 22% diversity ratio. HBL is committed to creating an inclusive and equitable work environment that supports the growth and success of all employees. During the year, the Bank conducted numerous sensitization sessions to transform staff mindsets and enable the inclusion of differently-abled people in the workforce. Employees were encouraged to participate in various initiatives, providing them a first-hand opportunity to interact and engage.

With an aim towards creating and developing an engaged workforce, the third Employee Engagement Survey was carried out. A participation rate of 85% was achieved with encouraging results as HBL's engagement score rose to 86% compared to Mercer's global financial services benchmark of 77%. The Bank is also focused on adopting the latest talent management practices and Agile ways of working.

Risk Management Framework

HBL manages the identification, assessment and mitigation of top and emerging risks through a robust internal governance process and the use of risk management tools and processes. The Board of Directors exercises strong oversight and the Board Risk Management Committee (BRMC) monitors and assesses the risk profile of the Bank on an ongoing basis. At senior management level, various risk committees are responsible for oversight and execution, with day-to-day risk management activities delegated to different levels.

The Bank's aim is to reinforce resilience by adopting a holistic approach to risk management, while mitigating its impact on HBL's financial results, long-term strategic goals and reputational profile. Key risks as reflected in HBL's risk taxonomy include credit risk, market & liquidity risk, reputational risk, environmental and social risk, and operational risk.

As economic conditions remained challenging, stress testing and frequent portfolio reviews to identify vulnerable segments helped to ensure the strength and resilience of the Bank's credit portfolio. The global economic and political environment was closely monitored in order to proactively manage country risk exposures. There was a continued focus on enhancing portfolio monitoring and implementing tools for the early identification of risks. The Bank updated its expert judgment models through statistical techniques in the Corporate and Commercial segment whilst consumer scorecard models were redeveloped and recalibrated to enhance their predictive power. In agriculture banking, a revamped process of customer onboarding and centralized underwriting under the ambit of the Credit Initiation Unit has been implemented which will further improve the credit decisioning quality.

HBL continues to invest in its people by providing them the tools and skills in a constantly changing external environment. HBL Credit School, a comprehensive modular training programme plays a major role in fostering a consistent credit risk assessment mindset that is focused on forward-looking risk drivers, and hence helps to adopt a proactive, rather than a reactive approach based merely on historical data. The programme has been fully developed in-house and is delivered by the Bank's senior resources. HBL also provided in-house IFRS 9 training to both business and risk personnel. In addition, the Bank conducted a session for market participants to enhance their understanding and development of IFRS 9 models whilst providing a platform for related modelling issues.

Market and liquidity risk indicators are reviewed on a monthly basis by the Market & Liquidity Risk Committee and by ALCO. A comprehensive structure is in place to ensure that the Bank remains within its tolerance for market risk.

HBL's Enterprise Risk Management Framework outlines the risk management principles and sets out the governance structure, standards, objectives and key responsibilities of different functions. A bank-wide Integrated Risk and Control Repository (IRCR) has been created and will help to identify, assess risks and issues in a holistic manner, thereby ensuring that these are adequately monitored and mitigated.

Policies and procedures have been established to govern operational risk management in a systematic and consistent manner. ICR, along with other tools like Key Risk Indicators and Operational Loss Data Management are used to gauge the likelihood and severity of operational risk incidents. The Bank's operational risk profile and fraud risk assessment are regularly discussed at senior

management forums and at the BRMC. The bank has also developed a reputational risk framework to monitor and mitigate this critical risk. Validation of models being used within the bank is an ongoing activity to support effective decision making.

The Board Compliance & Conduct Committee (BCNCC) assists the Board in overseeing the implementation of a compliance and conduct culture and also provides governance over the implementation of a bank-wide compliance programme. The BCNCC oversees ethics and conduct-related matters including whistle-blowing complaints. HBL's whistle-blowing programme is directed at safeguarding the Bank's integrity and reputation and aims to increase employee ownership in reporting suspected cases of fraud, corruption, harassment, and other infringements of the Bank's Code of Conduct. Any related investigations are overseen by the Board Audit Committee (BAC) while disciplinary actions are reviewed by the Board Human Resource & Remuneration Committee (BHRRC). The Compliance Committee of Management, chaired by the President, monitors and reviews compliance and conduct-related matters at the management level.

The Compliance function continues to strengthen the enterprise-wide compliance environment and manage compliance risk by enabling the Bank to comply with applicable laws and regulations including financial crime compliance management. HBL has implemented a robust regulatory risk management framework for enabling adequate design and operating effectiveness of regulatory controls. Accordingly, a design-level evaluation of the Bank's Compliance Risk Profile was completed during the year.

With the focus on standardizing and automating enterprise-wide compliance controls, the Bank is leading the innovation agenda in the Pakistan banking industry by establishing the industry's first Digital Workforce with the successful implementation of BOTs for multiple processes. The Compliance Centre of Excellence in Pakistan for global insourcing from HBL's international branches provides active support in transaction monitoring and alert disposition and is yet another landmark initiative.

HBL remains committed to safeguarding its customers and their data against evolving cyber threats. The Bank's Information Security function plays a crucial role in defending HBL's data assets by effectively managing cybersecurity risks from both internal and external sources. The Bank's 24/7 Security Operations Centre ensures a resilient security posture through constant monitoring, bolstered by advanced detection and prevention systems. Throughout the year, the Bank conducts comprehensive information security awareness campaigns to educate and train employees, supplemented by focused awareness initiatives for customers via multiple communication channels. HBL remains fully compliant with leading industry standards, including the SWIFT Customer Security Programme, PCI DSS, and ISO 27001, further enhancing its security framework.

Corporate Social Responsibility (CSR)

The HBL Foundation (HBLF) continues to play a vital role in Pakistan's socioeconomic development through its philanthropic efforts. In 2024, the Foundation granted a total of Rs 861 million to support initiatives in healthcare, education and community development.

As always, the lion's share of contributions went to improve healthcare access and quality, the most pressing need of the country. The Foundation's contributions of Rs 600 million supported 55,000 patients through initiatives such as the establishment of children's emergency treatment facilities in Multan, the expansion and solarization of hospitals, and the provision of essential medical equipment and medicines. In education, the focus was on empowering students through scholarships for female students at top universities, supporting special needs education, and providing vocational training, benefiting 15,600 students. This sector received Rs 130 million in donations, reinforcing the Foundation's belief in the transformative power of education and its aim to create equal opportunities for all.

Community development and humanitarian assistance remain a priority and Rs 130 million were contributed to worthy causes in this area. These included solarization of an old-age home in Karachi and reverse osmosis plants in Jiwani to provide clean drinking water. It also supported vulnerable populations in Gilgit-Baltistan and Chitral, improving the quality of life and resilience in these areas. Humanitarian efforts included the distribution of ration bags, waterproof tents and thermal blankets across Pakistan. These initiatives helped mitigate food insecurity and improved living conditions in underserved regions. HBL Foundation's holistic approach to societal well-being underscores its ongoing commitment to supporting communities in need.

HBL's Employee Volunteering Programme demonstrates the Bank's commitment to social impact through employee engagement. It is designed to provide opportunities and empower employees to make meaningful contributions to the communities in which they serve. Through immersive, on-ground experience, staff and families gain insights into the multifaceted benefits of volunteering. In 2024, employees contributed over 1,300 hours across 36 activities in 10 cities and, since inception, the programme has crossed 3,000 volunteering hours. Notable initiatives included a clean-up drive at Khunjerab National Park, a multi-city blood drive, a regional tree plantation drive planting nearly 2,200 trees, and a clean-up in Karachi for World Earth Day. The programme fosters a culture of community service, empowering employees to contribute to environmental and social causes, while reinforcing HBL's commitment to corporate responsibility.

Credit Ratings

In June 2024, the Bank's credit ratings were re-affirmed by VIS Credit Rating Company Limited at AAA/A-1+ for long-term and short-term respectively. The ratings of the TFCs issued as Additional Tier 1 Capital have also both been re-affirmed as AA+. The Outlook on all ratings is Stable. The ratings reflect HBL's position as the leading commercial bank in the country, its strong franchise and systemic importance. In support of the ratings, VIS also pointed out HBL's strong market access as evidenced by a well-diversified depositor base, its ample liquid reserves and its improving capitalization levels.

In August, Moody's upgraded HBL's long-term deposit ratings from Caa3 to Caa2 and the Bank's Baseline Credit Assessments from caa3 to caa2. The Outlook on HBL's long-term deposit ratings was also improved from Stable to Positive. The HBL's ratings action followed the upgrade of the Government of Pakistan's issuer and senior unsecured debt ratings to Caa2 from Caa3.

Future Outlook

Pakistan has weathered myriad challenges in the recent past and come through to a period of some stability. The structural imbalances that led to a balance of payments crisis have receded for the time being, with the authorities prioritizing consolidation and a buildup of shock absorbers. However, current growth rates of ~ 3.0% are insufficient to materially impact per capita incomes. Critical constraints to growth remain unaddressed including the state's footprint in the economy, distortions in the tax system and elevated energy costs. It is encouraging that the government has agreed to reforms under the EFF; while some have been initiated, the difficult actions are yet to be taken. The authorities must capitalize on the opportunity to put the economy on a sustainable growth path. The Fund is expected to be much less lenient on policy slippages than in the past, given the prior lack of reform implementation by successive governments and current geopolitical realities.

The external position continues to improve on the back of higher home remittances, which have been averaging USD 3.0 billion in the last 6 months. These flows, coupled with a recovery in textile exports, are expected to offset moderate import growth, keeping the Current Account relatively balanced, with the deficit expected to fall below 1.0% of GDP; FX reserves are forecasted to exceed USD 13.0 billion by the end of FY'25. Support to the external account will also likely come through continued rollovers of debt from friendly countries, the release of subsequent IMF tranches and potential support from multilaterals for climate resilience. Despite recent upgrades, Pakistan's credit ratings remain weak, deterring the raising of international financing. Timely and successful completion of IMF reviews, stemming from sustained reform efforts and consistent accumulation of FX buffers are critical factors that could drive further upgrades.

The policy rate has come down sharply to 12.0% from a high of 22.0%, reflecting strong disinflationary pressures in the economy. However, at their latest meeting, the MPC acknowledged the stickiness in core inflation and that headline inflation would remain volatile in the short term. With real rates still elevated, policy easing is likely to continue, although at a slower pace. This should allow a buffer for the central bank to assess the lagged impact of recent rate cuts. As of now though, the commodity price outlook is benign, with the World Bank projecting aggregate prices to decline by 5% in 2025, led by oil. In the context of Pakistan, this would continue to manifest in a favorable external account.

The Global economic backdrop is fraught with uncertainty with China facing a prolonged period of deflation along with President Trump's agenda. The latter has the greatest potential for disruption given Trump's intention to upend the post-World War II geopolitical order and actions taken during his first month in office. Markets are pricing in a higher inflation trajectory in the US, based on higher tariffs, restrictive immigration and lower taxes, resulting in expectations of higher rates for longer. The US Dollar has risen sharply since the election and this trend may continue as the US attracts more capital from around the world; this in turn has the potential to lead to a flight of investment from some Emerging and Frontier markets.

In a very challenging year, HBL has successfully navigated headwinds, delivering another record year. Excellent results from the strong domestic franchise have been supplemented by a growing contribution from the international business. Leadership positions have been further extended across most areas of our operations. Our Investment Banking business remains the dominant player, sweeping the awards space, while recognition from our domestic customers as the Best Conventional Bank reaffirms that our commitment to this country remains resolute. We are equally pleased that our continued emphasis on good governance has been recognised by the Pakistan Institute of Corporate Governance who ranked us as the Best Board of the Year, across industries. We dedicate these results to our customers, many of whom have banked with us across generations and who are the reason for our existence.

HBL recognizes the criticality of agriculture to Pakistan's economy and, over a number of years has made a sustained investment in this sector. Our revolutionary development finance initiative has had a dramatic positive impact on farmers' lives and HBL Zarai, launched in February, is already transforming the rural landscape. Our partnership with the Government of Balochistan to digitize land records will provide farmers in this underserved province much greater access to finance. We continue to be recognized by regulators, customers and the industry for our transformative leadership.

At HBL, increasing digitalization of every aspect of our businesses has become a way of life – from paperless consumer financing through the mobile app to remote digital on-boarding of farmers, from e-wallets for the smallest microfinance customers to e-trading for the largest corporates where throughput on our treasury platform crossed a landmark Rs 3 trillion. Our pioneering use of Robotics is delivering efficiency, accuracy and faster processing for our customers. Our sponsorship of the HBL-P@SHA ICT Awards serve as a celebration of excellence, recognizing the contributions of individuals and organisations that are shaping Pakistan's digital landscape. From HBL Mobile to Konnect, from QR to HBL Pay, the Bank continues to raise the bar in delivering creative, first-of-a-kind solutions for its customers.

Sustainability – in all its aspects – is at the heart of our operations. Recently, we launched our third Sustainability Report, lauded by a wide spectrum of stakeholders. We have now begun tracking our environmental impact and this report links our initiatives to the UN's Sustainable Development Goals. To us, financial inclusion is a key element of sustainability – inclusion of women through HBL Nisa and our own gender diversity targets; inclusion of the underserved through Konnect and microfinance; inclusion of the differently-abled through targeted hiring and facilities at our touchpoints; and inclusion of the youth through our leading social media presence and our promotion of e-sports and gaming, particularly for women gamers.

We are on the doorstep of the 10th edition of HBLPSL – an event that has undoubtedly helped put Pakistan back on the map of world cricket. We remain proud to have been the founding sponsors of this tournament delighting tens of millions of Pakistanis in Pakistan and across the globe. HBL has and will keep stepping forward in every sphere, to ensure a brighter future for Pakistan and Pakistanis.

Dividend

The Board has recommended a final cash dividend of Rs 4.25 per share for the year ended December 31, 2024, bringing the total cash dividend for the year to Rs 16.25 per share. The Board had earlier declared and paid interim cash dividends of Rs 12.00 per share.

Auditors

The current auditors, Messrs. KPMG Taseer Hadi & Co., Chartered Accountants, retire and, being eligible, offer themselves for reappointment at the Annual General Meeting. Accordingly, the Board of Directors, on the recommendation of the Board Audit Committee, recommends the appointment of Messrs. KPMG Taseer Hadi & Co., Chartered Accountants, as the auditors of the Bank for the financial year 2025 at a fee of Rs 52.349 million with out-of-pocket expenses and taxes to be paid at actuals.

Statement on Corporate and Financial Reporting

The Board is committed to ensuring that the requirements of corporate governance set by the Securities and Exchange Commission of Pakistan are fully met and the Directors are pleased to report that:

- a) The financial statements prepared by the management of the Bank present a true and fair view of the state of its affairs, operational results, cash flows and changes in equity.
- b) Proper books of accounts of the Bank have been maintained.
- c) Accounting policies have been consistently applied in the preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- d) The Bank has followed International Financial Reporting Standards (as applicable to Banks in Pakistan) in the preparation of its financial statements and there is no departure from the said standards.
- e) As a continuous process, efforts have been made to implement an adequate and effective internal control system. The Bank follows the SBP Internal Control Guidelines, including the roadmap and the guidelines for Internal Controls over Financial Reporting (ICFR). The Bank has developed a Framework for the management of ICFR.
- f) There are no doubts about the Bank's ability to continue as a going concern.
- g) There has been no material departure from the best practices of corporate governance as detailed in the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Code).
- h) Key operating and financial data for the last six years is presented in the financial statements under the section "Growth 2019 to 2024 – Consolidated".
- i) The Directors, CEO, CFO and Company Secretary have confirmed that neither they nor their spouses are engaged in the business of stock brokerage.
- j) Audit, Human Resource and Remuneration, Risk Management, IT, Compliance and Conduct, Development Finance, Strategy Input & Monitoring and Nomination & Remuneration Committees constituted by the Board are functioning efficiently in accordance with their respective Terms of Reference. The Board held seven (7) meetings in the year, including at least once in every quarter.

The Board is pleased to endorse the statement made by the management relating to Internal Controls. The Statement of Internal Control, the Statement of Compliance with the Code, the Review Report on Statement of Compliance with the Code and the Auditors' Reports are attached to the Financial Statements.

Value of Investments in Employee Retirement Benefits Funds

The table below shows the value of the investments of the provident, pension, gratuity and benevolent funds maintained by the Bank, based on their audited financial statements as at December 31, 2024.

	Rupees in million
Employees' Provident Fund	6,996
Employees' Pension Fund	4,396
Employees' Gratuity Fund	4,126

Pattern of Shareholding

The pattern of shareholding as at December 31, 2024 and the trading in the Bank's shares by Executives, as defined by the Board of Directors under the Code, is given in the Annual Report under the requirements of the Code.

Parent Company

As disclosed in Note 1.1 of the financial statements, the Aga Khan Fund for Economic Development (AKFED) S.A., is the parent company of the Bank and its registered office is in Geneva, Switzerland.

Training programmes attended by Directors

All Directors have either obtained certification from an SECP approved Directors' Training programme or stand exempted from such training, in accordance with the Code.

In 2024, the Board attended a training session on AML/CFT Risks, conducted by a well-recognized external expert.

Board Performance Evaluation

The Board opted for an external annual evaluation of the Board and its Committees for the year 2023, which was carried out by the Pakistan Institute of Corporate Governance (PICG) in 2024. The evaluation assessed the performance of the Board as a whole and as individual directors, covering the areas of Board Composition, Strategic Planning, Board & CEO Effectiveness, Board Information, Board Committees, Board Procedures and the Control Environment.

Process of Appointment and Nomination of Board members:

Directors are elected for a 3-year term by the shareholders of the Bank. Any casual vacancies arising on the Board are filled by the Board of Directors in line with the Bank's Articles of Association and in compliance with the applicable laws and regulations. The nomination of a Board member is undertaken by the Board Nomination and Remuneration Committee (BNRC). Once a potential candidate is identified, the BNRC, having undertaken its due diligence, submits a recommendation for the approval of the Board. All Directors are approved by the SBP in line with its Fit and Proper Test (FPT) criteria including the additional requirements for independent directors, where applicable.

Composition of the Board and Board Committees

The composition of the Board and details of Board Committees are given in the Statement of Compliance with the Code of Corporate Governance.

In order to improve its effectiveness and efficiency, the Board has constituted the following committees which function as per their respective Terms of Reference, approved by the Board. A brief description of the functions of each committee is as follows:

Board Audit Committee (BAC): The BAC facilitates the Board in fostering a strong control environment, supported by an effective system of internal controls, robust policies and procedures. The BAC oversees the Bank's Internal Control Framework, ensuring that identified risks are mitigated to safeguard the Bank's interests. The BAC provides oversight of the Bank's Internal Audit function; approves and monitors the progress of the risk-based annual audit plan; and ensures that the Internal Audit Function has adequate resources and is appropriately placed within the organization structure to maintain its independence.

The BAC reviews the consolidated & unconsolidated financial statements and associated matters, before recommending them to the Board for approval. As part of this process, the BAC also recommends the appointment, both of the statutory auditors, as well as the auditors of overseas branches, to the Board, while ensuring their independence and effectiveness. In addition, the BAC is responsible for monitoring the implementation of new accounting standards; in particular, the Board has designated the BAC as the committee responsible for oversight of the implementation of IFRS 9. For areas that are under its purview, the BAC recommends policies to the Board for approval.

Further, the BAC oversees the compliance of corrective actions determined by the Shariah Board on the reports of Internal and External Shariah audits.

Board Risk Management Committee (BRMC): The BRMC assists the Board in overseeing credit, operational and market risk-related matters impacting the Bank and the maintenance of an independent, supportive and proactive Risk culture. The BRMC is responsible for defining the Bank's overall risk appetite and tolerance levels across broad categories – such as credit risk, market risk, operational risk, liquidity risk & reputational risk. The BRMC also provides advice on risk governance, and internal control systems designed to monitor, evaluate & manage risks. It ensures the implementation of a robust risk management framework and reviews exposures to ensure that they are in line with the risk profile and risk appetite of the Bank.

Board Human Resource and Remuneration Committee (BHRRC): The BHRRC reviews and recommends key human resources and remuneration policies, including major terms of employment and benefits, performance management and compensation plans for all employees of the Bank, including the key executives. It also reviews and recommends the people strategy, policies for staff training, career development, talent management and succession planning in line with the Bank's requirements and best practices.

Board Compliance & Conduct Committee (BCNCC): The BCNCC assists the Board in overseeing the implementation of a compliance and conduct culture and provides governance over the implementation of a bank-wide compliance programme. It also monitors the Compliance & Conduct function's mandate and ensures its capabilities to effectively manage the Bank's compliance, regulatory and conduct risks. The BCNCC also reviews inspection reports from domestic and international regulatory authorities, including time-bound management action plans to address identified issues.

Board Development Finance Committee (BDFC): The BDFC has been constituted with the vision of transforming HBL into being **more than just a bank** by creating a positive environmental and social impact. The BDFC monitors progress on various projects under the Development Finance Charter that further the Bank's agenda of sustainable development and also link the disparate parts of the undocumented and priority sectors into value chains with emphasis on creating a circular ecosystem. The BDFC also provides strategic input on initiatives for improving financial inclusion, especially through the use of affordable technology; access to financial services; and awareness creation in priority sectors and the communities that the Bank serves.

Board IT Committee (BITC): The BITC reviews, evaluates and makes recommendations to the Board regarding the Bank's major technology investment plans and strategies. The BITC also reviews the benefits and returns derived from technology spend. Additionally, the BITC focuses on digital initiatives that can help customer-centricity, how technology can be optimally utilized for business deepening & revenue generation, and provides guidelines on engaging with FinTechs and using Cloud services. The BITC also provides oversight to the Information Security function of the Bank and that the Information Security posture is aligned with the Bank's risk appetite.

Board Nomination & Remuneration Committee (BNRC): The BNRC assists the Board in identifying an appropriate structure, size and balance of skills on the Board as deemed necessary to support the strategic objectives and values of the Bank for sustainable growth. BNRC also deliberates on and recommends the Board Remuneration Policy, in line with regulatory requirements, for approval of the Board/shareholders.

Board Strategy Input and Monitoring Committee: The BSIMC is responsible for reviewing the Bank's strategy and monitoring its implementation. The BSIMC provides advice and integrated insights, considering evolving trends, competition and market developments so that the Bank is best positioned to harness opportunities in the short, medium and long term. The BSIMC also monitors the Bank's progress against its strategic plan.

Appointment and Composition of the Shariah Board

To appoint a Shariah scholar, the management first conducts a screening of the proposed Shariah Board member in line with the SBP's Fit and Proper Criteria. This is then forwarded to HBL's Board of Directors for approval, after which it is submitted to the SBP along with all supporting documents. After receipt of SBP's clearance, the management engages the Shariah Board member, executes the contract and informs SBP. Each Shariah Board Member is dedicated to only one commercial bank in Pakistan. HBL's Shariah Board comprises of three members.

Dr. Muhammad Zubair Usmani is one of the most experienced Shariah Board Members and serves as the Chairman of the Shariah Board. He completed his Takhassus fil Iftaa (Islamic Jurisprudence) and Shahdat ul Aalimiyah from Jamia Dar ul Uloom, Karachi. He holds a PhD in Islamic Finance from the University of Karachi and a Masters degree in International Relations. Dr Usmani has been associated with the banking and financial services industry since 1999 and has provided Shariah Advisory services to various financial institutions, both locally and globally. He has also served as a member of the Shariah Board of the State Bank of Pakistan and as Chairman of the Shariah Boards of United Bank Limited and Habib Metropolitan Bank Limited.

Dr. Ejaz Ahmed Samadani is a distinguished Shariah scholar. He received his qualifications in Takhassus fil Iftaa (Islamic Jurisprudence) and Shahdat ul Aalimiyah from Jamia Dar ul Uloom, Karachi. He holds a PhD in Islamic Studies from Karachi University, a Masters degree in Islamic Studies from Bahauddin Zakariya University and an LLB from Sindh Muslim Government College. Dr Samadani has been associated with the banking and financial services industry since 2004 and has provided Shariah Advisory services to various financial institutions both locally and globally. He also serves as Chairman of the Shariah Board of Maldives Islamic Bank and as a member of the Shariah Supervisory Board of MCB-Arif Habib Alhamra Islamic Funds. He has also served as Member, Shariah Board of United Bank Limited, The Bank of Punjab and as Shariah advisor of Alfalah GHP Islamic Fund.

Mufti Muhammad Yahya Asim holds qualifications in Takhassus fil Iftaa (Islamic Jurisprudence) and Shahdat ul Aalimiyah from Jamia Dar ul Uloom, Karachi. He also holds a Masters degree in International Relations, Arabic and Islamic Studies and is currently pursuing a PhD at the University of Karachi. Mufti Asim has been associated with Islamic Banking and the financial services industry since 2004 and has provided Shariah Advisory services to HBL, Habib Metropolitan Bank, Atlas Asset Management, HBL Asset Management and TPL Window Takaful. He has been associated with HBL since 2008 and currently serves as the Resident Shariah Board Member.

The Terms of Reference of the Shariah Board are in accordance with the Shariah Governance Framework issued by the SBP and include, inter alia, the following:

- The Shariah Board is empowered to consider, decide and supervise all Shariah related matters of HBL. All decisions, rulings and fatawas issued by the Shariah Board shall be binding on the Bank and the Shariah Board shall be responsible and accountable for all its Shariah-related decisions.
- The Shariah Board shall ensure the development of a comprehensive Shariah compliance framework for all areas of operations of HBL Islamic Banking. Any products or services offered by HBL Islamic Banking must have prior approval of the Shariah Board.
- The Shariah Board shall approve all procedure manuals, product programmes/structures, process flows, related agreements, marketing advertisements, sales illustrations and brochures to ensure that they conform to Shariah principles and rules.

Compensation of Directors

The Board Remuneration Policy, as approved by the shareholders of the Bank in 2024, is compliant with the requirements set by the SBP's Corporate Governance Regulatory Framework.

The details of the remuneration of the CEO and fees paid to the Directors are disclosed in Notes 39.1 and 39.2 to the consolidated financial statements.

Compensation of Shariah Board Members

The Head, Islamic Banking recommends the compensation of Shariah Board members, based on industry practice, to the President. After approval of the President, it is sent to the Board Human Resource and Remuneration Committee for review and recommendation to the Board of Directors (BoD) for approval.

The current monthly remuneration of Shariah Board members, was approved by the BoD in April 2024, and is Rs 1,380,000 for the Chairman, Shariah Board, Rs 1,300,000 for the Member, Shariah Board and Rs 1,250,000 for the Resident Shariah Board Member (RSBM). The RSBM's remuneration also includes a car allowance. Additionally, the BoD has approved car finance facilities for the RSBM and house finance facilities for all Shariah Board members.

As per their contracts of employment, Shariah Board members are entitled to travel and daily allowances in accordance with the Bank's Travel Policy.

The details of remuneration paid to Shariah Board Members are disclosed in Note 39.3 to the consolidated financial statements.

Appreciation and Acknowledgement

On behalf of the Board and management, we would like to place on record our appreciation for the efforts of our regulators and the Government of Pakistan, in particular the State Bank of Pakistan, the Ministry of Finance and the Securities and Exchange Commission of Pakistan. In these challenging times, they have stepped up with policies and measures that are prudent, proactive and balanced, protecting the economy, customers and people of Pakistan, while also safeguarding the integrity and soundness of the banking and financial services industry.

We are indebted to our customers, many of whom have banked with us for generations, and who continue to entrust us with their business and confidence. Our shareholders have provided steadfast support and to them, and to all our stakeholders, we are deeply grateful. The Board and the management remain committed to maintaining the highest standards of governance and we assure our stakeholders that we will be industry leaders in this area.

Lastly, but certainly not the least, we express our deepest appreciation and gratitude to our employees and their families, especially in customer facing units and branches, who continually go the extra mile, even at personal cost, to ensure that our customers are able to meet their critical needs. They are our heroes and heroines and we salute them for their dedication and tireless efforts.

On behalf of the Board

ڈائریکٹر رپورٹ 2024

ہمیں بورڈ آف ڈائریکٹرز کی جانب سے سالِ مختتمہ 31 دسمبر 2024ء کے مجموعی مالیاتی گوشوارے پیش کرتے ہوئے مسرت محسوس ہو رہی ہے۔

کلیاتی اقتصادیات کا جائزہ

کلیاتی اقتصادی حالات نے مالی سال 25 میں استحکام کو بڑھادیا۔ نسخوں کے لئے منفی خطرات کم ہوتے دھائی دے رہے ہیں، کرنٹ اکاؤنٹ سرپلس میں ہے اور افراطازر تقریباً ہائی کی کم ترین سطح پر چل رہا ہے۔ مالی سال 25 کی پہلی ششماہی میں لارچ اسکیل میونو فیکچر گن انڈیکس میں 1.9 فیصد کی کمی آئی ہے، لیکن بڑھتی ہوئی طلب اور معاشری حالات میں بہتری کی وجہ سے تو قع ہے کہ اس میں بھی بہتری آئے گی۔ نقل و حمل، خوارک و مشروبات، اور ٹیکسٹائل میں ثبت رجحان نظر آ رہا ہے۔ حالیہ ہائی فریکو نیزی انڈیکٹرز اور زرعی شعبے کا بہتر آؤٹ لگ مالی سال 25 میں جی ڈی پی کی شرح نمو 3.0 فیصد سے اوپر جانے میں مدد گار ہو گی۔ جزوی 2025 میں افراطازر کی شرح 2.4 فیصد رہی جو اکتوبر 2015 کے بعد سب سے کم تھی جس کی وجہ اشیاء نور دنوں کی قیتوں میں کمی، عالمی سطح پر اجناس کی موافق قیمتیں اور ہائی بیس افیکٹ تھے۔ اسیٹ بینک نے افراطازر کی 11.5 سے 13.5 فیصد کی پیش گوئی پر نظر ثانی کرتے ہوئے اسے 5.5 سے 7.5 فیصد کر دیا ہے۔

مسلسل تین ماہ کے سرپلس کے بعد کرنٹ اکاؤنٹ جزوی 25 کے مہینے میں خسارے میں تبدیل ہو گیا۔ مالی سال 25 کے دوران کرنٹ اکاؤنٹ 682 ملین ڈالر سرپلس پر رہا جکہ گزشتہ سال کے اسی عرصے میں 1.8 ملین ڈالر کا خسارہ ہوا تھا۔ ٹیکسٹائل برآمدات میں اضافے کے باعث برآمدات 8 فیصد اضافے کے ساتھ 19.2 ملین ڈالر ہیں۔ تاہم درآمدات میں زیادہ تیزی سے اضافہ ہوا جو 11 فیصد اضافے کے ساتھ 33.3 ملین ڈالر تک پہنچ گئیں جس کی بنیادی وجہ مشینیز اور پیٹرولیم میں اضافے ہے۔ اس طرح تجارتی خسارہ اسی عرصے کے دوران 15.7 فیصد بڑھ کر 14.1 ملین ڈالر تک پہنچ گیا۔ مالی سال 2025 کے 7 ماہ کے دوران تریخیات زر کا مضبوطہ بہاؤ 32 فیصد اضافے کے ساتھ 20.8 ملین ڈالر تک جاری رہا جس سے کرنٹ اکاؤنٹ کو مزید تقویت ملی۔ آئی ایف پرو گرام میں قرضوں کے استحکام اور کرنٹ اکاؤنٹ سرپلس کی وجہ سے 11.4 ملین ڈالر کے زر مبالغہ کے ذخایر آدمد سطح پر ہیں۔ یہ ونی صورتحال میں بہتری کی وجہ سے روپے کی تقدیر ترجیح میں تھا۔ تاہم یہ بجٹ کی رقم سے 389 ملین روپے کم رہے۔ ایم ایف مشن جلد ہی ایکسٹینڈ ڈفیز فیسلی (ای ایف ایف) کا جائزہ لے گا جس کے نتیجے میں ایک ملین ڈالر کی دوسری قسط جاری کی جائے گی۔ دستیاب اعداد و شمار کی بنیاد پر تو قع ہے کہ پاکستان زیادہ تر مقداری کارکردگی کے معیار (Quantitative Performance Criteria) پر پورا اترے گا۔

حکومت نے مالی استحکام کو جاری رکھا اور مالی سال 25 کی پہلی ششماہی میں پرائمری سرپلس جی ڈی پی کا 2.9% فیصد رکارڈ کیا۔ داشمندانہ طور پر، اس رقم کو مقامی قرضوں کی میچورٹی پروفائل کو بہتر بنانے کے لیے استعمال کیا گیا، سینٹرل بینک نے نومبر 24 میں وزارت خزانہ کی طرف سے پہلی بار بانی بیک نیلامی کا انعقاد کیا۔ روپیہ میں 47 فیصد اضافہ ہوا جس کی وجہ ایف بی آر ٹیکسٹ میں 26 فیصد اضافہ اور نان ٹیکسٹ میں 82 فیصد اضافہ (بنیادی طور پر اسیٹ بینک سے غیر متوقع منافع) تھا۔ تاہم یہ بجٹ کی رقم سے 389 ملین روپے کم رہے۔ مجموعی اخراجات میں 22 فیصد اضافہ ہوا ہے جس کی وجہ قرضوں کی ادائیگی میں 17 فیصد اضافہ ہے جبکہ ترقیاتی اخراجات میں صرف 2 فیصد اضافہ ہوا ہے۔ اس طرح مجموعی مالیاتی خسارہ 36 فیصد کم ہو کر 1.5 ٹریلین روپے رہ گیا جو مالی سال 24 کی پہلی ششماہی میں جی ڈی پی کے 2.3 فیصد سے کم ہو کر مالی سال 25 کی پہلی ششماہی میں 1.2 فیصد رہ گیا۔

2024 میں ایکو ٹیکسٹری ایم اٹھا جات کی کلاس کے طور پر ابھریں۔ کے اس ای 100 انڈیکس سے سال کے دوران 86.5 فیصد امریکی ڈالر منافع حاصل ہوا اور اسے دنیا میں دوسری بہترین کارکردگی کے درجے پر رینک کیا گیا۔ سرمایہ کاروں کے جذبات مالیاتی نرمی، ایکٹر ٹن اکاؤنٹ کے منفی آؤٹ لگ اور سیاسی غیر متعین صورتحال میں کمی کی وجہ سے مضبوط رہے۔ پی ایس میں تیزی کا سلسہ جاری رہا تماں ریکارڈ توڑ کر انڈیکس نے گزشتہ سال کے آخر میں 100,000 کی حد عبور کر لی۔ یہ تیزی نئے سال میں بھی جاری رہی ہے، اگرچہ حالیہ مدت میں اتنا چڑھاہا 115,000 سے کم ہے۔

جزوی 24 میں تازہ ترین بانیٹری پالیسی میں اسیٹ بینک نے مزید 100 بی پی ایس کی ڈھیل جاری رکھتے ہوئے 12 فیصد تک کی برقرار رکھی جس سے پالیسی ریٹ میں مجموعی کی 1000 بی پی ایس تک پہنچ گئی۔ ایم بی سی نے نوٹ کیا کہ طلب میں کمی اور معاون رسد کی وجہ سے افراطازر میں کمی کا رجحان جاری ہے۔ اس کے ساتھ ہی، اس نے آئندہ ایک داشمندانہ لائچے عمل کا اشارہ دیا، بنیادی افراطازر میں استحکام کو تسلیم کیا، جو بدستور بلند ہے، اور یہ کہ ہیئت لائن ریڈنگ مختصر مدت میں غیر معمکن ہونے کا امکان ہے۔ سال 2024 میں بھی شعبے کے قرضوں میں 23.7 فیصد اضافہ ہوا، جو کم شر حوال اور بینکوں کی جانب سے سال کے آخر میں اے ڈی آر اہداف پورے کرنے کی کوششوں سے ظاہر ہوتا ہے۔ اس طرح 2024ء میں صمعتی قرضوں میں 29.6 فیصد اضافہ ہوا جبکہ اسی عرصے کے دوران ڈپازٹس میں صرف 8.8 فیصد اضافہ ہوا۔ 2023 کے مقابلے میں 2024 میں بینکنگ اپریٹر میں 65 بی پی ایس کی کمی واقع ہوئی۔

HBLMFb نے مالی شمولیت کو آگے بڑھانے کے لیے اپنی ٹیکنالوجی سرمایہ کاری کو مضبوط بنایا۔ انہاں تیار کردہ کشمیر میونسپنٹ سلوشن، جس نے فریکل کریڈٹ پروسیس کو اینڈ ٹو اینڈ ڈیجیٹل لینڈ نگ سٹم میں ڈیمکٹلائز کیا، کو مزید اپ گریڈ کیا گیا تاکہ ایک جام کلکٹن میونسپنٹ سٹم شامل کیا جاسکے۔ آپریشنل استعداد کار کو بڑھانے کے لیے بینک نے آپری اے کو اپنایا اور یہ ٹو 29 بنس پرو سیسیز میں استعمال کیا۔ سال کے دوران HBLMFb نے اپنے فرست پیپلیٹ فارم کو از سر نو ترتیب دیا اور اسے برائی اور برائی لس بینکنگ صارفین دونوں کے لیے ایک جامع حل میں تبدیل کر دیا۔ ایک ہموار اور مربوط بینکاری تجربہ فراہم کرنے کے لیے ڈیزائن کیا گیا، پلیٹ فارم کار کر دگی اور آسانی کے ساتھ متنوع مالی ضروریات کو پورا کرتا ہے۔ فرست پیپلیٹ کے تحت 2.6 HBLMFb میں ای والٹ صارفین کو خدمات فراہم کرتا ہے جنہوں نے 2024 میں 29 بلین روپے مالیت کی 9.4 بلین ڈیجیٹل ٹرانزیکشنز کیے۔

HBLMFb مالی شمولیت کو آگے بڑھانے اور پہمانہ آبادی کی فلاں کے لیے پر عزم ہے۔ بینک نے ایچ بی ایل کے ساتھ ایک مشترکہ منصوبے کے تحت پہمانہ طبقات کو با اختیار بنانے کے لیے بے نظیر انکم سپورٹ پرو گرام کے ساتھ تعاون کیا۔ اس سے 660,000 سے زائد افراد کو مالی مدد فراہم کی گئی اور تقریباً 7 بلین روپے تقسیم کیے گئے۔

جون میں HBLMFb نے گلگت بلستان میں اپنے ریجنل ہیڈ کوارٹرز کا افتتاح کیا جس میں پائیداری، ماحولیاتی انتظام اور کمیونٹی کی ترقی کے لیے بینک کے جاری عزم کو ظاہر کیا گیا۔ جدید ترین عمارت جدید آر کمپلیکس ڈیزائن کو مقامی ثقافتی عناصر کے ساتھ مر بوط کرتی ہے، جس میں منصوبے کی لاغت کا 27 فیصد مقامی سپلائرز اور روزگار کے موقع پیدا کرنے میں صرف کیا گیا ہے۔ یہ گرین کنفرم کشن کے اعلیٰ ترین میں الاقوامی معیار پر پورا اترتتا ہے، اور آغا خان ڈیمپنٹ نیٹ ورک کی پہلی عمارت ہے جس نے ازبجی اینڈ اثر ایفیشنسی کے لیے ایل ای ای ڈی گولڈ اور اتنے ایڈ و انسٹریٹیو ٹیکنیشن دونوں حاصل کیے ہیں۔ شمسی تواتائی استعمال کرتے ہوئے، یہ سہولت اپنے بھلکی کے استعمال کا 40 فیصد پیدا کرتی ہے، جس سے اس کے ماحولیاتی اثرات کو کم کیا جاتا ہے۔ شمسی تواتائی اب بینک کا پہلا انتخاب ہے، اور اس کے کل فٹ پر نٹ کے نصف سے زیادہ میں استعمال کیا جاتا ہے۔

HBLMFb لوگوں کی ترقی اور استعداد کار بڑھانے کے اقدامات کو ترجیح دیتا ہے تاکہ طویل مدتی کیریئر کو فروغ دیا جاسکے، متحرك اور سرگرم افرادی قوت پیدا کی جاسکے۔ HBLMFb نے بھی ای آئی بی ایوارڈز 2024 میں 13 بیسٹ پریکلش ایوارڈز حاصل کیے اور اب اس کا شمار پاکستان کی 10 سب سے زیادہ شمولیت رکھنے والے ادارے میں ہوتا ہے۔ یہ اعتراف بینک کے ایک شمولیت پر مبنی، منصوانہ جائے کار کو فروغ دینے کے غیر متراز عزم کی عکاسی کرتا ہے جہاں تنوع اور شمولیت ایک روزمرہ عمل ہے۔

HBL ایسیٹ میونسپنٹ

ایچ بی ایل اے ایم سی نے ایک اور سال میں غیر معمولی ترقی کی ہے جس میں اے یو ایم دو گناہے زیادہ ہو کر 432 بلین روپے تک پہنچ گئے ہیں۔ کمپنی کی ریٹیل اسٹریٹجی بیت تائج دے رہی ہے، انفرادی سرمایہ کاروں کے اے یو ایمز بھی دو گناہے زیادہ ہیں، جو 23 میں 84 بلین روپے سے بڑھ کر دسمبر 24 میں 176 بلین روپے ہو گئے۔ ٹیکنالوجی میں سرمایہ کاری، شمول ایک نیا ای آپری سٹم، آپریشنل کار کر دگی فراہم کرنے کے لیے شروع کر دیا گیا ہے۔ نوکے ساتھ مارکیٹ کے مطابق فیسوں کو معمول بنانے سے ایچ بی ایل اے ایم سی کے منافع میں 82 فیصد اضافہ ہوا ہے۔

HBL کرنی ایکچھی

HBL کرنی ایکچھی (پرائیوٹ) لمبیڈ نے پاکستان میں سب سے بڑی بینک کی ملکیت اور تیسری سب سے بڑی ایکچھی کمپنی کے طور پر اپنی پوزیشن برقرار رکھی، جس سے اس کی موجودگی 82 مقامات تک بڑھ گئی۔ انفرادی اور ائٹری بینک مارکیٹوں میں غیر ملکی کرنی کے کاروبار کی بحالی کی وجہ سے کاروبار میں 42 فیصد کی زبردست نمودی کھینچے میں آئی۔

اپنے کشمیر زکی مستقل خدمت

HBL کے ڈیجیٹل کشمیر ایکسپریس سینز نے 15.5 ملین صارفین کے رابطوں کا انتظام کیا، جس نے ای میل، واٹ ایپ اور سو شل میڈیا پلیٹ فارمز سمیت متعدد ٹپ پاؤ ائٹس کے ذریعے اوس طاً 93,000 ماہنگ رابطوں کے ساتھ 24/7 سپورٹ کی۔ آئی وی آر سٹم نے 35 سیلف سروس آپنٹر فراہم کیے، جس سے 3 ملین ٹرانزیکشنز کو سپورٹ ملی، کیونکہ استعمال 14 فیصد سے بڑھ کر 18 فیصد ہو گیا، جو بہتر ایڈ اپشن اور کار کر دگی کی عکاسی کرتا ہے۔ بینک کے پاس شکایات کے موثر انتظام کے لیے ایک مخصوص فناش ہے جس میں ریگولار اسٹاف کو ماہر بنانے اور شکایات کے بروقت حل کے لیے پرو گرام شامل ہے۔ 2024 میں بینک کو 569,930 شکایات موصول ہو گیں جن کے حل کا اوسط وقت 2 کاروباری دن تھا، اس طرح شکایات 100 فیصد ریگولاری ٹرین ادا کنٹنگ میں حل ہو گیں۔ مزید، 187,395 دعوے درج کیے گئے اور بروقت حل کیے گئے۔

HBL ڈیٹا سروز اور اس ڈیتا کو آسانی اور موثر طریقے سے استعمال کرنے کی صلاحیت بڑھانے پر توجہ مرکوز کیے ہوئے ہے۔ 2024 کے دوران بنیادی توجہ اہم استعمال کے معاملات کو سیلیف سروس میں منتقل کرنے پر تھی، جس سے کاروباری اور معماں ٹیکنولوگیوں کو قابل بنا یا گیا تھا۔ تمام بنیادی نظائر کے اعداد و شمار کو اب ڈیتا لیک میں ضم کر دیا گیا ہے، جس سے بینک میں ڈیتا کے استعمال کے تمام معاملات کے لیے واحد ذریعے کے طور پر اس کا استعمال ممکن ہوا ہے۔ مثال کے طور پر، بیک آفس کے عمل کے لیے روپوٹک پرو سیس آٹو میشن (آر پی اے) اب ڈیتا سے چلنے والے فیصلوں کے لیے ڈیتا لیک کا استعمال کر رہا ہے، جبکہ کنزروں فناش چیک کر رہے ہیں اور استثنیات کا جائزہ لے رہے ہیں۔ مستقبل میں، توجہ مقصود پر مبنی سمجھیک ڈیٹا مارٹس کی طرف ہوگی، جو جدید تجربیات اور ڈیتا یونیورسٹیز کے ذریعہ انسائٹس دیں گے۔

HBL کے تبدیلی کے سفر کے ایک حصے کے طور پر، آرپی اے پروگرام پورے ادارے میں آپریشن کارکردگی بڑھانے میں ایک اہم اقدام رہا ہے۔ 2024 میں متعدد ڈومیز میں اہم کاروباری پرو سیز کی آٹو میشن نے بینک کو بڑے ٹرانزیکشن جنم سنبھالنے، مینوکل پرو سینگ کی وجہ سے ہونے والی غلطیوں کو کم کرنے اور تبدیلی کے اوقات کم کر کے صارفین کا تجربہ بہتر بنانے کے قابل بنا یا۔ آرپی اے نے 5.9 ملین ٹرانزیکشنز کارروائی کی، جس سے تقریباً 1 ملین افراد کے کام کے گھنٹوں کی بچت ہوئی اور کارکردگی میں نمایاں بہتری آئی۔ اس پروگرام کو 2025 میں بڑھایا جائے گا، جس میں آرپی اے میں پالنس کے ساتھ مصنوعی ذہانت کی صلاحیتوں کو ضم کیا جائے گا۔

KonnectByHBL - انڈرینڈ کی خدمت

2024 میں، Konnect 500,000 نئے صارفین شامل کر کے اہم سنگ میل عبور کیے، کلاسٹ میں میں 9 ملین تک اضافہ ہوا، جس سے بینک کے مالیاتی شمولیت کے مقاصد کو آگے بڑھایا گیا۔ یہ ترقی پاکستان کی آبادی کی بڑھتی ہوئی ضروریات کو پورا کرنے میں Konnect کی ایڈیل اور افادیت کو ظاہر کرتی ہے۔ Konnect ایپ نے صارفین کو بلا تعطیل خدمات فراہم کرنا جاری رکھا، جس میں بلوں کی ادا یگی، فنڈز کی منتقلی، سفر اور ہوٹل کی بینک، اور دیگر روزانہ مالی ٹرانزیکشن جیسی خدمات پیش کی گئیں۔

Konnect نے 552 بلین روپے سے زائد کی وصولیاں کیں جو گزرستہ سال کے مقابلے میں 32 فیصد زیادہ ہے، جس سے نقدر قم لے جانے کا خطہ کم ہوا اور ساتھ ہی فوری پیداواری استعمال کے لیے فنڈز بھی دستیاب ہوئے۔ اس کے علاوہ، ٹکلیشی پروڈکٹ کیش کیش کیش کے مختلف راستوں، جنم اور فریکوئنسی کو بہتر انداز میں پیش کرتی ہے، اور بینک کو قرض دینے والی مصنوعات تیار کرنے، کیش میں کمی کے لیے کیو آر ایڈیگیوں کا استعمال بڑھانے اور کیش فلو کو ڈیجیٹل بنانے میں مدد ملے گی۔ Konnect نے 26 بلین روپے کی تجوہ، ہوں اور پنچش کی تقسیم کا بھی انتظام کیا، جس سے ملک بھر میں لاکھوں افراد کے لیے فنڈز تک آسان رسانی کو یقینی بنایا گیا۔

Konnect نے بے نظیر اکٹم سپورٹ پروگرام جیسے حکومتی اقدامات میں بھی اہم کردار ادا کیا اور ملک بھر میں مستحقین کو 260 بلین روپے موثر انداز میں تقسیم کیے۔ ڈیلیواچ او، ڈیلیو

ایف پی اور یا این ایچ سی آر سمیت میں الاقوامی تنظیموں کے ساتھ تعاون سماجی ادا یگیوں کی تقسیم کے لیے ایک قابل اعتماد شرکت دار کے طور پر Konnect کی قابل اعتماد رسانی کو مزید اچاکر کرتا ہے۔ بنسن نے سب سیڈی کی تقسیم کے لیے خیرپکتو نواہ، سندھ اور پنجاب کے محکمہ زراعت کی بھی مدد کی۔

Konnect کی نوجوانوں پر مرکوز حکمت عملی میں یونیورسٹی کے ایونٹس، گینٹ ٹورنمنٹس اور فری لانسر نیٹ ورکس میں فعال شرکت شامل تھی۔ پاکستان سافت ویئر ہاؤسز ایوسی ایشن (P@SHA) کے ساتھ بینک کی اسٹریٹجیک پارٹنر شپ میک ایکو سٹم میں اس کی شمولیت اور رسانی کو فروغ دے رہی ہے، جس سے ڈیجیٹل اکاؤنٹ میں اس کے اثرات میں اضافہ ہو رہا ہے۔ فری لانسر ڈیجیٹل اکاؤنٹ، بہت کامیاب رہا ہے، اور 58 ملین ڈالر کی ٹرانزیکشن کے ساتھ اکاؤنٹس کی تعداد کو بھی دگنا کیا ہے۔ اس کے علاوہ، Konnect نے 1,400 سے زیادہ آئی ڈیکسپورٹرز اور سافٹ ویئر ہاؤسز کی مدد کی، ایکسپورٹرز کو خصوصی فارن کرنی اکاؤنٹس اور امریکی ڈارڈیٹ کا روز پیش کیے، جن سے 191 ملین ڈالر کی پرو سینگ ہوئی۔

میں الاقوامی فرچا نز

میں الاقوامی بینکاری نے رفتار جاری رکھی، تقریباً تام لوکیشنز نے ریکارڈ آمدی اور منافع فراہم کیا۔ دسمبر 23 کے مقابلے میں 15 فیصد اضافہ ہوا جبکہ ڈیپاٹس میں 10 فیصد اضافہ ہوا۔ تجارتی جنم میں 15 فیصد اضافہ ہوا جس کے نتیجے میں فیسوں میں 43 فیصد کامتاٹ کن اضافہ ہوا، سنگاپور نے اب تک کاسپ سے زیادہ تجارتی جنم حاصل کیا۔ متعدد عرب امارات میں کشمکش کے پر جوش استقبال کے بعد، پرستیج آفرنگ کو محrien اور برطانیہ تک بڑھا دیا گیا۔ نیت ورک کنیکٹیوٹی کامیابی کا ایک ایک اہم محرك ہے جس سے متعدد مارکیٹوں میں 380 صارفین کی خدمت کی جارہی ہے۔ HBL پاکستان کے کارپوریٹ اور کرشنل صارفین اور بڑی ٹریڈر ٹرانزیکشن پر توجہ مرکوز ہے۔ میں الاقوامی مقامات پر آئی ٹی کی پیش رفت نے مالدیپ انسٹینٹ بینٹ سٹم، اور متعدد عرب امارات کے نیشنل بینٹ سٹم اسٹریٹجی جیسے انعام کے ساتھ صارفین کے تجربے کو بہتر بنایا۔ HBL برطانیہ نے کامیابی کے ساتھ تیز تر ادا یگی اسکیم میں شمولیت اختیار کی، ادا یگی کی رفتار اور کارکردگی کو بہتر بنایا۔

HBL کی چینی فرچا نز نے کنیکٹیوٹی بڑھانے میں اہم کردار ادا کیا ہے اور ایم ای این اے اور جنوبی ایشیا میں صرف تین آر ایم بی ایٹر میڈیا ریز میں سے ایک کے طور پر اپنی منفرد پوزیشن کا فائدہ اٹھایا ہے۔ اس خصوصیت نے بینک کو حسب ضرورت حل فراہم کرنے کے قابل بنایا ہے، جس کے نتیجے میں آر ایم بی لیکو یڈیٹی اور ٹرانزیکشن کے جنم میں 73 فیصد اضافہ ہوا ہے، جو HBL کے ٹریڈنگ کرنی کے طور پر آر ایم بی کو فروغ دینے کے عزم کو ظاہر کرتا ہے۔ 6 مارکیٹوں میں چینی کورٹ ٹیکنولوگی کو توسعہ نے چینی سرکاری ملکی کاروباری اداروں اور بھی کمپنیوں کے ساتھ تعلقات کو کھر اکرنے میں مدد کی ہے۔ مستقبل میں HBL اپنے دوسرے گھر چین کو اپنی میں الاقوامی ترقی کی حکمت عملی کی بنیاد پر برقرار رکھے گا اور تمام تجارتی، زر مبادلہ، نقدر قم اور درکنگ کیپٹل ٹرانزیکشن کے لیے تجیجی شرکت دار بن جائے گا۔

ماریش میں کاروباری کامیاب فروخت، عمان اور بر سلزی کی بر اچنڈ ہونے پر خاطر خواہ پیش رفت کے ساتھ میں الاقوامی نیٹ ورک کو معقول بنانے کا سلسلہ جاری رہا۔

توں، ایکوئی اینڈ انکلوژن (ڈی ای آئی) میں بہترین کارکردگی کے لیے بینک کی غیر متر بول و بیکی اعتراف HBL نے گوبل ڈائیورسٹی، ایکوئی اینڈ انکلوژن بینچ مارک (جی ڈی ای آئی بی) ایڈ ارڈر میں 15 میں سے 14 بہترین پریلائسز ایڈ ارڈر جیت کر کیا۔ وہیں ان لیڈر شپ ایچیجن سیریز اور دیکن برائی ٹیکنیکس پر و گرام کا آغاز خواہیں کو باختیار بنا نے اور ٹار گٹھ ڈیپلمنٹ سپورٹ، میمنٹور شپ اور کوچنگ کے ذریعے انہیں اعلیٰ انتظامی عہدوں تک پہنچانے کے لیے کیا گیا تھا۔ ان کوششوں سے بینک کو 22 فیصد تنوع کے تناسب کو برقرار رکھنے میں مدد ملتی ہے۔ HBL ایک جامع اور مساوی کام کا ماحول پیدا کرنے کے لیے پر عزم ہے جو تمام ملازمین کی ترقی اور کامیابی کو سپورٹ کرتا ہے۔ سال کے دوران بینک نے عملی کی ذہن سازی اور افرادی قوت میں معدود افراد کو شامل کرنے کے قابل بنانے کے لیے متعدد سینیٹائزیشن سیشن منعقد کیے۔ ملازمین کو مختلف اقدامات میں حصہ لینے کی ترغیب دی گئی، جس سے انہیں بات چیت اور انگیجنٹ کابری اور است موقع فراہم ہوا۔

سرگرم افرادی قوت کی تخلیق اور ترقی کے لیے، تیرا ایسپلائر ایچیجنٹ سروے کیا گیا تھا۔ حوصلہ افراہنگ کے ساتھ شرکت کی شرح 85 فیصد رہی کیونکہ HBL کا ایچیجنٹ اسکور مر سر گوبل فناشل سرویز بینچ مارک 77 فیصد کے مقابلے میں بڑھ کر 86 فیصد ہو گیا۔ بینک ٹیکنٹ میمنٹ کے جدید ترین طریقوں اور کام کے تیرفقار طریقوں کو اپنانے پر بھی توجہ مرکوز کر رہا ہے۔

رسک میمنٹ فریم ورک

HBL ایک مضبوط ائرٹل گورننس پرو سینیٹ اور رسک میمنٹ ٹولز اور پرو سیسیز کے استعمال کے ذریعے نمایاں اور ابھرتے ہوئے خطرات کی نشاندہی، تشیص اور تنحیف کا انتظام کرتا ہے۔ بورڈ آف ڈائریکٹر ریخنٹ گرانی کرتے ہیں اور بورڈ رسک میمنٹ کمیٹی (بی آر ایم اسی) مسلسل بنا یادوں پر بینک کے رسک پرو فائل کی گرانی اور جائزہ لیتی ہے۔ سینٹر میمنٹ کی سطح پر، مختلف رسک کمیٹیاں گرانی اور عملدرآمد کے لیے ذمہ دار ہیں، جس میں روزانہ کی رسک میمنٹ سرگرمیاں مختلف طبوں کو تقویض کی جاتی ہیں۔

بینک کا مقصود رسک میمنٹ کی جامع اپروچ اپناتے ہوئے HBL کے مالیاتی نتائج، طویل مدتی اسٹریچ گولز اور ریپوٹیشنل پروفائل پر اس کے اثرات کم کرنا اور اپنے آپ کو مضبوط بنانا ہے۔ HBL کے رسک ٹیکسونومی میں ظاہر ہونے والے کلیدی خطرات میں کریٹر رسک، مارکیٹ اور لیکوئیدیتی رسک، ریپوٹیشنل رسک، ماحولیاتی اور سماجی خطرہ اور آپریشنل رسک شامل ہیں۔

چونکہ معاشری حالات چیلنجنگ رہے، اس لیے تباہ کی جائچ اور کمزور سیمکنٹس کی نشاندہی کے لیے پورٹ فولیو کے بار بار جائزے سے بینک کے کریٹر پورٹ فولیو کی مضبوطی یقینی بنانے میں مدد ملتی۔ عالمی اقتصادی اور سیاسی ماحول پر کڑی نظر کھی گئی تاکہ ملک کے خطرات کو فعل طور پر منظم کیا جاسکے۔ پورٹ فولیو مانیٹر نگ بڑھانے اور خطرات کی ابتدائی شاخت کے لیے ٹولز پر مسلسل توجہ مرکوز کی گئی تھی۔ بینک نے کارپوریٹ اور کمرشل سیمکنٹ میں اسٹیمس ٹیکل ٹیکنیک کے ذریعے اپنے ایکسپرٹ میمنٹ ماؤل کو پڑیت کیا جبکہ کنزیور سرگرمی کارڈ ماؤلز کو پیٹیکوئی کی طاقت بڑھانے کے لیے دوبارہ تیار اور ریکلیمیٹر کیا گیا۔ زرعی بینکاری میں، کریٹر انسٹی ٹیشن یونٹ کے تحت کئھر آن بورڈ نگ اور سینٹر لائسنس انڈر رائٹنگ کا ایک نیا پرو سیس لایا گیا ہے جس سے کریٹر کی فیصلہ سازی کے معیار میں مزید بہتری آئے گی۔

HBL مسلسل بدلتے ہوئے بیروفی ماحول میں اپنے لوگوں کو ٹولز اور مہارت فراہم کر کے ان پر کام جاری رکھے ہوئے ہے۔ HBL کریٹر اسکول، ایک جامع ڈائیورسٹری نگ پرو گرام، ایک مستقل کریٹر رسک اسمنٹ مائیٹر سیٹ کو فروغ دینے میں اہم کردار ادا کرتا ہے جو آگے نظر رکھنے والے رسک ڈرائیورز پر توجہ رکھتا ہے، اور اس طرح صرف تاریخی اعداد و شمار پر بنی رہنے والے ایک فعال نقطہ نظر اپنائے میں مدد کرتا ہے۔ یہ پرو گرام کمل طور پر انہاں تیار کیا گیا ہے اور بینک کے سینٹر سریور سریور میں شامل ہوتے ہیں۔ HBL نے بیزنس اور رسک پر سینیل دونوں کو انہاں آئی ایف آر ایس 9 کی تربیت بھی دی۔ اس کے علاوہ، بینک نے مارکیٹ کے شرکاء کے لیے آئی ایف آر ایس 9 ماؤلز کی سمجھ بڑھانے کے لیے ایک پلیٹ فارم فراہم کیا۔

مارکیٹ اور لیکوئیدیتی رسک کمیٹی اور اے ایل سی اے کے ذریعے مالہنہ بنا یادوں پر مارکیٹ اور لیکوئیدیتی رسک اند ٹیکٹر زکا جائزہ لیا جاتا ہے۔ اس بات کو یقینی بنانے کے لیے کہ بینک مارکیٹ کے خطرے کے لیے اپنی برداشت کے اندر رہے، ایک جامع ڈھانچہ موجود ہے۔

HBL کا انٹر پرائیز رسک میمنٹ فریم ورک رسک میمنٹ کے اصولوں کا خاکہ پیش کرتا ہے اور مختلف فناشز کے انتظامی ڈھانچے، معیارات، مقاصد اور کلیدی ذمہ داریوں کا تعین کرتا ہے۔ بینک بھر میں انٹیگریٹڈ رسک اینڈ کنٹرول ریپوڑری (آئی آر سی آر) تکمیل دی گئی ہے اور اس سے مجموعی طور پر خطرات اور مسائل کی نشاندہی، تشیص میں مدد ملتی، جس سے ان کی مناسب گرانی اور ان میں کمی کو یقینی بنایا جاسکے گا۔

آپریشنل رسک میمنٹ کو منظم اور مستقل انداز میں چلانے کے لیے پالیسیاں اور طریقہ کاربنائے گئے ہیں۔ آئی آر سی آر، دیگر ٹولز جیسے کی رسک اند ٹیکٹر زاور آپریشنل لاس ڈیٹا میمنٹ آپریشنل رسک کے واقعات کے امکان اور شدت کا اندازہ لگانے کے لیے استعمال کیے جاتے ہیں۔ بینک کے آپریشنل رسک پروفائل اور فراؤڈ رسک اسیمنٹ پر باقاعدگی سے سینٹر میمنٹ فورمز اور بی آر ایم سی میں تبادلہ خیال کیا جاتا ہے۔ بینک نے اس اہم خطرے کی گرانی اور اسے کم کرنے کے لیے ریپوٹیشنل رسک فریم ورک بھی تیار کیا ہے۔ بینک میں استعمال ہونے والے ماؤلز کی توٹیں موثر فیصلہ سازی کے لیے ایک جاری سرگرمی ہے۔

بورڈ کمپلائمنٹ اینڈ کنٹرول کمیٹی (بی سی این سی سی) کمپلائمنٹ اور طرز عمل کے کلچر کے نفاذ کی گرانی میں بورڈ کی مدد کرتی ہے اور بینک بھر میں کمپلائمنٹ پرو گرام کے نفاذ کی گرانی بھی کرتی ہے۔ بی سی این سی سی اخلاقیات اور طرز عمل سے متعلق معاملات کی گرانی کرتا ہے جس میں وسل بلوںگ کی شکایات بھی شامل ہیں۔ HBL کے وسل بلوںگ پرو گرام کا

2024 میں HBL نے 2030 تک آپریشنل کاربن کا اخراج صفر تک لے جانے کے عزم کی جانب نمایاں پیش رفت کی۔ اسکوپ 1 اور اسکوپ 2 کے اخراج میں 20 فیصد کی حاصل کی گئی، جس میں ایک دن اور خریدی گئی بھلی دونوں کا احاطہ کیا گی۔ 108 وفات میں سول پینٹ نسبت کے گئے اور 2025 کے لیے مزید 120 مقامات کو بھروسہ بنایا گیا ہے۔ ان اقدامات کے نتیجے میں بینک کے کاربن فٹ پرنٹ میں 2700 میٹر کٹ ٹن کی کمی واقع ہوئی۔ ماؤنٹر رینوویشن کا نیپٹ کے تحت تین براچیز کی ترین اور آرائش کی گئی اور 8 والٹ تعمیر کے گئے، جس سے 30,000 گلین پانی اور 6,000 کلوگرام سینٹ کی بچت ہوئی۔ کراچی، لاہور اور اسلام آباد کی 11 بڑی عمارتوں میں تھری بن ویسٹ میجنٹ سٹم نافذ کیا گیا جس کے تحت HBL ٹن کچرے کوڈہ داری کے ساتھ ٹھکانے لگا سکتا ہے۔ ایک بار استعمال ہونے والے پلاسٹک کو کم کرنے کے لیے ڈسپوزابل پانی کی بوتلیں بند کر دی گئی ہیں۔ ہر سال 800 سے زیادہ درختوں کے مساوی بچت کے میان میں تعمیر پیپر لنس اقدامات کیے گئے تھے۔ نیٹ زیر پر گرام کے بارے میں آگاہی کو فروغ دینے کے لیے سینٹریں ایبلٹی سمت متعقد کیے گئے، جس میں 1,000 عملے نے شرکت کی۔ HBL نے نیشنل گرین یونیورسٹی کی ترقی میں اسیٹ بینک اور ولٹ بینک کی بھروسہ داری، جس میں اپنے گزشتہ تجربے کو روئے کارلا یا گیا۔

اپنی کاوشوں کے اعتراض میں، یورومنی نے HBL کو پاکستان میں ای ایس جی کے لیے بہترین بینک سے نوازا، جو HBL کے بنیادی کارروباری آپریشنز میں پائیداری اپنانے کے عزم کا ٹوٹ ہے۔

برانڈ کی تعمیر

2024 میں پاکستان کے سب سے مضبوط مالیاتی برانڈ HBL نے ڈیجیٹل مارکیٹنگ میں نمایاں پیش رفت کرتے ہوئے اپنے متنوع اور بڑھتے ہوئے نوجوان کا جوڑت میں اور اسٹیک ہولڈرز کو ملٹی پلیٹ فارم اسٹریٹجی کے ذریعے شامل کیا۔ HBL اپنے تقریباً 900,000 ناک فالوئرز کے ساتھ منسلک رہا، جو مالیاتی اداروں کے فالوئرز میں سب سے زیادہ ہیں، جس سے اس کی ڈیجیٹل موجودگی کو مزید تقویت لی۔ HBL PSL ٹپڈ وکھیل کے لیے ایک ڈائناک مہم پیش کی۔ اس میں برانڈ ناک کا آغاز بھی شامل تھا جس نے مددوں کی شرکت اور مواد کی تخلیق کی حوصلہ افزاں کی۔ اس مہم میں 83 ملین ویز اور 21,000 میڈیا یویز حاصل ہوئیں۔ دوسرا بار HBL کو ناک نے PSL کے لیے عالمی کامیابی کیس اسٹڈی کے طور پر تسلیم کیا۔ HBL نے ٹارنڈ ناک کا مہم شروع کر کے کیش افسران کی بھرتی کا عمل بھی تبدیل کر دیا، جس کے نتیجے میں ایک سہ ماہی کے اندر درخواستوں میں 63.5 فیصد اضافہ ہوا جبکہ بھرتی کے اخراجات میں بھی کمی واقع ہوئی۔ اپنی نوعیت کا پہلا اقدام ناک ناک کے لیے عالمی کیس اسٹڈی بھی بن چکا ہے۔

2024 نے تین بڑے ٹورنامٹس کے ذریعے نوجوانوں تک رسائی حاصل کرنے کے لیے ای اسپورٹس پلیٹ فارم کا فائدہ اٹھایا: کراچی میں ای اے ایف سی 24، لاہور میں ٹینکن 8 ویمنز گینگ ٹورنامٹ اور کراچی میں ویلورنٹ گینگ ٹورنامٹ۔ ان ٹورنامٹس نے قابل ذکر انیجمنٹ پیڈ ای، 9.3 ملین افراد اور 2.8 ملین ویز تک پہنچ گئے۔ خاص طور پر، ٹینکن ٹورنامٹ نے خواتین گیمز کو باختیار بنایا، اس طرح گینگ کمیونٹی میں شمولیت فراہم کی۔ صنعت کے پہلے اقدام کے طور پر، ٹورنامٹ کو برآہ راست اسٹریم کیا گیا، جس نے HBL کی رسائی کو مزید بڑھایا اور HBL کو پر جوش کیسز کے بڑھتے ہوئے سامعین سے جوڑنے میں مدد کی۔

بینک نے HBL اسپارٹ پوڈ کا سast کا آغاز کیا، جس نے مالیاتی خدمات کی صنعت میں اپنی فکری قیادت کو جاری رکھا۔ HBL پہلا بینک ہے جس نے اپنی موافقانی حکمت عملی کے حصے کے طور پر اس ٹول کو اپنایا ہے۔ پوڈ کا سast، جس میں HBL کی نوجوانوں پر توجہ، عالمی بارکیٹ کے رجحانات اور بینکنگ کے مستقبل پر توجہ کا احاطہ کیا گیا، نے تیزی سے توجہ حاصل کی۔ مستقبل میں HBL اپنے موجودہ اور مستقبل کے صارفین تک رسائی حاصل کرنے کے لیے برانڈ بندنگ اور کیوں نیکیشن میں جدت اپناناجاری رکھے گا۔

ہیومن ریسورس

HBL کی پائیدار ترقی اس کے بنیادی اصول—لوگوں کی قدر، پرمنی ہے۔ 2024 میں ملازمین کو در پیش معماشی چیلنج سے آگاہ رہتے ہوئے HBL نے اپنے ملازمین کی کم از کم مامنہ تنخواہ میں اضافہ کر کے، زیادہ سے زیادہ ٹیک ہوم تنخواہ حاصل کرنے کے لیے ملازمین کے فوائد کی تنظیم نو اور والدین کے اسپتال میں داخلے کے لیے میڈیکل لون کی سہولت شروع کر کے مالی مدد فراہم کی۔

پیشہ ور انہوں تریتی اور ترقی کے لیے خود تشخیص کا کلچر پیدا کرنے کے لیے بینک نے 360 ڈگری فیڈ بیک میکانزم کے دائرہ کارکو و سعیت دی ہے جو قائدانہ صلاحیتوں کو فروغ دینے پر توجہ مردیتا ہے اور پیغمبر اور اسٹیک ہولڈر زان پٹ کے ذریعے اقدار پر مبنی ثقافت کو فروغ دینے میں مدد کرتا ہے۔ بینک مجموعی تنخواہ کے تصور کے ذریعے ملازمین کو اعام دینے کے لیے پے فار پر فار منش جاری رکھے ہوئے ہے۔ خطرے سے مطابقت رکھنے والے معاوضے کا طریقہ کار اور ویری ایبل پیسیشن کو موثر کرنے کی صلاحیت، سینٹر میجنٹ کی سطح پر احتساب پر بینک کی توجہ کو مزید بڑھاتی ہے۔

بینک کے اسٹریٹجیک گولز کے ساتھ ہم آہنگ ہونے کے لیے، سال بھر سکھنے کے ابجندے میں ہنر مندی اور ماہر انہ اقدامات کو بہتر بنانے پر زور دیا گیا ہے۔ لیئر شپ ایکسیلنس پر گرام اپنے دوسرے مرحلے میں داخل ہوا، جس میں ڈیلیوو اور فرسٹ لائن ٹیکنیکر زکورڈر کے چیلنج سے نئی اپنی ٹیموں کی مؤشر طریقے سے قیادت کرنے کی تربیت پر توجہ مرکوز کی گئی۔ HBL نیکس، ان ہاؤس ڈیجیٹل لرننگ پلیٹ فارم، کو تکنیکی ترقی کے بارے میں خود کار سکھنے کی پیش کش کے لیے مزید وسیع کیا گیا۔ ایک خصوصی ریٹیل کریڈٹ سرٹیفیکیشن پر گرام سے 300 ملازمین کو ان کی کریڈٹ کی مہارت بڑھانے کے لیے ایک پلیٹ فارم فراہم کیا گیا۔ یہ یقینی بنانے کے لیے کہ ملازمین صنعت کے رجحانات، عالمی ترقی، اور ریگولیٹری شرائط سے ہم آہنگ اور ان سے باخبر رہیں، 590,000 سے زیادہ افرادی گھنٹوں کی تربیت فراہم کی گئی۔

اگست میں Moody's نے HBL طویل المیعاد پاٹریئنگ Caa3 سے Caa2 اور بیس لائن کریڈٹ اسیمنٹ Caa3 سے Caa2 کر دی۔ HBL طویل المیعاد پاٹریئنگ کا منظراً نامہ بھی مختتم سے ثبت کر دیا گیا۔ HBL کی ریئنگ کا فیصلہ حکومت پاکستان کے اجر اکار اور سینئران سینکیورڈ ڈائیریٹریئنگ کے Caa2 سے Caa3 کے اپ گریڈ کے بعد کیا گیا۔

مستقبل کا منظر نامہ

پاکستان نے ماضی قریب میں بے شمار چیلنجز کا سامنا کیا ہے اور اب مستقبل ہو رہا ہے۔ ادائیگیوں کے توازن کے بھر ان کا سبب بنے والے ساختی عدم توازن میں فی الحال کی آئی ہے، حکومت نے یکجاںی اور صدمے برداشت کرنے کی صلاحیت میں اضافہ کیا ہے۔ تاہم 3.0 فیصد کی موجودہ ترقی کی شرح فی کس آمدنی پر اثر انداز ہونے کے لیے ناقابلی ہے۔ ترقی کی راہ میں حائل اہم رکاوٹوں پر توجہ نہیں دی گئی ہے جن میں معیشت میں ریاست کی موجودگی، ٹکس نظام میں بگاڑ اور تو انائی کی بڑھتی ہوئی لاگت شامل ہیں۔ یہ بات حوصلہ افزایش کے حکومت نے ای ایف ایف کے تحت اصلاحات پر اتفاق کیا ہے۔ اگرچہ کچھ شروع کی گئی ہیں، لیکن مشکل اقدامات اٹھانا باتی ہیں۔ حکومت کو معیشت کو پانیدار ترقی کی راہ پر گام زدن کرنے کے موقع سے فائدہ اٹھانا چاہئے۔ موقع کی جاتی ہے کہ فنڈ ماضی کے مقابلے میں پالیسی میں کمی کے حوالے سے بہت کم کمزور کا مظاہرہ کرے گا کیونکہ اس سے قبل آنے والی حکومتوں کی جانب سے اصلاحات پر عمل درآمد کا فقدان تھا اور موجودہ جیو پولیٹکل حقائق موجود تھے۔

ہوم ریکٹسنس میں اضافے کی وجہ سے یورپی صورتحال میں مسلسل بہتری آرہی ہے جو گزشتہ 6 ماہ میں اوس طے 3.0 بلین ڈالر رہی ہے۔ ٹکسٹاکل برآمدات میں بھالی کے ساتھ ساتھ اس بہاؤ سے معتدل درآمدی نمو کو پورا کرنے کی توقع ہے، جس سے کرنٹ اکاؤنٹ نسبت متوازن رہے گا، اور خسارہ جی ڈی پی کے 1.0 فیصد سے بچ جانے کی توقع ہے۔ ماں سال 25 کے اختتام تک زر مبادلہ کے ذخائر 13.0 ارب ڈالر سے تجاوز کرنے کی پیش گوئی کی گئی ہے۔ ایکسٹر مل اکاؤنٹ میں مد و دوستِ ملک کی جانب سے قرضوں کے مسلسل روپ اور روز، آئی ایف کی اگلی قسطوں کے اجراء اور ماحولیاتی بہتری کے لیے کثیر الہجتی مکانی مدد کے ذریعے بھی آئے گی۔ حالیہ اپ گریڈ کے باوجود پاکستان کی کریڈٹ ریٹنگ کمزور ہے جس کی وجہ سے بین الاقوامی فانسٹگ میں اضافہ رک گیا ہے۔ آئی ایف کے جائزوں کی بروقت اور کامیاب تکمیل، پانیدار اصلاحاتی کوششوں اور ایف ایکس بفرز کا مسلسل جمع ہوتا ہم عوامل ہیں جو مزید اپ گریڈ کر سکتے ہیں۔

پالیسی ریٹ ٹیزی سے کم ہو کر 22.0 فیصد کی بلند ترین سطح سے 12.0 فیصد پر آگیا ہے جو معیشت میں شدید افراط از رکے دباؤ کی عکاسی کرتا ہے۔ تاہم، اپنے حالیہ اجل اس میں، ایک پی سی نے بینادی افراط از رک میں استحکام کو تسلیم کیا اور کہا کہ ہیڈلائن افراط از رک مختصر مدت میں غیر مستحکم رہے گا۔ حقیقی شرحوں میں اب بھی اضافے کے ساتھ، پالیسی میں نرمی جاری رہنے کا امکان ہے، اگرچہ ست رفتار سے۔ اس سے مرکزی بینک کو شرح سود میں حالیہ کٹوتی کے اثرات کا اندازہ لگانے کے لیے ایک بفری کی اجازت ملتی چاہئے۔ تاہم، فی الحال، اجلاس کی قیتوں کا آٹھ لگ اچھا ہے، عالمی بینک نے پیش گوئی کی ہے کہ تیل کی وجہ سے 2025 میں مجموعی قیتوں میں 5 فیصد کی آئے گی۔ پاکستان کے تناظر میں، یہ ایک سازگار ایکسٹر مل اکاؤنٹ کی تباہی ہے۔

عالیٰ اقتصادی پس منظر غیر یقینی صورتحال سے بھرا ہوا ہے اور صدر رہمپ کے ایجادے کے ساتھ ساتھ چین کو طویل عرصے تک افراط از رک کا سامنا ہے۔ دوسری جنگ عظیم کے بعد کے جیو پولیٹک سٹم کو ختم کرنے کے ٹرمپ کے ارادے اور اپنے عہدے کے پہلے مینے کے دوران اٹھائے گئے اقدامات کی وجہ سے خلل اندازی کا زیادہ امکان ہے۔ امریکہ میں زیادہ محصولات، محدود امیگریشن اور کم ٹکسٹوں کی بیناد پر مارکیٹیں زیادہ افراط از رک کے ساتھ قیتوں کا تعین کر رہی ہیں، جس کے نتیجے میں طویل عرصے تک اعلیٰ شرح رہنے کی توقع ہے۔ انتخابات کے بعد سے امریکی ڈالر کی قدر میں ٹیزی سے اضافہ ہوا ہے اور یہ رہنمای جاری رہ سکتا ہے کیونکہ امریکہ دنیا بھر سے زیادہ سرمائے کو کھینچتا ہے۔ اس کے نتیجے میں کچھ ابھرتی ہوئی اور فرنٹیئر مارکیٹوں سے سرمایہ کاری کی توقع ہے۔

ایک انتہائی مشکل سال کے باوجود HBL نے کامیابی کے ساتھ ایک اور ریکارڈ سال مکمل کیا ہے۔ مضبوط ڈویسٹک فرنچائز کے عمدہ متن جگ کو بین الاقوامی کاروبار سے بڑھتے ہوئے تعاون سے پورا کیا گیا ہے۔ ہمارے آپریشنر کے زیادہ تر شعبوں میں قائدانہ عہدوں کو مزید و سمعت دی گئی ہے۔ ہمارا نویسٹنٹ بینکنگ برسن اب بھی اہم کھلاڑی ہے، جو یاوارڈز حاصل کر رہا ہے، جبکہ ہمارے مقنای صارفین کی جانب سے بہترین کنوشل بینک کے طور پر تسلیم کیا جاتا اس بات کی تصدیق کرتا ہے کہ اس ملک کے ساتھ ہماری وابستگی پختہ ہے۔ ہمیں اس بات پر بھی خوشی ہے کہ گذگورنس پر ہمارے مسلسل زور کو پاکستان انسٹی ٹوٹ آف کارپوریٹ گورنس نے تسلیم کیا ہے جس نے ہمیں صنعتوں میں سال کا بہترین بورڈ قرار دیا ہے۔ ہم ان متن جگ کو اپنے کشمکش کے نام کرتے ہیں، جن میں سے بہت سے نسلوں سے ہمارے ساتھ بینکنگ کرتے آرہے ہیں اور جو ہمارے موجود ہونے کی وجہ ہیں۔

HBL پاکستان کی معیشت میں زراعت کی اہمیت کو تسلیم کرتا ہے اور کئی سالوں میں اس شعبے میں مستقل سرمایہ کاری کر رہا ہے۔ ہمارے انتہائی ترقیاتی مالیاتی اقدام نے کسانوں کی زندگیوں پر ڈرامی اثرات مرتب کیے ہیں اور فروری میں شروع کیا گیا HBL Zarai اپنے ہدیہ منظر نامے کو تبدیل کر رہا ہے۔ لینڈ ریکارڈ ڈیجیٹائز کرنے کے لیے حکومت بلوچستان کے ساتھ ہماری شرکت اس پسمندہ صوبے کے کسانوں کو مالی وسائل تک زیادہ سے زیادہ رسائی فراہم کرے گی۔ ہم ریگولیٹریز، کشمکش اور صنعت کی طرف سے اپنی تبدیلی کی قیادت کے لیے تسلیم کیے جاتے رہیں گے۔

HBL میں ہمارے کاروبار کے ہر پہلو کی ڈیجیٹلائزیشن میں اضافہ ایک طرز زندگی بن گیا ہے جس میں موبائل ایپ کے ذریعے پیپر لیس کنزیومر فانسٹگ سے لے کر کسانوں کی ریکوڈ ڈیجیٹل آن بوڑھنگ، چھوٹے مانیکر و فناں صارفین کے لیے ای والٹ سے لے کر بڑے کارپوریٹس کے لیے ای ٹریڈنگ تک شامل ہیں۔ جس میں قھروپٹ نے ہمارے ٹریشی پلیٹ فارم میں 3 ٹریلیون کاسٹگ میل عبور کیا ہے۔ روپوٹکس کا اولین استعمال ہمارے صارفین کے لیے کارکردگی، درستگی اور میز ترپرو سینگ فراہم کر رہا ہے۔ HBL-P@SHA ICT ایوارڈز کی اسپانسرشپ پاکستان کے ڈیجیٹل منظر نامے کو تفصیل دینے والے افراد اور تنظیموں کی خدمات کا اعتراف کرتے ہوئے بہترین کارکردگی کو سراہتی ہے۔ HBL Mobile موبائل سے لے کر کمیٹ تک، کیو آر سے HBL Pay تک، بینک اپنے صارفین کے لیے تخفیق، اپنی نویعت کے پہلے حل فراہم کرنے میں آگے آگے ہے۔

مقصد بینک کی سالمیت اور ساکھ کا تحفظ ہے اور اس کا مقصد دھوکہ دہی، بد عنوانی، ہر انسانی اور بینک کے ضابطہ اخلاق کی دیگر خلاف ورزیوں کے مشتبہ کیسز کی اطلاع دینے میں ملازمین میں احساس ذمہ داری پیدا کرتا ہے۔ کسی بھی متعلقة تحقیقات کی نگرانی بورڈ آئٹ کمیٹی (بی اے سی) کرتی ہے جبکہ انصباطی کارروائیوں کا جائزہ بورڈ یومن ریورس اینڈر ریونیشن کمیٹی (بی ایچ آر آر سی) کے ذریعے لیا جاتا ہے۔ صدر کی سربراہی میں کمپلائنس کمیٹی آف مینجنٹ انتظامی سٹھ پر کمپلائنس اور طرز عمل سے متعلق امور کی نگرانی اور جائزہ لیتی ہے۔

کمپلائنس فنکشن ادارے بھر میں کمپلائنس کے ماحول کو مضبوط بنانے اور بینک کو فناشل کرام کمپلائنس مینجنٹ سمیت قبل احلاقوں اینین اور ضوابط کی تعلیم کرنے کے قابل بنا کر کمپلائنس رسک مینجنٹ جاری رکھے ہوئے ہے۔ HBL نے ریکالیٹری کنٹرولز کے لیے مناسب ڈائی ان اور آپریٹنگ میں سہولت کے لیے ایک مضبوط ریکالیٹری رسک مینجنٹ فرم ورک نافذ کیا ہے۔ اس سال کے دوران میں بینک کے کمپلائنس رسک پروفائل کا ڈائی ان کی سٹھ کا جائزہ مکمل کیا گیا۔

ادارے میں وسیع پیانے پر کمپلائنس کنٹرولز کو معیاری اور خود کار بنا نے پر توجہ کے ساتھ، بینک متعدد پرو سیسز کے لیے بی او ٹیز کے کامیاب نفاذ کے ساتھ صنعت کی پہلی ڈیجیٹل ورک فورس قائم کر کے پاکستان مینٹنگ انڈسٹری میں جدت کے ایجنس کی تیاد کر رہا ہے۔ HBL کی بین الاقوامی برائیز سے عالمی ان سورنگ کے لیے پاکستان میں کمپلائنس سینٹر آف ایسیلینس ٹرانزیشن مینٹری نگ اور الرٹ ڈسپوزیشن میں بھرپور معاونت فراہم کرتا ہے اور یہ ایک اور تاریخی اقدام ہے۔

HBL بڑھتے ہوئے سائبہ خطرات سے اپنے صارفین اور ان کے ڈیٹا کی حفاظت کے لیے پر عزم ہے۔ بینک کا انفار میشن سیکورٹی فناشن اندر ورنی اور بیرونی دونوں ذرائع سے سائبہ سیکورٹی کے خطرات کو موثر طریقے سے منظم کر کے HBL کے ڈیٹا میسٹس کے دفاع میں اہم کردار ادا کرتا ہے۔ بینک کا 24/7 سیکورٹی آپریشنز سینٹر مسلسل نگرانی کے ذریعے ایک مضبوط سیکورٹی پوزیشن کو تینی بناتا ہے، جس میں جدید سراغ لگانے اور روک تھام کے نظام کو تقویت ملتی ہے۔ سال بھر بینک مالازمین کو تعلیم اور تربیت دینے کے لیے جامع انفار میشن سیکورٹی آگاہی ہم چلاتا ہے، جس کے ساتھ ساتھ متعدد مواصلی چیننز کے ذریعے صارفین کے لیے آگاہی کے اقدامات پر توجہ کی جاتی ہے۔ HBL سونفت کمپریٹر سیکورٹی فرم ورک، پی سی آئی ڈی ایس ایس اور آئی ایس ایس 27001 سمیت معروف صنعتی معیارات کے ساتھ مکمل مطابقت رکھتا ہے، جو اس کے سیکورٹی فرم ورک کو مزید بہتر بناتا ہے۔

کارپوریٹ سماجی ذمہ داری

HBL فاؤنڈیشن (اچ بی ایل ایف) اپنی رفاهی کوششوں کے ذریعے پاکستان کی سماجی و اقتصادی ترقی میں اہم کردار ادا کر رہی ہے۔ 2024 میں فاؤنڈیشن نے صحت کی دیکھ بھال، تعلیم اور کیوٹی کی ترقی میں اقدامات کی معاونت کے لیے مجموعی طور پر 861 ملین روپے دیے۔

ہمیشہ کی طرح، صحت کی دیکھ بھال تک رسائی اور معیار کو بہتر بنانے کے لیے گیا ہے اس حصہ ادا کیا گیا، جو ملک کی سب سے اہم ضرورت ہے۔ فاؤنڈیشن کی جانب سے 600 ملین سے ملانا میں بچوں کے علاج معاہدے کے لیے ایک جنپی ٹریننگ فیلٹی کے قیام، سہپتا لوں کی توسیع اور سول ایکسپریس اور ضوری طبی سازوں سماں اور ادویات کی فراہمی جیسے اقدامات کے ذریعے 55 ہزار مرضیوں کی مدد کی گئی۔ تعلیم کے شعبے میں توجہ اعلیٰ یونیورسٹیوں میں طالبات کے لیے اسکارپس کے ذریعے طلبہ کو باختیار بنانے، خصوصی ضروریات کی تعلیم میں معاونت اور پیشہ وارانہ تربیت فراہم کرنے پر مرکوز تھی، جس سے 15,600 طالب علم مستقید ہوں گے۔ اس شعبے کو عطیات کی مدد میں 130 ملین روپے موصول ہوئے جس سے فاؤنڈیشن کے تعلیم کی تبدیلی کی طاقت اور سب کے لیے مساوی موقع پریمیم اور سب کے لیے مساوی موقع پریمیم اور سب کے لیے کمپلائنس ریٹن کو تقویت ملی۔

کمیوٹی کی فلاخ اور انسانی امداد ایک ترجیح ہے اور اس شعبے میں قابل قدر مقاصد کے لیے 130 ملین روپے فراہم کرنے کے لیے کراچی میں اول اٹھ ہوم کی سول رائے ایشن اور جیوانی میں ریورس آسمو سس پلانس شامل ہیں۔ اس نے ملکیت بلستان اور پتھرال میں پسمندہ آبادی کی بھی مدد کی، ان علاقوں میں معیار زندگی کو بہتر بنایا۔ انسانی ہمدردی کی کوششوں میں پاکستان بھر میں راشن بیگر، واٹر پروف خیئے اور تھرمل کبل کی تقسیم شامل ہے۔ ان اقدامات سے غذائی عدم تحفظ کو کم کرنے اور پسمندہ علاقوں میں معیار زندگی کو بہتر بنانے میں مدد ملی۔ HBL فاؤنڈیشن کا سماجی فلاخ و بہبود کے لیے مجموعی نقطہ نظر ضرورت مندرجہ ذیل ہے، ملازمین کو ماحولیاتی اور سماجی اقدامات میں حصہ ڈالنے کے لیے با اختیار بناتا ہے، جبکہ HBL کی کارپوریٹ ذمہ داری کے عزم کو تقویت دیتا ہے۔

HBL کا ایک پلائزڈ انسٹریٹری نگ پروگرام مالازمین کی شمولیت کے ذریعے سماجی اثرات کے لیے بینک کے عزم کو ظاہر کرتا ہے۔ یہ موقع فراہم کرنے کے لیے اور مالازمین کو با اختیار بنانے کے لیے ڈیائز آئن کیا گیا ہے تاکہ وہ ان برادریوں میں با معنی حصہ ڈال سکیں جن میں وہ خدمت کرتے ہیں۔ شاندار تجربے کے ذریعے، عملے اور خاندانوں کو رضاکارانہ طور پر کام کرنے کے کثیر ال جہتی فوائد حاصل ہوتے ہیں۔ سال 2024 میں مالازمین نے 10 شہروں میں 36 سرگرمیوں میں 1300 گھنٹے سے زائد کا حصہ ڈالا اور اپنے آغاز سے لے کر اس پروگرام نے رضاکارانہ طور پر کام کرنے کے 3000 گھنٹوں کا سانگ میں عبور کر لیا ہے۔ قابل ذکر اقدامات میں تجربہ بارک میں صفائی ہم، ملٹی سٹی بلڈنگ، علاقائی بھر کاری ہم میں تقریباً 2200 درخت لگانا اور عالمی یوم ارض کے موقع پر کراچی میں صفائی ہم شامل ہیں۔ یہ پروگرام کمیوٹی سروس کے فلچر کو فروغ دیتا ہے، مالازمین کو ماحولیاتی اور سماجی اقدامات میں حصہ ڈالنے کے لیے با اختیار بناتا ہے، جبکہ HBL کی کارپوریٹ ذمہ داری کے عزم کو تقویت دیتا ہے۔

کریڈٹ ریٹن

جون 2024ء میں، بینک کی کریڈٹ ریٹن کی دوبارہ تصدیق VIS کریڈٹ ریٹن کمپنی لمیٹڈ کے ذریعے بالترتیب طویل المیعاد اور قلیل المیعاد کے لیے A/A+ ہوئی۔ حال ہی میں دونوں اضافی Tier 1 سرمائے کے طور پر جاری کردہ TFCs کی ریٹن کی بھی AA+ کے طور پر دوبارہ تصدیق کی گئی۔ تمام ریٹن میں منظر نامہ مستخدم ہے۔ یہ ریٹن ملک کے سب سے بڑے کمرشیل بینک کی حیثیت سے HBL کے مقام کی توثیق کرتی ہے اور اس کی معمکن تطبیقی اہمیت اور انتظامی تنوع کی عکاس ہے۔ ریٹن کی جماعت میں VIS نے HBL کے متنوع ڈپازٹری میں، نمایاں لیکوڈڈ خائز اور بہتری کی جانب راغب کمپلائنس ریٹن لیوں کی اس کی مارکیٹ تک مضبوط رسائی کے ثبوت کے طور پر نشاندہ ہی کی۔

تمام پہلوؤں میں پائیداری - ہمارے آپریشن کا مرکز ہے۔ حال ہی میں، ہم نے اپنی تیسری پائیداری رپورٹ کا اجراء کیا، جسے مختلف اسٹیک ہو ٹھہر زنے سراہا۔ اب ہم نے اپنے ماحولیاتی اثرات پر نظر رکھنا شروع کر دیا ہے اور یہ رپورٹ ہمارے اقدامات کو اقسام مقدمہ کے پائیدار ترقیاتی اهداف سے جوڑتی ہے۔ ہمارے لیے مالیاتی شمولیت پائیداری کا ایک اہم عنصر ہے جس میں HBL Nisa Konnect کے ذریعے خواتین کی شمولیت اور ہمارے اپنے صفتی تنویر کے اهداف شامل ہیں، اور ماہیک و فناں کے ذریعے پہنمدہ افراد کو شامل کرنا؛ ہمارے ٹچ پاؤ نیٹس پر ٹارگٹ بھرتیوں اور سہولیات کے ذریعے معدود افراد کو شامل کرنا؛ اور ہماری معروف سو شل میڈیا موجودگی اور اسپورٹس اور گیمنگ کے فروغ کے ذریعے نوجوانوں کی شمولیت، خاص طور پر خواتین کی پہنچ کے لیے۔

ہم HBL PSL کے 10 ویں ایڈیشن کی دبلیز پر ہیں۔ ایک ایسا اپنٹ جس نے بلاشبہ پاکستان کو عالمی کرکٹ کے نقشے پر واپس لانے میں مدد کی ہے۔ ہمیں فخر ہے کہ ہم پاکستان اور دنیا بھر میں لاکھوں پاکستانیوں کو خوش کرنے والے اس ٹورنامنٹ کے بانی اسپانسر ہیں۔ HBL پاکستان اور پاکستانیوں کے روشن مستقبل کو یقینی بنانے کے لیے ہر شعبے میں آگے بڑھ رہا ہے اور بڑھتا رہے گا۔

منافع منقسمہ

بورڈ نے سال مختتم 31 دسمبر 2024ء کے لیے 4.25 روپے فی حصہ (شیئر) کے حقیقی نقد منافع منقسمہ کی تجویز دی، جس سے سال کا مجموعی نقد منافع منقسمہ 16.25 روپے فی حصہ (شیئر) تک پہنچ گی۔ اس سے قبل بورڈ مجموعی طور پر 12.00 روپے فی حصہ کے عبوری منافع منقسمہ کا اعلان اور ادائیگی کرچکا تھا۔

ANNUAL STATEMENT ON INTERNAL CONTROLS 2024

This is the Annual Statement on Internal Controls as required under the SBP OSED Circular No 01 of 2014.

A strong internal control system consists of a comprehensive framework, along with robust processes, effective communication and a resilient monitoring mechanism, designed to work together to proactively mitigate the risk of control failures. The Board of Directors (BoD) has overall responsibility for overseeing management's implementation of an effective system of risk management and internal controls, and that its effectiveness is reviewed regularly by the Board Risk Management Committee (BRMC) and the Board Audit Committee (BAC).

It is the responsibility of the Bank's management to establish a robust internal control system that facilitates effective and efficient operations in a well-controlled environment. The management has accordingly implemented a comprehensive framework, approved by the BoD, to achieve effective and efficient operations, safeguard the Bank's assets, comply with applicable laws and regulations and carry out reliable financial reporting. However, even a well-designed system of internal controls has inherent limitations and therefore can only provide reasonable but not absolute assurance regarding the adequacy and effectiveness of controls. In order to align with the evolving environment and emerging risks, internal controls are also continuously reviewed and amended as required. The Bank increasingly relies on the use of advanced technology, including data analytics and Robotics Process Automation, to improve operating efficiencies, increase scalability and further strengthen the control environment.

The Bank's internal control structure comprises of different levels of monitoring activities. The Bank follows the "three lines of defense" model, with the first line comprising of front office, customer-facing and enabling functions, the second line being Compliance, Risk and other control functions and the third line of defense being the Internal Audit (IA) function.

The first line's role is to identify and mitigate business risks, establish adequate and effective controls and promptly implement corrective actions. The second line's role is to conduct end-to-end reviews of processes, identify gaps and monitor timely remedial action for rectification of such gaps. The second line, as part of its governance responsibilities, also formulates policies and defines risk tolerance levels. The third line of defense provides independent assurance on the adequacy and effectiveness of the control environment.

The Global Compliance & Conduct (GCC) function's role is to strengthen the compliance environment and manage compliance risk across the Bank by enabling compliance with applicable laws, regulations, frameworks, guidelines and internal policies and procedures. The function also manages the implementation of the whistleblowing program in the Bank. GCC is also responsible for advising on, and overseeing, the implementation of regulatory requirements and related policies, including financial crime compliance management. Accordingly, GCC in liaison with the business, identifies, assesses, monitors and reports compliance risk through regulatory themed Risk & Control Self-Assessments (RCSAs). A comprehensive regulatory repository management process has been implemented for the adequate design and effectiveness of controls around regulatory requirements. GCC has also implemented robotics solutions for enhanced monitoring and management of financial crime-related processes. The Bank periodically engages external specialized consultants to conduct an independent assessment of the Compliance & Conduct function for effectiveness and independence.

The Compliance Committee of Management and the Controls Committee, both chaired by the President & CEO, monitor, review and provide oversight on regulatory and control related matters at the enterprise level, to oversee that control observations and emerging risks are highlighted appropriately. Accordingly, for identified gaps, management's remediation plans are reviewed and monitored by the respective committee to assess that these gaps are addressed in a timely and effective manner. The Board Compliance & Conduct Committee (BCNCC) assists the Board in overseeing the implementation of a compliance and conduct culture and provides governance over the implementation of a bank-wide compliance program. It also monitors the GCC function's mandate and supports its capabilities to effectively manage the Bank's compliance and regulatory risks. The BCNCC reviews inspection reports from domestic and international regulatory authorities as well as time-bound management action plans for remediation of identified issues.

The BRMC provides oversight and advice as per the Bank's Risk Management Framework. The Management Risk Committee is responsible for the development and implementation of risk-related policies and for monitoring the risks arising out of the various activities of the Bank. The Risk Management function has developed a robust risk management framework including structure, governance and systems with the objective of embedding an effective risk management culture across the Bank. It has established an Enterprise Risk Management Framework and created an Integrated Risk & Control Repository (IRCR) covering the spectrum of risks faced by the Bank and their mitigating controls. This is an evolving process and will also help the Bank to better evaluate the adequacy and operating effectiveness of controls, identify exceptions and report the results to the Operational Risk Management Committee (ORMC), thus enhancing the control environment.

The BAC oversees the Bank's Internal Control Framework, so that identified risks are mitigated to safeguard the Bank's interests. The Internal Audit (IA) function, as the third line of defense, provides independent assurance by conducting risk-based audits of activities and processes. IA leverages advanced technology to identify Key Risk Indicators (KRIs) and enhance its risk-based auditing approach. IA has unrestricted access to the BAC, which approves the annual internal audit plan, including Shariah operations, and monitors its progress. Significant findings from both internal and external audits, along with management action plans and timelines, are reported to the BAC. IA tracks the closure of these findings and reports the status to the Controls Committee and the BAC. In an evolving operating environment, IA also conducts risk-based thematic reviews to provide insights towards improving the control environment of the Bank. In addition to a robust quality assurance process run by the Quality Assurance unit within IA, the Bank also engages independent external consultants every three years, for a Quality Assessment Review to assess the quality, adequacy and effectiveness of its IA function in line with best practice.

A Shariah Board (SB), constituted by the BoD in accordance with the SBP's Shariah Governance Framework, provides a strong governance framework for the Bank's Islamic Banking activities. The Shariah Compliance Department works under the direct supervision of the SB and conducts Shariah reviews on a sample basis, to monitor compliance with the SB guidelines and the Shariah standards adopted by the SBP.

The Bank has also established a comprehensive Internal Controls over Financial Reporting (ICFR) Framework. The Bank's External Auditors are engaged annually to provide a Long Form Report (LFR) on ICFR, which is presented to the BAC, along with the progress on rectification of identified issues. The Bank has conducted testing of financial reporting controls to assess the effectiveness of ICFR throughout the year. All the deficiencies identified are procedural and are not expected to have a material impact on financial reporting. These are remediated forthwith.

Based on the results achieved from the ongoing testing of internal controls, and from audits conducted during the year 2024, management considers that the Bank's existing system of internal controls, including ICFR, is adequate and has been effectively implemented and monitored. To augment the overall control environment, the management continues to identify areas for process and control improvement.

The Board of Directors has duly endorsed management's evaluation of internal controls, including ICFR, in the Directors' Report.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Habib Bank Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 ("the Regulations") prepared by the Board of Directors of **Habib Bank Limited** ("the Bank") for the year ended December 31, 2024, in accordance with the requirements of Regulation No. 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended December 31, 2024.

SHARIAH BOARD REPORT 2024

For the year ended December 31, 2024

الحمد لله رب العالمين، والصلوة والسلام على اشرف الانبياء واطرسلين،
و على آله واصحابه اجمعين، وبعد

By the grace of Allah Almighty, HBL Islamic Banking (HBL-IB) achieved significant progress towards its strategic objectives marking 2024 as a successful year. The bank's strategic focus on customer centricity, technology, and financial inclusion have set new milestones in retail trade business, house finance, Auto finance and managing deposits of Rs 494.9 billion in 2024. This business growth reflects management's commitment to availability of Shariah-compliant banking solutions to customers across the country.

Board of Directors (BoD) and Executive Management:

The Board of Directors' and Executive Management's commitment towards Shariah principles strengthens the bank's Shariah compliance environment. BOD meets with the Shariah Board twice a year for briefing on Shariah related matters to ensure adherence to Shariah principles in "products, processes, and operations" of the bank. The BoD & Executive Management's constant support towards Shariah Compliance, empowered the Shariah Board to maintain an overall acceptable Shariah compliance environment in HBL Islamic Banking. The Shariah Board appreciates & acknowledges the commitment of the Board of Directors and the Management on implementation of Shariah Board's instructions and guidance to maintain a Shariah compliant environment of the bank .

Shariah Board:

The Shariah Board participated with Business and Product teams on developing alternatives to conventional products to facilitate the bank's management in conversion process and to highlight the Shariah limitations that needed to be addressed adequately. The Shariah Compliance Department (SCD) facilitated the Shariah Board in implementing and maintaining the bank's Shariah compliance environment. The Shariah Board subsequently reviewed, approved, and issued guidance on the following.

- a. Policies and procedures, new products / renewals of existing products, transaction structures, Shariah queries, process flows, business and marketing material, sukuk structures, customer communications etc.
- b. Shariah Compliance review reports, Internal/External Shariah Audit Reports.

Apart from the regular Shariah Board meetings, the Shariah Board engaged with Regional Heads, visited newly opened branches and support functions departments and provided guidance on Shariah requirements to enhance Shariah controls in daily processes. The Shariah Board also emphasized staff capacity building and recommended in-person training sessions.

Shariah Compliance Department:

To ensure Shariah compliance across all bank functions, SCD under supervision and guidance of the Shariah Board, engaged in Shariah review of policies, products, processes, and procedures at both pre and post implementation stages. Identified Shariah non-compliance risks were addressed appropriately in product programs and transactions, in accordance with Shariah Board guidance and AAOIFI Shariah standards. Additionally, the SCD reviewed marketing materials, customer communications, and social media posts, obtaining prior approval from the Shariah Board. The SCD presented the Shariah Review reports, Internal and External Shariah Audit reports at the quarterly Shariah Board meetings for decision and guidance.

Profit distribution:

HBL-IB invests all the funds/ deposits generated from Investment Account Holders in Shariah-compliant financing structures, including Murabaha, Istisna, Salam, Diminishing Musharakah, and Ijarah, among others. The bank manages the returns in accordance with the SBP guidelines and the bank's profit distribution policy. Subsequently, profits are allocated to Investment Account Holders based on the yield of the respective pool. The SCD ensures that profit calculation, asset allocation, and returns to the investment account holders are in accordance with the disclosed weightages, the announced Profit-Sharing Ratio (PSR), and the bank's policy.

Training and Awareness sessions:

To foster HR developments in Islamic Banking and Finance, staff from branches and support functions participated in mandatory trainings, including webcasts, Zoom, and in-person sessions. During the year, the Management, through the Learning & Development Centre, imparted comprehensive training programs for new internees, existing staff in Islamic branches and Islamic Banking windows to equip them with knowledge of Islamic banking and its products. The training sessions encompassed the spectrum of Islamic banking, from fundamental Shariah principles to specialized products.

Furthermore, the Management organized Islamic Banking awareness sessions in major cities for customers, chambers of commerce, business associations and universities. These sessions were led by Shariah Board members and Shariah Scholars.

Charity:

During 2024, an amount of PKR 56.518 million was collected as Charity from customers due to late payments on financing facilities /locker rentals. The Charity Fund was utilized in line with the Bank's approved Charity policy for charitable and social welfare purposes. The amount of PKR 20 million was disbursed to the health sector. Details of the Charity Fund account is as under:

	(PKR in 000)
Opening Balance 01.01.2024	PKR. 10,578
Charity collected during the year 2024	PKR.56,518
Profit credited	PKR.4,180
Charity amount disbursed	PKR.20,000
Closing Balance 31.12.2024	PKR.51,276

(Refer to note 7 of Annexure I to the consolidated financial statements)

Shariah Opinion:

Based on Shariah compliance reviews of both local/international location, External & Internal Shariah Audit reports, and explanations given by the management, the Shariah Board is of the view that overall:

- i. HBL-IB has complied with Shariah rules and principles in the light of Fatawa, rulings, and guidelines issued by the Shariah Board.
- ii. HBL-IB has complied with directives, regulations, instructions, and guidelines related to Shariah compliance issued by the SBP in accordance with the rulings of SBP's Shariah Board.
- iii. HBL-IB has a mechanism in place to ensure Shariah compliance in its operations.
- iv. HBL-IB has placed a satisfactory system to ensure that any earnings realized from sources or by means prohibited by Shariah have been credited to the Charity account. HBL-IB has a well-defined system in place to utilize the charity properly.
- v. HBL-IB has complied with the SBP instructions on profit and loss distribution and pool management.
- vi. HBL-IB has satisfactory level of awareness, capacity, and sensitization of the staff, management, and the BoD in appreciating the importance of Shariah compliance in the products and processes of the Bank.
- vii. Shariah Board has been provided adequate resources enabling it to discharge its duties effectively.

Recommendations:

Based on the SBP guidelines, Shariah reviews conducted by the SCD, internal and external Shariah audit reports of domestic operations, and the Shariah Advisor's report on international locations, we formed the following recommendations for management's consideration

- **Reporting Line:** In line with the strategic objective of transitioning of conventional banking to Islamic banking, the State Bank of Pakistan (SBP) has issued guidelines lines on conversion and reporting vide IFPD Circular No. 5, dated October 1, 2024. The Shariah Board recommends ensuring compliance of SBP's instructions outlined in above referred circular.
- **Pool Management:** Implementing an efficient Pool Management system is crucial for effectively addressing the challenges associated with pool management. Process optimization and associated risks shall be mitigated by leveraging technology.
- **Capacity Building:** Considering the organizational strategy to optimize the reporting structure to conventional functional heads, it is recommended to address training needs for understanding of Islamic Banking and including participation in Islamic banking seminars and conferences.

May Almighty Allah (Subhanahu Wata'ala) help us to practice Islamic Banking in True Spirit.

شريعہ بورڈ رپورٹ 2024

الحمد لله رب العالمين، والصلوة والسلام على اشرف الانبياء والمرسلين،
وعلى آله واصحابه اجمعين، وبعد

الله تعالى کے فضل و کرم سے سال 2024ء، ایک ایں اسلامک بیننگ (HBL-IB) کے لئے ایک کامیاب سال ثابت ہوا، جس میں بینک نے اپنے اسٹریچ ہجک مقاصد کی جانب نمایاں پیش رفت کی۔ بینک کی جانب سے Customer Centricity، تینیا لو جی اور مالیتی سہولیات پر توجہ مرکوز کرنے سے ریٹیل بیننگ، ہاؤس فناں، آٹو فناں میں نئے نئے قسم ہوئے اور 2024 میں 494.9 ارب روپے کے ڈپازٹس حاصل کئے۔ کاروبار کی یہ ترقی ملک بھر میں صارفین کے لیے شریعت کے مطابق بیننگ حل کی دستیابی کے لیے میمننت کے عزم کی عکاسی کرتی ہے۔

بورڈ آف ڈائریکٹرز اور ایگزیکٹو میمننت:

بورڈ آف ڈائریکٹرز اور ایگزیکٹو میمننت کا شریعت کے اصولوں سے ہم آہنگ بینکاری کرنے کا عزم اور بینک کے اندر شریعہ کمپلائنس ماحول کو مضبوط کرتی ہے۔ بورڈ آف ڈائریکٹرز سال میں دوبار شریعہ بورڈ سے میمنٹ کرتے ہیں تاکہ شریعت کے اصولوں سے متعلق امور پر بریننگ لی جاسکے اور بینک کی "مصنوعات، معاملات اور کارروائیوں" میں شریعت کے اصولوں کی پابندی کو تینی بینا جاسکے۔ بورڈ آف ڈائریکٹرز اور ایگزیکٹو میمنٹ کی شریعہ کمپلائنس کی حوصلہ افزائی نے ایچ بی ایل اسلامک بیننگ (HBL-IB) کو مجموعی طور پر قبل قبول شریعہ کمپلائنس کا ماحول برقرار رکھنے کے قابل بنایا۔ شریعہ بورڈ، بورڈ آف ڈائریکٹرز اور میمنٹ کی جانب سے بینک کے شریعہ کمپلائنس ماحول کو برقرار رکھنے کے لیے شریعہ بورڈ کی بدایات اور رہنمائی پر عمل درآمد کرنے کے عزم کو سراہتا ہے۔

شریعہ بورڈ:

شریعہ بورڈ نے ہر سو اور پروڈکٹ ٹیموں کے ساتھ مل کر کنو نسل پر اڈکٹس کے مقابل تیار کرنے میں بدایات فراہم کیں تاکہ بینک کی میمنٹ اسلامی بینکاری کی طرف تبدیلی کے عمل میں سہولت فراہم کی جاسکے اور ان شرعی حدود کو اجاگر کیا جاسکے، جن کا لحاظ رکھنا ضروری ہے۔ شریعہ کمپلائنس ڈیپارٹمنٹ (SCD) نے بینک کے شریعہ کمپلائنس ماحول کو برقرار رکھنے میں شریعہ بورڈ کو معاونت فراہم کی۔ شریعہ بورڈ نے درج ذیل امور پر نظر ثانی، منظوری اور رہنمائی فراہم کی:

الف۔ پالیسیاں اور پروسنس فلو، نئی پر اڈکٹس / موجودہ پر اڈکٹس کی تجدید، ٹرانزیکشن اسٹریچ، شرعی سوالات، کاروباری اور مارکیٹنگ سے متعلق دستاویزات، صکوک اسٹریچ، کسٹمر زے ہونے والے رابطہ کے طریقہ کارے متعلق دستاویزات وغیرہ۔

ب۔ شریعہ کمپلائنس جائزہ رپورٹس، داخلی / خارجی شریعہ آڈٹر پورٹس۔

شریعہ بورڈ کی باقائدہ سہ ماہی میمنٹ کے علاوہ، شریعہ بورڈ نے اور بھی متعدد میمنٹ کی، نئی کھوکھی گئی برانچوں اور سپورٹ فکٹشنز ڈیپارٹمنٹ کا وزٹ کیا اور روزمرہ کے معاملات میں شریعت کے کنٹرول کو بہتر بنانے کے لیے شریعت کی تقاضوں سے متعلق رہنمائی فراہم کی۔ شریعہ بورڈ نے عملی کی اسلامی بینکاری سے متعلق صلاحیت بڑھانے میں اپنا کردار ادا کیا اور کلاس رومز سیسیز میں بھی اپنی خدمات فراہم کیں۔

شریعہ کمپلائنس ڈیپارٹمنٹ (SCD):

بینک کے تمام امور میں شریعہ کمپلائنس کو تینی بنانے کے لیے، SCD نے شریعہ بورڈ کی نگرانی اور رہنمائی کے تحت، ٹرانزیکشنز کے نفاذ سے پہلے اور بعد کے مراحل میں پالیسیوں، پروڈکٹ پروگرام اور پروسنس فلو میں کمپلائنس کو تینی بنانے کے لئے ریویو (review) کیا۔ شریعت کی عدم تعمیل کے رسک کو شریعہ بورڈ کی رہنمائی، AAOIFI شرعی معیارات اور پروڈکٹ پروگراموں کے مطابق حل کیا۔ اس کے علاوہ، SCD نے مارکیٹ دستاویزات اور فلاٹریز، کسٹمرز کمیو نیکیشن اور سو شل میڈیا پوسٹس کا جائزہ لیا اور شریعہ بورڈ سے منظوری حاصل کی۔ SCD نے شریعہ جائزہ رپورٹس، داخلی اور خارجی شریعہ آڈٹر پورٹس، شریعہ بورڈ کے سہ ماہی میمنٹ میں فیصلے اور رہنمائی کے لیے پیش کیں۔

منافع کی تقسیم:

HBL-IB نے انویسٹمنٹ اکاؤنٹ ہو لڈ رز سے لئے گئے تمام فنڈز / ڈپازٹس کی سرمایہ کاری، فائزنس کے اسٹریچ بشوں مرا جھ، استصناع، سلم، شرکت متناقصہ اور اجارہ میں کرتا ہے۔ بینک، اسٹریٹ بینک آف پاکستان (SBP) کی بدایات اور بینک پالیسی کے مطابق منافع کی تقسیم کا انتظام کرتا ہے۔ اس بات کو تینی بناتا ہے کہ متعلقہ پول کے منافع کی بنیاد پر انویسٹمنٹ اکاؤنٹ ہو لڈ رز میں منافع کا حساب، اثاثوں کو متعلقہ پول میں ٹیک کیا جائے اور منافع کی ادائیگی اعلان کرو دے weightages، پرافٹ شیئر نگ ریشو (PSR) اور بینک پالیسی کے مطابق ہو۔

- پول میجمنٹ: پول میجمنٹ سے وابستہ چیلنجوں کو موثر طریقے سے حل کرنے کے لیے ایک موثر پول میجمنٹ سسٹم کا فاذا اشند ضروری ہے تاکہ ٹکنالوژی کے استعمال سے Pool Management سے منسلک چیلنجز اور رسک کو کم کیا جاسکے۔
 - اسلامک بینکنگ مریئنگ: کنو نشنل فائنسل ہیڈر کی پورٹنگ کے اسٹرکچر کو بہتر بنانے کی تنقیبی حکمت عملی کو مد نظر رکھتے ہوئے کنو نشنل اسٹاف کو اسلامک بینکنگ بھجنے کے لیے ٹریننگ پروگرام، اسلامک بینکنگ سینیزارز اور کانفرنسوں میں شرکت کے لئے نامزد کرنے کی سفارش کی جاتی ہے۔
- اللہ سبحانہ و تعالیٰ سے دعا ہے کہ ہمیں درست سمت میں اسلامک بینکنگ کو بہتر بنانے میں ہماری مدد فرمائے (آمین)۔

Consolidated Financial Statements

Independent Auditor's Report

To The Members of Habib Bank Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of **Habib Bank Limited** and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated profit and loss account, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

Key audit matter	How the matter was addressed in our audit
<p>Valuation of Advances:</p> <p>(Refer note 9 & 20 to the consolidated financial statements)</p> <p>As at 31 December 2024, the Bank's Credit loss allowance against advances and off-balance sheet items amounting to Rs. 121,789 million and Rs. 8,150 million respectively.</p> <p>As per the BPRD Circular No. 07 of 2023, the Bank adopted IFRS 9 in accordance with the Application Instructions issued by State Bank of Pakistan (SBP) from 01 January 2024 which requires the Bank to recognize Expected Credit Losses (ECL) on advances including non-funded exposure. The estimation of ECL on advances including non-funded exposure, involves judgement and complexity.</p> <p>The key areas which are subject to management judgement in the estimation of ECL are:</p> <ul style="list-style-type: none"> • Model estimations – judgmental modelling and assumption are used to estimate ECL which involves determining Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default (EAD). Respective model assumption is a key driver of complexity and uncertainty and are required in the application of these model for calculation of the ECL estimate. • Qualitative criteria – the criteria selected to identify a Significant Increase in Credit Risk (SICR) involves judgment and can lead to unreliable ECL recognized for certain portfolios. <p>In line with the application instructions as issued by SBP for IFRS 9, the Bank must compare the ECL for Stage 3 advances with the provision determined under the Prudential Regulations (PR) issued by the SBP. The PR requires specific provisioning against the advances on the basis of time-based criteria which should be supplemented by a subjective evaluation of Bank's credit portfolio. The determination of provision against advances, therefore, involves use of management's judgement, on a case-to-case basis, taking into account factors such as the economic and business conditions, borrowers' repayment behaviors and realizability of collateral held by the Bank.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> • Performing risk assessment procedures over the credit loss allowance against advances and off-balance sheet exposure within the Bank's consolidated financial statement. As part of these risk assessment procedures, identifying the portfolios associated with a risk of material misstatement including those arising from judgements over the estimation of ECL either due to inputs, methods or assumption. • Assessing the design and implementation of key controls established by the Bank over measurement of ECL and provision calculated as per PR. • We involved in-house specialist who assisted in the following: <ul style="list-style-type: none"> - Evaluating the Bank's impairment methodologies for compliance with application instructions as issued by SBP for IFRS 9; - Assessing the reasonableness of macroeconomic variable and economic forecasts by comparing these to external sourced data extracted; and - Performing independent testing of the Expected Credit Loss (ECL) allowance on a sample basis. • Ensuring completeness of the key inputs into the ECL calculations with their respective sub-ledgers and general ledgers. • Performing testing on sample basis over key inputs into the ECL calculations with their respective source documents.

Key audit matter	How the matter was addressed in our audit
<p>Because of the high degree of estimation uncertainty and judgement involved in the calculation of ECL we considered the area of ECL provision as a key audit matter.</p>	<ul style="list-style-type: none"> • In accordance with the PR, we sampled at least sixty percent of the total advances portfolio and performed credit review through the following substantive procedures: <ul style="list-style-type: none"> - verifying repayments of advances/ mark-up installments and checked that non-performing advances have been correctly classified and categorized based on the number of days overdue; - examining watch list accounts and, based on review of the individual facts and circumstances, discussions with management and our assessment of financial conditions of the borrowers, formed a judgement as to whether classification of these accounts as performing was appropriate; and - assessing the accuracy of specific provision made against non-performing advances in accordance with the criteria prescribed under the PRs by performing recalculation. • Assessing the appropriateness of SICR criteria applied by the Bank by ensuring that the SICR criteria and staging methodology are consistent with the relevant application instructions as issued by SBP for IFRS 9. • Assessing the appropriateness of ECL on advances categorized as Stage 3 by performing a comparison of ECL computed, through the use of methodology and models with the provision required to be computed as required under the PR to ensure that an amount which is higher of the ECL and PR requirements is appropriately recognized for these stage 3 advances pursuant to the requirement of application instructions as issued by SBP for IFRS 9. • Evaluating the adequacy of the disclosures made in the consolidated financial statements around ECL as required by the approved accounting standards. <p>We issued instructions to the auditors of those components which were scoped for audit, highlighting 'credit loss allowance against advances and off-balance sheet items' as a significant risk. The auditors of those components performed audit procedures to respond to the significant risk and reported the results thereof to us. We, as auditors of the Group, also evaluated the work performed by the component auditors through their files review and discussions with them.</p>

Information Other than the Consolidated and Unconsolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Bank's Annual Report for the year ended 31 December 2024, but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities withinx the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Amyn Pirani.

2 BASIS OF PRESENTATION

2.1 In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate profit on deferred payment basis. The disclosures in these financial statements do not reflect purchases and sales arising under these arrangements as such, but are restricted to the amount of facility actually utilized and the appropriate portion of profit thereon.

Key financial figures of the Islamic banking branches are disclosed in Annexure I to these consolidated financial statements.

The US Dollar amounts shown in these consolidated financial statements are stated solely for information. The statement of financial position, profit and loss account, statement of comprehensive income and cash flow statement as at and for the years ended December 31, 2024 and 2023 have all been converted using an exchange rate of Rupees 278.5500 per US Dollar.

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Bank and the financial statements of subsidiaries from the date that control of the subsidiary by the Group commences until the date control ceases. The financial statements of the subsidiaries are incorporated on a line-by-line basis and the investment held by the Bank in the subsidiaries is eliminated against their corresponding share capital and pre-acquisition reserves.

The financial statements of subsidiaries are prepared for the same reporting period as the Holding Company, using accounting policies that are generally consistent with those of the Holding Company. However,

- Non-banking subsidiaries in Pakistan follow the requirements of International Financial Reporting Standards (IFRS) 7, Financial Instruments: Disclosures and IAS 40, Investment Property for the purposes of their own financial statements.
- Overseas operations comply with local regulations applicable within their respective jurisdictions.

Material intra-group balances and transactions are eliminated.

Associates are those entities in which the Group has significant influence, but no control, over financial and operating policies. Associates are accounted for using the equity method.

2.3 Statement of compliance

These consolidated financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. These comprise of:

- IFRS issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962;
- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the SBP and the SECP from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

The SBP, vide its BSD Circular Letter no. 10 dated August 26, 2002, has deferred the applicability of International Accounting Standard 40, Investment Property, for banking companies till further instructions. Further, the SECP, through S.R.O 411(1)/2008 dated April 28, 2008, has deferred the applicability of IFRS 7, Financial Instruments: Disclosures, to banks. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The SECP has notified IFAS 3, Profit and Loss Sharing on Deposits with effect from January 1, 2014. The SBP, through BPRD Circular Letter No. 4 dated 25 February 2015, has deferred the applicability of IFAS 3 till further instructions.

IFRS 10, Consolidated Financial Statements, was notified by the SECP as applicable for accounting periods beginning from January 1, 2015. However, the SECP, through SRO 56(I)/2016 dated January 28, 2016, has directed that the requirement of consolidation under this standard and under Section 228 of the Companies Act, 2017 is not applicable in the case of investments by a bank in mutual funds managed by its own asset management company and established under the trust structure. Therefore, investments by the Bank in mutual funds managed by HBL AMC are not consolidated, as would otherwise be required under the definition of control specified in IFRS 10.

2.4 **New Standard and amendments to existing accounting and reporting standards that have become effective in the current year**

As directed by the SBP via BPRD Circular letter no. 7 of 2023, IFRS 9, Financial Instruments is effective in Pakistan for periods beginning on or after January 1, 2024. IFRS 9 has been applicable in several overseas jurisdictions at various effective dates starting from January 1, 2018. The results of those overseas operations where IFRS 9 is not applicable have been directly incorporated in these consolidated financial statements as per the respective host country's regulations. Further, the results of associated companies of the Bank, operating in Pakistan, to which IFRS 9 does not apply, have also been directly incorporated in these consolidated financial statements.

The SBP has amended the IFRS 9 application instructions as follows:

- Unlisted equity securities are required to be measured at fair value for accounting periods beginning on or after January 01, 2025.
- General provision, over and above the ECL for Stage 1 and Stage 2 exposures may be maintained up to December 31, 2026.
- Banks are allowed to continue the existing revenue recognition methodology for Islamic products, including the requirements of IFAS 1 and IFAS 2 until further instructions. The income for the year would have been higher by approximately Rs 400.317 million, if the same had not applied.
- The timeline for the application of the Effective Interest Rate (EIR) requirements of IFRS 9 has been extended to accounting periods beginning January 01, 2026.

Other than the implementation of IFRS 9 in Pakistan, as discussed in note 4.1.2, there are certain amendments to existing accounting and reporting standards that have become applicable to the Group for accounting periods beginning on or after January 1, 2024. These are considered either to not be relevant or to not have any material impact on these consolidated financial statements.

2.5 **Standard and amendments to existing accounting and reporting standards that are not yet effective**

For the Bank's overseas branches and subsidiaries in locations where IFRS 9 is not applicable, the Bank is allowed to include the results of those locations prepared in accordance with regulations applicable in the respective countries till Dec 31, 2024. The requirement to convert these to IFRS 9 for the purpose of the Bank's financial statements will become applicable for accounting periods beginning on January 1, 2025.

The Bank has initiated an impact assessment for these locations.

The estimated impact (net of tax) of the fair valuation of unlisted equity securities on the opening balance of the Group's equity as of January 01, 2025, and on the Surplus on Revaluation of Investments' is being assessed.

The Bank expects that amendments to other applicable accounting and reporting standards will not affect its financial statements in the period of initial application.

2.6 **Critical accounting estimates**

The preparation of consolidated financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires the use of certain accounting estimates. It also requires the management to exercise judgement in the process of applying the Group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Group's financial statements or where judgement was exercised in the application of accounting policies are as follows:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

- i) Classification of investments (note 4.4)
- ii) Valuation and impairment of investments in associates (note 4.4.5)
- iii) Valuation of securities classified as fair value through other comprehensive income (FVOCI) and fair value through profit and loss (FVTPL) (note 4.4)
- iv) Calculation of expected credit loss (ECL) against advances, investments and other financial assets (note 4.5)
- v) Valuation and depreciation of property and equipment (note 4.6)
- vi) Valuation and depreciation of right-of-use assets and related lease liabilities (note 4.7)
- vii) Valuation and amortisation of intangible assets (note 4.8)

- ix) Valuation of defined benefit plans (note 4.13)
- x) Taxation (note 4.16)
- xi) Valuation of derivatives (note 4.22)

Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

3 BASIS OF MEASUREMENT

3.1 Accounting convention

These consolidated financial statements have been prepared under the historical cost convention except for:

- Certain classes of property and equipment and non-banking assets acquired in satisfaction of claims, which are stated at revalued amounts less accumulated depreciation.
- Investments classified as FVTPL and FVOCI , which are measured at fair value.
- Derivative financial instruments, including forward foreign exchange contracts, which are measured at fair value.
- Right-of-use assets and their related lease liabilities, which are measured at their present values.
- Net obligations in respect of defined benefit schemes, which are measured at their present values.
- Values of assets of funded defined benefit plans, which are measured at their fair values.

3.2 Functional and presentation currency

These consolidated financial statements are presented in Pakistani rupees, which is the Group's functional currency. Amounts are rounded to the nearest thousand Rupees.

4 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies adopted in the preparation of these consolidated financial statements are consistent with those of the previous financial year, except as disclosed in note 4.1 below.

4.1 Changes in accounting policies

4.1.1 Revised format of consolidated financial statements

SBP through its BPRD Circular No. 02 dated February 9, 2023, has amended the format of annual financial statements of banks. All banks are required to prepare their annual financial statements on the revised format effective for periods beginning from January 1, 2024.

Accordingly, the Group has prepared these annual financial statements on the new format prescribed by the SBP. The adoption of the new format contains additional disclosures and certain changes in the presentation of the financial statements, primarily due to the implementation of IFRS 9 as applicable in Pakistan.

Due to the adoption of the revised format, Right-of-use-assets (note 11) amounting to Rs 27,408.020 million (2023: Rs 24,654.745 millions) and Lease Liabilities (note 17) amounting to Rs 35,869.231 million (2023: 30,489.986 million) which were previously shown as part of Property and Equipment and Other Liabilities respectively are now shown separately on the Statement of Financial Position.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.1.2 Impact of the adoption of IFRS 9

The Bank has elected to follow the modified retrospective approach for restatement i.e. comparative figures have not been restated on initial application. Instead, the cumulative impact has been recorded as an adjustment to equity as of January 01, 2024. Accordingly, the information presented as at and for the period ending December 31, 2023, is prepared in accordance with the previous financial accounting and reporting framework and Hence does not reflect the requirements of IFRS 9.

The following table reconciles the measurement and carrying amounts of financial instruments in accordance with the previous financial reporting framework with the new measurement categories for the Group.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.1.4 Financial assets and liabilities

Financial assets and liabilities carried on the statement of financial position include cash and bank balances, lendings to financial institutions, investments, advances, certain other receivables, bills payable, borrowings, deposits, subordinated debt, lease liabilities against ROU assets and certain payables.

4.1.4.1 Recognition and initial measurement

A financial asset or financial liability is initially measured at fair value. The fair value of a financial asset on initial recognition is generally its transaction price.

4.1.4.2 Classification

Financial assets

The Group classifies its financial assets into FVTPL, FVOCI or at amortised cost based on their cash flow characteristics and business model assessment as explained in the relevant notes.

Business Model Assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level reflecting the way the business is managed, and information is provided to management. The information considered for business model assessment includes the primary objective for the portfolio, its performance evaluation and the nature, frequency and significance of incurred sales.

Financial liabilities

Derivatives, forward foreign exchange contracts and liabilities against trading of securities are classified as FVTPL. All other financial liabilities are classified at cost / amortised cost.

4.1.4.3 Subsequent Measurement

Details about the subsequent measurement of financial assets and liabilities are given in the relevant notes.

4.1.4.4 Derecognition

Financial assets: The Group derecognizes a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either: substantially all the risks and rewards of ownership of the financial asset are transferred; or the Group neither transfers nor retains substantially all the risks and rewards of ownership and it does not retain control of the financial asset.

Gains and losses on the derecognition of equity securities held as FVOCI are recorded directly in retained earnings. Gain and losses on all other financial assets are recognized through the profit and loss account.

Financial liabilities: The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire. Any gain or loss on derecognition is also recognized in the Profit and Loss Account.

4.2 Cash and cash equivalents

Cash and cash equivalents include cash and balances with treasury banks and balances with other banks. Cash and cash equivalents are measured at amortised cost.

An ECL provision is computed on balances with other banks.

4.3 Lending / borrowing transactions with financial institutions

The Group enters into transactions of reverse repos and repos at contracted rates for a specified period of time. These are measured at amortised cost and recorded as under:

4.3.1 Purchases under resale agreements (reverse repo)

Securities purchased under resale agreements are not recognised as investments in the financial statements and the amount extended to the counterparty is included in lendings to financial institutions. The difference between the purchase price and the contracted resale price is accrued on a time proportion basis over the period of the contract and recorded as markup / interest income.

4.3.2 Sales under repurchase agreements (repo)

Securities sold under repurchase agreements continue to be recognised as investments in the financial statements and the liability to the counterparty is included in borrowings. The difference between the sale price and the contracted repurchase price is accrued on a time proportion basis over the period of the contract and recorded as markup / interest expense.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.3.3 **Bai Muajjal**

Bai Muajjal transactions represent sales of Sukuk on a deferred payment basis and are shown in lendings to financial institutions except for transactions undertaken directly with the Government of Pakistan which are shown as investments. The difference between the deferred payment amount receivable and the carrying value at the time of sale is accrued and recorded as income over the life of the transaction.

4.3.4 **ECL against lendings to financial institutions**

An ECL provision is computed against lendings to financial institutions.

4.4 **Investments**

4.4.1 **Classification**

The Group classifies its investments, other than its investments in subsidiaries and associates, into the following categories:

- at FVTPL
- at FVOCI
- at Amortised Cost

Classification of Equity instruments

Equity securities that are traded in an active market and are held for trading purposes are classified as FVTPL. Equity securities that are not held for trading purposes are classified as FVOCI. classification decision is made on a case-by-case basis at the time of purchase and is documented. The Bank may categorize some equity securities of a company as FVOCI and other equity securities of the same company as FVTPL depending on its intention at the time of purchase. Gains and losses on disposal of securities classified as FVOCI are not recycled through the profit and loss account but are credited directly to retained earnings.

Classification of Debt Securities

Debt securities are classified based on their cash flow characteristics and business model assessment:

- **Amortised Cost:** Debt securities are classified at amortised cost if the objective is to hold the asset only for collecting contractual cash flows (principal and interest).
- **FVOCI:** Debt securities are classified at FVOCI when the objective is to collect contractual cash flows (principal and interest) and also to potentially sell the same depending on market conditions. Unrealized gains and losses on debt securities classified as FVOCI are reflected in other comprehensive income (OCI) and are recycled through the profit and loss account when the security is sold.
- **FVTPL:** Debt securities are classified as FVTPL if:
 - a. they do not have a fixed maturity or,
 - b. they are not classified either at amortised cost or as FVOCI

4.4.2 **Initial measurement**

All purchases and sales of investments that require delivery within the time frame established by regulations or market convention are recognised at the date on which the Group commits to purchase or sell the investment.

In the case of investments classified as FVTPL, transaction costs are expensed through the profit and loss account. Transaction costs associated with investments other than those classified as FVTPL are included in the cost of the investments.

4.4.3 **Subsequent measurement**

Unlisted equity securities

Unlisted equity securities are measured at the lower of cost and break-up value. The breakup value is calculated with reference to the net assets of the investee company as per its latest available financial statements.

Debt securities and listed equity securities classified as FVTPL

These securities are subsequently measured at fair value. Changes in the fair value of these securities are taken through the profit and loss account.

Debt securities and listed equity securities classified as FVOCI

These securities are subsequently measured at fair value. Changes in the fair value of these securities are recorded in OCI.

When a debt security is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the profit and loss account. When an equity security is derecognised, gains and losses previously recognised in OCI are not recycled through the profit and loss account but are transferred directly to retained earnings.

Debt securities classified at amortised cost

These are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method, less any impairment recognised to reflect irrecoverable amounts.

4.4.4 **Investments in associates**

Associates are accounted for using the equity method of accounting. Under the equity method, the investment is initially recognised at cost. The carrying amount is subsequently increased / decreased to recognize the investor's share of the investee's profit and loss and reserves subsequent to the date of acquisition. The share of the investee's profit and loss is recognised through the profit and loss account while the share of reserves is recognised through OCI.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.4.5 Impairment

ECL

An ECL provision is calculated on debt securities classified as FVOCI and at amortised cost in accordance with the requirements of IFRS 9. Pakistan Government securities denominated in Rupees are exempt from the application of this requirement.

Equity securities are not subject to impairment.

In countries where IFRS 9 is not applicable, provision against investments is calculated as per their local regulatory requirements.

Impairment of investment in associates

The Group considers that a decline in the recoverable value of its investments in associates below their carrying value may be evidence of impairment. Recoverable value is calculated as the higher of fair value less costs to sell and value in use. When the recoverable value falls below the carrying value, an impairment loss is recognised through the profit and loss account. A subsequent reversal of an impairment loss, up to the carrying value of the investment, is credited to the profit and loss account.

4.5 Advances

Advances are stated net of provisions / ECL.

Details of the basis for the calculation of ECL on domestic exposure are given in note 45.1.

Advances in local currency, guaranteed by the Government of Pakistan (GoP) are exempt from the ECL framework.

In certain overseas locations where IFRS 9 is applicable, if the provision computed under local regulations is higher than the ECL, the ECL is recorded through the profit and loss account and the additional provision required under local regulations is taken to an impairment reserve account within equity. In overseas locations where IFRS 9 is not applicable, provision against advances is made as per the requirements of the respective regulatory regimes in those locations.

Where advances include both a drawn and an undrawn component, the Group does not identify the ECL on the loan commitment component separately from those on the drawn component and instead presents a combined loss allowance for both components. The combined amount is presented as a provision against the gross carrying amount of the drawn component.

In case of subsidized loans to employees, the difference between the fair value of the loan and the amount disbursed is considered as an employee benefit. The income is recorded at the market rate, and the deferred employee benefit is recorded as a prepayment, which is then expensed over the tenor of the loan.

The Bank considers that it is appropriate to maintain an additional general provision on the domestic, funded performing credit portfolio excluding:

- Government guaranteed exposure
- Consumer and staff lending
- Exposure secured by cash / near cash collateral

This additional provision, as at any statement of financial position date, is based on Bank's best estimate and can be up to a maximum of 1% of the above-mentioned portfolio.

4.5.1 Finance lease receivables

Leases where the Group transfers a substantial portion of the risks and rewards incidental to the ownership of an asset to the lessee are classified as finance leases. A receivable is recognised at an amount equal to the present value of the future lease payments including any guaranteed residual value discounted at the rate implicit in the lease. The net investment in finance lease is included in advances.

4.5.2 Islamic financing and related assets

Murabaha financing is a cost-plus profit transaction. Funds disbursed for the purchase of goods are recorded as an advance against Murabaha. Once the goods are sold to the customer, the transaction is recorded as financing. Goods purchased by the Bank but remaining unsold are recorded as inventories.

The financing is recorded at the deferred sale price. Profit earned on financing is recognised as unearned income and amortised into the profit and loss account over the term of the Murabaha financing. It is possible for Bank to buy the inventory on customer's behalf and sell it to the customers on spot basis. In this case, the entire profit is recognised immediately in the profit and loss account.

Under Ijarah financing, the Bank transfers the rights to use an asset to the customer for an agreed period for an agreed consideration. Assets given under Ijarah are stated at cost less accumulated depreciation, residual value and impairment losses, if any. Depreciation is calculated on a straight-line basis over the term of the Ijarah after taking into account the estimated residual value. Impairment of Ijarah assets is recognised in line with the Prudential Regulations or upon the occurrence of an impairment event which indicates that the recoverable value of the Ijarah asset may be lower than its carrying value. The Ijarah rental received / receivable is recognised as income on an accrual basis.

Gains or losses on disposal of Ijarah assets are taken to the profit and loss account in the period in which they arise.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

For Running Musharakah the Bank and the customer enter a Musharakah (transaction or business partnership arrangement) where the Bank agrees to finance the operating activities of the customer's business and share the profit or loss at a pre-agreed ratio. Profit is provisionally recognised on an accrual basis and is adjusted once the customer declares the final profit after issuance of audited financial statements.

Under Diminishing Musharakah financing, the Bank and the customer create joint beneficial ownerships over tangible assets to fulfill the customer's capital expenditure / project requirements. The Bank receives periodic payments, partly for renting its portion of the assets to the customer and partly for the gradual transfer / sale of its share of ownership to the customer. The rental payment is recognised as profit while the asset transfer / sale payments are applied towards reducing the outstanding principal.

Under Istisna financing, the Bank gives an advance to customers for manufacturing goods and may allow their sale immediately after the goods are manufactured or set a pre-agreed time for the customer to sell the goods on deferred payment basis as the Bank's agent. Profit is recognised at the time when the goods are sold to the third party. In case of a deferred sale, the profit is recognised on an accrual basis over the term of the financing.

Under Tijarah financing, the Bank purchases finished goods from the customer against payment, takes possession and appoints the customer as an agent to sell the goods to the ultimate buyer, generally on a deferred payment basis. Goods purchased by the Bank and sold by the customer on a deferred payment basis are recognised as financing, while goods purchased by the Bank but remaining unsold by the customer are recorded as inventories. Profit on the financing is recognised on an accrual basis over the period of the transaction.

Wakalah is an agency contract in which the Bank provides a customer, funds to be invested in a Shariah compliant manner. This is recorded as financing and profit is recognised on an accrual basis and is adjusted once the customer declares the Wakalah business' performance.

Salam is a sale whereby the Bank undertakes to supply some specific commodity(ies) or asset(s) to the customer at a future date in exchange for an advance price fully paid on spot.

Currency Salam is an exchange or sale of a currency with another currency at a future date, at conversion rate within the spot range on the day of such contract execution.

Under Musawamah financing, the Bank purchases the goods and, after taking possession, sells them to the customer at an agreed price without disclosing the cost. Goods purchased by the Bank can either be sold to the customer as a spot transaction or on a deferred payment basis. Goods purchased by the Bank but remaining unsold are recorded as inventories.

4.6 Property and equipment

Property and equipment is stated at cost, except for land and buildings which are carried at revalued amounts, less any applicable accumulated depreciation and accumulated impairment losses.

Land, capital work-in-progress and works of art are not depreciated. Other items included in property and equipment are depreciated over their expected useful lives using the straight-line method. Depreciation is calculated so as to write down the assets to their residual values over their expected useful lives at the rates specified in note 10.2 to these consolidated financial statements. Depreciation on additions is charged from the month in which the assets are available for use. No depreciation is charged in the month in which the assets are disposed off. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each statement of financial position date.

Land and buildings are revalued by independent professionally qualified valuers with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. If an asset's carrying value increases as a result of revaluation, such increase or surplus arising on revaluation is credited to the surplus on revaluation of property and equipment account. However, if the increase reverses a deficit on the same asset previously recognised in the profit and loss account, such increase is also recognised in the profit and loss account to the extent of the previous deficit and thereafter, in the surplus on revaluation of property and equipment account. Any accumulated depreciation at the date of revaluation is eliminated against any additional surplus on revaluation and the net carrying value is restated at the revalued amount of the asset. If the asset's carrying value decreases as a result of a revaluation, such decrease is recognised as a reduction in the surplus on revaluation of property and equipment account or, if no surplus exists / remains, is charged to the profit and loss account as an impairment of that asset.

The surplus on revaluation of property and equipment (net of associated deferred tax) is transferred to unappropriated profit to the extent of the incremental depreciation charged on the related assets.

Normal repairs and maintenance are charged to the profit and loss account as and when incurred. However, major repairs and renovations that increase the useful life of an asset are capitalised.

Gains or losses arising on the disposal of property and equipment are included in the profit and loss account. Any surplus on revaluation (net of deferred tax) realised on disposal of property and equipment is transferred directly to unappropriated profit.

4.7 Right-of-use assets and their related lease liability

4.7.1 Right-of-use assets

On initial recognition, right-of-use assets (ROU) are measured at an amount equal to the initial lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to be incurred to restore the underlying asset or the site on which it is located to its original condition.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

ROU assets are subsequently stated at cost less any accumulated depreciation / accumulated impairment losses and are adjusted for any remeasurement of lease liability. Such remeasurement only occurs in cases where the terms of the lease are changed during the lease tenor.

ROU assets are depreciated using the straight-line method over a period starting from the commencement date of the lease contract to the end of the lease term or termination, whichever is earlier. The estimated useful lives of ROU assets are determined on the same basis as that for owned assets.

4.7.2 Lease liability against ROU assets

Lease liabilities against ROU assets are initially measured at the present value of the remaining lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, then at the applicable incremental borrowing rate. The lease liability is subsequently measured at amortised cost using the effective interest rate method.

Each lease payment is allocated between a reduction of the liability and a finance cost. The finance cost is charged to the profit and loss account as markup expense over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

4.8 Intangible assets

4.8.1 Intangible assets other than goodwill

Intangible assets having a finite useful life are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Such intangible assets are amortised over their estimated useful lives using the straight-line method. Amortisation is calculated so as to write down the assets to their residual values over their expected useful lives at the rates stated in note 12.1 to these consolidated financial statements. Amortisation on additions is charged from the month in which the assets are available for use. No amortisation is charged in the month in which the assets are disposed off. The residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, at each statement of financial position date.

Intangible assets which arise from contractual or other legal rights on the acquisition of another entity and are deemed separable are considered as part of the net identifiable assets acquired. These are initially measured at fair value. Intangible assets with a finite useful life are amortized over their expected useful lives and are stated at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets having an indefinite useful life are stated at cost less impairment, if any. Such intangible assets are tested for impairment annually, or whenever there is an indication of impairment, as per the requirements of IAS 36, Impairment of Assets. An impairment charge in respect of intangible assets is recognised through the profit and loss account. Any subsequent reversal of an impairment loss, up to the extent of the impairment, is credited to the profit and loss account.

4.8.2 Goodwill

Goodwill arises in a business combination and is initially recognised at fair value as the excess of the purchase price paid over the fair value of the specifically identifiable tangible and intangible assets and liabilities acquired. Goodwill is subsequently carried at its initially recorded amount less impairment, if any. Goodwill is tested for impairment annually, or whenever there is an indication of impairment, as per the requirements of IAS 36, Impairment of Assets. An impairment charge in respect of goodwill is recognised through the profit and loss account.

4.9 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation and impairment, if any. These assets are revalued with sufficient regularity by professionally qualified valuers to ensure that their net carrying value does not differ materially from their fair value. An increase in the market value over the acquisition cost is recorded as a surplus on revaluation. A decline in the market value is adjusted against the surplus of that asset or, if no surplus exists, is charged to the profit and loss account as an impairment. A subsequent increase in the market value of an impaired asset is reversed through the profit and loss account up to the extent of the impairment and thereafter credited to the surplus on revaluation of that asset. All direct costs of acquiring title to the asset are charged immediately to the profit and loss account.

Depreciation on assets acquired in satisfaction of claims is charged to the profit and loss account on the same basis as depreciation charged on the Group's owned property and equipment.

If the recognition of such assets results in a reduction in non-performing loans, such reductions and the corresponding reductions in provisions held against non-performing loans are disclosed separately.

These assets are generally intended for sale. Gains and losses realised on the sale of such assets are disclosed separately from gains and losses realised on the sale of property and equipment. Surplus on revaluation (net of deferred tax) realised on disposal of these assets is transferred directly to unappropriated profit.

However, if such an asset, subsequent to initial recording, is used by the Group for its own operations, the asset, along with any related surplus, is transferred to property and equipment.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.10 **Borrowings / deposits**

Borrowings / deposits are classified at amortised cost and are recorded at the fair value of consideration received. The cost of borrowings / deposits is recognised as an expense on an accrual basis in the period in which it is incurred.

4.11 **Subordinated debt**

Subordinated debt is classified at amortised cost and is recorded at the fair value of consideration received. Mark-up accrued on subordinated debt is charged to the profit and loss account.

4.12 **Acceptances**

Acceptances comprise undertakings by the Group to pay bills of exchange drawn on customers. Acceptances are recognised as a financial liability in the statement of financial position with the contractual right of reimbursement from the customer recognised as a financial asset.

Acceptances, other than those denominated in local currency and guaranteed by the GoP, are recorded net of ECL.

4.13 **Employee benefits**

The Bank operates a number of post-retirement benefit plans, which include both defined contribution plans and defined benefit plans.

For defined contribution plans, the Bank pays contributions to the fund on a periodic basis, and such amounts are charged to the profit and loss account when the payment obligation is established. The Bank has no further payment obligations once the contributions have been paid.

For funded defined benefit plans, the liability recognised in the statement of financial position is the present value of the defined benefit obligations less the fair value of plan assets as at the statement of financial position date. Contributions to the fund are made by the Bank on a periodic basis.

For non-funded defined benefit plans, the liability recognised in the statement of financial position is the present value of the defined benefit obligations as at the statement of financial position date.

The liability in respect of all obligations under defined benefit schemes is calculated annually by an independent actuary using the Projected Unit Credit Method.

Actuarial gains and losses

Actuarial gains and losses that arise out of experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income with no subsequent recycling through the profit and loss account. However, actuarial gains and losses on remeasurement of the liability for compensated absences are recognised in the profit and loss account.

Past Service Cost

Past service cost is the change in the present value of the defined benefit obligation resulting from a plan amendment and is recognised through the profit and loss account when the plan is amended.

Current Service Cost

Current service cost is the increase in the present value of the defined benefit obligation resulting from employee service in the current period, and is recognised through the profit and loss account.

4.14 **Foreign currency**

4.14.1 **Foreign currency transactions**

Transactions in foreign currencies are translated into rupees at the foreign exchange rates prevailing on the transaction date. Monetary assets and liabilities denominated in foreign currency are translated into rupees at the rates of exchange prevailing on the date of the statement of financial position. Forward transactions in foreign currencies and foreign bills purchased are translated at forward foreign exchange rates applicable to their respective maturities.

4.14.2 **Foreign operations**

The assets and liabilities of foreign operations are translated to Pakistani rupees at exchange rates prevailing on the date of the statement of financial position. The income and expenses of foreign operations are translated to Pakistani Rupees at average rates of exchange prevailing during the year.

Goodwill arising on the acquisition of an entity by an overseas subsidiary is treated as an asset of the overseas subsidiary and is translated at foreign exchange rates prevailing on the date of the statement of financial position.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.14.3 Translation gains and losses

Gains and losses arising from foreign currency translations are taken to the profit and loss account, except those arising from the translation of the net investment in foreign branches, associates and subsidiaries, which are recognized through the statement of other comprehensive income as an Exchange Translation Reserve (ETR). Balances in the ETR are only taken to the profit and loss account on disposal of the investment.

4.14.4 Contingencies and Commitments

Commitments for outstanding forward foreign exchange contracts are disclosed in the financial statements at contracted rates. Contingent liabilities / commitments denominated in foreign currencies are expressed in rupee terms at the rates of exchange prevailing on the date of the statement of financial position.

4.15 Income recognition

Revenue is recognised to the extent that the economic benefits associated with a transaction will flow to the Group and the revenue can be reliably measured.

4.15.1 Advances and investments

Income on performing advances and debt securities is recognised on a time proportion basis as per the terms of the contract. Where debt investment securities are purchased at a premium or discount, such premium / discount is amortised through the profit and loss account over the remaining maturity of the debt security using the effective yield method.

Income recoverable on classified advances and investments is recognised on a receipt basis. Income on rescheduled / restructured advances and investments is recognised as permitted by SBP regulations or by the regulatory authorities of the countries in which the Group operates.

4.15.2 Lease financing

Income from lease financing is accounted for using the financing method. Under this method, the unearned lease income (defined as the sum of total lease rentals and estimated residual value less the cost of the leased assets) is taken to income over the term of the lease so as to produce a constant periodic rate of return on the outstanding net investment in the lease. Gains and losses on termination of lease contracts are recognised through the profit and loss account when these are realised. For classified leases, unrealised lease income and other fees are recognised on a receipt basis.

4.15.3 Fee, Commission and Brokerage Income

Fee, commission and brokerage income is recognised on an accrual basis.

4.15.4 Dividend income

Dividend income is recognised when the right to receive the dividend is established.

4.16 Taxation

Income tax expense comprises of the charge for current and prior years and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to items which are recognised, net of tax, directly in equity.

4.16.1 Current

The charge for current taxation is calculated on taxable income earned during the year from domestic as well as foreign operations using tax rates enacted as at the date of the statement of financial position.

4.16.2 Prior years

The charge for prior years represents adjustments to the tax charge for prior years, arising from assessments, changes in estimates, and retrospectively applied changes to law, made during the current year.

4.16.3 Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the amounts attributed to assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deductible temporary differences (deferred tax assets) are temporary differences that are deductible from the taxable income of future periods when the carrying amount of the underlying asset or liability is recovered or settled. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized.

Taxable temporary differences (deferred tax liabilities) are temporary differences that will result in a tax liability in future periods when the carrying amount of the asset or liability is recovered or settled.

Deferred tax is calculated at the tax rates that are expected to be applicable to the temporary differences when they reverse, based on laws that have been enacted or substantively enacted as at the date of the statement of financial position.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The Bank also records a deferred tax asset / liability on items recognised directly in the statement of comprehensive income such as surplus / deficit on revaluation of assets and actuarial gains / losses. These items are disclosed net of the related deferred tax asset / liability.

Deferred tax assets are reviewed annually for impairment. Where objective evidence exists that the carrying value of a deferred tax asset may not be recoverable, the deferred tax asset is reduced to its recoverable value. The difference between the carrying value and the recoverable value is recognised through the profit and loss account as a deferred tax expense.

4.17 **Impairment of non-financial assets**

The carrying values of non-financial assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If such indication exists, the recoverable value of the asset is estimated. An impairment loss is recognised through the profit and loss account whenever the recoverable value of an asset is lower than its carrying value.

A subsequent increase in the recoverable value of the asset results in a reversal of the impairment loss through the profit and loss account, up to the original carrying value of the asset, if the reversal can be objectively related to an event occurring after the impairment loss was recognised.

A provision is also recognised on other assets where the chances of recovery of those balances are very low.

4.18 **Provisions**

Provisions are recognised when the Group has present legal or constructive obligations as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

Off-balance sheet obligations, other than those denominated in local currency and guaranteed by the GoP, are recorded net of ECL. When estimating lifetime ECL for undrawn loan commitments, the Bank estimates the expected portion of the loan commitment that will be drawn down over its expected life.

Provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimate.

4.19 **Write-off**

Financial assets are written off in line with the Bank's policy when there are no realistic prospects of recovery. The write offs does not, in any way, prejudice the Bank's right of recovery from these customers.

4.20 **Contingent Liabilities**

Contingent liabilities are not recognised in the statement of financial position as they are possible obligations where it has yet to be confirmed whether a liability, which will ultimately result in an outflow of economic resources to settle the obligation, will arise. In cases where the probability of an outflow of economic resources is considered remote, based on legal / professional opinions or other relevant assessments, it is not disclosed as a contingent liability.

4.21 **Off setting**

Financial assets and financial liabilities are set-off and the net amount is reported in the consolidated financial statements when there is a legally enforceable right to set-off and the Group intends either to settle on a net basis, or to realise the assets and to settle the liabilities simultaneously.

4.22 **Derivative Financial Instruments**

Derivative financial assets and liabilities are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently measured at their fair values using appropriate valuation techniques. Derivative financial instruments are carried as an asset when their fair value is positive and as a liability when their fair value is negative. Any change in the fair value of derivative financial instruments is taken directly to the profit and loss account.

4.23 **Dividends and appropriation to reserves**

Dividends and appropriations to reserves, which are approved subsequent to the date of the statement of financial position are, except where required by law, recognised in the year in which these are approved and disclosed as a non-adjusting event after the balance sheet date.

4.24 **Earnings per share**

The Group presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing profit after tax for the year attributable to equity holders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is not calculated separately, as the Bank does not have any convertible instruments in issue.

	- PICIC Asset Management Company (PICIC AMC)		12.3.2	355,507	355,507
				4,671,574	4,781,314

12.3.1 The carrying value of goodwill is determined in accordance with IFRS 3 - Business Combinations and IAS 36 - Impairment of Assets. Goodwill arose on the acquisition of Habibsons Bank Limited in 2011 and represents the excess of the purchase consideration over the fair value of the assets acquired less the liabilities and contingent liabilities assumed on the date of the acquisition. Goodwill is tested annually for impairment, or more frequently when there are indications that impairment may have occurred.

Goodwill is allocated to the Wealth Management cash generating unit (CGU) which is the segment that is expected to benefit from the synergies of the acquisition. Goodwill is considered to be impaired if the carrying amount of the CGU exceeds its recoverable amount. The recoverable amount is calculated as the higher of the CGU's value-in-use (VIU) and its fair value less costs to sell.

The recoverable value of goodwill was determined based on VIU calculations. VIU is calculated as the present value of the CGU's approved pre-tax cash flows, covering a period of five years and a terminal value based on a perpetuity, calculated using long-term GDP growth rates. All cash flows are discounted using a discount rate which reflects the risks appropriate to the CGU. As at December 31, 2024, the recoverable value of the CGU exceeded its carrying amount.

The following table sets out the key assumptions which were used for the determination of the VIU of goodwill. These are consistent with industry forecasts and are management's best estimates of the future performance of the segment.

	2024	2023
Advances growth rate	31.01%	(8.57%)
Yield on advances	4.60%	5.05%
Yield on surplus funds	3.22%	4.13%
Deposits growth rate	4.93%	3.21%
Cost of deposits	0.98%	1.05%
Long term weighted average growth rate	1.85%	2.08%
Pre-tax discount rate	9.69%	9.29%

12.3.2 The carrying value of goodwill and management rights is determined in accordance with IFRS 3 - Business Combinations and IAS 36 - Impairment of Assets. Goodwill and management rights arose on the acquisition of PICIC AMC by HBL AMC in 2016. Management rights represent the present value of the income stream from the rights to manage the acquired funds. Goodwill represents the excess of the purchase consideration over the fair value of the tangible and intangible assets acquired less the liabilities and contingent liabilities assumed on the date of the acquisition. Goodwill and management rights are tested annually for impairment, or more frequently when there are indications that impairment may have occurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The funds under management acquired from PICIC AMC have been considered as one CGU. Goodwill and/or management rights are considered to be impaired if the carrying amount of the CGU exceeds its recoverable amount. The recoverable amount for both goodwill and management rights is calculated as the higher of the CGU's VIU and its fair value less costs to sell.

The recoverable value was determined based on VIU calculations. VIU is calculated as the present value of the CGU's approved pre-tax cash flows, covering a period of ten years, and a terminal value based on a perpetuity, calculated using long-term GDP growth rates. All cash flows are discounted using a discount rate which reflects the risks appropriate to the CGU. As at December 31, 2024, the recoverable value of the CGU exceeded its carrying amount.

24 DERIVATIVE INSTRUMENTS

A derivative is a financial instrument whose value changes in response to changes in a specified rate, price, index or similar variable, sometimes called the underlying. Derivatives include forwards, futures, swaps, options and structured financial products that have one or more of the characteristics of forwards, futures, swaps and options.

The Bank, as an Authorized Derivative Dealer (ADD), is an active participant in the Pakistan derivatives market. The ADD license covers only transactions permitted under the Financial Derivatives Business Regulations issued by the SBP, which are:

- (a) Foreign Currency Options
- (b) Forward Rate Agreements
- (c) Interest Rate Swaps

The Bank also offers other derivative products such as Cross Currency Swaps to satisfy customer requirements, for which specific approval is sought from the SBP on a transaction by transaction basis.

These transactions cover the aspects of both market making and hedging. The risk management processes and policies related to derivatives are disclosed in note 45.6 to these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

34.2 The income tax returns of the Bank have been submitted up to and including for the accounting year 2023. The tax returns submitted are deemed assessments under section 120 of the Income Tax Ordinance, 2001.

The Income Tax Department has amended the assessments of the Bank for prior years, up to and including for the year 2022. The amendments mainly relate to gain on translation of net investment in foreign branches, taxable income subject to enhanced rate, retirement benefits, and provisions against loans and advances, investments and other assets. These matters are at various stages of appeal with the appellate authorities. The management of the Bank, in consultation with its tax advisors, is confident that the decisions in respect of these appeals would be in the Bank's favor.

The income tax returns of the Bank's Azad Kashmir, Gilgit-Baltistan and overseas branches have been submitted up to and including for the accounting year 2023. The tax returns submitted in Azad Kashmir and Gilgit Baltistan are considered as deemed assessments under section 120 of the Income Tax Ordinance, 2001.

The income tax returns of domestic and overseas subsidiaries have been submitted to the respective tax authorities up to and including for the accounting year 2023.

During the year 2023, a windfall tax was imposed on the foreign exchange income of the Bank for the years 2021 and 2022. The aggregate tax liability for both years, if calculated in the manner specified, amounts to Rs. 4,865 million against which a recovery notice has also been issued by the tax department.

The Bank had filed a Constitutional Petition before the High Court of Sindh, challenging the operation of the S.R.O 1588 (I)/2023 dated November 21, 2023 imposing the windfall tax. The Court had suspended the operation of the said S.R.O. Similar orders have also been passed by the High Courts of Lahore, Islamabad and Peshawar for other banks. Subsequent to the year-end, the High Court of Sindh has passed a decision against the Bank rejecting the challenge raised by the petitioner banks. The Bank plans to challenge this judgment before the Supreme Court on legal, constitutional and procedural grounds. The management, based on legal advice, is confident that the banks' view is likely to prevail and as such, no provision is required in these financial statements.

38 POST RETIREMENT BENEFITS

38.1 DEFINED BENEFIT SCHEMES - DOMESTIC

The Bank operates the following schemes for its domestic employees.

38.1.1 Pension Fund

The Bank operates an approved funded pension scheme for employees who retire from or expire during service, and is applicable to:

- Clerical employees who opted for this scheme when it was introduced in 1974 and those who joined after this date.
- Management employees who joined the Bank prior to the introduction of the scheme and opted for the scheme when it was introduced.
- Management employees who joined the Bank during the period from May 01, 1977 to December 31, 2001.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

For clerical employees, the benefit is based on their actual years of service and their basic salary at the time of retirement.

For management employees, the benefit is based on their years of service up to March 31, 2005, and their basic salary as on March 31, 2014. For service subsequent to this date (i.e., from April 01, 2005), they are entitled to the Bank's contributory provident fund (refer note 38.2.1) and the contributory gratuity fund (refer note 38.2.2).

All eligible employees are entitled to a certain minimum pension as per applicable rules.

38.1.2 **Benevolent Fund**

The Bank operates an approved funded benevolent fund scheme for all employees who joined on or before December 31, 2018 and who retire from or expire during service. Under this scheme, a fixed monthly subscription is made by employees by way of a salary deduction and a matching monthly subscription is made by the Bank. All eligible employees are entitled to receive a fixed monthly amount or a one-time lump sum payment in lieu of a fixed monthly amount, as per the rules of the Fund. Clerical employees are additionally entitled to marriage and funeral grants during the period of their service as specified in the rules of the Fund.

38.1.3 **Post-Retirement Medical Benefits**

The Bank operates a non-funded scheme for post-retirement medical benefits for all employees.

All clerical employees receive this benefit in the form of reimbursements when incurred.

Management employees who retired prior to January 01, 2006, receive this benefit in the form of reimbursements when incurred. Management employees who retire on or after this date receive a lump-sum payment as a full and final settlement.

38.1.4 **Compensated Absences**

The Bank operates a non-funded scheme for compensated absences. This is applicable to those employees who were in the service of the Bank as of December 31, 2008, and who had accumulated leave balances up to a maximum of 365 days as at that date. Employees are entitled to proceed on Leave Prior to Retirement (LPR) up to their accumulated leaves or up to 365 days, whichever is less, while continuing to receive their gross salary. This benefit vests on retirement or, in the case of premature retirement, on the completion of 30 years of service. In the case of expiry during service, the employee's family receives cash equivalent to 180 days or 50% of their accumulated leave balance, whichever is lower.

Employees may be required by the Bank to continue working during the whole or part of their LPR period during which they continue to receive their gross salary. Such employees are additionally entitled to leave encashment amounting to 50% of this period up to a maximum of 180 days.

Clerical employees have the option of encashing 50% of their accumulated leave balance, up to a maximum of 180 days, instead of proceeding on LPR.

38.1.5 **Other Post-Retirement Benefits**

The Bank offers an additional retirement benefit to all employees at the senior manager and higher levels. Under this scheme, a lump sum amount equal to six months of house rent allowance, utilities allowance, car benefit allowance and conveyance allowance is paid to the executive on retirement. In case of expiry of an executive during service, an additional six months of house rent allowance is paid to the family along with the above-mentioned benefits.

38.1.6 **Pension and Life Assurance Scheme**

The Bank operates a pension and life assurance scheme for those employees who joined its UK operations prior to December 26, 2001. The scheme was established with effect from May 01, 1978, under a Trust Deed of that date and is governed by that Trust Deed together with various supplemental and amending deeds executed over the lifetime of the scheme.

The triennial actuarial valuation as at May 01, 2022, revealed a deficit of £2.373 million under the Statement of Funding Principles (SFP). The Bank is in the process of obtaining regulatory approvals to remit this amount.

38.1.9.12 Funding Policy

The Bank endeavors to ensure that any liabilities under funded employee benefit schemes are covered by the assets of the Fund on any valuation date, based on actuarial assumptions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

38.1.9.13 The significant risks associated with the defined benefit schemes are as follows:

Mortality risks

The risk that the actual mortality experience is different. The impact depends on the beneficiaries' service / age distribution and the benefit.

Investment risks

The risk that the investments of the Funds will underperform and not be sufficient to meet the liabilities.

Final salary risks

The risk that the final salary at the time of cessation of service is higher than what was assumed. Since the benefit is calculated based on the final salary, the benefit amount increases similarly.

Withdrawal risks

The risk that withdrawals from the plan will be higher or lower than assumed. The impact depends on the beneficiaries' service / age distribution and the benefit.

38.2 DEFINED CONTRIBUTION SCHEMES - DOMESTIC

38.2.1 Provident Fund

The Bank operates an approved provident fund scheme for all clerical employees and for management employees hired on or after January 01, 2002. Management employees hired up to December 31, 2001, who are covered by the Bank's pension scheme (refer note 38.1.1 above) also became eligible for the Bank's contributory provident fund benefits effective April 01, 2005.

For management employees, the Bank and the employee each make monthly contributions of 7% of basic salary to the fund.

For clerical employees, only the employee makes a monthly contribution of 12% of basic salary to the fund.

Payments are made to employees on retirement, death, resignation and discharge as specified in the rules of the Fund.

This scheme covers 14,004 employees (2023: 14,838 employees).

40. FAIR VALUE MEASUREMENTS

The fair values of traded investments are based on quoted market prices.

Unquoted equity investments are carried at the lower of cost or break-up value of the investee company. The fair value of the same is not required to be calculated.

The fair value of unquoted debt securities, fixed term advances, fixed term deposits and borrowings, other assets and other liabilities, cannot be calculated with sufficient reliability due to the absence of a current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments and therefore, are not reported as part of this disclosure.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since they are either short-term in nature or, in the case of customer advances, deposits and certain long term borrowings, are frequently repriced.

All assets and liabilities for which fair value is measured or disclosed in these consolidated financial statements are categorised within the following fair value hierarchy based on the lowest level input that is significant to the fair value measurement:

Level 1 - Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Fair value measurements using inputs, other than quoted prices included within Level 1, that are observable for the assets or liabilities either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Fair value measurements using inputs that are not based on observable market data.

Valuation techniques used in determination of fair values within Level 2 and Level 3

Federal Government securities	The fair values of Federal Government securities are determined on the basis of rates / prices taken from Reuters.
Non-Government debt securities	Non-Government debt securities denominated in Rupees are valued on the basis of rates announced by the Mutual Funds Association of Pakistan (MUFAP). Non-Government debt securities denominated in other currencies are valued on the basis of rates taken from Bloomberg / Reuters.
Foreign Government debt securities	The fair values of foreign Government debt securities are determined on the basis of rates taken from Bloomberg/ Reuters.
Listed equity securities	The fair value of equity securities is calculated using the market price, adjusted for appropriate discount, if any.
Units of mutual funds	The fair values of units of mutual funds are determined based on their net asset values as published at the close of each business day.
Derivatives	The Group enters into derivatives contracts with various counterparties. Derivatives that are valued using valuation techniques based on market observable inputs are mainly interest rate swaps and cross currency swaps. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations.
Forward foreign exchange contracts and Forward Government securities transactions	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Property and equipment and non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets.

40.1 Fair value of financial assets

The following table provides the fair values of those of the Group's financial assets that are recognised or disclosed at fair value in these consolidated financial statements:

- 44.1 During the year, the SBP, through its letter No. BSD-2/Bank/HBL/749858/2024 dated August 29, 2024, has reduced the D-SIB buffer requirement for the Bank from 1.50% to 1.00%.
- 44.2 For the purpose of calculating CAR, the SBP has allowed banks to phase in the impact on opening retained earnings of the ECL calculated for financial assets classified as stage 1 and stage 2. The phasing is allowed over a period of five years. Had there been no such relaxation, the Group's total CAR would have been lower by 36 bps and the Leverage Ratio would have been lower by 12 bps.

44.3 Capital management

The Group's policy is to maintain a strong capital base to maintain investor, depositor, creditor and market confidence and to sustain future development of the business, while providing adequate returns to shareholders.

The Group's lead regulator, the SBP, sets and monitors capital requirements for the Bank and for the Group as a whole. The Bank's branches and subsidiaries outside Pakistan are required to follow capital requirements applicable in their respective jurisdictions.

The SBP, through BSD Circular No. 07 dated April 15, 2009, has required that Banks should maintain a minimum paid-up capital of Rs. 10 billion (net of accumulated losses). The paid-up capital of the Bank as at December 31, 2024 stood at Rs. 14.669 billion (2023: Rs. 14.669 billion) and is in compliance with SBP requirements.

The Group and its individually regulated operations are in compliance with all applicable capital requirements.

The Group's regulatory capital is classified as follows:

- Tier 1 capital comprises of CET 1 and AT 1 capital.
- CET1 capital includes fully paid-up capital, balance in share premium account, reserves, unappropriated profit and non-controlling interest meeting the eligibility criteria.
- AT 1 capital includes perpetual TFCs meeting the prescribed SBP criteria.
- Tier 2 capital includes general provisions for loan losses, surplus / (deficit) on revaluation of property and equipment and surplus / (deficit) on revaluation of investments.

Banking operations are categorised as either Trading Book or Banking Book.

- On and off-balance sheet exposures in the banking book are segregated into various asset classes for the calculation of credit risk weighted assets using risk weights for each asset class as specified by the SBP.
- The Group calculates the capital requirements for market risk in its trading book based on the methodology provided by the SBP, which takes into account interest rate risk using the maturity method, equity position risk and foreign exchange risk.

44.4 The full disclosures on the Capital Adequacy Ratio, Leverage Ratio & liquidity requirements calculated as per SBP instructions issued from time to time have been placed on the Bank's website. The link to the full disclosure is available at <https://www.hbl.com/capitalandliquidity>.

45 RISK MANAGEMENT FRAMEWORK

HBL has a well-developed and robust risk management framework, appropriate for its size, regional and target market diversification and complexity of operations. The Bank's risk management framework includes a clearly documented risk appetite, well-articulated policies and procedures and multi-tier management supervision, supported by strong Board oversight.

The Board of Directors provides the strategic direction for effective risk management and ensures that the risk management framework covers all aspects of the Bank's operations, including human resources, policies, procedures, and systems, and is updated regularly to safeguard the Bank against emerging risks. It is supported in this task by the Board Risk Management Committee (BRMC) as well as by various management committees.

For effective implementation of the risk management framework, the Risk Management function, headed by the Chief Risk Officer (CRO), operates independently of the business units within the Bank. Risk Management is responsible for setting the risk appetite, the development and implementation of risk policies and for monitoring the risks associated with various activities of the Bank. The CRO reports to the President, with a functional reporting line to the BRMC.

The Risk Management function comprises of the following areas:

- Credit Approvals
- Credit Administration
- Market Risk & Financial Risk Modeling
- Enterprise Risk Management
- Risk Corporate Governance

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

45.1 Credit risk management

Credit risk is defined as the risk of financial loss stemming from a borrower's failure to repay a loan or otherwise meet a contractual obligation. While loans are the largest and most obvious source, credit risk also stems from both on and off-balance sheet activities. The Bank's credit risk appetite is defined through a Global Risk Appetite Statement that is approved by the Board. It also covers the concentration risks the Bank is willing to take with reference to risk ratings, sectors and large exposures. The credit process at the Bank is governed by well-defined and documented credit policies and procedures including specific, separate policies for consumer lending, agriculture banking and SME financing. Certain types of exposures/facilities are managed under product programs that contain their own detailed credit criteria, and compliance and documentation requirements.

The core pillars of credit risk management at the Bank are:

- Approval rules based on a three-initial system and joint Business / Risk sign-offs.
- An independent Internal Audit function which includes a Business Risk Review (BRR) unit.

Credit approval authorities are delegated to individuals based on their qualifications and experience. Disbursement authorization, collateral and security management, documentation and monitoring are managed by the Credit Administration Department. Proactive monitoring is ensured for assets under stress, enabling the Bank to implement viable solutions to prevent further deterioration in credit quality. An independent Structured Credits and Remedial Assets function handles stressed assets and ensures a focused remedial strategy.

A loan origination system has now been firmly embedded in most of the domestic businesses and in some international locations, allowing system-based loan origination, approvals and archiving of approver comments.

Stress testing of the credit portfolio is performed in line with SBP guidelines. In addition to the mandatory stress tests defined by the regulator, the Bank has also developed advanced stress tests for credit risk including macroeconomic stress tests and reverse stress tests to test the adequacy of the Bank's capital under various stress conditions. The Bank also regularly conducts rapid portfolio reviews in line with emerging risks.

BRR performs an independent review of the credit portfolio. It provides an assessment of portfolio quality by reviewing the efficacy of the relevant processes, ensuring regulatory / policy compliance, and assessing the appropriateness of risk ratings, classification and provisioning.

The Bank has undertaken several initiatives to strengthen its credit risk management framework including the establishment of a Financial Risk Modelling & Stress Testing unit responsible for the development of credit risk scorecards and internal risk rating (obligor risk rating and facility risk rating) models. This unit also develops all IFRS 9 related models, including Probability of Default (PD) and Loss Given Default (LGD). The models are updated periodically and the results are used for ECL calculations.

For the rated portfolio, the PD is estimated using the theory of the Markov Chain process which uses information regarding transitions between internally developed Obligor Risk Ratings (ORRs) (from 1 to 12). For the unrated portfolio, Roll Rate Estimation is used to calculate PDs by DPD bucket for each segment.

The computation of ECL is sensitive to macroeconomic variables such as GDP growth rate, inflation, and interest rates. For the computation of forward-looking PDs, the Bank uses forecasted macroeconomic data from independent external sources. The Bank regularly reviews and updates PD models to reflect changes in economic conditions.

The Bank uses the Frye-Jacobs approach to convert through the cycle LGD to a forward-looking point in time LGD. The parameters used to estimate through the cycle LGD are based on the historical trend of the Bank's recovery rates and the time periods over which these recoveries are realized. These parameters are then applied to current exposures, and the result discounted to determine the present value of potential recoveries and hence the estimated loss on defaulted accounts.

For estimation of EAD where committed amounts are not unconditionally cancellable, a CCF, derived from a study of historical patterns, is applied to the undrawn amounts. For portfolios where a CCF cannot be computed due to data limitations, the CCF defined under the Basel guidelines is applied.

These models are reviewed and validated independently by a Model Risk Management unit within the Enterprise Risk Management function. The performance of these models is monitored periodically through statistical tools and back testing.

Staging and ECL calculations

The ECL requirements apply to financial assets measured at amortized cost and at FVOCI (other than equity instruments), and certain loan commitments and financial guarantee contracts. Financial assets are grouped together based on their shared risk characteristics.

A Significant Increase in Credit Risk (SICR) is said to have occurred if there is an increase in the risk of a default occurring over the life of the financial instrument compared to the risk of default expected at the time of initial recognition. The Bank uses a number of qualitative and quantitative measures in assessing SICR including, inter alia, a deterioration in Obligor Risk Ratings (ORR), payments being past due, unavailability of financial information and pending litigation.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

For calculating ECL, the Bank classifies its financial assets under the following three categories:

- Stage 1 - Performing assets: For financial assets where there has not been a SICR since initial recognition, the Bank recognises an impairment allowance based on the 12-month ECL.
- Stage 2 - Underperforming assets: For financial assets where there has been a SICR since initial recognition, but which are not credit impaired, the Bank recognises an impairment allowance based on lifetime ECL.
- Stage 3 - Non-performing assets: For financial assets which have evidence of credit impairment at the reporting date, the Bank recognises ECL using the higher of (a) the total lifetime ECL and (b) the corresponding provision required as per the Prudential Regulations.

45.1.1 Credit risk - general disclosures

The Bank follows the Standardized Approach for its credit risk exposures, which sets out fixed risk weights corresponding to external credit ratings or type of exposure, whichever is applicable.

Under the Standardized Approach, the capital requirement is based on the credit rating assigned to counterparties by External Credit Assessment Institutions (ECAs) duly recognized by the SBP. The Bank selects different ECAs for each type of exposure. The Bank utilizes credit ratings assigned by Pakistan Credit Rating Agency (PACRA), Vital Information Services (VIS), Fitch, Moody's and Standard & Poor's (S&P). The Bank also utilizes rating scores of Export Credit Agencies (ECAs).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

45.1.2 Credit Risk Mitigation under the Standardized Approach

The Bank has adopted the Simple Approach for Credit Risk Mitigation in the banking book. Under this approach, cash, deposits under lien, Government securities and eligible guarantees etc. are considered as eligible collateral. The Bank has detailed guidelines regarding the valuation and management of each of these types of collateral. Where the Bank's exposure to an obligor is wholly or partially guaranteed by an eligible guarantee, the risk weight / credit rating of the guarantor is substituted for the risk weight of the obligor up to the guaranteed amount.

No credit risk mitigation benefit is taken in the trading book.

For each asset class, the risk weights as specified by the SBP or corresponding to the SBP rating grades are applied to the net exposure for the calculation of Risk Weighted Assets.

45.1.3 Country Risk

Country Risk is the risk that an event in a country (precipitated by developments within or external to a country) will impair the value of HBL's franchise or will adversely affect the ability of obligors within that country to honour their obligations to the Bank. The Bank has in place a comprehensive Country Risk Policy applicable to domestic and international branches. Country risk limits are approved after detailed due diligence and risk assessment of the country by considering political risk, economic and environmental factors, contagion risk and ratings assigned by international rating agencies, where available.

Transactions that generate cross-border risk are carried out only with countries for which approved limits are in place. These limits are approved at Head Office and allocation to international branches is extended from the approved limits. Country risk exposures are reported to the BRMC on a quarterly basis.

45.2 Market Risk Management

Market risk is the risk that the fair value of a financial instrument will fluctuate due to movements in market prices. It results from changes in interest rates, exchange rates and equity prices as well as from changes in the correlations between them. Each component of market risk consists of a general market risk and a specific market risk that is driven by the nature and composition of the portfolio.

The Bank is exposed to market risk in several ways. The largest component is Interest Rate Risk in the Banking Book, which refers to the interest rate risk that the Bank is exposed to due to mismatches in the repricing of its on-balance sheet assets and liabilities. The Bank also has a Trading Book in which the assets are marked-to-market through the profit and loss account.

The objective of the Bank's market risk management strategy is to assess an acceptable level of risk for each market variable (as stated in the Bank's Risk Appetite Statement), and to manage the risk arising from fluctuations in these variables to optimize the Bank's income streams.

Treasury and Global Markets proactively manages exposures. The Bank's ALCO provides governance with respect to market risk exposures and limits, while monitoring and measurement is carried out by Market Risk Management (MRM). MRM provides a dynamic and proactive approach to market risk monitoring, including the use of tools such as portfolio sensitivity, scenario analysis, stress testing and the use of Management Action Triggers (MAT) and limits.

45.2.2 Foreign Exchange Risk

Foreign exchange risk is the risk that the fair value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Bank's assets in a particular currency are typically funded in the same currency to minimize foreign currency exposure. However, the Bank maintains a net open position in various currencies resulting from its transactions. The Bank manages this risk by setting and monitoring currency-wise exposure limits which are approved by ALCO, within the overall limit advised by the SBP.

45.2.3 Equity Position Risk

Equity position risk is the risk that the fair value of a financial instrument will fluctuate as a result of changes in the prices of individual stocks or the levels of equity indices.

The Bank holds equity investments in both the FVOCI and FVTPL portfolios. The realization of short-term capital gains is the principal objective of the FVTPL portfolio while the FVOCI portfolio is held primarily to earn dividend income. The portfolios are managed by the Bank within the structure encapsulated in the Equity Investment Policy approved by the Board, which defines position limits, portfolio limits and loss triggers for the equity desk. The Bank also applies stress tests on the equity portfolio to ensure that the exposure remains within the market risk appetite of the Bank.

45.2.4 Interest Rate Risk

Interest rate risk arises due to changes in interest rates, including changes in the shape of the yield curve. The Bank is exposed to interest rate risk in both the Trading and Banking Books. Interest rate sensitivity analysis is conducted at both Banking Book and Trading Book levels, at least on a monthly basis or more frequently, if required. The analysis helps in estimating and managing the impact of interest rate volatility on the Bank's earnings and on the Economic Value of Equity (EVE) within defined tolerance limits. Limits are also in place for fixed income investments of the treasury portfolio at dealer, transaction, portfolio and Trading / Banking Book levels. Regulatory stress testing is conducted on a quarterly basis. Metrics to assess Interest Rate Risk include Interest Rate Gap Reports, Earnings at Risk (EAR) and EVE, which are assessed based on different stress scenarios.

To further strengthen interest rate risk management, the Bank has developed a standardized framework for computing the Interest Rate Risk in the Banking Book (IRRBB) under the updated guidelines issued by the Basel Committee on Banking Supervision Standards.

45.2.4.1 Mismatch of interest rate sensitive assets and liabilities

Interest rate sensitivity gaps for assets and liabilities which have contractual maturities have been reported based on the earlier of the re-pricing date or the maturity date. Assets and liabilities which do not have any contractual maturities have been bucketed on the basis of a behavioural study conducted by Market Risk Management and approved by ALCO.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

45.3 Enterprise Risk Management (ERM)

The Bank's ERM framework, approved by the Board, outlines the essential ERM components, principles and concepts, and the use of a common ERM language, while providing a clear direction and guidance for integrated risk management within the Bank.

A Bank-wide Integrated Risk and Control Repository (IRCR) is fully embedded in the organization with the objective of identifying and assessing all risks and issues in a holistic manner and ensuring that they are adequately monitored and mitigated.

45.4 Operational Risk Management (ORM)

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events.

A comprehensive ORM framework is in place which addresses all significant aspects of ORM. The Bank uses loss data management, Risk and Control Self Assessments (as part of IRCR self-testing) and tracking of Key Risk Indicators to gauge the likelihood and severity of operational risk events. Operational Risk coordinators are present in all departments and are responsible for implementation of the framework in coordination with the ORM department. A specialized SAS software is used for tracking operational risk issues, leading to identification of prevalent themes to better mitigate risks faced by the Bank. An Operational Risk Management Committee (ORMC) monitors and oversees operational risk issues.

The Bank uses stress testing to proactively assess impacts on the Bank. Operational risk reports are regularly submitted to the senior risk forums and to the BRMC.

45.4.1 Business Continuity Management (BCM)

The Bank maintains a well-defined business continuity plan with clearly defined roles, responsibilities and ownership for crisis management, to ensure business continuity and IT disaster recovery. The Bank's Business Continuity Steering Committee includes representation from the senior management of the Bank and is the governing body for BCM. It meets periodically to review key initiatives, testing results and action plans for strengthening the Bank's ability to manage crisis situations. The Bank's business continuity program complies with the regulatory framework and the leading BCM standard, ISO 22301 and is subject to regular internal, external and regulatory reviews and audits.

45.4.2 IT related controls

In 2024, the Bank strengthened its IT governance framework to align with evolving industry standards, enhancing its control environment and operational resilience in an increasingly digital landscape. The implementation of an Integrated Risk and Controls Repository (IRCR) established a comprehensive platform for conducting control self-assessments across IT functions. This provided structured visibility into technology risks while ensuring systematic documentation and validation of control effectiveness.

The Bank elevated its compliance posture through enhanced governance mechanisms and standardized control validation processes. This included implementation of structured monitoring approaches and robust control testing methodologies, resulting in more efficient regulatory compliance processes. To enable secure adoption of modern technologies, the Bank established comprehensive technology risk management frameworks aligned with regulatory guidelines. These frameworks strengthened controls around service configuration, data protection and access management, allowing the Bank to safely leverage new capabilities for improved operational efficiency.

The Bank also modernized its technology vendor management through a digitalized contract lifecycle platform and enhanced governance processes, strengthening operational oversight and audit readiness. These strategic improvements to the IT control framework, supported by the systematic risk management capabilities of IRCR, have significantly enhanced the Bank's technological capabilities while maintaining strong regulatory compliance.

45.4.3 Information Security Risk

It is the Bank's priority to protect its customers and their data from cyberattacks and data breaches. The Bank's Information Security Group provides oversight on protection of the Bank's data assets from both internal and external threats through effective cybersecurity risk management, supported by preventive and detective controls capable of responding to emerging threats. The Bank's 24x7 Security Operations Centre continues to contribute to a robust security posture through continuous monitoring, detection, and preventive mechanisms.

The Bank runs regular information security awareness campaigns to provide internal training and guidance on information security related matters. These are supplemented by targeted awareness enhancement campaigns for customers, using multiple delivery channels, to better equip them to counter ever-increasing security challenges. The Bank also completes an annual certification of compliance to the SWIFT Customer Security Program, PCI DSS Payment Security Standard as well as ISO 27001.

The Bank continues to strengthen its cyber-defenses and proactively mitigate advanced security threats through the use of advanced automation and modern technologies, and a zero trust architecture designed to prevent data breaches.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

45.5 Liquidity Risk Management

Liquidity risk is the risk that the Bank may be unable to meet its cash obligations as they become due, or to fund assets at a reasonable cost, because of the inability to liquidate assets, or to obtain adequate funding.

The Bank follows a comprehensive liquidity risk management policy duly approved by the Board. The policy provides guidelines for establishing a robust liquidity risk management framework which helps in identifying the key liquidity and funding risks to which the bank is exposed, describes how these risks are identified, measured, monitored and reported, and prescribes the techniques and resources used to manage and mitigate these risks. The policy stipulates maintenance of various ratios, funding preferences, and evaluation of the Bank's liquidity under normal and crisis situations (stress testing). The Bank also has a Contingency Funding Plan in place to address liquidity issues in times of crisis. This plan identifies early warning indicators to preempt unforeseen liquidity crises. Triggers are used to ascertain potential stress scenarios.

The Bank's ALCO is responsible for the formulation of overall strategy and oversight of asset and liability management. Liquidity Risk is monitored using a range of metrics, including Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR); liquidity gaps and various liquidity ratios are regularly monitored by Market Risk Management. Liquidity risk is reviewed by ALCO on a monthly basis and an update is provided to the BRMC on a quarterly basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

45.6 Derivatives Risk

The policy guidelines for derivatives exposures are approved by the Board.

The responsibility for derivatives activity lies with the Treasury and Global Markets business. Measurement and monitoring of market and credit risk limits and exposure, and their reporting to senior management and the Board is done by the Market Risk Management (MRM) unit. MRM, in coordination with the business, also presents limits for review and approval by ALCO and the BRMC. Treasury Operations records derivatives activity in the Bank's books, executes settlements of trades and carries out regulatory reporting to the SBP.

45.6.1 Credit Risk

Credit risk is the risk of non-performance by a counterparty which could result in an adverse impact on the Bank's profitability. The credit risk associated with derivative transactions is categorized into settlement risk and pre-settlement risk, for which limits are determined and are monitored daily using an approved framework.

45.6.2 Market Risk

The Bank, as a policy, hedges all Options transactions back-to-back. The Bank minimizes the exchange rate risk on its Cross Currency Swaps portfolio by hedging the exposure in the interbank market on a rolling basis. The Bank also manages the interest rate risk of Interest Rate Derivatives and Cross Currency Swaps through Price Value of a Basis Point (PVBP) limits which are approved by ALCO annually and are monitored and reported by MRM to senior management on a daily basis. The compliance to these limits is also shared with the BRMC on a quarterly basis.

45.6.3 Operational Risk

The Bank has put in place a robust control framework for derivatives transactions. Front office staff dealing in derivatives have the requisite training and experience to conduct this business; responsibilities have been divided amongst the Structuring Desk (tasked with the overall ownership of derivatives and structured products), Treasury Sales (who are involved in marketing and executing transactions with the Bank's client base) and Trading (which proactively manages the risk from a business perspective).

A detailed product program, approved by the Board, governs the entire value chain for derivatives, including credit and market risk management, booking, sales and settlement. There is a clear segregation of duties whereby operational aspects are handled by Treasury Operations, MRM carries out daily monitoring of exposures, and Compliance monitors any deviation from approved policies and procedures. Internal Audit also regularly reviews systems, transactional processes, accounting practices and end-user roles and responsibilities as part of their reviews of this function.

45.6.4 Liquidity Risk

The types of derivative transactions entered into by HBL are typically straightforward, or 'vanilla' transactions, whereby the Bank is exposed to a negligible amount of liquidity risk.

46 NON-ADJUSTING EVENTS AFTER THE BALANCE SHEET DATE

46.1 The Board of Directors, in its meeting held on February 19, 2025, has proposed a final cash dividend of Rs 4.25 per share for the year 2024. This is in addition to the Rs 12.00 already paid during the year bringing the total dividend for the year to Rs 16.25 per share (2023: Rs 9.75 per share). This appropriation is expected to be approved by the shareholders in the forthcoming Annual General Meeting. The consolidated financial statements for the year ended December 31, 2024 do not include the effect of this appropriation which will be accounted for in the consolidated financial statements for the year ending December 31, 2025.

47 DATE OF AUTHORISATION FOR ISSUE

These consolidated financial statements were authorised for issue in the Board of Directors meeting held on February 19, 2025.

12 The Islamic Banking Business maintains the following pools:			

General Pool PKR (Mudarabah)

Remunerative rupee deposits of customers form part of the General Pool.

The objective of this pool is to effectively manage Rupee deposits of customers to earn and distribute returns from Rupee denominated earning assets. The funds in this pool are generally deployed in financing assets, placements with FIs, investments in Sukuk etc. A loss, if any, is borne by the depositors as per their proportionate share in the overall volume of the pool.

Special Pool PKR (Mudarabah)

HBL also manages a Rupee denominated Special Pool, with the objective of offering higher returns for selected clients.

The objective of this pool is to effectively manage Rupee deposits of customers to earn and distribute higher returns from Rupee denominated earning assets. The funds in this pool are generally deployed in financing assets, placement with FIs, investments in Sukuk etc. A loss, if any, is borne by the depositors as per their proportionate share in the overall volume of the pool.

Treasury Pool(s) (Mudarabah / Wakalah / Musharakah)

Treasury pools are created when the Bank accepts placements of funds from FIs for liquidity management. Treasury pools may be based on the principle of Mudarabah, Wakalah or Musharakah. These pools are maintained separately from depositors' pools as these are formed by funds from professional counterparties and are generally obtained for a shorter tenor. The liquidity can also be deployed to fund earning assets in the depositor pools. HBL's preference is to accept funds from Islamic Banking Institutions but is permitted to deal with conventional banks as well. A loss, if any, is borne by the FIs as per their proportionate share of investment.

General Pool FCY (Mudarabah)

Remunerative foreign currency (FCY) deposits of customers form part of the FCY General Pool.

The objective of this pool is to effectively manage FCY deposits of customers to earn and distribute returns, generally from FCY denominated assets. However, in case FCY denominated assets are not available, the Bank may invest these funds in local currency assets by converting the funds to local currency and charging the cost of Shariah compliant hedging to the pool. The funds in this pool are generally deployed in financing assets, placements with FIs, investments in Sukuk etc. A loss, if any, is borne by the depositors as per their proportionate share in the overall volume of the pool.

ANNEXURE I: ISLAMIC BANKING BUSINESS

Special Pool FCY (Mudarabah)

HBL also manages an FCY denominated Special Pool, with the objective of offering higher returns for selected clients.

The objective of this pool is to effectively manage FCY deposits of customers to earn and distribute higher returns, generally from FCY denominated assets. However, in case FCY denominated assets are not available, the Bank may invest these funds in local currency assets by converting the funds to local currency and charging the cost of Shariah compliant hedging to the pool. The funds in this pool are generally deployed in financing assets, placements with FIs, investments in Sukuk etc. A loss, if any, is borne by the depositors as per their proportionate share in the overall volume of the pool.

Islamic Export Refinance Scheme (IERS) Pool PKR (Musharakah)

IERS is an SBP program which offers the Islamic equivalent of conventional export refinance and enables exporters to avail refinance through Islamic Banks under Shariah compliant modes. This pool is created on a Musharakah basis and the profit distribution mechanism is the same as that for pre-agreed profit sharing. Since this is structured as a Musharakah (partnership) as opposed to Mudarabah (fund management), there is no Mudarib share in the profit.

The Bank has also maintained following Pools:

Haj Pool

The Haj MORA pool is based on the Modaraba contract and was created at the request of the Ministry of Religious Affairs. The purpose of this pool is to effectively manage the Haj funds collections to earn and distribute returns from rupee denominated earning assets. The funds are generally deployed in financing assets, placements with FIs, investments in sukuk etc. A loss, if any is borne by the depositors as per the proportionate share in the overall volume of the pool.

PMRC Pool

The PMRC (Pakistan Mortgage Refinance Co.) pool is based on the Musharakah contract and is created to promote the expansion of affordable housing finance. The profit distribution mechanism is same as that for pre-agreed profit sharing. Since this is a Musharakah contract, there is no mudraib share in the profit.

Charity Pool

According to Shari'ah, the amount collected for charity should be treated as a Modaraba deposit and the remaining balance should be remunerated at the HBL Islamic savings rate.

Equity Pool

All other assets, including fixed assets, exposure to shares, Rupee bai-Salam financing, and subsidized financing for the Bank's employees, are tagged to the equity pool. The Bank, as Mudarib in the equity pools, is responsible for financing costs/assets such as land, buildings, furniture, fixtures, computers, and the IT system from its own sources/equity.

- 13 The Mudarib's share of profit is 39.52% (2023: 33.44%) and, after netting of Hiba to depositors amounting to Rs 1,369.380 million (2023: Rs 154.214 million), amounts to Rs. 24,229.280 million (2023: Rs 14,670.000 million). For the Bank's overseas branch, the Mudarib's share of profit is 8.83% (2023: 14.58%) and, after netting of Hiba to depositors amounting to Rs 36.714 million (2023: Rs 28.641 million), amounts to Rs 16.365 million (2023: Rs 18.477 million).
- 14 The following parameters are used for profit distribution from the pool:
 - Permissible direct expenses can be charged to the relevant pool. Administrative and operating expenses are paid by the Mudarib and not charged to the relevant pool.
 - No profit or loss is passed on to current account depositors, however these funds are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on these funds are allocated to the equity of the Bank.
 - The Bank first charges the proportionate profit on average equity allocated to the pools and then charges the Mudarib fee before distribution of profit to depositors.
 - The Bank gives priority to depositors' funds over its own equity for placement in investing activities.
 - Provisions for non-performing accounts are borne by the Mudarib. These are only charged to the respective pool on write off.
 - Income generated from non-funded activities is not considered as income of the pool.
- 15 The average rate of profit earned on the earning assets of the Islamic banking business during the year was 18.91% (2023: 17.91%) and a profit rate of 9.08% (2023: 11.02%) was distributed to depositors. For the overseas branch, the average rate of profit earned on the earning assets of the Islamic banking business during the year was 8.83% (2023: 14.58%) and a profit rate of 4.97% (2023: 8.60%) was distributed to depositors.

Unconsolidated Financial Statements

DIRECTORS' REPORT 2024

On behalf of the Board of Directors, we are pleased to present the Unconsolidated Financial Statements for the year ended December 31, 2024.

Macroeconomic Review

Macroeconomic conditions extended their stabilization into FY25 – downside risks to growth appear to be subsiding, the current account is in surplus and inflation is trending at near-decade lows. The Large-Scale Manufacturing Index depicted a decrease of 1.9% during 1HFY'25, but is expected to rebound on rising demand and improving economic conditions; transport, food and beverages, and textiles are showing a positive trend. Recent high frequency indicators and an improved outlook for the agriculture sector support the case for GDP growth to rise above 3.0% in FY'25. The inflation reading of 2.4% in Jan'25 was the lowest since Oct'15 on the back of softer food prices, favorable global commodity prices and a high base effect. The SBP has revised its previous inflation forecast of 11.5%-13.5% down to 5.5% – 7.5%.

After three consecutive months of surpluses, the Current Account turned into a deficit for the month of Jan'25. For 7MFY'25, the Current Account remains at a surplus of USD 682 million compared to a deficit of USD 1.8 billion in the same period last year. Exports increased 8% to USD 19.2 billion as textile exports recovered by 7% and rice exports remained elevated. However, imports grew at a faster pace, up 11% to USD 33.3 billion, mainly attributable to an increase in machinery and petroleum. The trade deficit thus rose by 15.7% to USD 14.1 billion during the same period. The strong flow of remittances continued, up 32% to USD 20.8 billion during 7MFY'25, further supporting the Current Account. With the IMF programme lending stability and a current account surplus, FX reserves of \$11.4 billion remain comfortable. The improving external position has led to a gradual strengthening of the Rupee, which appreciated by 1.2% in 2024. The IMF mission is expected shortly for the review of the Extended Fund Facility (EFF) leading to release of the second tranche of USD 1 billion. Based on available data, Pakistan is expected to meet most of the Quantitative Performance Criteria.

The government continued fiscal consolidation, registering a primary surplus of 2.9% of GDP in 1HFY'25. Wisely, the proceeds were utilized to improve the maturity profile of domestic debt, with the central bank conducting the first ever buyback auction on behalf of the Finance Ministry in Sep'24. Revenue grew by 47%, led by 26% higher FBR tax and an 82% rise in non-tax revenue (mainly windfall profits from the SBP); however, they remained Rs 389 billion below budgeted amounts. Total expenditure increased by 22%, almost entirely attributable to a 17% rise in debt servicing, while development spending rose by a meagre 2%. The total fiscal deficit thus declined by 36%, to Rs 1.5 trillion, falling from 2.3% of GDP in 1HFY'24 to 1.2% in 1HFY'25.

Equities emerged as the leading asset class in 2024; the KSE-100 index generated USD returns of 86.5% during the year and was ranked as the second best performing in the world. Investor sentiment remained strong on the back of aggressive monetary easing, a sanguine outlook on the external account as well as subsiding political uncertainty. The PSX continued its bull run, breaking all records with the index crossing the 100,000 mark late last year. The rally has continued into the new year, albeit with a recent range-bound period below 115,000.

In the latest monetary policy in Jan'24, the SBP continued easing by another 100 bps to 12%, taking the total decline in the Policy Rate to 1,000 bps. The MPC noted that inflation continued to trend down due to contained demand and a supportive supply side. At the same time, it signaled a prudent approach ahead, acknowledging the stickiness in core inflation, which remains elevated, and that headline readings are likely to be volatile in the short-term. Private sector credit grew by 23.7% in 2024, taking a cue from lower rates and as banks endeavoured to meet year-end ADR targets. Hence, industry advances increased by 29.6% in 2024 whereas deposits grew by only 8.8% during the same period. Banking spreads fell by 65bps in 2024 compared to 2023.

Financial Performance

In 2024, HBL has delivered its highest profit before tax of Rs 118.9 billion, 6% higher than in 2023; this has been achieved through steady performance in the domestic business and the turnaround now embedded in the international franchise. As a result of further increases in taxation yet again burdening the banking sector, the Bank's profit after tax of Rs 56.8 billion was essentially flat to the previous year; earnings per share were Rs 38.70, compared to Rs 38.76 in 2023.

HBL's balance sheet increased by 9% to Rs 5.7 trillion as deposits increased to Rs 4.1 trillion. Domestic current deposits grew by Rs 176 billion, a 15% growth over Dec'23, improving the Current Account mix to 37.3%. HBL's advances increased by 36% to Rs 2.3 trillion with expansion in the domestic lending book. The Bank's flagship consumer portfolio grew steadily throughout the year, reaching Rs 142 billion. Agriculture loans increased to nearly Rs 60 billion, a 32% share of the commercial bank market.

With sharp monetary easing in effect, net interest income increased to Rs 228 billion even as margins came off from their 2023 peak. This was supported by volumetric growth of Rs 674 billion in the average domestic balance sheet and spread expansion across most international markets. HBL's non-fund income grew by 58% to Rs 85.2 billion, with a strong performance from Treasury activities and helped by gains on closure of some international operations. HBL's fee franchise delivered excellent growth yet again, rising by 14% to nearly Rs 43 billion. Its dominant Cards business continued to lead the market, contributing to more than 50% of the total fee increase, while bancassurance and retail banking also delivered solid double-digit contributions. Consequently, HBL's total revenue increased by 13% to an industry-leading Rs 313 billion.

Proactive measures to control expenses as part of a Bank-wide cost optimization programme led to a relatively subdued growth of 12% in administrative expenses. As a result, HBL's cost / income ratio has improved to 54.5%. The Bank's non-performing loans have increased due to higher domestic NPLs; however, substantial growth in the loan book has led to an all-time low infection ratio of 4.2%. Prudent provisioning kept the total coverage above 100%.

Capital Ratios

With the strong results, internally generated capital grew by nearly 50% in 2024, adding 262 bps to the Tier 1 Capital Adequacy Ratio (CAR). The SBP has now included the exchange translation reserve as part of Tier 1 capital; this was previously considered as Tier II capital. The growth in advances, coupled with the annual refresh of Operational Risk Weighted Assets (RWAs), increased total RWAs by 9% to Rs 2.1 trillion. HBL's unconsolidated Tier 1 CAR as at December 2024 increased by 132 bps over December 2023, to 14.76%. The increased headroom over minimum CET 1 capital requirements, also added to Tier II capital eligibility, increasing total CAR by 96 bps to 18.24%. Both ratios remain comfortably above regulatory requirements.

Business Overview – 2024

Building the Deposit Base

In 2024, HBL achieved notable growth and innovation across key business segments. The Affluent segment excelled in redefining priority banking in Pakistan, driven by exceptional service and bespoke solutions. Prestige expanded its domestic footprint to 18 cities and 14 regions, operating 43 lounges. Additionally, the successful rollout of a non-lounge strategy extended Prestige services to all HBL branches, improving accessibility and client convenience. Key milestones included the introduction of Affluent Client Specialists to address the needs of ultra-high-net-worth individuals (UHNWIs) and the launch of a Premium customer value proposition tailored for clients with lower balances.

HBL maintained its leadership in women's banking, serving over 5 million women customers, including 1 million through its unique programme, HBL Nisa. This platform empowers women with tailored financial solutions, women-centric insurance coverage, and lending options, driving financial inclusion and economic empowerment. In 2024, HBL Nisa achieved significant growth, adding over 105,000 new accounts and Rs 63 billion in incremental deposits.

Building upon its industry-leading position in Roshan Digital Accounts, HBL continued to outshine competitors with the largest number of accounts. Since inception, HBL has successfully channelled over USD 1.5 billion into the country, commanding an 18% market share. HBL sustained its leadership, also securing the top position in Roshan Apni Car and Roshan Apna Ghar, the RDA-linked car and home financing products.

Within the Wealth Management domain, the Bancassurance business increased its market leadership, growing share from 31% to 45%. In 2024, the Bank achieved a remarkable growth of Rs 5.0 billion in premiums, a 18% increase from 2023. HBL continued to make significant strides in Investment Services, with enhanced coverage and a strong focus on client segmentation. This strategic approach led to a substantial growth of Rs 88 billion in Assets Under Management (AUMs). By fostering financial literacy and leveraging strong client relationships, HBL further solidified its position as a trusted investment partner.

Improving Consumer Lifestyles

HBL's Consumer Banking business had another stellar year, with total lending growing to Rs 142 billion. HBL's credit cards remain the most sought after and top-of-wallet, with one out of every three Rupees spent on credit cards in Pakistan being on HBL's card. Over 80,000 new credit cards were issued in 2024 and usage increased, with spend rising by nearly 30% to Rs 328 billion; the portfolio also increased by 27%, to Rs 42 billion. The Bank further strengthened its position as the largest debit card issuer in Pakistan with a total of 6.3 million debit cards issued – one in every five debit cards in the country is an HBL debit card – with spend volumes increasing by 25%, to Rs 225 billion. Total spend on HBL's cards surpassed Rs 550 billion, an industry first.

HBL entrenched its leadership in merchant acquiring with the largest POS network of 40,000 covering more than 250 cities. The Bank continues to invest in the latest technology with its SmartPOS terminals being the top choice of merchants, providing them access to real-time transactional information. Throughput at HBL's terminals grew by 31% to Rs 460 billion, accounting for more than 25% the country's total POS sales volume. Expansion out of major urban centres remains key to taking digital payments mainstream, and increasing acceptance across the country, contributing to the national priority of digitization and documentation. With focused efforts over the past few years, 16% of HBL's POS spend now comes from smaller towns and cities.

HBL strengthened its market leading position with Personal Loans and Ready Cash reaching a total of Rs 50 billion and an impressive 38% market share; fresh disbursements of Rs 36 billion were made during the year. In auto financing, despite an overall decline in the industry due to supply constraints and lower loan limits, HBL cemented its leadership, increasing market share from 12.5% to 15% with a portfolio of Rs 33 billion and fresh bookings of over Rs 14 billion during the year. HBL remains the bank of choice for customers due to its superior value creation through alliances with leading auto manufacturers. Home Finance demonstrated steady progress in 2024, with volumes rising to Rs 18.0 billion and is expected to be a key driver for future growth.

HBL remains focused on digitization to improve customer convenience with faster processing. In 2024, almost 50% of new credit cards and 25% of Personal Loans were booked through HBL Mobile, a paperless process with instant decisioning.

Supporting Small Businesses

HBL has taken several initiatives to transform the SME landscape, fostering growth and creating opportunities, especially for small businesses. In 2024, HBL was recognized as The Best SME Bank by the Pakistan Banking Awards. HBL strengthened its leadership position, offering financing to over 4,800 new customers, with a 15% growth in advances. HBL's unique cashflow based lending has been well received by customers, crossing Rs 10 billion since its launch in 2022. Retail Trade is an important element for small businesses and a focus area for the Bank which crossed a milestone of USD 1 Billion.

The Bank endeavors to remain at the forefront of SBP-related schemes for the SME sector; total lending under these schemes reached Rs 33 billion in 2024. To drive financial inclusion, awareness sessions were conducted across the country, covering banking products and subsidized schemes. HBL specifically focused on financing to women entrepreneurs with total disbursements of Rs 2.6 billion during 2024, to over 450 women.

Agriculture – Our Key Priority

HBL remained a key player in Agriculture Financing, with a market share of over 33%. The lending portfolio grew to ~Rs 60 billion, aided by new disbursements of Rs 13 Bn. HBL leads the way in innovative financing solutions for the agriculture sector by actively engaging with Agritech operators, empowering farmers with tools to increase their income. HBL also dominates the financing of solarized tubewells which not only improves farmers' efficiencies but also reduces their carbon footprint.

HBL was nominated as the lead bank to represent the financial industry on a Task Force created by the Ministry of Finance to accelerate efforts in Agriculture, SMEs and Digitization. HBL played a pivotal role in developing 13 recommendations encompassing enhancements in policy frameworks, infrastructure development, and capacity building within the sector. As a result of this proactive engagement, several key policy measures have been implemented.

As the designated Champion bank for Balochistan, HBL has taken a leading role in addressing outreach challenges and enhancing access to agriculture credit and financial inclusion. This has resulted in increased disbursements, thus enabling financial inclusion in this most underserved area of the country. Being the largest user of the Punjab Land Revenue Authority's digital land records, HBL is actively engaged with the provincial authorities of Balochistan to implement a similar system which will lead to improved access to credit for farmers in the province.

HBL's flagship platform, "Kisan Ki Awaz", played a crucial role in educating farmers through a range of awareness and financial literacy sessions across Pakistan. The platform reached over 7,000 farmers, fostering a deeper understanding of financial products and services and a two-way dialogue that encourages feedback from farmers to directly improve HBL's offerings.

HBL is committed to transforming the lives of farmers, promoting sustainable practices, and driving economic growth in the agriculture sector. The Bank is well-positioned to revolutionize Agriculture financing and will continue to maintain its market and thought leadership in this most critical sector for the country's economy.

Serving Large Customers, Building the Nation

HBL is the leading corporate bank in Pakistan with lending to corporates crossing Rs 1.2 trillion, a 38% increase over the preceding year. This stems from a concerted effort on client acquisition and deepening customer relationships through a range of working capital facilities, trade finance and project finance lending. A renewed emphasis on trade products, solutions and delivery has seen HBL's share of exports rising to over 13%. The relationship teams also provided a number of innovative solutions in treasury, transaction banking, and supply chain finance to their clients. This enabled HBL to remain embedded with its clients across multiple

dimensions. In the current macroeconomic environment, maintaining credit quality remained paramount while growing the business. This was ensured through frequent portfolio reviews, encompassing the entire breadth of clients, as well as a number of sectoral reviews to keep abreast of industry trends.

Over the last few years, HBL has made a concerted effort to leverage its international presence and gain regional relevance. The Bank's international network has facilitated robust growth in the inbound and outbound business in the corporate banking space leading to an acceleration in the number of clients with whom the Bank does business in multiple jurisdictions. In particular, HBL's presence in China has allowed it to deepen its corporate banking relationships with Chinese-origin entities working in Pakistan and China.

HBL's leadership in Corporate Banking was recognized through prestigious international awards. Euromoney named HBL as Pakistan's Best Bank for Corporates, acknowledging our commitment to serving the needs of corporate clients. Additionally, Finance Asia awarded HBL as the Best Corporate Bank for Large Corporates and MNCs in Pakistan, while the Federation of Pakistan Chambers of Commerce and Industry awarded HBL as the Best Conventional Bank of the Year. Both these awards highlight our excellence in providing financial services to large-scale businesses and our determination to contribute to Pakistan's economic growth and development, the most important pillar of the Bank's strategy.

HBL has the largest investment banking franchise in the country with a robust deal flow. During the year, the Bank successfully closed more than 20 deals, with a total value of over Rs 550 billion. The Investment Banking team has been persistent in securing new mandates across multiple sectors, including road infrastructure, renewable energy, telecom, and manufacturing. Under the Bank's objective of furthering public-private partnership, it has also been engaged in various advisory capacities to the Government to facilitate projects of national interest. This exceptional performance garnered 18 prestigious awards from various international publishers such as Global Finance, The Asset Triple A, and Euromoney.

In 2024, the cash management business achieved a remarkable 30% increase in throughput to Rs 19.4 trillion. This was driven by an emphasis on interoperability, enabling clients to effortlessly transfer funds between multiple banks and channels directly to their collection accounts. This digital transformation reduced over-the-counter collection transactions by 2.7 million. The Bank also developed innovative, tailored products that enabled clients to reconcile receivables with unparalleled ease and accuracy. These advancements reinforced HBL's position as a pioneer in digital cash management solutions, providing clients the tools they need to drive operational efficiency. HBL continued to lead employee banking, particularly in payroll management, processing over 31 million transactions, amounting to Rs 1.8 trillion, for employers across diverse industries. Impressively, 97% of withdrawals were conducted through digital channels, underscoring the effectiveness of HBL's digital-first approach in meeting the evolving needs of both employers and employees.

The Treasury had an excellent year with a strong focus on client engagement; Global Markets Outlook sessions were held in 3 cities for corporate and commercial clients and were very well received. For the first time, Prestige roadshows were also held for this high net worth segment. These events helped strengthen HBL's credentials as the premier thought leader in Pakistan's financial markets. Phase 2 of HBL Symphony® – the Bank's proprietary fixed income platform – was launched, with added functionality; this propelled volumes on the platform beyond Rs 3.5 trillion compared to only around Rs 200 billion in the previous year.

Digital – The Way Forward

HBL continued its drive to increase digital transactions by continually offering more services and capabilities for customers to fulfill their needs digitally, at a time and place of their choice. With nearly 4.5 million users, HBL Mobile has a 22% market share, and processes 18% of all transactions. The high double digits growth trajectory continued during 2024 with a 33% rise in the number of transactions; with continuous enhancements in the services menu and ease of usage, nearly 1.2 billion transactions and service requests were processed during the year. The combination of a higher transaction count as well as higher ticket sizes resulted in a 68% growth in the total value of financial transactions, to almost Rs 8 trillion. HBL enhanced the services menu for its customer-friendly WhatsApp banking channel; this now offers account and credit card statements, and enables Raast funds transfers using a convenient interface. Similar to the mobile app, transactions on WhatsApp banking increased by 33% with throughput rising by 63%. The Bank also invested in enhancing cyber-security controls on its digital channels to safeguard customers and give them peace of mind.

The Bank continued to build its billing payments menu and now offers its customers options for more than 4,000 utility companies, educational institutions, investment options and Government and charity payments. E-commerce acquiring volumes witnessed substantial growth, increasing by 56% to Rs 76.1 billion, and improving market share to 35%.

HBL remains focused on enhancing data capabilities and the ability to use that data easily and efficiently. The primary focus during 2024 was on moving critical use cases to self-service, enabling both business and support teams. Data from all core systems has now been integrated into the data lake, enabling its use as the single source for all data use cases in the Bank. For instance, Robotic Process Automation (RPA) for back-office processes is now utilizing the lake for data-driven decisions, while control functions are performing checks and reviewing exceptions. In the future, the focus will be towards purpose-built subject data marts, driving insights through advanced analytics and data visualization.

As part of HBL's ongoing transformation journey, the RPA programme has been a pivotal initiative in enhancing operational efficiency across the organization. In 2024, automation of key business processes across multiple domains, enabled the Bank to handle larger transaction volumes, reduce errors caused by manual processing, and enhance customer experience by reducing turnaround times. RPA processed 5.9 million transactions, delivering approximately 1 million person-hours of savings and bringing a significant improvement in efficiency. This programme will be scaled up in 2025, which will also see the introduction of pilots around integrating AI capabilities into the RPA.

Konnect by HBL – Serving the Underbanked

In 2024, Konnect achieved significant milestones by onboarding approximately 500,000 new customers, increasing its client base to ~9 million, furthering the Bank's financial inclusion objectives. This growth demonstrates Konnect's appeal and efficacy in meeting the evolving needs of Pakistan's population. The Konnect app continued to deliver a seamless user experience, offering services such as bill payments, funds transfers, travel and hotel bookings, and other daily financial transactions.

Konnect facilitated collections of over Rs 552 billion, a 32% increase from the previous year, reducing the risk of carrying cash and, at the same time, making funds available for immediate productive use. In addition, the collections product offers better visibility of various cash collection routes, volumes and frequency, and will assist the Bank in developing lending products, enhancing the use of QR payments to reduce cash, and digitizing cash flows. Konnect also managed salary and pension disbursements worth Rs 26 billion, ensuring convenient access to funds for millions across the country.

Konnect also played a pivotal role in handling government-led initiatives like the Benazir Income Support Programme, efficiently disbursing Rs 260 billion to beneficiaries nationwide. Collaborations with international organizations, including WHO, WFP and UNHCR further underscore Konnect's reliability and reach as a trusted partner for social payments distribution. The business also supported the KP, Sindh and Punjab Agriculture Departments for subsidy disbursements.

Konnect's youth-focused strategies included active participation in university events, gaming tournaments, and freelancer networks. The Bank's strategic partnership with the Pakistan Software Houses Association (P@SHA) continues to bolster its engagement and outreach within the tech ecosystem, amplifying its impact in the digital economy. The Freelancer Digital Account has been very successful, doubling the number of accounts and generating transactions of \$58 million. In addition, Konnect supported over 1,400 IT exporters and software houses, offering exporters Special Foreign Currency Accounts and USD debit cards, processing \$191 million in 2024.

A Revitalized International Franchise

International Banking continued to build momentum, with almost all locations delivering record revenue and profitability. Loans increased by 15% over Dec'23 with deposits rising 10%. Trade volumes grew by 15%, leading to an impressive 43% growth in fees, with Singapore achieving its highest ever trade volumes. After the enthusiastic customer reception in the UAE, the Prestige offering was expanded to Bahrain and the UK. Network connectivity is a key driver of success with 380 customers being served across multiple markets. The focus is on corporate and commercial customers of HBL Pakistan and syndications of large ticket trade transactions. IT advancements across international locations enhanced customer experience, with integrations like the Maldives Instant Payment System, and the UAE National Payment System Strategy. HBL UK successfully joined the Faster Payments Scheme, improving payment speed and efficiency.

HBL's China franchise has been instrumental in enhancing connectivity, leveraging its unique position as one of only three RMB intermediaries in MENA and South Asia. This exclusivity has enabled the Bank to deliver tailored solutions, resulting in a 73% increase in RMB liquidity and transaction volumes, underscoring HBL's commitment to promoting RMB as a trading currency. The expansion of China coverage teams to 6 markets has helped deepen relationships with Chinese State-Owned Enterprises and private companies. Looking ahead, HBL will continue to position China, our second home, at the cornerstone of its international growth strategy, becoming the preferred partner for all trade, foreign exchange, cash, and working capital transactions.

The footprint rationalization of the International network continued with the successful sale of the business in Mauritius, the closure of the Oman branches and substantial progress on the wind-down of the Brussels branch.

Serving Our Customers, Sustainably

HBL's Digital Customer Experience Centre managed 15.5 million customer interactions, offering 24/7 support through multiple touchpoints, including email, WhatsApp, and social media platforms, with an average of 93,000 monthly interactions. The IVR system provided 35 self-service options, supporting 3 million transactions, as utilisation increased from 14% to 18%, reflecting improved adoption and efficiency. The Bank has a dedicated function for effective complaint management with a programme of regular staff upskilling, and recognition for timely complaint resolution. In 2024, the Bank received 569,930 complaints, with an average resolution time of 2 business days, thereby achieving 100% regulatory turnaround time against complaints. Additionally, 187,395 claims were lodged and resolved in a timely manner.

In 2024, HBL made significant progress towards its commitment to achieving Net Zero Operational Carbon Emissions by 2030. A 20% reduction was achieved in Scope 1 and Scope 2 emissions, covering both fuel and purchased electricity. Solar panels were installed at 108 premises and another 120 locations are targeted for 2025. These initiatives resulted in a reduction of 2,700 MT in the Bank's carbon footprint. Three branches were renovated and 8 vaults were built under the modular renovation concept, saving 30,000 gallons of water and 6,000 kgs of cement. A 3-bin waste management system was implemented at 11 major buildings in Karachi, Lahore, and Islamabad, enabling HBL to responsibly dispose of 95 tons of waste; disposable water bottles have been discontinued, to reduce single-use plastics. A number of paperless initiatives were undertaken saving the equivalent of over 800 trees per year. Sustainability summits were held, attended by 1,000 staff, to promote awareness of the Net Zero programme. HBL also actively supported SBP and the World Bank in the development of the National Green Taxonomy, applying the experience from previously having developed its own taxonomy.

In recognition of its efforts, Euromoney awarded HBL the 'Best Bank for ESG in Pakistan', a testament of HBL's commitment to integrating sustainability into its core business operations.

Building the Brand

In 2024, HBL, Pakistan's strongest financial brand, made substantial strides in digital marketing, engaging its diverse and increasingly young client-base and stakeholders through a multi-platform strategy. HBL continued to engage with its nearly 900,000 Tik Tok followers, the highest among financial institutions, driving impactful engagement that further strengthened its digital presence. HBL delivered a dynamic campaign for HBL PSL 9 *Palat Do Khel*. This included the launch of a branded TikTok effect that encouraged fan participation and content creation. This campaign achieved an impressive 83 million views and over 21,000 fan-made videos. For the second time, HBL was recognized by TikTok as a global success case study for HBL PSL. HBL also transformed its recruitment process for Cash Officers by launching a targeted TikTok campaign, leading to a 63.5% increase in applications within a single quarter, while also reducing hiring costs. This first-of-a-kind initiative has also become a global case study for Tik Tok.

In 2024, HBL leveraged the E-sports platform to reach out to the youth through three major tournaments: EAFC 24 in Karachi, the Tekken 8 Women's Gaming Tournament in Lahore, and a Valorant Gaming Tournament in Karachi. These tournaments generated remarkable engagement, reaching 9.3 million people and 2.8 million views. Notably, the Tekken Tournament empowered women gamers, thus delivering inclusivity within the gaming community. In an industry-first initiative, the tournaments were live streamed, which further amplified reach and helped connect HBL with a growing audience of passionate gamers.

The Bank launched the *HBL Inspire* podcast, continuing its thought leadership in the financial services industry; HBL is the first Bank to adopt this tool as a part of its communications strategy. The podcast, with episodes covering HBL's focus on youth, on global market trends, and on the future of banking, quickly gained traction. Looking ahead, HBL will continue to adopt the latest innovations in brand building and communication to reach out to its current and future client segments.

Human Resources

HBL's sustainable growth is driven by its core principle of valuing people. In 2024, conscious of the economic challenges faced by employees, HBL provided financial support for its employees by raising the minimum monthly pay, restructuring employee benefits to maximize take-home salary and launching a medical loan facility for parent hospitalization.

To create a culture of self-evaluation for professional growth and development, the Bank has expanded the scope of the 360-degree feedback mechanism that focuses on developing leadership competencies and helps cultivate a values-driven culture through peer and stakeholder input. The Bank continues to embed a pay-for-performance culture to reward employees through a total pay concept. The risk-aligned remuneration mechanism and the ability to defer variable compensation, further augments the Bank's focus on accountability at senior management levels.

To align with the Bank's strategic goals, the year's learning agenda emphasized reskilling and upskilling initiatives. The Leadership Excellence programme entered its second phase, focusing on training mid-level and first-line managers to handle daily challenges and lead their teams effectively. HBL Nexus, the in-house digital learning platform, was further leveraged to offer self-paced learning about technological advancements. A specialized Retail Credit Certification Programme provided 300 employees with a platform to enhance their credit skills. Over 590,000 person-hours of training were delivered, ensuring that employees continue to develop and stay abreast of industry trends, global advancements, and regulatory requirements.

The Bank's unwavering dedication to excellence in diversity, equity, and inclusion (DEI) was recognized through HBL winning 14 out of 15 Best Practices awards at the Global Diversity, Equity, & Inclusion Benchmarks (GDEIB) Awards. The Women in Leadership Exchange Series and Women Branch Managers Programme, were launched to empower and elevate women to senior management roles through targeted developmental support, mentorship and coaching. These efforts help the Bank to maintain a 22% diversity ratio. HBL is committed to creating an inclusive and equitable work environment that supports the growth and success of all employees. During the year, the Bank conducted numerous sensitization sessions to transform staff mindsets and enable the inclusion of differently-abled people in the workforce. Employees were encouraged to participate in various initiatives, providing them a first-hand opportunity to interact and engage.

With an aim towards creating and developing an engaged workforce, the third Employee Engagement Survey was carried out. A participation rate of 85% was achieved with encouraging results as HBL's engagement score rose to 86% compared to Mercer's global financial services benchmark of 77%. The Bank is also focused on adopting the latest talent management practices and Agile ways of working.

Risk Management Framework

HBL manages the identification, assessment and mitigation of top and emerging risks through a robust internal governance process and the use of risk management tools and processes. The Board of Directors exercises strong oversight and the Board Risk Management Committee (BRMC) monitors and assesses the risk profile of the Bank on an ongoing basis. At senior management level, various risk committees are responsible for oversight and execution, with day-to-day risk management activities delegated to different levels.

The Bank's aim is to reinforce resilience by adopting a holistic approach to risk management, while mitigating its impact on HBL's financial results, long-term strategic goals and reputational profile. Key risks as reflected in HBL's risk taxonomy include credit risk, market & liquidity risk, reputational risk, environmental and social risk, and operational risk.

As economic conditions remained challenging, stress testing and frequent portfolio reviews to identify vulnerable segments helped to ensure the strength and resilience of the Bank's credit portfolio. The global economic and political environment was closely monitored in order to proactively manage country risk exposures. There was a continued focus on enhancing portfolio monitoring and implementing tools for the early identification of risks. The Bank updated its expert judgment models through statistical techniques

in the Corporate and Commercial segment whilst consumer scorecard models were redeveloped and recalibrated to enhance their predictive power. In agriculture banking, a revamped process of customer onboarding and centralized underwriting under the ambit of the Credit Initiation Unit has been implemented which will further improve the credit decisioning quality.

HBL continues to invest in its people by providing them the tools and skills in a constantly changing external environment. HBL Credit School, a comprehensive modular training programme plays a major role in fostering a consistent credit risk assessment mindset that is focused on forward-looking risk drivers, and hence helps to adopt a proactive, rather than a reactive approach based merely on historical data. The programme has been fully developed in-house and is delivered by the Bank's senior resources. HBL also provided in-house IFRS 9 training to both business and risk personnel. In addition, the Bank conducted a session for market participants to enhance their understanding and development of IFRS 9 models whilst providing a platform for related modelling issues.

Market and liquidity risk indicators are reviewed on a monthly basis by the Market & Liquidity Risk Committee and by ALCO. A comprehensive structure is in place to ensure that the Bank remains within its tolerance for market risk.

HBL's Enterprise Risk Management Framework outlines the risk management principles and sets out the governance structure, standards, objectives and key responsibilities of different functions. A bank-wide Integrated Risk and Control Repository (IRCR) has been created and will help to identify, assess risks and issues in a holistic manner, thereby ensuring that these are adequately monitored and mitigated.

Policies and procedures have been established to govern operational risk management in a systematic and consistent manner. ICR, along with other tools like Key Risk Indicators and Operational Loss Data Management are used to gauge the likelihood and severity of operational risk incidents. The Bank's operational risk profile and fraud risk assessment are regularly discussed at senior management forums and at the BRMC. The bank has also developed a reputational risk framework to monitor and mitigate this critical risk. Validation of models being used within the bank is an ongoing activity to support effective decision making.

The Board Compliance & Conduct Committee (BCNCC) assists the Board in overseeing the implementation of a compliance and conduct culture and also provides governance over the implementation of a bank-wide compliance programme. The BCNCC oversees ethics and conduct-related matters including whistle-blowing complaints. HBL's whistle-blowing programme is directed at safeguarding the Bank's integrity and reputation and aims to increase employee ownership in reporting suspected cases of fraud, corruption, harassment, and other infringements of the Bank's Code of Conduct. Any related investigations are overseen by the Board Audit Committee (BAC) while disciplinary actions are reviewed by the Board Human Resource & Remuneration Committee (BHRRC). The Compliance Committee of Management, chaired by the President, monitors and reviews compliance and conduct-related matters at the management level.

The Compliance function continues to strengthen the enterprise-wide compliance environment and manage compliance risk by enabling the Bank to comply with applicable laws and regulations including financial crime compliance management. HBL has implemented a robust regulatory risk management framework for enabling adequate design and operating effectiveness of regulatory controls. Accordingly, a design-level evaluation of the Bank's Compliance Risk Profile was completed during the year.

With the focus on standardizing and automating enterprise-wide compliance controls, the Bank is leading the innovation agenda in the Pakistan banking industry by establishing the industry's first Digital Workforce with the successful implementation of BOTs for multiple processes. The Compliance Centre of Excellence in Pakistan for global insourcing from HBL's international branches provides active support in transaction monitoring and alert disposition and is yet another landmark initiative.

HBL remains committed to safeguarding its customers and their data against evolving cyber threats. The Bank's Information Security function plays a crucial role in defending HBL's data assets by effectively managing cybersecurity risks from both internal and external sources. The Bank's 24/7 Security Operations Centre ensures a resilient security posture through constant monitoring, bolstered by advanced detection and prevention systems. Throughout the year, the Bank conducts comprehensive information security awareness campaigns to educate and train employees, supplemented by focused awareness initiatives for customers via multiple communication channels. HBL remains fully compliant with leading industry standards, including the SWIFT Customer Security Programme, PCI DSS, and ISO 27001, further enhancing its security framework.

Corporate Social Responsibility (CSR)

The HBL Foundation (HBLF) continues to play a vital role in Pakistan's socioeconomic development through its philanthropic efforts. In 2024, the Foundation granted a total of Rs 861 million to support initiatives in healthcare, education and community development.

As always, the lion's share of contributions went to improve healthcare access and quality, the most pressing need of the country. The Foundation's contributions of Rs 600 million supported 55,000 patients through initiatives such as the establishment of children's emergency treatment facilities in Multan, the expansion and solarization of hospitals, and the provision of essential medical equipment and medicines. In education, the focus was on empowering students through scholarships for female students at top universities, supporting special needs education, and providing vocational training, benefiting 15,600 students. This sector received Rs 130 million in donations, reinforcing the Foundation's belief in the transformative power of education and its aim to create equal opportunities for all.

Community development and humanitarian assistance remain a priority and Rs 130 million were contributed to worthy causes in this area. These included solarization of an old-age home in Karachi and reverse osmosis plants in Jiwani to provide clean drinking water. It also supported vulnerable populations in Gilgit-Baltistan and Chitral, improving the quality of life and resilience in these areas. Humanitarian efforts included the distribution of ration bags, waterproof tents and thermal blankets across Pakistan. These initiatives helped mitigate food insecurity and improved living conditions in underserved regions. HBL Foundation's holistic approach to societal well-being underscores its ongoing commitment to supporting communities in need.

HBL's Employee Volunteering Programme demonstrates the Bank's commitment to social impact through employee engagement. It is designed to provide opportunities and empower employees to make meaningful contributions to the communities in which they serve. Through immersive, on-ground experience, staff and families gain insights into the multifaceted benefits of volunteering. In 2024, employees contributed over 1,300 hours across 36 activities in 10 cities and, since inception, the programme has crossed 3,000 volunteering hours. Notable initiatives included a clean-up drive at Khunjerab National Park, a multi-city blood drive, a regional tree plantation drive planting nearly 2,200 trees, and a clean-up in Karachi for World Earth Day. The programme fosters a culture of community service, empowering employees to contribute to environmental and social causes, while reinforcing HBL's commitment to corporate responsibility.

Credit Ratings

In June 2024, the Bank's credit ratings were re-affirmed by VIS Credit Rating Company Limited at AAA/A-1+ for long-term and short-term respectively. The ratings of the TFCs issued as Additional Tier 1 Capital have also both been re-affirmed as AA+. The Outlook on all ratings is Stable. The ratings reflect HBL's position as the leading commercial bank in the country, its strong franchise and systemic importance. In support of the ratings, VIS also pointed out HBL's strong market access as evidenced by a well-diversified depositor base, its ample liquid reserves and its improving capitalization levels.

In August, Moody's upgraded HBL's long-term deposit ratings from Caa3 to Caa2 and the Bank's Baseline Credit Assessments from caa3 to caa2. The Outlook on HBL's long-term deposit ratings was also improved from Stable to Positive. The HBL's ratings action followed the upgrade of the Government of Pakistan's issuer and senior unsecured debt ratings to Caa2 from Caa3.

Future Outlook

Pakistan has weathered myriad challenges in the recent past and come through to a period of some stability. The structural imbalances that led to a balance of payments crisis have receded for the time being, with the authorities prioritizing consolidation and a buildup of shock absorbers. However, current growth rates of ~ 3.0% are insufficient to materially impact per capita incomes. Critical constraints to growth remain unaddressed including the state's footprint in the economy, distortions in the tax system and elevated energy costs. It is encouraging that the government has agreed to reforms under the EFF; while some have been initiated, the difficult actions are yet to be taken. The authorities must capitalize on the opportunity to put the economy on a sustainable growth path. The Fund is expected to be much less lenient on policy slippages than in the past, given the prior lack of reform implementation by successive governments and current geopolitical realities.

The external position continues to improve on the back of higher home remittances, which have been averaging USD 3.0 billion in the last 6 months. These flows, coupled with a recovery in textile exports, are expected to offset moderate import growth, keeping the Current Account relatively balanced, with the deficit expected to fall below 1.0% of GDP; FX reserves are forecasted to exceed USD 13.0 billion by the end of FY'25. Support to the external account will also likely come through continued rollovers of debt from friendly countries, the release of subsequent IMF tranches and potential support from multilaterals for climate resilience. Despite recent upgrades, Pakistan's credit ratings remain weak, deterring the raising of international financing. Timely and successful completion of IMF reviews, stemming from sustained reform efforts and consistent accumulation of FX buffers are critical factors that could drive further upgrades.

The policy rate has come down sharply to 12.0% from a high of 22.0%, reflecting strong disinflationary pressures in the economy. However, at their latest meeting, the MPC acknowledged the stickiness in core inflation and that headline inflation would remain volatile in the short term. With real rates still elevated, policy easing is likely to continue, although at a slower pace. This should allow a buffer for the central bank to assess the lagged impact of recent rate cuts. As of now though, the commodity price outlook is benign, with the World Bank projecting aggregate prices to decline by 5% in 2025, led by oil. In the context of Pakistan, this would continue to manifest in a favorable external account.

The Global economic backdrop is fraught with uncertainty with China facing a prolonged period of deflation along with President Trump's agenda. The latter has the greatest potential for disruption given Trump's intention to upend the post-World War II geopolitical order and actions taken during his first month in office. Markets are pricing in a higher inflation trajectory in the US, based on higher tariffs, restrictive immigration and lower taxes, resulting in expectations of higher rates for longer. The US Dollar has risen sharply since the election and this trend may continue as the US attracts more capital from around the world; this in turn has the potential to lead to a flight of investment from some Emerging and Frontier markets.

In a very challenging year, HBL has successfully navigated headwinds, delivering another record year. Excellent results from the strong domestic franchise have been supplemented by a growing contribution from the international business. Leadership positions have been further extended across most areas of our operations. Our Investment Banking business remains the dominant player, sweeping the awards space, while recognition from our domestic customers as the Best Conventional Bank reaffirms that our commitment to this country remains resolute. We are equally pleased that our continued emphasis on good governance has been recognised by the Pakistan Institute of Corporate Governance who ranked us as the Best Board of the Year, **across industries**. We dedicate these results to our customers, many of whom have banked with us across generations and who are the reason for our existence.

HBL recognizes the criticality of agriculture to Pakistan's economy and, over a number of years has made a sustained investment in this sector. Our revolutionary development finance initiative has had a dramatic positive impact on farmers' lives and our partnership with the Government of Balochistan to digitize land records will provide farmers in this underserved province much greater access to finance. We continue to be recognized by regulators, customers and the industry for our transformative leadership.

At HBL, increasing digitalization of every aspect of our businesses has become a way of life – from paperless consumer financing through the mobile app to remote digital on-boarding of farmers, from e-wallets for the smallest microfinance customers to e-trading for the largest corporates where throughput on our treasury platform crossed a landmark Rs 3 trillion. Our pioneering use of Robotics is delivering efficiency, accuracy and faster processing for our customers. Our sponsorship of the HBL-P@SHA ICT Awards serve as a celebration of excellence, recognizing the contributions of individuals and organisations that are shaping Pakistan's digital landscape. From HBL Mobile to Konnect, from QR to HBL Pay, the Bank continues to raise the bar in delivering creative, first-of-a-kind solutions for its customers.

Sustainability – in all its aspects – is at the heart of our operations. Recently, we launched our third Sustainability Report, lauded by a wide spectrum of stakeholders. We have now begun tracking our environmental impact and this report links our initiatives to the UN's Sustainable Development Goals. To us, financial inclusion is a key element of sustainability – inclusion of women through HBL Nisa and our own gender diversity targets; inclusion of the underserved through Konnect and microfinance; inclusion of the differently-abled through targeted hiring and facilities at our touchpoints; and inclusion of the youth through our leading social media presence and our promotion of e-sports and gaming, particularly for women gamers.

We are on the doorstep of the 10th edition of HBLPSL – an event that has undoubtedly helped put Pakistan back on the map of world cricket. We remain proud to have been the founding sponsors of this tournament delighting tens of millions of Pakistanis in Pakistan and across the globe. HBL has and will keep stepping forward in every sphere, to ensure a brighter future for Pakistan and Pakistanis.

Dividend

The Board has recommended a final cash dividend of Rs 4.25 per share for the year ended December 31, 2024, bringing the total cash dividend for the year to Rs 16.25 per share. The Board had earlier declared and paid interim cash dividends of Rs 12.00 per share.

Pattern of Shareholding

The pattern of shareholding as at December 31, 2024 and the trading in the Bank's shares by Executives, as defined by the Board of Directors under the Code, is given in the Annual Report under the requirements of the Code.

Parent Company

As disclosed in Note 1.1 of the financial statements, the Aga Khan Fund for Economic Development (AKFED) S.A., is the parent company of the Bank and its registered office is in Geneva, Switzerland.

Training programmes attended by Directors

All Directors have either obtained certification from an SECP approved Directors' Training programme or stand exempted from such training, in accordance with the Code.

In 2024, the Board attended a training session on AML/CFT Risks, conducted by a well-recognized external expert.

Board Performance Evaluation

The Board opted for an external annual evaluation of the Board and its Committees for the year 2023, which was carried out by the Pakistan Institute of Corporate Governance (PICG) in 2024. The evaluation assessed the performance of the Board as a whole and as individual directors, covering the areas of Board Composition, Strategic Planning, Board & CEO Effectiveness, Board Information, Board Committees, Board Procedures and the Control Environment.

Process of Appointment and Nomination of Board members:

Directors are elected for a 3-year term by the shareholders of the Bank. Any casual vacancies arising on the Board are filled by the Board of Directors in line with the Bank's Articles of Association and in compliance with the applicable laws and regulations. The nomination of a Board member is undertaken by the Board Nomination and Remuneration Committee (BNRC). Once a potential candidate is identified, the BNRC, having undertaken its due diligence, submits a recommendation for the approval of the Board. All Directors are approved by the SBP in line with its Fit and Proper Test (FPT) criteria including the additional requirements for independent directors, where applicable.

Composition of the Board and Board Committees

The composition of the Board and details of Board Committees are given in the Statement of Compliance with the Code of Corporate Governance.

In order to improve its effectiveness and efficiency, the Board has constituted the following committees which function as per their respective Terms of Reference, approved by the Board. A brief description of the functions of each committee is as follows:

Board Audit Committee (BAC): The BAC facilitates the Board in fostering a strong control environment, supported by an effective system of internal controls, robust policies and procedures. The BAC oversees the Bank's Internal Control Framework, ensuring that identified risks are mitigated to safeguard the Bank's interests. The BAC provides oversight of the Bank's Internal Audit function; approves and monitors the progress of the risk-based annual audit plan; and ensures that the Internal Audit Function has adequate resources and is appropriately placed within the organization structure to maintain its independence.

The BAC reviews the consolidated & unconsolidated financial statements and associated matters, before recommending them to the Board for approval. As part of this process, the BAC also recommends the appointment, both of the statutory auditors, as well as the auditors of overseas branches, to the Board, while ensuring their independence and effectiveness. In addition, the BAC is responsible for monitoring the implementation of new accounting standards; in particular, the Board has designated the BAC as the committee responsible for oversight of the implementation of IFRS 9. For areas that are under its purview, the BAC recommends policies to the Board for approval.

Further, the BAC oversees the compliance of corrective actions determined by the Shariah Board on the reports of Internal and External Shariah audits.

Board Risk Management Committee (BRMC): The BRMC assists the Board in overseeing credit, operational and market risk-related matters impacting the Bank and the maintenance of an independent, supportive and proactive Risk culture. The BRMC is responsible for defining the Bank's overall risk appetite and tolerance levels across broad categories – such as credit risk, market risk, operational risk, liquidity risk & reputational risk. The BRMC also provides advice on risk governance, and internal control systems designed to monitor, evaluate & manage risks. It ensures the implementation of a robust risk management framework and reviews exposures to ensure that they are in line with the risk profile and risk appetite of the Bank.

Board Human Resource and Remuneration Committee (BHRRC): The BHRRC reviews and recommends key human resources and remuneration policies, including major terms of employment and benefits, performance management and compensation plans for all employees of the Bank, including the key executives. It also reviews and recommends the people strategy, policies for staff training, career development, talent management and succession planning in line with the Bank's requirements and best practices.

Board Compliance & Conduct Committee (BCNCC): The BCNCC assists the Board in overseeing the implementation of a compliance and conduct culture and provides governance over the implementation of a bank-wide compliance programme. It also monitors the Compliance & Conduct function's mandate and ensures its capabilities to effectively manage the Bank's compliance, regulatory and conduct risks. The BCNCC also reviews inspection reports from domestic and international regulatory authorities, including time-bound management action plans to address identified issues.

Board Development Finance Committee (BDFC): The BDFC has been constituted with the vision of transforming HBL into being **more than just a bank** by creating a positive environmental and social impact. The BDFC monitors progress on various projects under the Development Finance Charter that further the Bank's agenda of sustainable development and also link the disparate parts of the undocumented and priority sectors into value chains with emphasis on creating a circular ecosystem. The BDFC also provides strategic input on initiatives for improving financial inclusion, especially through the use of affordable technology; access to financial services; and awareness creation in priority sectors and the communities that the Bank serves.

Board IT Committee (BITC): The BITC reviews, evaluates and makes recommendations to the Board regarding the Bank's major technology investment plans and strategies. The BITC also reviews the benefits and returns derived from technology spend. Additionally, the BITC focuses on digital initiatives that can help customer-centricity, how technology can be optimally utilized for business deepening & revenue generation, and provides guidelines on engaging with FinTechs and using Cloud services. The BITC also provides oversight to the Information Security function of the Bank and that the Information Security posture is aligned with the Bank's risk appetite.

Board Nomination & Remuneration Committee (BNRC): The BNRC assists the Board in identifying an appropriate structure, size and balance of skills on the Board as deemed necessary to support the strategic objectives and values of the Bank for sustainable growth. BNRC also deliberates on and recommends the Board Remuneration Policy, in line with regulatory requirements, for approval of the Board/shareholders.

Board Strategy Input and Monitoring Committee: The BSIMC is responsible for reviewing the Bank's strategy and monitoring its implementation. The BSIMC provides advice and integrated insights, considering evolving trends, competition and market developments so that the Bank is best positioned to harness opportunities in the short, medium and long term. The BSIMC also monitors the Bank's progress against its strategic plan.

Appointment and Composition of the Shariah Board

To appoint a Shariah scholar, the management first conducts a screening of the proposed Shariah Board member in line with the SBP's Fit and Proper Criteria. This is then forwarded to HBL's Board of Directors for approval, after which it is submitted to the SBP along with all supporting documents. After receipt of SBP's clearance, the management engages the Shariah Board member, executes the contract and informs SBP. Each Shariah Board Member is dedicated to only one commercial bank in Pakistan. HBL's Shariah Board comprises of three members.

Dr. Muhammad Zubair Usmani is one of the most experienced Shariah Board Members and serves as the Chairman of the Shariah Board. He completed his Takhassus fil Iftaa (Islamic Jurisprudence) and Shahdat ul Aalimiyah from Jamia Dar ul Uloom, Karachi. He holds a PhD in Islamic Finance from the University of Karachi and a Masters degree in International Relations. Dr Usmani has been associated with the banking and financial services industry since 1999 and has provided Shariah Advisory services to various financial institutions, both locally and globally. Dr. Ejaz Ahmed Samadani is a distinguished Shariah scholar. He received his qualifications in Takhassus fil Iftaa (Islamic Jurisprudence) and Shahdat ul Aalimiyah from Jamia Dar ul Uloom, Karachi. He holds a PhD in Islamic Studies from Karachi University, a Masters degree in Islamic Studies from Bahauddin Zakariya University and an LLB from Sindh Muslim Government College. Dr Samadani has been associated with the banking and financial services industry since 2004 and has provided Shariah Advisory services to various financial institutions both locally and globally. He also serves as Chairman of the Shariah Board of

Maldives Islamic Bank and as a member of the Shariah Supervisory Board of MCB-Arif Habib Alhamra Islamic Funds. He has also served as Member, Shariah Board of United Bank Limited, The Bank of Punjab and as Shariah advisor of Alfallah GHP Islamic Fund.

Mufti Muhammad Yahya Asim holds qualifications in Takhassus fil Iftaa (Islamic Jurisprudence) and Shahdat ul Aalimiyah from Jamia Dar ul Uloom, Karachi. He also holds a Masters degree in International Relations, Arabic and Islamic Studies and is currently pursuing a PhD at the University of Karachi. Mufti Asim has been associated with Islamic Banking and the financial services industry since 2004 and has provided Shariah Advisory services to HBL, Habib Metropolitan Bank, Atlas Asset Management, HBL Asset Management and TPL Window Takaful. He has been associated with HBL since 2008 and currently serves as the Resident Shariah Board Member.

The Terms of Reference of the Shariah Board are in accordance with the Shariah Governance Framework issued by the SBP and include, inter alia, the following:

- The Shariah Board is empowered to consider, decide and supervise all Shariah related matters of HBL. All decisions, rulings and fatawas issued by the Shariah Board shall be binding on the Bank and the Shariah Board shall be responsible and accountable for all its Shariah-related decisions.
- The Shariah Board shall ensure the development of a comprehensive Shariah compliance framework for all areas of operations of HBL Islamic Banking. Any products or services offered by HBL Islamic Banking must have prior approval of the Shariah Board.
- The Shariah Board shall approve all procedure manuals, product programmes/structures, process flows, related agreements, marketing advertisements, sales illustrations and brochures to ensure that they conform to Shariah principles and rules.

Compensation of Directors

The Board Remuneration Policy, as approved by the shareholders of the Bank in 2024, is compliant with the requirements set by the SBP's Corporate Governance Regulatory Framework.

The details of the remuneration of the CEO and fees paid to the Directors are disclosed in Notes 39.1 and 39.2 to the unconsolidated financial statements.

Compensation of Shariah Board Members

The Head, Islamic Banking recommends the compensation of Shariah Board members, based on industry practice, to the President. After approval of the President, it is sent to the Board Human Resource and Remuneration Committee for review and recommendation to the Board of Directors (BoD) for approval.

The current monthly remuneration of Shariah Board members, was approved by the BoD in April 2024, and is Rs 1,380,000 for the Chairman, Shariah Board, Rs 1,300,000 for the Member, Shariah Board and Rs 1,250,000 for the Resident Shariah Board Member (RSBM). The RSBM's remuneration also includes a car allowance. Additionally, the BoD has approved car finance facilities for the RSBM and house finance facilities for all Shariah Board members.

As per their contracts of employment, Shariah Board members are entitled to travel and daily allowances in accordance with the Bank's Travel Policy.

The details of remuneration paid to Shariah Board Members are disclosed in Note 39.3 to the unconsolidated financial statements.

Appreciation and Acknowledgement

On behalf of the Board and management, we would like to place on record our appreciation for the efforts of our regulators and the Government of Pakistan, in particular the State Bank of Pakistan, the Ministry of Finance and the Securities and Exchange Commission of Pakistan. In these challenging times, they have stepped up with policies and measures that are prudent, proactive and balanced, protecting the economy, customers and people of Pakistan, while also safeguarding the integrity and soundness of the banking and financial services industry.

We are indebted to our customers, many of whom have banked with us for generations, and who continue to entrust us with their business and confidence. Our shareholders have provided steadfast support and to them, and to all our stakeholders, we are deeply grateful. The Board and the management remain committed to maintaining the highest standards of governance and we assure our stakeholders that we will be industry leaders in this area.

Lastly, but certainly not the least, we express our deepest appreciation and gratitude to our employees and their families, especially in customer facing units and branches, who continually go the extra mile, even at personal cost, to ensure that our customers are able to meet their critical needs. They are our heroes and heroines and we salute them for their dedication and tireless efforts.

On behalf of the Board

ڈائریکٹر رپورٹ 2024

ہمیں بورڈ آف ڈائریکٹرز کی جانب سے سالِ مختتمہ 31 دسمبر 2024 کے غیر مجموعی مالیاتی گوشوارے پیش کرنے ہوئے مسرت محسوس ہو رہی ہے۔

کلیاتی اقتصادیات کا جائزہ

کلیاتی اقتصادی حالات نے مالی سال 25 میں استحکام کو بڑھا دیا۔ نسخے کے لئے منفی خطرات کم ہوتے دکھائی دے رہے ہیں، کرنٹ اکاؤنٹ سرپلس میں ہے اور افراط ازد تقریباً دہائی کم ترین سطح پر چل رہا ہے۔ مالی سال 25 کی پہلی ششماہی میں لارچ اسکیل میون فیکٹر نگ انڈیکس میں 1.9 فیصد کی کمی آئی ہے، لیکن بڑھتی ہوئی طلب اور معافی حالات میں بہتری کی وجہ سے توقع ہے کہ اس میں بھی بہتری آئے گی۔ نقل و حمل، خوارک و مشروبات، اور ٹیکنالگی میں ثابت رجحان نظر آ رہا ہے۔ حالیہ ہائی فریکیٹر زاویہ زندگی شعبے کا بہتر آؤٹ لگ مالی سال 25 میں جی ڈی پی کی شرح نمو 3.0 فیصد سے اوپر جانے میں مدد گار ہو گی۔ جنوری 2025 میں افراط ازد کی شرح 2.4 فیصد رہی جو اکتوبر 2015 کے بعد سب سے کم تھی جس کی وجہ اشیائے خورد نوش کی قیتوں میں کمی، عالمی سطح پر اجناس کی موافق قیمتیں اور ہائی بیس افیکٹ تھے۔ اسیٹ بینک نے افراط ازد کی 11.5 سے 13.5 فیصد کی پیش گوئی پر نظر ثانی کرتے ہوئے اسے 5.5 سے 7.5 فیصد کر دیا ہے۔

مسلسل تین ماہ کے سرپلس کے بعد کرنٹ اکاؤنٹ جنوری 25 کے میں میں خسارے میں تبدیل ہو گیا۔ مالی سال 25 کے 7 ماہ کے دوران کرنٹ اکاؤنٹ 682 ملین ڈالر سرپلس پر رہا جکہ گزشتہ سال کے اسی عرصے میں 1.8 ملین ڈالر کا خسارہ ہوا تھا۔ ٹیکنالگی برآمدات میں 7 فیصد ریکوری اور چاول کی برآمدات 8 فیصد اضافے کے ساتھ 19.2 ملین ڈالر رہیں۔ تاہم درآمدات میں زیادہ تیزی سے اضافہ ہوا جو 11 فیصد اضافے کے ساتھ 33.3 ملین ڈالر تک پہنچ گئیں جس کی بنیادی وجہ مشینری اور پیٹرولیم میں اضافہ ہے۔ اس طرح تجارتی خسارہ اسی عرصے کے دوران 15.7 ملین ڈالر تک پہنچ گیا۔ مالی سال 2025 کے 7 ماہ کے دوران ترسیلات زر کا مضمون بہاؤ 32 فیصد اضافے کے ساتھ 20.8 ملین ڈالر تک جاری رہا جس سے کرنٹ اکاؤنٹ کو مزید تقویت ملی۔ آئی ایف پروگرام میں قرضوں کے استحکام اور کرنٹ اکاؤنٹ سرپلس کی وجہ سے 11.4 ملین ڈالر کے ذخائر آرام دہ سطح پر رہیں۔ یہ ونی صورتحال میں بہتری کی وجہ سے روپے کی قدر بتدریج تک مختتم ہوئی ہے جس میں 2024 میں 1.2 فیصد اضافہ ہوا۔ توقع ہے کہ آئی ایف مشن جلد ہی ایکسٹنڈ ڈفیلیٹی (ای ایف) کا جائزہ لے گا جس کے نتیجے میں ایک ملین ڈالر کی دوسری قسط جاری کی جائے گی۔ دستیاب اعداد و شمار کی بیانیات پر توافق ہے کہ پاکستان زیادہ تر مقداری کارکردگی کے معیار (Quantitative Performance Criteria) پر پورا اترے گا۔

حکومت نے مالی استحکام کو جاری رکھا اور مالی سال 25 کی پہلی ششماہی میں پر انجمنی سرپلس جی ڈی پی کی 2.9 فیصد ریکارڈ کیا۔ داشمندانہ طور پر، اس رقم کو مقامی قرضوں کی پیچورتی پروفائل کو بہتر بنانے کے لیے استعمال کیا گی، سینٹرل بینک نے نومبر 24 میں وزارت خزانہ کی طرف سے پہلی بار ہائی بیک میانی کا انعقاد کیا۔ ریونیو میں 47 فیصد اضافہ ہوا جس کی وجہ ایف بی آر انگل میں 26 فیصد اضافہ اور ننان ٹیکنریو میں 82 فیصد اضافہ (بنیادی طور پر اسیٹ بینک سے غیر موقع منافع) تھا۔ تاہم یہ بجت کی رقم سے 389 ملین روپے کے ساتھ 22 فیصد اضافہ ہوا ہے جس کی وجہ قرضوں کی ادائیگی میں 17 فیصد اضافہ ہے جبکہ ترقیاتی اخراجات میں صرف 2 فیصد اضافہ ہوا ہے۔ اس طرح مجموعی مالیاتی خسارہ 36 فیصد کم ہو کر 1.5 ملین روپے رہ گیا جو مالی سال 24 کی پہلی ششماہی میں جی ڈی پی کے 2.3 فیصد سے کم ہو کر مالی سال 25 کی پہلی ششماہی میں 1.2 فیصد رہ گیا۔

2024 میں ایکوپیٹر اہم اثاثہ جات کی کلاس کے طور پر ابھریں۔ کے ایس ای 100 انڈیکس سے سال کے دوران 86.5 فیصد امریکی ڈالر منافع حاصل ہوا اور اسے دنیا میں دوسری بہترین کارکردگی کے درجے پر رینک کیا گیا۔ سرمایہ کاروں کے جذبات مالیاتی نزی، ایکسٹنڈ ڈفیلیٹ اکاؤنٹ کے منفی آؤٹ لگ اور سیاسی غیر یقینی صورتحال میں کمی کی وجہ سے مضبوط رہے۔ پی ایس میں تیزی کا سلسہ جاری رہا تماں ریکارڈ توڑ کر انڈیکس نے گزشتہ سال کے آخر میں 100000 کی حد عبور کر لی۔ یہ تیزی نئے سال میں بھی جاری رہی ہے، اگرچہ حالیہ مدت میں اتنا رچھا 115,000 سے کم ہے۔

جنوری 24 میں تازہ ترین مائیٹری پالیسی میں اسیٹ بینک نے مزید 100 بی پی ایس کی ڈھیل جاری رکھتے ہوئے 12 فیصد تک کی برقرار رکھی جس سے پالیسی ریٹ میں مجموعی کمی 1000 بی پی ایس تک پہنچ گئی۔ آئی ایف سی نے نوٹ کیا کہ طلب میں کمی اور معاون رسید کی وجہ سے افراط ازد کی مکانی کا رجحان جاری ہے۔ اس کے ساتھ ہی، اس نے آئندہ ایک داشمندانہ لا جھے عمل کا انشادہ دیا، بنیادی افراط ازد میں استحکام کو تسلیم کیا، جو بد ستور بلند ہے، اور یہ ہیڈلائنس ریڈنگ مختصر مدت میں غیر معمکن ہونے کا امکان ہے۔ سال 2024 میں بھی شبے کے قرضوں میں 23.7 فیصد اضافہ ہوا، جو کم شرح اور ٹیکنولوگی کی جانب سے سال کے آخر میں اے ڈی آر اباداف پورے کرنے کی کوششوں سے ظاہر ہوتا ہے۔ اس طرح 2024ء میں صنعتی قرضوں میں 29.6 فیصد اضافہ ہوا جبکہ اسی عرصے کے دوران ڈپاٹس میں صرف 8.8 فیصد اضافہ ہوا۔ 2023 کے مقابلے میں 2024 میں بینکنگ اپریڈ میں 65 بی پی ایس کی کمی واقع ہوئی۔

مالیاتی کارکردگی

سال 2024 میں HBL نے 118.9 ملین روپے کا سب سے زیادہ قبل از ٹیکنلگی میں مذاہدہ کیا جو 2023 کے مقابلے میں 6 فیصد زیادہ ہے۔ یہ مقامی کاروبار میں مختتم کارکردگی اور اب بین الاقوامی فریچائز میں شامل تبلی کے ذریعے حاصل کیا گیا ہے۔ ٹیکنولوگی میں مزید اضافے کے نتیجے میں بینکنگ سکٹر پر ایک بار پھر بوجہ بڑھ گیا، بینک کا بعد از ٹیکنلگی میں 56.8 ملین روپے گزشتہ سال کے مقابلے میں قدرے زیادہ رہا اور فی حصہ آمدی 2023 میں 38.76 میں 38.70 میں 2024 میں 38.70 ہو گئی۔

HBL تیزی سے پر وسینگ کے ساتھ صارفین کی سہولت کے لیے ڈیجیٹائزیشن پر توجہ مرکوز کیے ہوئے ہے۔ 2024 میں، تقریباً 50 فیصد نئے کریڈٹ کارڈز اور 25 فیصد پر سلیل لوگوں HBL موبائل کے ذریعے بک کیے گئے تھے، جو فوری فعلی پر مبنی ایک پیپر لیس پر وسینگ ہے۔

چھوٹے کاروباروں کی معاونت

HBL نے ایس ایم ای آئکٹ لگ تبدیل کرنے، ترقی کے فروع اور خاص طور پر چھوٹے کاروباروں کے لیے موقع پیدا کرنے کے متعارف اقدامات کیے ہیں۔ 2024 میں HBL کو پاکستان بینکنگ ایوارڈز کی جانب سے بہترین ایس ایم ای بینک قرار دیا گیا۔ HBL نے ایڈ انزیں میں 15 فیصد اضافے کے ساتھ 4,800 سے زائد نئے صارفین کو فناںگ کی پیش کش کرتے ہوئے اپنی تانکدانہ پوزیشن محفوظ کی۔ HBL کے منفرد کیش فلور میں قرضوں کو صارفین کی جانب سے خوب پذیرائی ملی ہے، جو 2022 میں آغاز کے بعد سے 10 بلین روپے سے تجاوز کر گئی ہے۔ ریٹیل ٹریڈ چھوٹے کاروباروں کے لیے ایک اہم عنصر ہے اور بینک کے لیے توجہ طلب ہے جس نے 1 بلین امریکی ڈالر کا سانگ میل عبور کیا ہے۔

بینک ایس ایم ای سیکٹر کے لیے اسیٹ بینک سے متعلق اسکیوں میں سب سے آگے رہنے کی کوشش کرتا ہے۔ ان اسکیوں کے تحت مجموعی قرضے 2024 میں 33 بلین روپے تک پہنچ گئے۔ مالی شمولیت کو فروغ دینے کے لیے، ملک بھر میں آگاہی سیشن منعقد کیے گئے، جس میں بینک پر وکٹس اور سبزی والی اسکیوں کا احاطہ کیا گی۔ HBL نے 2024 کے دوران 450 سے زائد خواتین کو 2.6 بلین روپے کی مجموعی تقسیم کے ساتھ خواتین انسٹریمیونر زرکی فناں پر خصوصی توجہ دی۔

HBL ڈیا سروسز اور اس ڈیٹا کو آسانی اور موثر طریقے سے استعمال کرنے کی صلاحیت بڑھانے پر توجہ مرکوز کیے ہوئے ہے۔ 2024 کے دوران بنیادی توجہ اہم استعمال کے معاملات کو سیلف سروس میں منتقل کرنے پر تھی، جس سے کاروباری اور معادن ٹیموں دونوں کو قابل بنایا گیا تھا۔ تمام بنیادی نظاموں کے اعداد و شمار کو اب ڈیٹا لیک میں ضم کر دیا گیا ہے، جس سے بینک میں ڈیٹا کے استعمال کے تمام معاملات کے لیے واحد ذریعے کے طور پر اس کا استعمال ممکن ہوا ہے۔ مثال کے طور پر، بیک آفس کے عمل کے لیے روپوٹ پر وسیں آٹو میشن (آر پی اے) اب ڈیٹا سے چلنے والے فیصلوں کے لیے ڈیٹا لیک کا استعمال کر رہا ہے، جبکہ کنٹرول فیشن چیک کر رہے ہیں اور استثنیات کا جائزہ لے رہے ہیں۔ مستقبل میں، توجہ مقصود پر بنی ڈیٹا مارٹس کی طرف ہو گی، جو جدید تجربیات اور ڈیٹا ویژوالائزیشن کے ذریعہ انسائٹس دیں گے۔

HBL کے تبدیلی کے سفر کے ایک حصے کے طور پر، آرپی اے پروگرام پورے ادارے میں آپریٹشن کا رکردار گی بڑھانے میں ایک اہم اقدام رہا ہے۔ 2024 میں متعدد ڈو میزز میں اہم کاروباری پروسیسز کی آٹو میشن نے بینک کو بڑے ٹرانزیکشن جم سنبھالنے، میونیٹس پروسینگ کی وجہ سے ہونے والی غلطیوں کو کم کرنے اور تبدیلی کے اوقات کم کر کے صارفین کا تجربہ بہتر بنانے کے قابل بنایا۔ آرپی اے نے 5.9 ملین ٹرانزیکشنز پر کارروائی کی، جس سے تقریباً 1 ملین افراد کے کام کے گھنٹوں کی بچت ہوئی اور کارکردگی میں نمایاں بہتری آئی۔ اس پروگرام کو 2025 میں بڑھایا جائے گا، جس میں آرپی اے میں پالٹس کے ساتھ مصنوعی ذہانت کی صلاحیتوں کو ختم کیا جائے گا۔

سرگرم افرادی قوت کی تخلیق اور ترقی کے لیے، تیسرا بیپلائز انگلیجنٹ سروے کیا گیا تھا۔ حوصلہ افزاتانج کے ساتھ شرکت کی شرح 85 فیصد رہی کیونکہ HBL کا انگلیجنٹ اسکو مر سرگرمیں فناش سروز بیچ مارک 77 فیصد کے مقابلے میں بڑھ کر 86 فیصد ہو گیا۔ بینک ٹیلنٹ میجنٹ کے جدید ترین طریقوں اور کام کے تیزرو قفار طریقوں کو اپنانے پر بھی توجہ مرکوز کر رہا ہے۔

رسک میجنٹ فریم ورک

HBL ایک مضبوط انٹرنس گورننس پرو سیس اور رسک میجنٹ ٹولز اور پرو سیس کے استعمال کے ذریعے نمایاں اور ابھرتے ہوئے خطرات کی نشاندہی، تشخیص اور تخفیف کا انتظام کرتا ہے۔ بورڈ آف ڈائریکٹر زینٹ ٹکرانی کرتے ہیں اور بورڈ رسک میجنٹ کمیٹی (بی آر ایم سی) مسلسل بنیادوں پر بینک کے رسک پروفائل کی ٹکرانی اور جائزہ لیتی ہے۔ سینٹر میجنٹ کی سطح پر، مختلف رسک کمیٹیاں ٹکرانی اور عملدرآمد کے لیے ذمہ دار ہیں، جس میں روزانہ کی رسک میجنٹ سرگرمیاں مختلف سطحوں کو تفویض کی جاتی ہیں۔

بینک کا مقصود رسک میجنٹ کی جامع اپروچ اپنانے ہوئے HBL کے مالیاتی بتانج، طویل مدتی اسٹریچ گولز اور پیپلیشنل پروفائل پروفائل پر اس کے اثرات کم کرنا اور اپنے آپ کو مضبوط بنانا ہے۔ HBL کے رسک ٹیکسونومی میں ظاہر ہونے والے کلیدی خطرات میں کریٹ رسک، مارکیٹ اور لیکوئیدیٹی رسک، ریپلیشنل رسک، ماحولیاتی اور سماجی خطرہ اور آپریشنل رسک شامل ہیں۔

چونکہ معاشری حالات چیلنجنگ رہے، اس لیے تنازع کی جانچ اور کمزور سیکنٹس کی نشاندہی کے لیے پورٹ فولیو کے بار بار جائزے سے بینک کے کریٹ پورٹ فولیو کی مضبوطی لیکن بنانے میں مدد ملے۔ عالمی اقتصادی اور سیاسی باحوال پر کڑی نظر کی گئی تاکہ ملک کے خطرات کو فعل طور پر مفہوم کیا جاسکے۔ پورٹ فولیو مانیٹرینگ بڑھانے اور خطرات کی ابتدائی شناخت کے لیے ٹولز پر مسلسل توجہ مرکوز کی گئی تھی۔ بینک نے کارپوریٹ اور کمرشل سینٹ میں اسٹیشن ٹیکل ٹکرانی کے ذریعے اپنے ایکسپریٹ میجنٹ ماؤن کو اپ ڈیٹ کیا جکہ لنز پورٹ فولیو اسکو کارڈ ماؤن کو پیچکوئی کی طاقت بڑھانے کے لیے دوبارہ تیار اور پری کلیبریٹ کیا گیا۔ زرعی بینکاری میں، کریٹ ایشن یونٹ کے دائزہ کارکے تحت کشمیر آن بورڈنگ اور سینٹر لائزڈ انڈر رائمنٹ کا ایک نیا پرو سیس لایا گیا ہے جس سے کریٹ کی فیصلہ سازی کے معیار میں مزید بہتری آئے گی۔

HBL مسلسل بدلتے ہوئے بیرونی باحوال میں اپنے لوگوں کو ٹولز اور مہارت فراہم کر کے ان پر کام جاری رکھے ہوئے ہے۔ HBL کریٹ اسکوں، ایک جامع ماڈیولر ٹریننگ پروگرام، ایک مستقل کریٹ رسک اسمنٹ ماؤنٹ سیٹ کو فروغ دینے میں اہم کردار ادا کرتا ہے جو آگے نظر رکھنے والے رسک ڈرائیورز پر توجہ رکھتا ہے، اور اس طرف صرف تاریخی اعداد و شمار پر مبنی رو عمل کے بجائے ایک فعل نظر اپنانے میں مدد کرتا ہے۔ یہ پروگرام مکمل طور پر ان ہاؤس تیار کیا گیا ہے اور بینک کے سینٹر سروز اس میں شامل ہوتے ہیں۔ HBL نے بڑنس اور رسک پر سینیل دونوں کو ان ہاؤس آئی ایف آر ایم 9 کی تربیت بھی دی۔ اس کے علاوہ، بینک نے مارکیٹ کے شرکاء کے لیے آئی ایف آر ایم 9 ماؤن لزکی سمجھ بڑھانے کے لیے ایک سیشن کا انعقاد کیا اور مختلف ماؤنگ کے امور کے لیے ایک پلیٹ فارم فراہم کیا۔

مارکیٹ اور لیکوئیدیٹی رسک کمیٹی اور اسے ایل سی اور کے ذریعے مانہنے بنیادوں پر مارکیٹ اور لیکوئیدیٹی رسک اندٹکیٹر زکا جائزہ لیا جاتا ہے۔ اس بات کو لیکن بنانے کے لیے کہ بینک مارکیٹ کے خطرے کے لیے اپنی برداشت کے اندر رہے، ایک جامع ڈھانچہ موجود ہے۔

HBL کا انٹرائز رسک میجنٹ فریم ورک رسک میجنٹ کے اصولوں کا خاکہ کہ پیش کرتا ہے اور مختلف فناشز کے انتظامی ڈھانچے، معیارات، مقاصد اور کلیدی ذمہ داریوں کا تعین کرتا ہے۔ بینک بھر میں انٹکیٹر رسک اندٹکیٹر زک (آئی آر سی آر) تکمیل دی گئی ہے اور اس سے مجموعی طور پر خطرات اور مسائل کی نشاندہی، تشخیص میں مدد ملے گی، جس سے ان کی مناسب ٹکرانی اور ان میں کمی کو لیکن بنایا جاسکے گا۔

آپریشنل رسک میجنٹ کو منظم اور مستقل انداز میں چلانے کے لیے پالیساں اور طریقہ کاربنے گئے ہیں۔ آئی آر سی آر، دیگر ٹولز جیسے کی رسک اندٹکیٹر زک اور آپریشنل لاس ڈیٹا میجنٹ آپریشنل رسک کے واقعات کے امکان اور شدت کا اندازہ لکانے کے لیے استعمال کیے جاتے ہیں۔ بینک کے آپریشنل رسک پروفائل اور فراؤرسک اسیمنٹ پر باقاعدگی سے سینٹر میجنٹ فورمز اور بی آر ایم سی میں تبدیلہ جیوال کیا جاتا ہے۔ بینک نے اس اہم خطرے کی ٹکرانی اور اسے کم کرنے کے لیے ریپلیشنل رسک فریم ورک بھی تیار کیا ہے۔ بینک میں اس استعمال ہونے والے ماؤن لزکی توثیق موثر فیصلہ سازی کے لیے ایک جاری سرگرمی ہے۔

بورڈ کمپلائنس اینڈ کنٹرکٹ کمیٹی (بی سی این سی سی) کمپلائنس اور طرز عمل کے کلچر کے نفاذ کی ٹکرانی میں بورڈ کی مدد کرتی ہے اور بینک بھر میں کمپلائنس پروگرام کے نفاذ کی ٹکرانی بھی کرتی ہے۔ بی سی این سی اخلاقیات اور طرز عمل سے متعلق معاملات کی ٹکرانی کرتا ہے جس میں وسل بلونگ کی شکایات بھی شامل ہیں۔ HBL کے وسل بلونگ پروگرام کا مقصد بینک کی سالمیت اور ساکھ کا تحفظ ہے اور اس کا مقصد دھوکہ دہی، بد عنوانی، ہر اسائی اور بینک کے ضابطہ اخلاق کی دیگر خلاف ورزیوں کے مشتبہ کیسیز کی اطلاع دینے میں ملазیں میں احساس ذمہ داری پیدا کرنا ہے۔ کسی بھی متعلقہ تحقیقات کی ٹکرانی بورڈ آڈٹ کمیٹی (بی اے سی) کرتی ہے جبکہ انصباطی کارروائیوں کا جائزہ بورڈ جیو میں ریسوس اینڈریومنیشن کمیٹی (بی ایچ آر آر سی) کے ذریعے لیا جاتا ہے۔ صدر کی سربراہی میں کمپلائنس کمیٹی آف میجنٹ انتظامی سٹپ پر کمپلائنس اور طرز عمل سے متعلق امور کی ٹکرانی اور جائزہ لیتی ہے۔

کمپلائنس فناش ادارے بھر میں کمپلائنس کے ماحول کو مضبوط بنانے اور بینک کو فناش کرائم کمپلائنس میجنٹ سمیت قابل اطلاق قوانین اور ضوابط کی تعمیل کرنے کے قابل بنانے کمپلائنس رسک میجنٹ جاری رکھے ہوئے ہے۔ HBL نے ریگولیٹری کنٹرولز کے لیے مناسب ڈیزائن اور آپریشنل میں سہولت کے لیے ایک مضبوط ریگولیٹری رسک میجنٹ فریم ورک نافذ کیا ہے۔ اس سال کے دوران بینک کے کمپلائنس رسک پروفائل کا ڈیزائن کی سطح کا جائزہ مکمل کیا گیا۔

ادارے میں وسیع پیمانے پر کمپلائنس کنٹرولز کو معیاری اور خود کاربنے پر توجہ کے ساتھ، بینک متعدد پرو سیس کے لیے بی او ٹیز کے کامیاب نفاذ کے صنعت کی پہلی ڈیجیٹل ورک

سے 30,000 گیلین پانی اور 6,000 کلوگرام سیمنٹ کی بچت ہوئی۔ کراچی، لاہور اور اسلام آباد کی 11 بڑی عمارتوں میں تھری بن ویسٹ مینجنٹ سسٹم نافذ کیا گیا جس کے تحت HBL 95 ٹن کچھے کو ذمہ داری کے ساتھ ٹکانے لاسکتا ہے۔ ایک بار استعمال ہونے والے پلاسٹک کو کم کرنے کے لیے ڈپوراپل پانی کی بوتلیں بند کردی گئی ہیں۔ ہر سال 800 سے زیادہ درختوں کے مساوی بچت کے لیے متعدد پیپر لیس اقدامات کیے گئے تھے۔ نیٹ زیر پروگرام کے بارے میں آگاہی کو فروغ دینے کے لیے شینیں لمبائی سمت منعقد کیے گئے، جس میں 1,000 عملے نے شرکت کی۔ HBL نے نیشنل گرین نیکسونوی کی ترقی میں اسیٹ بینک اور ولڈ بینک کی بھرپور مدکی، جس میں اپنے گرستہ تجربے کو بروئے کار لایا گیا۔

اپنی کاؤشوں کے اعتراف میں، یورومنی نے HBL کو پاکستان میں ای ایس جی کے لیے بہترین بینک سے نوازا، جو HBL کے بنیادی کاروباری آپریشنز میں پائیداری اپنانے کے عزم کا ثبوت ہے۔

برانڈ کی تعمیر

2024 میں پاکستان کے سب سے مضبوط مالیاتی برانڈ HBL نے ڈیجیٹل مارکیٹنگ میں نمایاں پیش رفت کرتے ہوئے اپنے متتنوع اور بڑھتے ہوئے نوجوان کلائنٹ بیس اور اسٹیک ہولڈرزو کو ملٹی پلیٹ فارم اسٹریٹجی کے ذریعے شامل کیا۔ HBL اپنے تقریباً 900,000 نکٹ ٹاک فالورز کے ساتھ منسلک رہا، جو مالیاتی اداروں کے فالورز میں سب سے زیادہ ہیں، جس سے اس کی ڈیجیٹل موجودگی کو مزید تقویت لی۔ HBL PSL 9 پلٹ وکیل کے لیے ایک ڈائناک مہم پیش کی۔ اس میں برانڈ ٹاک کا آغاز بھی شامل تھا جس نے ماحول کی شرکت اور مواد کی تحقیق کی حوصلہ افزائی کی۔ اس مہم میں 83 ملین ویوز اور 21,000 سے زیادہ فین میڈی ویڈیو یوٹھ حاصل ہوئیں۔ دوسرا بار HBL کو نکٹ ٹاک نے PSL کے لیے عامی کامیابی کیس اسٹڈی کے طور پر تسلیم کیا۔ HBL نے نارکٹ ٹاک مہم شروع کر کے کیش افسران کی بھرتی کا عمل بھی تبدیل کر دیا، جس کے نتیجے میں ایک سہ ماہی کے اندر درخواستوں میں 63.5 فیصد اضافہ ہوا، جبکہ بھرتی کے اخراجات میں بھی کمی واقع ہوئی۔ اپنی نوعیت کا یہ پہلا اقدام ٹاک کے لیے عامی کیس اسٹڈی بھی بن چکا ہے۔

2024 میں HBL نے تین بڑے ٹورنامنس کے ذریعے نوجوانوں تک رسائی حاصل کرنے کے لیے ای اسپورٹس پلیٹ فارم کا فائدہ اٹھایا: کراچی میں ای اے ایف سی 24، لاہور میں ٹینکن 8 وینز گینگ ٹورنامنٹ اور کراچی میں ویورنٹ گینگ ٹورنامنٹ۔ ان ٹورنامنس نے قابل ذکر ایک ٹیکنیک میڈیا پریز 9.3، 2.8 ملین ویوز تک پہنچ کئے۔ خاص طور پر، ٹینکن ٹورنامنٹ نے خواتین گیمز کو باختیار بنا، اس طرح گینگ کیونٹی میں شمولیت فراہم کی۔ صنعت کے پہلے اقدام کے طور پر، ٹورنامنٹ کو برآ راست اسٹریم کیا گیا، جس نے HBL کی رسائی کو مزید بڑھایا اور HBL کو پر جوش گیمز کے بڑھتے ہوئے سامعین سے جوڑنے میں مدد کی۔

بینک نے HBL اسپارٹوڈ کا ساث کا آغاز کیا، جس نے مالیاتی خدمات کی صنعت میں اپنی فکری قیادت کو جاری رکھا۔ HBL پہلا بینک ہے جس نے اپنی موافقی حکمت عملی کے حصے کے طور پر اس ٹول کو اپنایا ہے۔ پوڈکاست، جس میں HBL کی نوجوانوں پر توجہ، عامی مارکیٹ کے رجحانات اور بینکنگ کے مستقبل پر توجہ کا احاطہ کیا گیا تھا، نے تیزی سے توجہ حاصل کی۔ مستقبل میں HBL اپنے موجودہ اور مستقبل کے صارفین تک رسائی حاصل کرنے کے لیے برانڈ ٹاک اور کیو ٹیکنیشن میں جدت اپناناجاری رکھے گا۔

ہیومن ریسورس

HBL کی پائیدار ترقی اس کے بنیادی اصول—لوگوں کی قدر، پرمی ہے۔ 2024 میں ماز میں کو در پیش معاشر چیلنجز سے آگاہ رہتے ہوئے HBL نے اپنے ماز میں کی کم از کم ماہانہ تنخواہ میں اضافہ کر کے، زیادہ تک ہوم تنخواہ حاصل کرنے کے لیے ماز میں کے فوائد کی تنظیم نواور والدین کے اسپتال میں داخلے کے لیے میڈیکل لون کی سہولت شروع کر کے مالی مدد فراہم کی۔

پیشہ ورائہ تربیت اور ترقی کے لیے خود تشخیص کا کلچر پیدا کرنے کے لیے بینک نے 360 ڈگری فینڈ بیک میکانزم کے دائرہ کارکو و سمعت دی ہے جو قائدانہ صلاحیتوں کو فروغ دینے پر توجہ مردیتا ہے اور پیئر اور اسٹیک ہولڈرزو ان پٹ کے ذریعے اقدار پر مبنی ثافت کو فروغ دینے میں مدد کرتا ہے۔ بینک مجموعی تنخواہ کے تصور کے ذریعے ماز میں کو اعام دینے کے لیے پے فار پرفار منس جاری رکھے ہوئے ہے۔ خطرے سے مطابقت رکھنے والے معاوضے کا طریقہ کار اور ویری ایبل ٹینکنیشن کو موخر کرنے کی صلاحیت، سینٹر مینجنٹ کی سطح پر احتساب پر بینک کی توجہ کو مزید بڑھاتی ہے۔

بینک کے اسٹریٹجی گولز کے ساتھ ہم آہنگ ہونے کے لیے، سال بھر سیکھنے کے ایجنڈے میں ہنر مندی اور ماہر ان اقدامات کو بہت بنانے پر زور دیا گیا ہے۔ لیئر شپ ایکسینس پروگرام اپنے دوسرے مرحلے میں داخل ہوا، جس میں ڈیلیوں اور فرست لائن ٹینکنیکیز کو روزانہ کے چیلنجز سے نمٹنے اور اپنی ٹیموں کی موثر طریقے سے قیادت کرنے کی تربیت پر توجہ مرکوز کی گئی۔ HBL نیکس، ان ہاؤس ڈیجیٹل لرننگ پلیٹ فارم، کو ٹینکنیکی ترقی کے بارے میں خود کار سیکھنے کی پیش کش کے لیے مزید وسیع کیا گیا۔ ایک خصوصی ریٹیل کریڈٹ سرٹیفیکیشن پر گرام سے 300 ماز میں کو ان کی کریڈٹ کی مہارت بڑھانے کے لیے ایک پلیٹ فارم فراہم کیا گیا۔ یہ یقینی بنانے کے لیے کہ ماز میں صنعت کے رجحانات، عامی ترقی، اور ریگویزری شرکتوں سے ہم آہنگ اور ان سے بخبر رہیں، 590,000 سے زیادہ افرادی گھنٹوں کی تربیت فراہم کی گئی۔

تنوع، ایکوئیٹری ایڈنڈا نکلوژن (ڈی ای آئی) میں بہترین کار کر دگی کے لیے بینک کی غیر متر لزل ایٹنگی کا اعتراف HBL نے گلوبل ڈائیورسٹی، ایکوئیٹری ایڈنڈا نکلوژن ٹینچ مارک (جی ڈی ای آئی بی) ایوارڈز میں 15 میں سے 14 بہترین پریکٹس ایوارڈز جیت کر کیا۔ ویکن ان لیئر شپ ایٹنچسیزیریز اور ویکن برانچ ٹینچر ز پروگرام کا آغاز خواتین کو باختیار بنانے اور نارکٹ ڈیل ٹینکنیشن پسپورٹ، مینٹور شپ اور کوچنگ کے ذریعے انہیں اعلیٰ انتظامی عہدوں تک پہنچانے کے لیے کیا گیا تھا۔ ان کو ششوں سے بینک کو 22 فیصد تنوع کے تابع کو برقرار رکھنے میں مدد ملتی ہے۔ HBL ایک جامع اور مساوی کام کا ماحول پیدا کرنے کے لیے پر عزم ہے جو تمام ماز میں کی ترقی اور کامیابی کو سپورٹ کرتا ہے۔ سال کے دوران بینک نے عملے کی ذہن سازی اور افرادی قوت میں معدود افراد کو شامل کرنے کے قابل بنانے کے لیے متعدد سینیٹیشنز ایشن سینیشن منعقد کیے۔ ماز میں کو مختلف اقدامات میں حصہ لینے کی ترغیب دی گئی، جس سے انہیں بات چیت اور ایٹنچسٹ کا برآ راست موقع فراہم ہوا۔

اٹھانا چاہئے۔ توقع کی جاتی ہے کہ فنڈ ماضی کے مقابلے میں پالیسی میں کمی کے حوالے سے بہت کم نرمی کا مظاہرہ کرے گا، کیونکہ اس سے قبل آنے والی حکومتوں کی جانب سے اصلاحات پر عمل درآمد کا نقصان تھا اور موجودہ جیو پولیکل حقائق موجود تھے۔

ہوم ریکٹسز میں اضافے کی وجہ سے یہ ورنی صورتحال میں مسلسل بہتری آرہی ہے جو گزشتہ 6 ماہ میں اوسط 3.0 بلین ڈالر ہی ہے۔ ٹیکسٹاکل برآمدات میں بھالی کے ساتھ ساتھ اس بہاؤ سے معتدل درآمدی نمو کو پورا کرنے کی توقع ہے، جس سے کرنٹ اکاؤنٹ نسبتاً متوازن رہے گا، اور خارجہ بی ڈی پی کے 1.0 فیصد سے نیچے آنے کی توقع ہے۔ ماں سال 25 کے اختتام تک زر مبادلہ کے ذخیرے 13.0 ارب ڈالر سے تجاوز کرنے کی پیش گوئی کی گئی ہے۔ ایکسٹر نل اکاؤنٹ میں مدد و دوست ممالک کی جانب سے قرضوں کے مسلسل روپ اور ارز، آئی ایف کی الگی قسطوں کے اجزاء اور ماحولیاتی بہتری کے لیے کثیر الہجتی مکملہ مدد کے ذیلے بھی آئے گی۔ حالیہ اپ گریڈ کے باوجود پاکستان کی کریڈٹ ریٹنگ کمزور ہے جس کی وجہ سے بین الاقوامی فنا فسٹگ میں اضافہ رک گیا ہے۔ آئی ایف کے جائزوں کی بروقت اور کامیاب ٹیکسٹل، پائیدار اصلاحاتی کوششوں اور ایف ایکس بفرز کا مسلسل جمع ہونا ہم عوامل ہیں جو مزید اپ گریڈ کر سکتے ہیں۔

پالیسی ریٹ تیزی سے کم ہو کر 22.0 فیصد کی بلند ترین سطح سے 12.0 فیصد پر آگیا ہے جو معیشت میں شدید افراط ازدیقے دباو کی عکاسی کرتا ہے۔ تاہم، اپنے حالیہ اجلاس میں، ایکم پی نے بنیادی افراط ازدیقے میں استحکام کو تسلیم کیا اور کہا کہ ہیئت لائن افراط ازدیقے مختصر مدت میں غیر مستحکم رہے گا۔ حقیقی شرحوں میں اب بھی اضافے کے ساتھ، پالیسی میں نرمی جاری رہنے کا امکان ہے، اگرچہ ست رفتار سے۔ اس سے مرکزی بینک کو شرح سود میں حالیہ کوشی کے اثرات کا اندازہ لکھنے کے لیے ایک بفری کی اجازت ملنی چاہئے۔ تاہم، فی الحال، اجلاس کی قیمتیوں کا آڈٹ لگ اچھا ہے، عالمی بینک نے پیش گوئی کی ہے کہ تیل کی وجہ سے 2025 میں مجموعی قیمتیوں میں 5 فیصد کی آئے گی۔ پاکستان کے تناظر میں، یہ ایک سازگار ایکسٹر نل اکاؤنٹ میں ظاہر ہوتا رہے گا۔

عالیٰ اقتصادی پس منظر غیر یقینی صورتحال سے بھرا ہوا ہے اور صدر ڈرمپ کے ایجادے کے ساتھ ساتھ چین کو طویل عرصے تک افراط ازدیقے کا سامنا ہے۔ دوسری جنگ عظیم کے بعد کے جیو پولیکل سسٹم کو ختم کرنے کے ڈرمپ کے ارادے اور اپنے عہدے کے پہلے مینے کے دوران اٹھائے گئے اقدامات کی وجہ سے خلل اندازی کا زیادہ امکان ہے۔ امریکہ میں زیادہ محصولات، محدود امکریشن اور کم ٹیکسٹل کی بنیاد پر مارکیٹیں زیادہ افراط ازدیقے کے ساتھ قیمتیوں کا تعین کر رہی ہیں، جس کے نتیجے میں طویل عرصے تک اعلیٰ شرح رہنے کی توقع ہے۔ انتخابات کے بعد سے امریکی ڈالر کی قدر میں تیزی سے اضافہ ہوا ہے اور یہ رجان جاری رہ سکتا ہے کیونکہ امریکہ دنیا بھر سے زیادہ سرمائے کو ہبھپتا ہے۔ اس کے نتیجے میں کچھ ابھرتی ہوئی اور فرٹیٹر مارکیٹوں سے سرمایہ کاری کی توقع ہے۔

ایک انتہائی مشکل سال کے باوجود HBL نے کامیابی کے ساتھ ایک اور یا کارڈ سال مکمل کیا ہے۔ مضبوط ڈویسٹک فرمنچائز کے عمدہ متن کو بین الاقوامی کاروبار سے بڑھتے ہوئے تعاون سے پورا کیا گیا ہے۔ ہمارے آپریٹریں کے زیادہ تر شعبوں میں قائدانہ عہدوں کو مزید و سعدت دی گئی ہے۔ ہمارا نویسٹٹ بینکنگ بنس اب بھی اہم کھلاڑی ہے، جو ایوارڈ حاصل کر رہا ہے، جبکہ ہمارے مقامی صارفین کی جانب سے بہترین کنوشنل بینک کو طور پر تسلیم کیا جانا اس بات کی تصدیق کرتا ہے کہ اس ملک کے ساتھ ہماری وابستگی پختہ ہے۔ ہمیں اس بات پر بھی خوشی ہے کہ گذگورنس پر ہمارے مسلسل زور کو پاکستان انسٹی ٹیوٹ آف کارپوریٹ گورننس نے تسلیم کیا ہے جس نے ہمیں صنعتیوں میں سال کا بہترین بورڈ قرار دیا ہے۔ ہم ان متن کو اپنے لئے نہیں کرتے ہیں، جن میں سے بہت سے نسلوں سے ہمارے ساتھ بینکنگ کرتے آرہے ہیں اور جو ہمارے موجود ہونے کی وجہ ہیں۔

HBL پاکستان کی معیشت میں رعایت کی اہمیت کو تسلیم کرتا ہے اور کئی سالوں میں اس شعبے میں مستقل سرمایہ کاری کر رہا ہے۔ ہمارے انتہائی ترقیاتی مالیاتی اقدام نے کسانوں کی زندگیوں پر ڈرامائی اثرات مرتب کیے ہیں۔ لینڈر یا کارڈ کوڈیجیٹائز کرنے کے لیے حکومت بلوچستان کے ساتھ ہماری شراکت داری اس پسمندہ صوبے کے کسانوں کو مالی و سماں تک زیادہ سے زیادہ رسائی فراہم کرے گی۔ ہم ریکویٹر، کمٹر اور صنعت کی طرف سے اپنی تبدیلی کی قیادت کے لیے تسلیم کیے جاتے رہیں گے۔

HBL میں ہمارے کاروبار کے ہر پہلو کی ڈیجیٹلائزیشن میں اضافہ ایک طرز زندگی بن گیا ہے جس میں موبائل ایپ کے ذریعے پیپر لیس کنزیور فانسٹگ سے لے کر کسانوں کی ریکوٹ ڈیجیٹل آن بورڈگ، چھوٹے ماسکر و فانس صارفین کے لیے ای والٹ سے لے کر بڑے کارپوریٹس کے لیے ای ٹریڈنگ تک شامل ہیں۔ جس میں تحریک پہنچ نے ہمارے ٹریڈری پلیٹ فارم میں 3 ٹریبلیں کاسٹگ میل اور ٹوکس کا اولین استعمال ہمارے صارفین کے لیے کارکردگی، درستگی اور تیز تر پروسیسینگ فراہم کر رہا ہے۔ HBL-P@SHA ICT ایوارڈ کی اسپانسرشپ پاکستان کے ڈیجیٹل منظرنامے کو تکمیل دینے والے افراد اور تنظیموں کی خدمات کا اعتراف کرتے ہوئے بہترین کارکردگی کو سراہتی ہے۔ HBL Mobile موبائل سے لے کر کمیٹ تک، کیو آرسے HBL Pay تک، بینک اپنے صارفین کے لیے تخفیقی، اپنی نویت کے پہلے حل فراہم کرنے میں آگے آگے ہے۔

تمام پہلوؤں میں پائیداری اپریٹر کا مرکز ہے۔ حال ہی میں، ہم نے اپنی تیسری پائیداری رپورٹ کا اجراء کیا، جسے مختلف اسٹیک ہولڈرز نے سراہا۔ اب ہم نے اپنے ماحولیاتی اثرات پر نظر رکھنا شروع کر دیا ہے اور یہ رپورٹ ہمارے اقدامات کو اقوام متحدہ کے پائیدار ترقیاتی اہداف سے جوڑتی ہے۔ ہمارے لیے مالیاتی شمولیت پائیداری کا ایک اہم عضور ہے جس میں HBL Nisa Konnect اور ٹکنولوژی کی شمولیت اور ہمارے اپنے صنعتی تنویر کے اہداف شامل ہیں، اور ماں ٹکر و فانس کے ذریعے پسمندہ افراد کو شامل کرنا؛ ہمارے ٹچ پونٹس پر نارکٹنگ بھر تیوں اور سہولیات کے ذریعے معدن و افراد کو شامل کرنا؛ اور ہماری معروف سو شن میڈیا موجودگی اور اسیپورٹس اور گیمینگ کے فروغ کے ذریعے نوجوانوں کی شمولیت، خاص طور پر خواتین گیمز کے لیے۔

ہم HBL PSL کے 10 ویں ایڈیشن کی دلیل پر ہیں۔ ایک ایسا ایونٹ جس نے بلاشبہ پاکستان کو عالمی کرکٹ کے نقطے پر واپس لانے میں مدد کی ہے۔ ہمیں فخر ہے کہ ہم پاکستان اور دنیا بھر میں لاکھوں پاکستانیوں کو خوش کرنے والے اس ٹورنامنٹ کے بانی اسپانسر ہیں۔ HBL پاکستان اور پاکستانیوں کے روشن مستقبل کو یقینی بنانے کے لیے ہر شعبے میں آگے بڑھ رہا ہے اور بڑھتا رہے گا۔

فوس قائم کر کے پاکستان میکنگ انڈسٹری میں جدت کے اجنبیاً کی قیادت کر رہا ہے۔ HBL کی بین الاقوامی برائج سے عالمی ان سورنگ کے لیے پاکستان میں کمپلائنس سینٹر آف آئیزیشن میکنگ اور الٹ ڈسپوزیشن میں بھرپور معاونت فراہم کرتا ہے اور یہ ایک اور تاریخی اقدام ہے۔

HBL بڑھتے ہوئے ساہب خطرات سے اپنے صارفین اور ان کے ڈیٹا کی حفاظت کے لیے پر عزم ہے۔ بینک کا انفار میشن سیکیورٹی فناشن اندر ورنی اور یہ ورنی دونوں ذرائع سے ساہب خطرات کو مدد و طریقے سے منظم کر کے HBL کے ڈیٹا اسیٹس کے وفاع میں اہم کردار ادا کرتا ہے۔ بینک کا 7/24 سیکیورٹی آپریٹر سینٹر مسلسل گرفتاری کے ذریعے ایک مضبوط سیکیورٹی پوزیشن کو تیکنی بناتا ہے، جس میں جدید سراغ لگانے اور روک تھام کے نظام کو تقویت ملتی ہے۔ سال بھر بینک ملازمین کو تعلیم اور تربیت دینے کے لیے جامع انفار میشن سیکیورٹی آگاہی ہم چلاتا ہے، جس کے ساتھ ساتھ متعدد مواصلاتی چینز کے ذریعے صارفین کے لیے آگاہی کے اقدامات پر توجہ کی جاتی ہے۔ HBL سونکٹ سینٹر سیکیورٹی پروگرام، پی سی آئی ڈی ایس ایس اور آئی ایس اد 2700 سمیت معروف صنعتی معیارات کے ساتھ مکمل مطابقت رکھتا ہے، جو اس کے سیکیورٹی فریم ورک کو مزید بہتر بناتا ہے۔

کارپوریٹ سماجی ذمہ داری

HBL فاؤنڈیشن (انجمنی ایل ایف) اپنی رفاهی کوششوں کے ذریعے پاکستان کی سماجی و اقتصادی ترقی میں اہم کردار ادا کر رہی ہے۔ 2024 میں فاؤنڈیشن نے صحت کی دیکھ بھال، تعلیم اور کیمیئنی کی ترقی میں اقدامات کی معاونت کے لیے جمیع طور پر 861 ملین روپے دیئے۔

ہمیشہ کی طرح، صحت کی دیکھ بھال تک رسائی اور معیار کو بہتر بنانے کے لیے گیا بڑا حصہ ادا کیا گیا، جو ملک کی سب سے اہم ضرورت ہے۔ فاؤنڈیشن کی جانب سے 600 ملین سے ملتا ہے میں بچوں کے علاج معاہدے کے لیے ایک جنیسی ٹریننگ فیلیٹ کے قیام، ہسپتاں کی توسعہ اور سولہ ایزیشن اور ضروری طبی سازوں سامان اور ادویات کی فراہمی جیسے اقدامات کے ذریعے 55 ہزار مریضوں کی مدد کی گئی۔ تعلیم کے شعبے میں توجہ اعلیٰ یونیورسٹیوں میں طالبات کے لیے اسکارشپس کے ذریعے طلباء کو با اختیار بنانے، خصوصی ضروریات کی تعلیمیں معاونت اور پیشہ و رانہ تربیت فراہم کرنے پر مرکوز تھی، جس سے 15,600 طالب علم مستفید ہوں گے۔ اس شعبے کو عطیات کی مدد میں 130 ملین روپے موصول ہوئے جس سے فاؤنڈیشن کے تعییم کی تدبیکی طاقت اور سب کے لیے مساوی موقع پیدا کرنے کے مقصد پر تینکن کو تقویت ملی۔

کیمیئنی کی فلاخ اور انسانی امداد ایک ترجیح ہے اور اس شعبے میں قابل قدر مقاصد کے لیے 130 ملین روپے فراہم کیے گئے ہیں۔ ان میں پینے کا صاف پانی فراہم کرنے کے لیے کراچی میں اولاد اتنے ہوں کی سولہ ایزیشن اور جیوانی میں یورس آسوس پلائنس شامل ہیں۔ اس نے ملکیت بلستان اور پڑال میں پسمندہ آبادی کی تھی مدد کی، ان علاقوں میں معیار زندگی کو بہتر بنایا۔ انسانی ہمدردی کی کوششوں میں پاکستان بھر میں راشن بیگز، واٹر پروف نیخے اور قهرمل کمبل کی تقسیم شامل ہے۔ ان اقدامات سے غذائی عدم تحفظ کو کم کرنے اور پسمندہ علاقوں میں معیار زندگی کو بہتر بنانے میں مدد ملی۔ HBL فاؤنڈیشن کا سماجی فلاخ و بہبود کے لیے جمیع نقطہ نظر ضرورت مندرجہ دریوں کی مدد کرنے کے لیے اس کے جاری عزم کی نشاندہی کرتا ہے۔

HBL کا ایسپلائزڈ نیٹوورک پروگرام ملازمین کی شمولیت کے ذریعے سماجی اثرات کے لیے بینک کے عزم کو ظاہر کرتا ہے۔ یہ موقع فراہم کرنے کے لیے اور ملازمین کو با اختیار بنانے کے لیے ڈیپاکن کیا گیا ہے تاکہ وہ ان برادریوں میں بامعنی حصہ ڈال سکیں جن میں وہ خدمت کرتے ہیں۔ شاندار تجربے کے ذریعے، عملے اور خاندانوں کو رضاکارانہ طور پر کام کرنے کے کثیر الہجتی فوائد حاصل ہوتے ہیں۔ سال 2024 میں ملازمین نے 10 شہروں میں 36 سرگرمیوں میں 1,300 گھنٹے سے زائد کا حصہ ڈالا اور اپنے آغاز سے لے کر اب تک اس پروگرام نے رضاکارانہ طور پر کام کرنے کے لیے 3,000 گھنٹوں کا نیک میل عبور کر لیا ہے۔ قابل ذکر اقدامات میں نجرباں نیشنل پارک میں صفائی مہم، ملٹی سٹی بلڈنگ مہم، علاقائی شجر کاری مہم میں تقریباً 2,200 درخت لگانا اور عالمی یوم ارض کے موقع پر کراچی میں صفائی مہم شامل ہیں۔ یہ پروگرام کیمیئنی سروں کے پلچر کو فروغ دیتا ہے، ملازمین کو ماحولیاتی اور سماجی اقدامات میں حصہ ڈالنے کے لیے با اختیار بناتا ہے، جبکہ HBL کی کارپوریٹ ذمہ داری کے عزم کو تقویت دیتا ہے۔

کریڈٹ رینگ

جون 2024ء میں، بینک کی کریڈٹ رینگ کی دوبارہ تصدیق VIS کریڈٹ رینگ کمپنی لمبینڈ کے ذریعے بالترتیب طویل المیعاد اور قلیل المیعاد کے لیے A/A+ ہوئی۔ حال ہی میں دونوں اضافی Tier 1 سرمائی کے طور پر جاری کردہ TFCs کی رینگ کی بھی AA+ کے طور پر دوبارہ تصدیق کی گئی۔ تمام رینگ میں منظر نامہ مستخدم ہے۔ یہ رینگ ملک کے سب سے بڑے کمرشل بینک کی حیثیت سے HBL کے مقام کی توثیق کرتی ہے اور اس کی مستلزم تنظیمی اہمیت اور انتظامی تنویر کی عکاس ہے۔ رینگ کی حمایت میں VIS نے HBL کے متنوع ڈپاٹریز میں، نمایاں لیکوڈ ذخائر اور بہتری کی جانب راغب کیسپلائزڈ نیشنل یوں کی اس کی مارکیٹ تک مضبوط رسائی کے ثبوت کے طور پر نشاندہی کی۔

اگست میں Moody's نے HBL طویل المیعاد ڈپاٹریز رینگ Caa3 سے Caa2 اور بیان کریڈٹ اسیمنٹ Caa3 سے Caa2 کر دی۔ HBL طویل المیعاد ڈپاٹریز رینگ کا منظر نامہ بھی مستخدم سے ثابت کر دیا گیا۔ HBL کی رینگ کا فعلہ حکومت پاکستان کے اجر اکار اور سینٹر ان سیکیورٹی رینگ کے Caa2 سے Caa3 کے اپ گریڈ کے بعد کیا گیا۔

مستقبل کا منظر نامہ

پاکستان نے ماضی قریب میں بے شمار چینجز کا سامنا کیا ہے اور اب مستحکم ہو رہا ہے۔ اداٹنگوں کے توازن کے بھر ان کا سبب بننے والے ساختی عدم توازن میں فی الحال کی آئی ہے، حکام نے یکجاہی اور صد میں برداشت کرنے کی صلاحیت میں اضافہ کیا ہے۔ تاہم، 3.0 فیصد کی موجودہ ترقی کی شرح فی کس آمدنی پر اثر انداز ہونے کے لیے ناکافی ہے۔ ترقی کی راہ میں حائل اہم رکاوٹوں پر توجہ نہیں دی گئی ہے جن میں معیشت میں ریاست کی موجودگی، ٹکنیکی نظام میں بغاڑ اور تواثی کی بڑھتی ہوئی لگات شامل ہیں۔ یہ بات حوصلہ افزائی کے حکومت نے اسی ایف ایف کے تحت اصلاحات پر اتفاق کیا ہے۔ اگرچہ کچھ شروع کی گئی ہیں، لیکن مشکل اقدامات اٹھانا باتی ہیں۔ حکام کو معیشت کو پائیدار ترقی کی راہ پر گامزن کرنے کے موقع سے فائدہ

Independent Auditor's Report

To the members of Habib Bank Limited

Report on the Audit of the Unconsolidated Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of **Habib Bank Limited** (the Bank), which comprise the unconsolidated statement of financial position as at 31 December 2024, and the unconsolidated profit and loss account, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated cash flow statement for the year then ended, along with unaudited certified returns received from the branches except for 95 branches which have been audited by us and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated profit and loss account, the unconsolidated statement of comprehensive income, unconsolidated statement of changes in equity and unconsolidated cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 31 December 2024 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

Key audit matter	How the matter was addressed in our audit
Valuation of Advances: (Refer note 9 & 20 to the unconsolidated financial statements)	<p>As at 31 December 2024, the Bank's Credit loss allowance against advances and off-balance sheet items amounting to Rs. 114,360 million and Rs. 8,150 million respectively.</p> <p>As per the BPRD Circular No. 07 of 2023, the Bank adopted IFRS 9 in accordance with the Application Instructions issued by State Bank of Pakistan (SBP) from 01 January 2024 which requires the Bank to recognize Expected Credit Losses (ECL) on advances including non-funded exposure. The estimation of ECL on advances including non-funded exposure, involves judgement and complexity.</p> <p>The key areas which are subject to management judgement in the estimation of ECL are:</p> <ul style="list-style-type: none"> Model estimations – judgmental modelling and assumption are used to estimate ECL which involves determining Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default (EAD). Respective model assumption is a key driver of complexity and uncertainty and are required in the application of these model for calculation of the ECL estimate. Qualitative criteria – the criteria selected to identify a Significant Increase in Credit Risk (SICR) involves judgment and can lead to unreliable ECL recognized for certain portfolios. <p>In line with the application instructions as issued by SBP for IFRS 9, the Bank must compare the ECL for Stage 3 advances with the provision determined under the Prudential Regulations (PR) issued by the SBP. The PR requires specific provisioning against the advances on the basis of time-based criteria which should be supplemented by a subjective evaluation of Bank's credit portfolio. The determination of provision against advances, therefore, involves use of management's judgement, on a case-to-case basis, taking into account factors such as the economic and business conditions, borrowers' repayment behaviors and realizability of collateral held by the Bank.</p> <p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> Performing risk assessment procedures over the credit loss allowance against advances and off-balance sheet exposure within the Bank's unconsolidated financial statement. As part of these risk assessment procedures, identifying the portfolios associated with a risk of material misstatement including those arising from judgements over the estimation of ECL either due to inputs, methods or assumption. Assessing the design and implementation of key controls established by the Bank over measurement of ECL and provision calculated as per PR. We involved in-house specialist who assisted in the following: <ul style="list-style-type: none"> Evaluating the Bank's impairment methodologies for compliance with application instructions as issued by SBP for IFRS 9; Assessing the reasonableness of macroeconomic variable and economic forecasts by comparing these to external sourced data extracted; and Performing independent testing of the Expected Credit Loss (ECL) allowance on a sample basis. Ensuring completeness of the key inputs into the ECL calculations with their respective sub-ledgers and general ledgers. Performing testing on sample basis over key inputs into the ECL calculations with their respective source documents.

Key audit matter	How the matter was addressed in our audit
<p>Because of the high degree of estimation uncertainty and judgement involved in the calculation of ECL we considered the area of ECL provision as a key audit matter.</p>	<ul style="list-style-type: none"> • In accordance with the PR, we sampled at least sixty percent of the total advances portfolio and performed credit review through the following substantive procedures: <ul style="list-style-type: none"> - verifying repayments of advances/ mark-up installments and checked that non-performing advances have been correctly classified and categorized based on the number of days overdue; - examining watch list accounts and, based on review of the individual facts and circumstances, discussions with management and our assessment of financial conditions of the borrowers, formed a judgement as to whether classification of these accounts as performing was appropriate; and - assessing the accuracy of specific provision made against non-performing advances in accordance with the criteria prescribed under the PRs by performing recalculation. • Assessing the appropriateness of SICR criteria applied by the Bank by ensuring that the SICR criteria and staging methodology are consistent with the relevant application instructions as issued by SBP for IFRS 9. • Assessing the appropriateness of ECL on advances categorized as Stage 3 by performing a comparison of ECL computed, through the use of methodology and models with the provision required to be computed as required under the PR to ensure that an amount which is higher of the ECL and PR requirements is appropriately recognized for these stage 3 advances pursuant to the requirement of application instructions as issued by SBP for IFRS 9. • Evaluating the adequacy of the disclosures made in the unconsolidated financial statements around ECL as required by the approved accounting standards.

Information Other than the Consolidated and Unconsolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Bank's Annual Report for the year ended 31 December 2024 but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. Based on our audit, we further report that in our opinion:
 - a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
 - b) the unconsolidated statement of financial position, the unconsolidated profit and loss account, the unconsolidated statement of comprehensive income, unconsolidated statement of changes in equity and unconsolidated cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
 - c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and
 - d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980) was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.
2. We confirm that for the purpose of our audit we have covered more than sixty percent of the total loans and advances of the Bank.

The engagement partner on the audit resulting in this independent auditor's report is Amyn Pirani.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

1 STATUS AND NATURE OF BUSINESS

Habib Bank Limited (the Bank) is incorporated in Pakistan and is engaged in commercial banking services in Pakistan and overseas. The Bank's registered office is at Habib Bank Tower, 9th Floor, Jinnah Avenue, Blue Area, Islamabad, Pakistan, and its principal office is at HBL Tower, Plot # G-4, KDA Scheme 5, Block 7, Clifton, Karachi, Pakistan. The Bank's shares are listed on the Pakistan Stock Exchange. The Bank operates 1,705 (2023: 1,728) branches inside Pakistan including 408 (2023: 408) Islamic Banking Branches and 27 (2023: 30) branches outside the country including in the Karachi Export Processing Zone (KEPZ). The Aga Khan Fund for Economic Development S.A. (AKFED) is the parent company of the Bank, and its registered office is in Geneva, Switzerland.

- 1.1 The Bank had commenced an orderly winding down of its operations in Afghanistan and banking operations were ceased on June 10, 2019. The remaining formalities required for closure are in progress.
- 1.2 The Bank has sold its operations in Mauritius and has transferred the business to its new owners. The deregistration and related exit formalities are underway.
- 1.3 The Bank has commenced an orderly wind-down of its Lebanon operations. Formalities for completion of the wind-down are underway.
- 1.4 After obtaining approval from the Central Bank of Oman for the deregistration of its Oman operations, the Bank had commenced an orderly and phase wise exit. Banking operations were ceased on August 02, 2023. During the year, as part of exit plan, the capital amounting to Rs 10,854.117 million was repatriated to Pakistan.
- 1.5 After obtaining approval from the National Bank of Belgium for the deregistration of its Belgium operations, the Bank has commenced an orderly and phase wise exit.
- 1.6 During the year, the Bank has subscribed to 200 million shares issued by HBL Zarai Services Limited(HZSL). amounting to Rs. 2 billion.
- 1.7 During the year, the Bank has subscribed to 600 million Right shares issued by HBL Microfinance Bank Limited (HBL MfB). Consequently, the Bank's shareholding in HBL MfB has increased from 79.92% to 89.38%.

2 BASIS OF PRESENTATION

- 2.1 In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate profit on deferred payment basis. The disclosures in these financial statements do not reflect purchases and sales arising under these arrangements as such, but are restricted to the amount of facility actually utilized and the appropriate portion of profit thereon.

Key financial figures of the Islamic banking branches are disclosed in Annexure I to these unconsolidated financial statements.

The US Dollar amounts shown in these unconsolidated financial statements are stated solely for information. The statement of financial position, profit and loss account, statement of comprehensive income and cash flow statement as at and for the years ended December 31, 2024 and 2023 have all been converted using an exchange rate of Rupees 278.55 per US Dollar.

2.2 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. These comprise of:

- IFRS issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962;
- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP) from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

The SBP, vide its BSD Circular Letter no. 10 dated August 26, 2002, has deferred the applicability of International Accounting Standard 40, Investment Property, for banking companies till further instructions. Further, the SECP, through S.R.O 411(1)/2008 dated April 28, 2008, has deferred the applicability of IFRS 7, Financial Instruments: Disclosures, to banks. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated financial statements.

The SECP has notified IFAS 3, Profit and Loss Sharing on Deposits with effect from January 1, 2014. The SBP, through BPRD Circular Letter No. 4 dated 25 February 2015, has deferred the applicability of IFAS 3 till further instructions.

IFRS 10, Unconsolidated Financial Statements, was notified by the SECP as applicable for accounting periods beginning from January 1, 2015. However, the SECP, through SRO 56(I)/2016 dated January 28, 2016, has directed that the requirement of consolidation under this standard and under Section 228 of the Companies Act, 2017 is not applicable in the case of investments by a bank in mutual funds managed by its own asset management company and established under the trust structure. Therefore, investments by the Bank in mutual funds managed by HBL AMC are not consolidated, as would otherwise be required under the definition of control specified in IFRS 10.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

2.3 New Standard and amendments to existing accounting and reporting standards that have become effective in the current year

As directed by the SBP via BPRD Circular letter no. 7 of 2023, IFRS 9, Financial Instruments is effective in Pakistan for periods beginning on or after January 1, 2024. IFRS 9 has been applicable in several overseas jurisdictions at various effective dates starting from January 1, 2018. The results of those overseas operations where IFRS 9 is not applicable have been directly incorporated in these unconsolidated financial statements as per the respective host country's regulations. Further, the results of associated companies of the Bank, operating in Pakistan, to which IFRS 9 does not apply, have also been directly incorporated in these unconsolidated financial statements.

The SBP has amended the IFRS 9 application instructions as follows:

- Unlisted equity securities are required to be measured at fair value for accounting periods beginning on or after January 1, 2025.
- General provision, over and above the ECL for Stage 1 and Stage 2 exposures may be maintained up to December 31, 2026.
- Banks are allowed to continue the existing revenue recognition methodology for Islamic products, including the requirements of IFAS 1 and IFAS 2 until further instructions. The income for the year would have been higher by approximately Rs 400.317 million, if the same had not applied.
- The timeline for the application of the Effective Interest Rate (EIR) requirements of IFRS 9 has been extended to accounting periods beginning January 01, 2026.

Other than the implementation of IFRS 9 in Pakistan, as discussed in note 4.1.2, there are certain amendments to existing accounting and reporting standards that have become applicable to the Bank for accounting periods beginning on or after January 1, 2024. These are considered either to not be relevant or to not have any material impact on these unconsolidated financial statements.

2.4 Standard and amendments to existing accounting and reporting standards that are not yet effective

For the Bank's overseas branches where IFRS 9 is not applicable, the Bank is allowed to include the results of those locations prepared in accordance with regulations applicable in the respective countries till December 31, 2024. The requirement to convert these to IFRS 9 for the purpose of the Bank's financial statements will become applicable for accounting periods beginning on January 1, 2025.

The Bank has initiated an impact assessment for these locations.

The estimated impact (net of tax) of the fair valuation of unlisted equity securities on the opening balance of the Group's equity as of Janauary 01,2025, and on the surplus on Revaluation of investments is being assessed.

The Bank expects that amendments to other applicable accounting and reporting standards will not affect its financial statements in the period of initial application.

2.5 Critical accounting estimates

The preparation of unconsolidated financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires the use of certain accounting estimates. It also requires the management to exercise judgement in the process of applying the Bank's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Bank's financial statements or where judgement was exercised in the application of accounting policies are as follows:

- i) Classification of investments (note 4.4)
- ii) Valuation and impairment of subsidiaries and associates (note 4.4.5)
- iii) Valuation of securities classified as fair value through other comprehensive income (FVOCI) and fair value through profit and loss (FVTPL) (note 4.4)
- iv) Calculation of expected credit loss (ECL) against advances, investments and other financial assets (note 4.5)
- v) Valuation and depreciation of property and equipment (note 4.6)
- vi) Valuation and depreciation of right-of-use assets and related lease liabilities (note 4.7)
- vii) Valuation and amortisation of intangible assets (note 4.8)

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

3 BASIS OF MEASUREMENT

3.1 Accounting convention

These unconsolidated financial statements have been prepared under the historical cost convention except for:

- Certain classes of property and equipment and non-banking assets acquired in satisfaction of claims, which are stated at revalued amounts less accumulated depreciation.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

- Investments classified as FVTPL and FVOCI, which are measured at fair value.
- Derivative financial instruments, including forward foreign exchange contracts, which are measured at fair value.
- Right-of-use assets and their related lease liabilities, which are measured at their present values.
- Net obligations in respect of defined benefit schemes, which are measured at their present values.
- Values of assets of funded defined benefit plans, which are measured at their fair values.

3.2 Functional and presentation currency

These unconsolidated financial statements are presented in Pakistani rupees, which is the Bank's functional currency. Amounts are rounded to the nearest thousand Rupees.

4 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies adopted in the preparation of these unconsolidated financial statements are consistent with those of the previous financial year, except as disclosed in note 4.1 below.

4.1 Changes in accounting policies

4.1.1 Revised format of unconsolidated financial statements

SBP through its BPRD Circular No. 02 dated February 9, 2023, has amended the format of annual financial statements of banks. All banks are required to prepare their annual financial statements on the revised format effective for periods beginning from January 1, 2024.

Accordingly, the Bank has prepared these annual financial statements on the new format prescribed by the SBP. The adoption of the new format contains additional disclosures and certain changes in the presentation of the financial statements, primarily due to the implementation of IFRS 9 as applicable in Pakistan.

Due to the adoption of the revised format, Right-of-use-assets (note 11) amounting to Rs. 23,402.937 million (2023: Rs 21,648.036 million) and Lease Liabilities (note 18) amounting to Rs. 30,788.980 million (2023: Rs 26,864.447 million) which were previously shown as part of Property and Equipment and Other Liabilities respectively are now shown separately on the Statement of Financial Position.

4.1.2 Impact of the adoption of IFRS 9

The Bank has elected to follow the modified retrospective approach for restatement i.e. comparative figures have not been restated on initial application. Instead, the cumulative impact has been recorded as an adjustment to equity as of January 01, 2024. Accordingly, the information presented as at and for the period ending December 31, 2023, is prepared in accordance with the previous financial accounting and reporting framework and hence does not reflect the requirements of IFRS 9.

The following table reconciles the measurement and carrying amounts of financial instruments in accordance with the previous financial reporting framework with the new measurement categories for the Bank.

Financial Assets / Liabilities	Previous classification	Classification under IFRS 9	Carrying amount as of December 31, 2023	Change in classification	ECL	Carrying amount as of January 01, 2024

4.1.4 Financial assets and liabilities

Financial assets and liabilities carried on the statement of financial position include cash and bank balances, lendings to financial institutions, investments, advances, certain other receivables, bills payable, borrowings, deposits, subordinated debt, lease liabilities against ROU assets and certain payables.

4.1.4.1 Recognition and initial measurement

A financial asset or financial liability is initially measured at fair value. The fair value of a financial asset on initial recognition is generally its transaction price.

4.1.4.2 Classification

Financial assets

The Bank classifies its financial assets into FVTPL, FVOCI or at amortised cost based on their cash flow characteristics and business model assessment as explained in the relevant notes.

Business Model Assessment

The Bank makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level reflecting the way the business is managed, and information is provided to management. The information considered for business model assessment includes the primary objective for the portfolio, its performance evaluation and the nature, frequency and significance of incurred sales.

Financial liabilities

Derivatives, forward foreign exchange contracts and liabilities against trading of securities are classified as FVTPL. All other financial liabilities are classified at cost / amortised cost.

4.1.4.3 Subsequent Measurement

Details about the subsequent measurement of financial assets and liabilities are given in the relevant notes.

4.1.4.4 Derecognition

Financial Asset : The Bank derecognizes a financial asset when:

- contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either: substantially all the risks and rewards of ownership of the financial asset are transferred; or the Bank neither transfers nor retains substantially all the risks and rewards of ownership and it does not retain control of the financial asset.

Gains and losses on the derecognition of equity securities held as FVOCI are recorded directly in retained earnings. Gain and losses on all other financial assets are recognized through the profit and loss account.

Financial liabilities: The Bank derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire. Any gain or loss on derecognition is also recognized in the Profit and Loss Account.

4.2 Cash and cash equivalents

Cash and cash equivalents include cash and balances with treasury banks and balances with other banks. Cash and cash equivalents are measured at amortised cost.

An ECL provision is computed on balances with other banks.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.3 Lending / borrowing transactions with financial institutions

The Bank enters into transactions of reverse repos and repos at contracted rates for a specified period of time. These are measured at amortised cost and recorded as under:

4.3.1 Purchases under resale agreements (reverse repo)

Securities purchased under resale agreements are not recognised as investments in the financial statements and the amount extended to the counterparty is included in lendings to financial institutions. The difference between the purchase price and the contracted resale price is accrued on a time proportion basis over the period of the contract and recorded as markup / interest income.

4.3.2 Sales under repurchase agreements (repo)

Securities sold under repurchase agreements continue to be recognised as investments in the financial statements and the liability to the counterparty is included in borrowings. The difference between the sale price and the contracted repurchase price is accrued on a time proportion basis over the period of the contract and recorded as markup / interest expense.

4.3.3 Bai Muajjal

Bai Muajjal transactions represent sales of Sukuk on a deferred payment basis and are shown in lendings to financial institutions except for transactions undertaken directly with the Government of Pakistan which are shown as investments. The difference between the deferred payment amount receivable and the carrying value at the time of sale is accrued and recorded as income over the life of the transaction.

4.3.4 ECL against lendings to financial institutions

An ECL provision is computed against lendings to financial institutions.

4.4 Investments

4.4.1 Classification

The Bank classifies its investments, other than its investments in subsidiaries and associates, into the following categories:

- FVTPL
- FVOCI
- at Amortised Cost

Classification of Equity Securities

Equity securities that are traded in an active market and are held for trading purposes are classified as FVTPL. Equity securities that are not held for trading purposes are classified as FVOCI. The classification decision is made on a case-by-case basis at the time of purchase and is documented. The Bank may categorize some equity securities of a company as FVOCI and other equity securities of the same company as FVTPL depending on its intention at the time of purchase. Gains and losses on disposal of securities classified as FVOCI are not recycled through the profit and loss account but are credited directly to retained earnings.

Classification of Debt Securities

Debt securities are classified based on their cash flow characteristics and business model assessment:

- **Amortised Cost:** Debt securities are classified at amortised cost if the objective is to hold the asset only for collecting contractual cash flows (principal and interest).
- **FVOCI:** Debt securities are classified at FVOCI when the objective is to collect contractual cash flows (principal and interest) and also to potentially sell the same depending on market conditions. Unrealized gains and losses on debt securities classified as FVOCI are reflected in other comprehensive income (OCI) and are recycled through the profit and loss account when the security is sold.
- **FVTPL:** Debt securities are classified as FVTPL if:
 - a. they do not have a fixed maturity or,
 - b. they are not classified either at amortised cost or as FVOCI

4.4.2 Initial measurement

All purchases and sales of investments that require delivery within the time frame established by regulations or market convention are recognised at the date on which the Bank commits to purchase or sell the investment.

In the case of investments classified as FVTPL, transaction costs are expensed through the profit and loss account. Transaction costs associated with investments other than those classified as FVTPL are included in the cost of the investments

4.4.3 Subsequent measurement

Unlisted equity securities

Unlisted equity securities are measured at the lower of cost and break-up value. The breakup value is calculated with reference to the net assets of the investee company as per its latest available financial statements.

Debt securities and listed equity securities classified as FVTPL

These securities are subsequently measured at fair value. Changes in the fair value of these securities are taken through the profit and loss account.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Debt securities and listed equity securities classified as FVOCI

These securities are subsequently measured at fair value. Changes in the fair value of these securities are recorded in OCI.

When a debt security is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the profit and loss account. When an equity security is derecognised, gains and losses previously recognised in OCI are not recycled through the profit and loss account but are transferred directly to retained earnings.

Debt securities classified at amortised cost

These are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method, less any impairment recognised to reflect irrecoverable amounts.

4.4.4 Impairment of Investments in associates

Investments in subsidiaries and associates are recorded at cost less impairment, if any.

4.4.5 Impairment

Expected Credit Loss (ECL)

An ECL provision is calculated on debt securities classified as FVOCI and at amortised cost in accordance with the requirements of IFRS 9. Pakistan Government securities denominated in Rupees are exempt from the application of this requirement.

Equity securities are not subject to impairment.

In countries where IFRS 9 is not applicable, provision against investments is calculated as per their local regulatory requirements.

Investments in associates

The Bank considers that a decline in the recoverable value of its investments in associates below their carrying value may be evidence of impairment. Recoverable value is calculated as the higher of fair value less costs to sell and value in use. When the recoverable value falls below the carrying value, an impairment loss is recognised through the profit and loss account. A subsequent reversal of an impairment loss, up to the carrying value of the investment, is credited to the profit and loss account.

4.5 Advances

Advances are stated net of provisions / ECL.

Details of the basis for the calculation of ECL on domestic exposure are given in note 45.1.

Advances in local currency guaranteed by the Government of Pakistan (GoP) are exempted from the ECL Framework.

In certain overseas locations where IFRS 9 is applicable, if the provision computed under local regulations is higher than the ECL, the ECL is recorded through the profit and loss account and the additional provision required under local regulations is taken to an impairment reserve account within equity. In overseas locations where IFRS 9 is not applicable, provision against advances is made as per the requirements of the respective regulatory regimes in those locations.

Where advances include both a drawn and an undrawn component, the Bank does not identify the ECL on the loan commitment component separately from those on the drawn component and instead presents a combined loss allowance for both components. The combined amount is presented as a provision against the gross carrying amount of the drawn component.

In case of subsidized loans to employees, the difference between the fair value of the loan and the amount disbursed is considered as an employee benefit. The income is recorded at the market rate, and the deferred employee benefit is recorded as a prepayment, which is then expensed over the tenor of the loan.

The Bank considers that it is appropriate to maintain an additional general provision on the domestic, funded performing credit portfolio excluding:

- Government guaranteed exposure
- Consumer and staff lending
- Exposure secured by cash / near cash collateral

This additional provision, as at any statement of financial position date, is based on Bank's best estimate and can be up to a maximum of 1% of the above-mentioned portfolio.

4.5.1 Finance lease receivables

Leases where the Bank transfers a substantial portion of the risks and rewards incidental to the ownership of an asset to the lessee are classified as finance leases. A receivable is recognised at an amount equal to the present value of the future lease payments including any guaranteed residual value discounted at the rate implicit in the lease. The net investment in finance lease is included in advances.

4.5.2 Islamic financing and related assets

Murabaha financing is a cost-plus profit transaction. Funds disbursed for the purchase of goods are recorded as an advance against Murabaha. Once the goods are sold to the customer, the transaction is recorded as financing. Goods purchased by the Bank but remaining unsold are recorded as inventories.

The financing is recorded at the deferred sale price. Profit earned on financing is recognised as unearned income and amortised into the profit and loss account over the term of the Murabaha financing. It is possible for Bank to buy the inventory on customer's behalf and sell it to the customers on spot basis. In this case, the entire profit is recognised immediately in the profit and loss account.

Under Ijarah financing, the Bank transfers the rights to use an asset to the customer for an agreed period for an agreed consideration. Assets given under Ijarah are stated at cost less accumulated depreciation, residual value and impairment losses, if any. Depreciation is calculated on a straight-line basis over the term of the Ijarah after taking into account the estimated residual value. Impairment of Ijarah assets is recognised in line with the Prudential Regulations or upon the occurrence of an impairment event which indicates that the recoverable value of the Ijarah asset may be lower than its carrying value. The Ijarah rental received / receivable is recognised as income on an accrual basis.

Gains or losses on disposal of Ijarah assets are taken to the profit and loss account in the period in which they arise.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

For Running Musharakah the Bank and the customer enter a Musharakah (transaction or business partnership arrangement) where the Bank agrees to finance the operating activities of the customer's business and share the profit or loss at a pre-agreed ratio. Profit is provisionally recognised on an accrual basis and is adjusted once the customer declares the final profit after issuance of audited financial statements.

Under Diminishing Musharakah financing, the Bank and the customer create joint beneficial ownerships over tangible assets to fulfill the customer's capital expenditure / project requirements. The Bank receives periodic payments, partly for renting its portion of the assets to the customer and partly for the gradual transfer / sale of its share of ownership to the customer. The rental payment is recognised as profit while the asset transfer / sale payments are applied towards reducing the outstanding principal.

Under Istisna financing, the Bank gives an advance to customers for manufacturing goods and may allow their sale immediately after the goods are manufactured or set a pre-agreed time for the customer to sell the goods on deferred payment basis as the Bank's agent. Profit is recognised at the time when the goods are sold to the third party. In case of a deferred sale, the profit is recognised on an accrual basis over the term of the financing.

Under Tijarah financing, the Bank purchases finished goods from the customer against payment, takes possession and appoints the customer as an agent to sell the goods to the ultimate buyer, generally on a deferred payment basis. Goods purchased by the Bank and sold by the customer on a deferred payment basis are recognised as financing, while goods purchased by the Bank but remaining unsold by the customer are recorded as inventories. Profit on the financing is recognised on an accrual basis over the period of the transaction.

Wakalah is an agency contract in which the Bank provides a customer, funds to be invested in a Shariah compliant manner. This is recorded as financing and profit is recognised on an accrual basis and is adjusted once the customer declares the Wakalah business' performance.

Salam is a sale whereby the Bank undertakes to supply some specific commodity(ies) or asset(s) to the customer at a future date in exchange for an advance price fully paid on spot.

Currency Salam is an exchange or sale of a currency with another currency at a future date, at conversion rate within the spot range on the day of such contract execution.

Under Musawmah financing, the Bank purchases the goods and, after taking possession, sells them to the customer at an agreed price without disclosing the cost. Goods purchased by the Bank can either be sold to the customer as a spot transaction or on a deferred payment basis. Goods purchased by the Bank but remaining unsold are recorded as inventories.

4.6 Property and equipment

Property and equipment is stated at cost, except for land and buildings which are carried at revalued amounts, less any applicable accumulated depreciation and accumulated impairment losses.

Land, capital work-in-progress and works of art are not depreciated. Other items included in property and equipment are depreciated over their expected useful lives using the straight-line method. Depreciation is calculated so as to write down the assets to their residual values over their expected useful lives at the rates specified in note 10.2 to these unconsolidated financial statements. Depreciation on additions is charged from the month in which the assets are available for use. No depreciation is charged in the month in which the assets are disposed off. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each statement of financial position date.

Land and buildings are revalued by independent professionally qualified valuers with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. If an asset's carrying value increases as a result of revaluation, such increase or surplus arising on revaluation is credited to the surplus on revaluation of property and equipment account. However, if the increase reverses a deficit on the same asset previously recognised in the profit and loss account, such increase is also recognised in the profit and loss account to the extent of the previous deficit and thereafter, in the surplus on revaluation of property and equipment account. Any accumulated depreciation at the date of revaluation is eliminated against any additional surplus on revaluation and the net carrying value is restated at the revalued amount of the asset. If the asset's carrying value decreases as a result of a revaluation, such decrease is recognised as a reduction in the surplus on revaluation of property and equipment account or, if no surplus exists / remains, is charged to the profit and loss account as an impairment of that asset.

The surplus on revaluation of property and equipment (net of associated deferred tax) is transferred to unappropriated profit to the extent of the incremental depreciation charged on the related assets.

Normal repairs and maintenance are charged to the profit and loss account as and when incurred. However, major repairs and renovations that increase the useful life of an asset are capitalised.

Gains or losses arising on the disposal of property and equipment are included in the profit and loss account. Any surplus on revaluation (net of deferred tax) realised on disposal of property and equipment is transferred directly to unappropriated profit.

4.7 Right-of-use assets and their related lease liability

4.7.1 Right-of-use assets

On initial recognition, right-of-use assets (ROU) are measured at an amount equal to the initial lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to be incurred to restore the underlying asset or the site on which it is located to its original condition.

ROU assets are subsequently stated at cost less any accumulated depreciation / accumulated impairment losses and are adjusted for any remeasurement of lease liability. Such remeasurement only occurs in cases where the terms of the lease are changed during the lease tenor.

ROU assets are depreciated using the straight-line method over a period starting from the commencement date of the lease contract to the end of the lease term or termination, whichever is earlier. The estimated useful lives of ROU assets are determined on the same basis as that for owned assets.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.7.2 Lease liability against ROU assets

Lease liabilities against ROU assets are initially measured at the present value of the remaining lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, then at the applicable incremental borrowing rate. The lease liability is subsequently measured at amortised cost using the effective interest rate method.

Each lease payment is allocated between a reduction of the liability and a finance cost. The finance cost is charged to the profit and loss account as markup expense over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

4.8 Intangible assets

4.8.1 Intangible assets other than goodwill

Intangible assets having a finite useful life are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Such intangible assets are amortised over their estimated useful lives using the straight-line method. Amortisation is calculated so as to write down the assets to their residual values over their expected useful lives at the rates stated in note 12.1 to these unconsolidated financial statements. Amortisation on additions is charged from the month in which the assets are available for use. No amortisation is charged in the month in which the assets are disposed off. The residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, at each statement of financial position date.

Intangible assets which arise from contractual or other legal rights on the acquisition of another entity and are deemed separable are considered as part of the net identifiable assets acquired. These are initially measured at fair value. Intangible assets with a finite useful life are Amortised over their expected useful lives and are stated at cost less accumulated Amortisation and accumulated impairment losses, if any. Intangible assets having an indefinite useful life are stated at cost less impairment, if any. Such intangible assets are tested for impairment annually, or whenever there is an indication of impairment, as per the requirements of IAS 36, Impairment of Assets. An impairment charge in respect of intangible assets is recognised through the profit and loss account. Any subsequent reversal of an impairment loss, up to the extent of the impairment, is credited to the profit and loss account.

4.9 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation and impairment, if any. These assets are revalued with sufficient regularity by professionally qualified valuers to ensure that their net carrying value does not differ materially from their fair value. An increase in the market value over the acquisition cost is recorded as a surplus on revaluation. A decline in the market value is adjusted against the surplus of that asset or, if no surplus exists, is charged to the profit and loss account as an impairment. A subsequent increase in the market value of an impaired asset is reversed through the profit and loss account up to the extent of the impairment and thereafter credited to the surplus on revaluation of that asset. All direct costs of acquiring title to the asset are charged immediately to the profit and loss account.

Depreciation on assets acquired in satisfaction of claims is charged to the profit and loss account on the same basis as depreciation charged on the Bank's owned property and equipment.

If the recognition of such assets results in a reduction in non-performing loans, such reductions and the corresponding reductions in provisions held against non-performing loans are disclosed separately.

These assets are generally intended for sale. Gains and losses realised on the sale of such assets are disclosed separately from gains and losses realised on the sale of property and equipment. Surplus on revaluation (net of deferred tax) realised on disposal of these assets is transferred directly to unappropriated profit.

However, if such an asset, subsequent to initial recording, is used by the Bank for its own operations, the asset, along with any related surplus, is transferred to property and equipment.

4.10 Borrowings / deposits

Borrowings / deposits are classified at amortised cost and are recorded at the fair value of consideration received. The cost of borrowings / deposits is recognised as an expense on an accrual basis in the period in which it is incurred.

4.11 Subordinated debt

Subordinated debt is classified at amortised cost and is recorded at the fair value of consideration received. Mark-up accrued on subordinated debt is charged to the profit and loss account.

4.12 Acceptances

Acceptances comprise undertakings by the Bank to pay bills of exchange drawn on customers. Acceptances are recognised as a financial liability in the statement of financial position with the contractual right of reimbursement from the customer recognised as a financial asset.

Acceptances, other than those denominated in local currency and guaranteed by the GoP, are recorded net of ECL.

4.13 Employee benefits

The Bank operates a number of post-retirement benefit plans, which include both defined contribution plans and defined benefit plans.

For defined contribution plans, the Bank pays contributions to the fund on a periodic basis, and such amounts are charged to the profit and loss account when the payment obligation is established. The Bank has no further payment obligations once the contributions have been paid.

For funded defined benefit plans, the liability recognised in the statement of financial position is the present value of the defined benefit obligations less the fair value of plan assets as at the statement of financial position date. Contributions to the fund are made by the Bank on a periodic basis.

For non-funded defined benefit plans, the liability recognised in the statement of financial position is the present value of the defined benefit obligations as at the statement of financial position date.

The liability in respect of all obligations under defined benefit schemes is calculated annually by an independent actuary using the Projected Unit Credit Method.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Actuarial gains and losses

Actuarial gains and losses that arise out of experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income with no subsequent recycling through the profit and loss account. However, actuarial gains and losses on remeasurement of the liability for compensated absences are recognised in the profit and loss account.

Past Service Cost

Past service cost is the change in the present value of the defined benefit obligation resulting from a plan amendment and is recognised through the profit and loss account when the plan is amended.

Current Service Cost

Current service cost is the increase in the present value of the defined benefit obligation resulting from employee service in the current period, and is recognised through the profit and loss account.

4.14 Foreign currency

4.14.1 Foreign currency transactions

Transactions in foreign currencies are translated into rupees at the foreign exchange rates prevailing on the transaction date. Monetary assets and liabilities denominated in foreign currency are translated into rupees at the rates of exchange prevailing on the date of the statement of financial position. Forward transactions in foreign currencies and foreign bills purchased are translated at forward foreign exchange rates applicable to their respective maturities.

4.14.2 Foreign operations

The assets and liabilities of foreign operations are translated to Pakistani rupees at exchange rates prevailing on the date of the statement of financial position. The income and expenses of foreign operations are translated to Pakistani Rupees at average rates of exchange prevailing during the year.

4.14.3 Translation gains and losses

Gains and losses arising from foreign currency translations are taken to the profit and loss account, except those arising from the translation of the net investment in foreign branches, associates and subsidiaries, which are recognized through the statement of other comprehensive income as an Exchange Translation Reserve (ETR). Balances in the ETR are only taken to the profit and loss account on disposal of the investment.

4.14.4 Contingencies and Commitments

Commitments for outstanding forward foreign exchange contracts are disclosed in the financial statements at contracted rates. Contingent liabilities / commitments denominated in foreign currencies are expressed in rupee terms at the rates of exchange prevailing on the date of the statement of financial position.

4.15 Income recognition

Revenue is recognised to the extent that the economic benefits associated with a transaction will flow to the Bank and the revenue can be reliably measured.

4.15.1 Advances and investments

Income on performing advances and debt securities is recognised on a time proportion basis as per the terms of the contract. Where debt investment securities are purchased at a premium or discount, such premium / discount is amortised through the profit and loss account over the remaining maturity of the debt security using the effective yield method.

Income recoverable on classified advances and investments is recognised on a receipt basis. Income on rescheduled / restructured advances and investments is recognised as permitted by SBP regulations or by the regulatory authorities of the countries in which the Bank operates.

4.15.2 Lease financing

Income from lease financing is accounted for using the financing method. Under this method, the unearned lease income (defined as the sum of total lease rentals and estimated residual value less the cost of the leased assets) is taken to income over the term of the lease so as to produce a constant periodic rate of return on the outstanding net investment in the lease. Gains and losses on termination of lease contracts are recognised through the profit and loss account when these are realised. For classified leases, unrealised lease income and other fees are recognised on a receipt basis.

4.15.3 Fee, Commission and Brokerage Income

Fee, commission and brokerage income is recognised on an accrual basis.

4.15.4 Dividend income

Dividend income is recognised when the right to receive the dividend is established.

4.16 Taxation

Income tax expense comprises of the charge for current and prior years and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to items which are recognised, net of tax, directly in equity.

4.16.1 Current

The charge for current taxation is calculated on taxable income earned during the year from domestic as well as foreign operations using tax rates enacted as at the date of the statement of financial position.

4.16.2 Prior years

The charge for prior years represents adjustments to the tax charge for prior years, arising from assessments, changes in estimates, and retrospectively applied changes to law, made during the current year.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.16.3 Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the amounts attributed to assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deductible temporary differences (deferred tax assets) are temporary differences that are deductible from the taxable income of future periods when the carrying amount of the underlying asset or liability is recovered or settled. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized.

Taxable temporary differences (deferred tax liabilities) are temporary differences that will result in a tax liability in future periods when the carrying amount of the asset or liability is recovered or settled.

Deferred tax is calculated at the tax rates that are expected to be applicable to the temporary differences when they reverse, based on laws that have been enacted or substantively enacted as at the date of the statement of financial position.

The Bank also records a deferred tax asset / liability on items recognised directly in the statement of comprehensive income such as surplus / deficit on revaluation of assets and actuarial gains / losses. These items are disclosed net of the related deferred tax asset / liability.

Deferred tax assets are reviewed annually for impairment. Where objective evidence exists that the carrying value of a deferred tax asset may not be recoverable, the deferred tax asset is reduced to its recoverable value. The difference between the carrying value and the recoverable value is recognised through the profit and loss account as a deferred tax expense.

4.17 Impairment of non-financial assets

The carrying values of non-financial assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If such indication exists, the recoverable value of the asset is estimated. An impairment loss is recognised through the profit and loss account whenever the recoverable value of an asset is lower than its carrying value.

A subsequent increase in the recoverable value of the asset results in a reversal of the impairment loss through the profit and loss account, up to the original carrying value of the asset, if the reversal can be objectively related to an event occurring after the impairment loss was recognised.

A provision is also recognised on other assets where the chances of recovery of those balances are very low.

4.18 Provisions

Provisions are recognised when the Bank has present legal or constructive obligations as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

Off-balance sheet obligations, other than those denominated in local currency and guaranteed by the GoP, are recorded net of ECL. When estimating lifetime ECL for undrawn loan commitments, the Bank estimates the expected portion of the loan commitment that will be drawn down over its expected life.

Provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimate.

4.19 Write-off

Financial assets are written off in line with the Bank's policy when there are no realistic prospects of recovery. The write offs does not, in any way, prejudice the Bank's right of recovery from these customers.

4.20 Contingent Liabilities

Contingent liabilities are not recognised in the statement of financial position as they are possible obligations where it has yet to be confirmed whether a liability, which will ultimately result in an outflow of economic resources to settle the obligation, will arise. In cases where the probability of an outflow of economic resources is considered remote, based on legal / professional opinions or other relevant assessments, it is not disclosed as a contingent liability.

4.21 Off setting

Financial assets and financial liabilities are set-off and the net amount is reported in the unconsolidated financial statements when there is a legally enforceable right to set-off and the Bank intends either to settle on a net basis, or to realise the assets and to settle the liabilities simultaneously.

4.22 Derivative Financial Instruments

Derivative financial assets and liabilities are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently measured at their fair values using appropriate valuation techniques. Derivative financial instruments are carried as an asset when the fair value is positive and as a liability when the fair value is negative. Any change in the fair value of derivative financial instruments is taken directly to the profit and loss account.

4.23 Dividends and appropriation to reserves

Dividends and appropriations to reserves, which are approved subsequent to the date of the statement of financial position are, except where required by law, recognised in the year in which these are approved and disclosed as a non-adjusting event after the balance sheet date.

4.24 Earnings per share

The Bank presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing profit after tax for the year attributable to equity holders of the Bank by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is not calculated separately, as the Bank does not have any convertible instruments in issue.

4.25 Segment reporting

A segment is a distinguishable component of the Bank that is engaged in providing unique products or services (business segment), or in providing products or services within a particular geographic environment (geographical segment), and which is subject to risks and rewards that are different from those of other segments.

4.25.1 Business segments

23.3.1 Claims against the Bank not acknowledged as debts	<u>18,344,870</u>	<u>22,969,646</u>
--	-------------------	-------------------

These mainly represent counter claims by borrowers for damages, claims filed by former employees of the Bank and other claims relating to banking transactions. Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any adverse outcome is remote. Accordingly, no provision has been made in these unconsolidated financial statements.

23.3.2 There are no tax related contingencies other than those disclosed in note 34.2.

24 DERIVATIVE INSTRUMENTS

A derivative is a financial instrument whose value changes in response to changes in a specified rate, price, index or similar variable, sometimes called the underlying. Derivatives include forwards, futures, swaps, options and structured financial products that have one or more of the characteristics of forwards, futures, swaps and options.

The Bank, as an Authorized Derivative Dealer (ADD), is an active participant in the Pakistan derivatives market. The ADD license covers only transactions permitted under the Financial Derivatives Business Regulations issued by the SBP, which are:

- (a) Foreign Currency Options
- (b) Forward Rate Agreements
- (c) Interest Rate Swaps

The Bank also offers other derivative products such as Cross Currency Swaps to satisfy customer requirements, for which specific approval is sought from the SBP on a transaction by transaction basis.

These transactions cover the aspects of both market making and hedging. The risk management processes and policies related to derivatives are disclosed in note 45.6 to these unconsolidated financial statements.

34.2 The income tax returns of the Bank have been submitted up to and including for the accounting year 2023. The tax returns submitted are deemed assessments under section 120 of the Income Tax Ordinance, 2001.			

The Income Tax Department has amended the assessments of the Bank for prior years, up to and including for the year 2022. The amendments mainly relate to gain on translation of net investment in foreign branches, taxable income subject to enhanced rate, retirement benefits, and provisions against loans and advances, investments and other assets. These matters are at various stages of appeal with the appellate authorities. The management of the Bank, in consultation with its tax advisors, is confident that the decisions in respect of these appeals would be in the Bank's favor.

The income tax returns of the Bank's Azad Kashmir, Gilgit-Baltistan and overseas branches have been submitted up to and including the accounting year 2023. The tax returns submitted in Azad Kashmir and Gilgit Baltistan are considered as deemed assessments under section 120 of the Income Tax Ordinance, 2001.

During the year 2023, a windfall tax was imposed on the foreign exchange income of the Bank for the years 2021 and 2022. The aggregate tax liability for both years, if calculated in the manner specified, amounts to Rs. 4,865 million against which a recovery notice has also been issued by the tax department.

The Bank had filed a Constitutional Petition before the High Court of Sindh, challenging the operation of the S.R.O 1588 (I)/2023 dated November 21, 2023 imposing the windfall tax. The Court had suspended the operation of the said S.R.O. Similar orders have also been passed by the High Courts of Lahore, Islamabad and Peshawar for other banks. Subsequent to the year-end, the High Court of Sindh has passed a decision against the Bank rejecting the challenge raised by the petitioner banks. The Bank plans to challenge this judgment before the Supreme Court on legal, constitutional and procedural grounds. The management, based on legal advice, is confident that the banks' view is likely to prevail and as such, no provision is required in these financial statements.

38 POST RETIREMENT BENEFITS

38.1 DEFINED BENEFIT SCHEMES - DOMESTIC

The Bank operates the following schemes for its domestic employees.

38.1.1 Pension Fund

The Bank operates an approved funded pension scheme for employees who retire from or expire during service, and is applicable to:

- Clerical employees who opted for this scheme when it was introduced in 1974 and those who joined after this date.
- Management employees who joined the Bank prior to the introduction of the scheme and opted for the scheme when it was introduced.
- Management employees who joined the Bank during the period from May 01, 1977 to December 31, 2001.

For clerical employees, the benefit is based on their actual years of service and their basic salary at the time of retirement.

For management employees, the benefit is based on their years of service up to March 31, 2005, and their basic salary as on March 31, 2014. For service subsequent to this date (i.e., from April 01, 2005), they are entitled to the Bank's contributory provident fund (refer note 38.2.1) and the contributory gratuity fund (refer note 38.2.2).

All eligible employees are entitled to a certain minimum pension as per applicable rules.

38.1.2 Benevolent Fund

The Bank operates an approved funded benevolent fund scheme for all employees who joined on or before December 31, 2018 and who retire from or expire during service. Under this scheme, a fixed monthly subscription is made by employees by way of a salary deduction and a matching monthly subscription is made by the Bank. All eligible employees are entitled to receive a fixed monthly amount or a one-time lump sum payment in lieu of a fixed monthly amount, as per the rules of the Fund. Clerical employees are additionally entitled to marriage and funeral grants during the period of their service as specified in the rules of the Fund.

38.1.3 Post-Retirement Medical Benefits

The Bank operates a non-funded scheme for post-retirement medical benefits for all employees.

All clerical employees receive this benefit in the form of reimbursements when incurred.

Management employees who retired prior to January 01, 2006, receive this benefit in the form of reimbursements when incurred. Management employees who retire on or after this date receive a lump-sum payment as a full and final settlement.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

38.1.4 Compensated Absences

The Bank operates a non-funded scheme for compensated absences. This is applicable to those employees who were in the service of the Bank as of December 31, 2008, and who had accumulated leave balances up to a maximum of 365 days as at that date. Employees are entitled to proceed on Leave Prior to Retirement (LPR) up to their accumulated leaves or up to 365 days, whichever is less, while continuing to receive their gross salary. This benefit vests on retirement or, in the case of premature retirement, on the completion of 30 years of service. In the case of expiry during service, the employee's family receives cash equivalent to 180 days or 50% of their accumulated leave balance, whichever is lower.

Employees may be required by the Bank to continue working during the whole or part of their LPR period during which they continue to receive their gross salary. Such employees are additionally entitled to leave encashment amounting to 50% of this period up to a maximum of 180 days.

Clerical employees have the option of encashing 50% of their accumulated leave balance, up to a maximum of 180 days, instead of proceeding on LPR.

38.1.5 Other Post-Retirement Benefits

The Bank offers an additional retirement benefit to all employees at the senior manager and higher levels. Under this scheme, a lump sum amount equal to six months of house rent allowance, utilities allowance, car benefit allowance and conveyance allowance is paid to the executive on retirement. In case of expiry of an executive during service, an additional six months of house rent allowance is paid to the family along with the above-mentioned benefits.

38.1.6 Pension and Life Assurance Scheme

The Bank operates a pension and life assurance scheme for those employees who joined its UK operations prior to December 26, 2001. The scheme was established with effect from May 01, 1978, under a Trust Deed of that date and is governed by that Trust Deed together with various supplemental and amending deeds executed over the lifetime of the scheme.

The triennial actuarial valuation as at May 01, 2022, revealed a deficit of £2.373 million under the Statement of Funding Principles (SFP). The Bank is in the process of obtaining regulatory approvals to remit this amount.

38.1.7 Principal actuarial assumptions

38.1.9.12 Funding Policy

The Bank endeavors to ensure that any liabilities under funded employee benefit schemes are covered by the assets of the Fund on any valuation date, based on actuarial assumptions.

38.1.9.13 The significant risks associated with the defined benefit schemes are as follows:

Mortality risks

The risk that the actual mortality experience is different. The impact depends on the beneficiaries' service / age distribution and the benefit.

Investment risks

The risk that the investments of the Funds will underperform and not be sufficient to meet the liabilities.

Final salary risks

The risk that the final salary at the time of cessation of service is higher than what was assumed. Since the benefit is calculated based on the final salary, the benefit amount increases similarly.

Withdrawal risks

The risk that withdrawals from the plan will be higher or lower than assumed. The impact depends on the beneficiaries' service / age distribution and the benefit.

38.2 DEFINED CONTRIBUTION SCHEMES - DOMESTIC

38.2.1 Provident Fund

The Bank operates an approved provident fund scheme for all clerical employees and for management employees hired on or after January 01, 2002. Management employees hired up to December 31, 2001, who are covered by the Bank's pension scheme (refer note 38.1.1 above) also became eligible for the Bank's contributory provident fund benefits effective April 01, 2005.

For management employees, the Bank and the employee each make monthly contributions of 7% of basic salary to the fund.

For clerical employees, only the employee makes a monthly contribution of 12% of basic salary to the fund.

Payments are made to employees on retirement, death, resignation and discharge as specified in the rules of the Fund.

This scheme covers 14,004 employees (2023: 14,838 employees)

38.2.2 Contributory Gratuity Fund

The Bank operates an approved funded contributory gratuity scheme for management employees hired on or after January 01, 2002. Management employees hired up to December 31, 2001, who are covered by the Bank's pension scheme (refer note 38.1.1 above) also became eligible for the Bank's contributory gratuity fund benefits effective April 01, 2005.

The Bank contributes an amount equal to half of the employees' monthly basic salary for each completed year of service and, on a pro-rata basis, for partially completed years of service. This benefit vests on retirement, death, resignation after completion of at least 10 years of continuous service, and discharge as specified in the rules of the Fund.

This scheme covers 15,661 employees (2023: 15,518 employees).

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

38.3 POST RETIREMENT BENEFITS OF OVERSEAS BRANCHES

Employee benefit schemes offered by the Bank's overseas branches are governed by the laws of the respective countries in which the branches operate.

40 FAIR VALUE MEASUREMENTS

The fair values of traded investments are based on quoted market prices.

Unquoted equity investments are carried at the lower of cost or break-up value of the investee company. The fair value of the same is not required to be calculated.

The fair value of unquoted debt securities, fixed term advances, fixed term deposits and borrowings, other assets and other liabilities, cannot be calculated with sufficient reliability due to the absence of a current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments and therefore, are not reported as part of this disclosure.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since they are either short-term in nature or, in the case of customer advances, deposits and certain long term borrowings, are frequently repriced.

All assets and liabilities for which fair value is measured or disclosed in these unconsolidated financial statements are categorised within the following fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Level 1 - Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Fair value measurements using inputs, other than quoted prices included within Level 1, that are observable for the asset or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Fair value measurements using inputs that are not based on observable market data.

Valuation techniques used in determination of fair values within level 2 and level 3

Federal Government securities	The fair values of Federal Government securities are determined on the basis of rates / prices taken from Reuters.
Non-Government debt securities	Non-Government debt securities denominated in Rupees are valued on the basis of rates announced by the Mutual Funds Association of Pakistan (MUFAP). Non-Government debt securities denominated in other currencies are valued on the basis of rates taken from Bloomberg / Reuters.
Foreign Government debt securities	The fair values of Foreign Government debt securities are determined on the basis of rates taken from Bloomberg / Reuters.
Listed equity securities	The fair value of equity securities is calculated using the market price, adjusted for appropriate discount, if any.
Units of mutual funds	The fair values of units of mutual funds are determined based on their net asset values as published at the close of each business day.
Derivatives	The Bank enters into derivatives contracts with various counterparties. Derivatives that are valued using valuation techniques based on market observable inputs are mainly interest rate swaps and cross currency swaps. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations.
Forward foreign exchange contracts and Forward Government securities transactions	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Property and equipment and non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets.

40.1 Fair value of financial assets

The following table provides the fair values of those of the Bank's financial assets that are recognised or disclosed at fair value in these unconsolidated financial statements:

43 RELATED PARTY TRANSACTIONS

The Bank has related party relationships with various parties including its Directors, Key Management Personnel, Bank entities, subsidiaries, associated companies and employee benefit schemes of the Bank.

Transactions with related parties, other than those under terms of employment, are executed on an arm's length basis i.e. do not involve more than normal risk and are substantially on the same terms, including mark-up rates and collateral, as those prevailing at the time for comparable transactions with unrelated parties.

Contributions to and accruals in respect of staff retirement and other benefit schemes are made in accordance with the actuarial valuations / terms of the schemes.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

- 44.1 During the year, the SBP, through its letter No. BSD-2/Bank/HBL/749858/2024 dated August 29, 2024, has reduced the D-SIB buffer requirement for the Bank from 1.50% to 1.00%.
- 44.2 For the purpose of calculating CAR, the SBP has allowed banks to phase in the impact on opening retained earnings of the ECL calculated for financial assets classified as stage 1 and stage 2. The phasing is allowed over a period of five years. Had there been no such relaxation, the Bank's total CAR would have been lower by 42 bps and the Leverage Ratio would have been lower by 11 bps.

44.3 Capital management

The Bank's policy is to maintain a strong capital base so as to maintain investor, depositor, creditor and market confidence and to sustain future development of the business, while providing adequate returns to shareholders.

The Bank's lead regulator, the SBP, sets and monitors capital requirements for the Bank. The Bank's branches outside Pakistan are required to follow capital requirements applicable in their respective jurisdictions.

The SBP, through BSD Circular No. 07 dated April 15, 2009, has required that Banks should maintain a minimum paid-up capital of Rs. 10 billion (net of accumulated losses). The paid-up capital of the Bank as at December 31, 2024 stood at Rs 14.669 billion (2023: Rs. 14.669 billion) and is in compliance with SBP requirements.

The Bank and its individually regulated operations have complied with all capital requirements.

The Bank's regulatory capital is classified as follows:

- Tier 1 capital comprises of CET 1 and AT 1 capital.
- CET1 capital includes fully paid-up capital, balance in share premium account, reserves and unappropriated profit meeting the eligibility criteria.
- AT 1 capital includes perpetual TFCs meeting the prescribed SBP criteria.
- Tier 2 capital includes general provisions for loan losses, surplus / (deficit) on revaluation of property and equipment and surplus / (deficit) on revaluation of investments.

Banking operations are categorised as either Trading or Banking Book.

- On and off-balance sheet exposures in the banking book are segregated into various asset classes for the calculation of credit risk weighted assets.
- The Bank calculates the capital requirements for market risk in its trading book based on the methodology provided by the SBP, which takes into account interest rate risk using the maturity method, equity position risk and foreign exchange risk.

- 44.4 The full disclosures on the Capital Adequacy Ratio, Leverage Ratio & Liquidity Requirements calculated as per SBP instructions issued from time to time have been placed on the Bank's website. The link to the full disclosure is available at <https://www.hbl.com/capitalandliquidity>.

45 RISK MANAGEMENT FRAMEWORK

HBL has a well-developed and robust risk management framework, appropriate for its size, regional and target market diversification and complexity of operations. The Bank's risk management framework includes a clearly documented risk appetite, well-articulated policies and procedures and multi-tier management supervision, supported by strong Board oversight.

The Board of Directors provides the strategic direction for effective risk management and ensures that the risk management framework covers all aspects of the Bank's operations, including human resources, policies, procedures, and systems, and is updated regularly to safeguard the Bank against emerging risks. It is supported in this task by the Board Risk Management Committee (BRMC) as well as by various management committees.

For effective implementation of the risk management framework, the Risk Management function, headed by the Chief Risk Officer (CRO), operates independently of the business units within the Bank. Risk Management is responsible for setting the risk appetite, the development and implementation of risk policies and for monitoring the risks associated with various activities of the Bank. The CRO reports to the President, with a functional reporting line to the BRMC.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The Risk Management function comprises of the following areas:

- Credit Approvals
- Credit Administration
- Market Risk & Financial Risk Modeling
- Enterprise Risk Management
- Risk Corporate Governance

45.1 Credit risk management

Credit risk is defined as the risk of financial loss stemming from a borrower's failure to repay a loan or otherwise meet a contractual obligation. While loans are the largest and most obvious source, credit risk also stems from both on and off-balance sheet activities. The Bank's credit risk appetite is defined through a Global Risk Appetite Statement that is approved by the Board. It also covers the concentration risks the Bank is willing to take with reference to risk ratings, sectors and large exposures. The credit process at the Bank is governed by well-defined and documented credit policies and procedures including specific, separate policies for consumer lending, agriculture banking and SME financing. Certain types of exposures/facilities are managed under product programs that contain their own detailed credit criteria, and compliance and documentation requirements.

The core pillars of credit risk management at the Bank are:

- Approval rules based on a three-initial system and joint Business / Risk sign-offs.
- An independent Internal Audit function which includes a Business Risk Review (BRR) unit.

Credit approval authorities are delegated to individuals based on their qualifications and experience. Disbursement authorization, collateral and security management, documentation and monitoring are managed by the Credit Administration Department. Proactive monitoring is ensured for assets under stress, enabling the Bank to implement viable solutions to prevent further deterioration in credit quality. An independent Structured Credits and Remedial Assets function handles stressed assets and ensures a focused remedial strategy.

A loan origination system has now been firmly embedded in most of the domestic businesses and in some international locations, allowing system-based loan origination, approvals and archiving of approver comments.

Stress testing of the credit portfolio is performed in line with SBP guidelines. In addition to the mandatory stress tests defined by the regulator, the Bank has also developed advanced stress tests for credit risk including macroeconomic stress tests and reverse stress tests to test the adequacy of the Bank's capital under various stress conditions. The Bank also regularly conducts rapid portfolio reviews in line with emerging risks.

BRR performs an independent review of the credit portfolio. It provides an assessment of portfolio quality by reviewing the efficacy of the relevant processes, ensuring regulatory / policy compliance, and assessing the appropriateness of risk ratings, classification and provisioning.

The Bank has undertaken several initiatives to strengthen its credit risk management framework including the establishment of a Financial Risk Modelling & Stress Testing unit responsible for the development of credit risk scorecards and internal risk rating (obligor risk rating and facility risk rating) models. This unit also develops all IFRS 9 related models, including Probability of Default (PD) and Loss Given Default (LGD). The models are updated periodically and the results are used for ECL calculations.

For the rated portfolio, the PD is estimated using the theory of the Markov Chain process which uses information regarding transitions between internally developed Obligor Risk Ratings (ORRs) (from 1 to 12). For the unrated portfolio, Roll Rate Estimation is used to calculate PDs by DPD bucket for each segment.

The computation of ECL is sensitive to macroeconomic variables such as GDP growth rate, inflation, and interest rates. For the computation of forward-looking PDs, the Bank uses forecasted macroeconomic data from independent external sources. The Bank regularly reviews and updates PD models to reflect changes in economic conditions.

The Bank uses the Frye-Jacobs approach to convert through the cycle LGD to a forward-looking point in time LGD. The parameters used to estimate through the cycle LGD are based on the historical trend of the Bank's recovery rates and the time periods over which these recoveries are realized. These parameters are then applied to current exposures, and the result discounted to determine the present value of potential recoveries and hence the estimated loss on defaulted accounts.

For estimation of EAD where committed amounts are not unconditionally cancellable, a CCF, derived from a study of historical patterns, is applied to the undrawn amounts. For portfolios where a CCF cannot be computed due to data limitations, the CCF defined under the Basel guidelines is applied.

These models are reviewed and validated independently by a Model Risk Management unit within the Enterprise Risk Management function. The performance of these models is monitored periodically through statistical tools and back testing.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Staging and ECL calculations

The ECL requirements apply to financial assets measured at Amortised cost and at FVOCI (other than equity instruments), and certain loan commitments and financial guarantee contracts. Financial assets are Banked together based on their shared risk characteristics .

A Significant Increase in Credit Risk (SICR) is said to have occurred if there is an increase in the risk of a default occurring over the life of the financial instrument compared to the risk of default expected at the time of initial recognition. The Bank uses a number of qualitative and quantitative measures in assessing SICR including, inter alia, a deterioration in Obligor Risk Ratings (ORR), payments being past due, unavailability of financial information and pending litigation.

For calculating ECL, the Bank classifies its financial assets under the following three categories:

Stage 1 - Performing assets: For financial assets where there has not been a SICR since initial recognition, the Bank recognises an impairment allowance based on the 12-month ECL.

Stage 2 - Underperforming assets: For financial assets where there has been a SICR since initial recognition, but which are not credit impaired, the Bank recognises an impairment allowance based on lifetime ECL.

Stage 3 - Non-performing assets: For financial assets which have evidence of credit impairment at the reporting date, the Bank recognises ECL using the higher of (a) the total lifetime ECL and (b) the corresponding provision required as per the Prudential Regulations.

45.1.1 Credit risk - general disclosures

The Bank follows the Standardized Approach for its credit risk exposures, which sets out fixed risk weights corresponding to external credit ratings or type of exposure, whichever is applicable.

Under the Standardized Approach, the capital requirement is based on the credit rating assigned to counterparties by External Credit Assessment Institutions (ECAs) duly recognized by the SBP. The Bank selects different ECAs for each type of exposure. The Bank utilizes credit ratings assigned by Pakistan Credit Rating Agency (PACRA), Vital Information Services (VIS), Fitch, Moody's and Standard & Poor's (S&P). The Bank also utilizes rating scores of Export Credit Agencies (ECAs).

45.1.2 Credit Risk Mitigation for under the Standardized Approach

The Bank has adopted the Simple Approach for Credit Risk Mitigation in the banking book. Under this approach, cash, deposits under lien, Government securities and eligible guarantees etc. are considered as eligible collateral. The Bank has detailed guidelines regarding the valuation and management of each of these types of collateral. Where the Bank's exposure to an obligor is wholly or partially guaranteed by an eligible guaranteee, the risk weight / credit rating of the guarantor is substituted for the risk weight of the obligor up to the guaranteed amount.

No credit risk mitigation benefit is taken in the trading book.

For each asset class, the risk weights as specified by the SBP or corresponding to the SBP rating grades are applied to the net exposure for the calculation of Risk Weighted Assets.

45.1.3 Country Risk

Country Risk is the risk that an event in a country (precipitated by developments within or external to a country) will impair the value of HBL's franchise or will adversely affect the ability of obligors within that country to honour their obligations to the Bank. The Bank has in place a comprehensive Country Risk Policy applicable to domestic and international branches. Country risk limits are approved after detailed due diligence and risk assessment of the country by considering political risk, economic and environmental factors, contagion risk and ratings assigned by international rating agencies, where available.

Transactions that generate cross-border risk are carried out only with countries for which approved limits are in place. These limits are approved at Head Office and allocation to international branches is extended from the approved limits. Country risk exposures are reported to the BRMC on a quarterly basis.

45.2 Market Risk Management

Market risk is the risk that the fair value of a financial instrument will fluctuate due to movements in market prices. It results from changes in interest rates, exchange rates and equity prices as well as from changes in the correlations between them. Each component of market risk consists of a general market risk and a specific market risk that is driven by the nature and composition of the portfolio.

The Bank is exposed to market risk in several ways. The largest component is Interest Rate Risk in the Banking Book, which refers to the interest rate risk that the Bank is exposed to due to mismatches in the repricing of its on-balance sheet assets and liabilities. The Bank also has a Trading Book in which the assets are marked-to-market through the profit and loss account.

The objective of the Bank's market risk management strategy is to assess an acceptable level of risk for each market variable (as stated in the Bank's Risk Appetite Statement), and to manage the risk arising from fluctuations in these variables to optimize the Bank's income streams.

Treasury and Global Markets proactively manages exposures. The Bank's ALCO provides governance with respect to market risk exposures and limits, while monitoring and measurement is carried out by Market Risk Management (MRM). MRM provides a dynamic and proactive approach to market risk monitoring, including the use of tools such as portfolio sensitivity, scenario analysis, stress testing and the use of Management Action Triggers (MAT) and limits.

45.2.2 Foreign Exchange Risk

Foreign exchange risk is the risk that the fair value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Bank's assets in a particular currency are typically funded in the same currency to minimize foreign currency exposure. However, the Bank maintains a net open position in various currencies resulting from its transactions. The Bank manages this risk by setting and monitoring currency-wise exposure limits which are approved by ALCO, within the overall limit advised by the SBP.

45.2.3 Equity Position Risk

Equity position risk is the risk that the fair value of a financial instrument will fluctuate as a result of changes in the prices of individual stocks or the levels of equity indices.

The Bank has exposure to a range of equity instruments, and is thus exposed to losses arising from movements in equity prices. The Bank holds equity investments in both the FVOCI and FVTPL portfolios. The realization of short-term capital gains is the principal objective of the FVTPL portfolio while the FVOCI portfolio is held primarily to earn dividend income. The portfolios are managed by the Bank within the structure encapsulated in the Equity Investment Policy approved by the Board, which defines position limits, portfolio limits and loss triggers for the equity desk. The Bank also applies stress tests on the equity portfolio to ensure that the exposure remains within the market risk appetite of the Bank.

45.2.4 Interest Rate Risk

Interest rate risk arises due to changes in interest rates, including changes in the shape of the yield curve. The Bank is exposed to interest rate risk in both the Trading and Banking Books. Interest rate sensitivity analysis is conducted at both Banking Book and Trading Book levels, at least on a monthly basis or more frequently, if required. The analysis helps in estimating and managing the impact of interest rate volatility on the Bank's earnings and on the Economic Value of Equity (EVE) within defined tolerance limits. Limits are also in place for fixed income investments of the treasury portfolio at dealer, transaction, portfolio and Trading / Banking Book levels. Regulatory stress testing is conducted on a quarterly basis. Metrics to assess Interest Rate Risk include Interest Rate Gap Reports, Earnings at Risk (EAR) and EVE, which are assessed based on different stress scenarios.

To further strengthen interest rate risk management, the Bank has developed a standardized framework for computing the Interest Rate Risk in the Banking Book (IRRBB) under the updated guidelines issued by the Basel Committee on Banking Supervision Standards.

FOR THE YEAR ENDED DECEMBER 31, 2024

45.3 Enterprise Risk Management (ERM)

The Bank's ERM framework, approved by the Board, outlines the essential ERM components, principles and concepts, and the use of a common ERM language, while providing a clear direction and guidance for integrated risk management within the Bank.

A Bank-wide Integrated Risk and Control Repository (IRCR) is fully embedded in the organization with the objective of identifying and assessing all risks and issues in a holistic manner and ensuring that they are adequately monitored and mitigated.

45.4 Operational Risk Management (ORM)

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events.

A comprehensive ORM framework is in place which addresses all significant aspects of ORM. The Bank uses loss data management, Risk and Control Self Assessments (as part of IRCR self-testing) and tracking of Key Risk Indicators to gauge the likelihood and severity of operational risk events. Operational Risk coordinators are present in all departments and are responsible for implementation of the framework in coordination with the ORM department. A specialized SAS software is used for tracking operational risk issues, leading to identification of prevalent themes to better mitigate risks faced by the Bank. An Operational Risk Management Committee (ORMC) monitors and oversees operational risk issues.

The Bank uses stress testing to proactively assess impacts on the Bank. Operational risk reports are regularly submitted to the senior risk forums and to the BRMC.

45.4.1 Business Continuity Management (BCM)

The Bank maintains a well-defined business continuity plan with clearly defined roles, responsibilities and ownership for crisis management, to ensure business continuity and IT disaster recovery. The Bank's Business Continuity Steering Committee includes representation from the senior management of the Bank and is the governing body for BCM. It meets periodically to review key initiatives, testing results and action plans for strengthening the Bank's ability to manage crisis situations. The Bank's business continuity program complies with the regulatory framework and the leading BCM standard, ISO 22301 and is subject to regular internal, external and regulatory reviews and audits.

45.4.2 IT related controls

In 2024, the Bank strengthened its IT governance framework to align with evolving industry standards, enhancing its control environment and operational resilience in an increasingly digital landscape. The implementation of an Integrated Risk and Controls Repository (IRCR) established a comprehensive platform for conducting control self-assessments across IT functions. This provided structured visibility into technology risks while ensuring systematic documentation and validation of control effectiveness.

The Bank elevated its compliance posture through enhanced governance mechanisms and standardized control validation processes. This included implementation of structured monitoring approaches and robust control testing methodologies, resulting in more efficient regulatory compliance processes. To enable secure adoption of modern technologies, the Bank established comprehensive technology risk management frameworks aligned with regulatory guidelines. These frameworks strengthened controls around service configuration, data protection and access management, allowing the Bank to safely leverage new capabilities for improved operational efficiency.

The Bank also modernized its technology vendor management through a digitalized contract lifecycle platform and enhanced governance processes, strengthening operational oversight and audit readiness. These strategic improvements to the IT control framework, supported by the systematic risk management capabilities of IRCR, have significantly enhanced the Bank's technological capabilities while maintaining strong regulatory compliance.

45.4.3 Information Security Risk

It is the Bank's priority to protect its customers and their data from cyberattacks and data breaches. The Bank's Information Security Bank provides oversight on protection of the Bank's data assets from both internal and external threats through effective cybersecurity risk management, supported by preventive and detective controls capable of responding to emerging threats. The Bank's 24x7 Security Operations Centre continues to contribute to a robust security posture through continuous monitoring, detection, and preventive mechanisms.

The Bank runs regular information security awareness campaigns to provide internal training and guidance on information security related matters. These are supplemented by targeted awareness enhancement campaigns for customers, using multiple delivery channels, to better equip them to counter ever-increasing security challenges. The Bank also completes an annual certification of compliance to the SWIFT Customer Security Program, PCI DSS Payment Security Standard as well as ISO 27001.

The Bank continues to strengthen its cyber-defenses and proactively mitigate advanced security threats through the use of advanced automation and modern technologies, and a zero trust architecture designed to prevent data breaches.

45.5 Liquidity Risk Management

Liquidity risk is the risk that the Bank may be unable to meet its cash obligations as they become due, or to fund assets at a reasonable cost, because of the inability to liquidate assets, or to obtain adequate funding.

The Bank follows a comprehensive liquidity risk management policy duly approved by the Board. The policy provides guidelines for establishing a robust liquidity risk management framework which helps in identifying the key liquidity and funding risks to which the bank is exposed, describes how these risks are identified, measured, monitored and reported, and prescribes the techniques and resources used to manage and mitigate these risks. The policy stipulates maintenance of various ratios, funding preferences, and evaluation of the Bank's liquidity under normal and crisis situations (stress testing). The Bank also has a Contingency Funding Plan in place to address liquidity issues in times of crisis. This plan identifies early warning indicators to preempt unforeseen liquidity crises. Triggers are used to ascertain potential stress scenarios.

The Bank's ALCO is responsible for the formulation of overall strategy and oversight of asset and liability management. Liquidity Risk is monitored using a range of metrics, including Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR); liquidity gaps and various liquidity ratios are regularly monitored by Market Risk Management. Liquidity risk is reviewed by ALCO on a monthly basis and an update is provided to the BRMC on a quarterly basis.

45.5.1 Mismatch of interest rate sensitive assets and liabilities

Interest rate sensitivity gaps for assets and liabilities which have contractual maturities have been reported based on the earlier of the re-pricing date or the maturity date. Assets and liabilities which do not have any contractual maturities have been bucketed on the basis of a behavioural study conducted by Market Risk Management and approved by ALCO.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

45.6 Derivatives Risk

The policy guidelines for derivatives exposures are approved by the Board.

The responsibility for derivatives activity lies with the Treasury and Global Markets business. Measurement and monitoring of market and credit risk limits and exposure, and their reporting to senior management and the Board is done by the Market Risk Management (MRM) unit. MRM, in coordination with the business, also presents limits for review and approval by ALCO and the BRMC. Treasury Operations records derivatives activity in the Bank's books, executes settlements of trades and carries out regulatory reporting to the SBP.

45.6.1 Credit Risk

Credit risk is the risk of non-performance by a counterparty which could result in an adverse impact on the Bank's profitability. The credit risk associated with derivative transactions is categorized into settlement risk and pre-settlement risk, for which limits are determined and are monitored daily using an approved framework.

45.6.2 Market Risk

The Bank, as a policy, hedges all options transactions back-to-back. The Bank minimizes the exchange rate risk on its Cross Currency Swaps portfolio by hedging the exposure in the interbank market on a rolling basis. The Bank also manages the interest rate risk of Interest Rate Derivatives and Cross Currency Swaps through Price Value of a Basis Point (PVBP) limits which are approved by ALCO annually and are monitored and reported by MRM to senior management on a daily basis. The compliance to these limits is also shared with the BRMC on a quarterly basis.

45.6.3 Operational Risk

The Bank has put in place a robust control framework for derivatives transactions. Front office staff dealing in derivatives have the requisite training and experience to conduct this business; responsibilities have been divided amongst the Structuring Desk (tasked with the overall ownership of derivatives and structured products), Treasury Sales (who are involved in marketing and executing transactions with the Bank's client base) and Trading (which proactively manages the risk from a business perspective).

A detailed product program, approved by the Board, governs the entire value chain for derivatives, including credit and market risk management, booking, sales and settlement. There is a clear segregation of duties whereby operational aspects are handled by Treasury Operations, MRM carries out daily monitoring of exposures, and Compliance monitors any deviation from approved policies and procedures. Internal Audit also regularly reviews systems, transactional processes, accounting practices and end-user roles and responsibilities as part of their reviews of this function.

45.6.4 Liquidity Risk

The types of derivative transactions entered into by HBL are typically straightforward, or 'vanilla' transactions, whereby the Bank is exposed to a negligible amount of liquidity risk.

46 NON-ADJUSTING EVENTS AFTER THE BALANCE SHEET DATE

46.1 The Board of Directors, in its meeting held on February 19, 2025, has proposed a final cash dividend of Rs 4.25 per share for the year 2024. This is in addition to the Rs 12.00 already paid during the year bringing the total dividend for the year to Rs 16.25 per share (2023: Rs 9.75 per share). This appropriation is expected to be approved by the shareholders in the forthcoming Annual General Meeting. The unconsolidated financial statements for the year ended December 31, 2024 do not include the effect of this appropriation which will be accounted for in the unconsolidated financial statements for the year ending December 31, 2025.

47 DATE OF AUTHORISATION FOR ISSUE

These unconsolidated financial statements were authorised for issue in the Board of Directors meeting held on February 19, 2025.

Notes:

1. The Register of Members and the Share Transfer Books will remain closed from March 19, 2025 to March 26, 2025 (both days inclusive) for the purpose of the AGM.
2. Only those persons whose names appear in the Register of Members of the Bank as at March 18, 2025, will be entitled to attend and vote at the AGM.
3. A Member/shareholder entitled to attend and vote at the AGM may appoint another Member as his/her proxy to attend and vote for him/her provided that a corporation may appoint as its proxy a person who is not a Member

but is duly authorised by the corporation. Proxies must be received at the Registered Office of the Bank not less than 48 hours before the time of the holding of the AGM.

4. Members are requested to notify immediately any changes in their registered address to Banks' Share Registrar, CDC Share Registrar Services Limited, CDC House 99-B, Block 'B', Sindhi Muslim Cooperative Housing Society (S.M.C.H.S), Main Shahra-e-Faisal, Karachi - 74400.
5. CDC Account Holders will further have to follow the guidelines as laid down in Circular 1 dated January 26, 2000, issued by the SECP.
6. Pursuant to Section 150 of the Income Tax Ordinance, 2001, withholding tax on dividend paid will be deducted for 'Filer' and 'Non-Filer' shareholders at 15% and 30% respectively. All Members/ shareholders whose names are not entered into the Active Tax-payers List (ATL) provided on the website of the Federal Board of Revenue (FBR), despite the fact that they are filers, are advised to make sure that their names along with their valid CNICs/ NTN's are entered into ATL, before March 26, 2025; enabling the Bank to make required tax deduction on the amount of cash dividend.

According to the FBR, withholding tax in case of joint shareholders accounts will be determined separately based on the 'Filer/Non-Filer' status of the principal shareholder as well as the status of the joint holder(s) as per their shareholding proportions. Members that hold shares with joint shareholders are requested to provide, in writing, the shareholding proportions of the principal shareholder and the joint holder(s) in respect of shares held by them to Banks' Share Registrar, CDC Share Registrar Services Limited. In case the required information is not provided to the Bank's registrar it will be assumed that the shares are held in equal proportion by the principal shareholder and the joint holder(s).

A. Requirements for attending the Annual General Meeting:

- i. In the case of individuals, the account holder or sub-account holder whose registration details are uploaded as per the Central Depository Company of Pakistan Limited Regulations, shall authenticate his/her identity by showing his/her valid original Computerized National Identity Card (CNIC) or original Passport at the time of attending the AGM.
- ii. In case of a corporate entity, unless provided earlier, the Board of Directors' resolution/power of attorney, with specimen signature of the nominee, shall be produced at the time of the AGM.

B. Requirements for appointing Proxies:

- iii. In case of individuals, the account holder or sub-account holder whose registration details are uploaded as per the Central Depository Company of Pakistan Limited Regulations, shall submit the proxy form as per the above requirement.
- iv. The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the said form.
- v. Attested copies of the valid CNICs or the Passports of the beneficial owner(s) and the proxy shall be furnished with the proxy form.
- vi. The proxy shall produce his/her valid original CNIC or original Passport at the time of the AGM.
- vii. In case of a corporate entity, the Board of Directors' resolution/power of attorney, with specimen signature of the nominee, shall be submitted to the Bank along with the proxy form unless the same has been provided earlier.

C. Electronic dividend mandate:

Under the Section 242 of the Companies Act, 2017, it is mandatory for all listed companies to pay cash dividend to its shareholders through electronic mode directly into the bank account designated by the entitled shareholders.

In order to receive dividend directly into their bank account, Members/shareholders are requested (if not already provided) to fill in the Shareholder Information Form for Electronic Credit of Cash Dividend available on the Bank's website and send it duly signed along with a copy of valid CNIC to the Share Registrar, CDC Share Registrar Services Limited, CDC House 99-B, Block 'B', Sindhi Muslim Cooperative Housing Society (S.M.C.H.S), Main Shahra-e- Faisal, Karachi - 74400, in case of physical shares.

In case of shares held in CDC Account, the Electronic Dividend Mandate Form must be directly submitted to shareholder's brokers/participant/CDC account services.

In case of non-receipt of above information, the Bank will be constrained to withhold payment of dividend to shareholder(s).

D. Submission of valid CNIC (Mandatory):

As per SECP directives the dividend of shareholder(s) whose valid CNICs, are not available with the Share Registrar could be withheld. All shareholders having physical shareholding are therefore advised to submit a photocopy of their valid CNICs immediately, if already not provided, to the Share Registrar, CDC Share Registrar Services Limited, CDC House, 99-B, Block 'B', Sindhi Muslim Cooperative Housing Society (S.M.C.H.S), Main Shahra-e-Faisal, Karachi – 74400 without any further delay.

E. Unclaimed Dividend:

As per the provision of Section 244 of the Companies Act, 2017, any shares issued or dividend declared by the Bank which have remained unclaimed/unpaid for a period of three years from the date on which it was due and payable are required to be deposited with SECP for the credit of Federal Government after issuance of notices to the shareholders to file their claim. The details of the shares issued, and dividend declared by the Bank which have remained due for more than three years were sent to shareholders. Shareholders are requested to ensure that their claims for unclaimed dividend and shares are lodged promptly. In case, no claim is lodged with the Bank in the given time, the Bank shall, after giving notice in the newspaper, proceed to deposit the unclaimed/unpaid amount and shares with the Federal Government pursuant to the provision of Section 244(2) of the Companies Act, 2017.

F. Circulation/Transmission of Notice of AGM and Annual Audited Financial Statements ("Annual Report") to Members in Electronic Form:

STATEMENT OF MATERIAL FACTS UNDER SECTION 134(3) OF THE COMPANIES ACT, 2017, RELATING TO THE SPECIAL BUSINESS REFERRED TO IN THE NOTICE ABOVE:

This Statement sets out the material facts pertaining to the Special Business to be transacted at the Annual General Meeting of Habib Bank Limited (the “Bank/HBL”) to be held on March 26, 2025.

Special Business:

Agenda Item 4 - Approval of Investment of up to PKR 2 Billion in HBL Microfinance Bank Limited:

HBL Microfinance Bank Limited (HBL MfB) is a subsidiary of HBL, in which HBL's shareholding is 89.38%. HBL MfB's principal business is to provide microfinance services to the poor and underserved segments of society. Since acquisition, HBL MfB has performed well and has grown its balance sheet significantly and has plans to expand further. To support this growth, HBL MfB is planning to issue Rights shares up to Rs. 2 billion, subject to approval of the State Bank of Pakistan and HBL, being the parent, is willing to subscribe to the Rights issue and take up any portion of unsubscribed Rights.

For this purpose, the Board of Directors have recommended that the Members consider and, if deemed fit, pass the Special Resolution with or without modification set forth at Agenda Item 4 of this Notice.
